about her business bet: Why Me, Why Now? Pamela LoBue, 2013-11-06 An exceptional beauty at fifty-five years old, Kitty Krisstal had big green eyes and thick brunette hair. A lion would be jealous of her mane. She was about to have her life tossed around like a salad. What made her

really special was her love and devotion for her husband, Stone. But, those qualities also flowed over onto her four critters. She had two dogs named Tara and Reata, and one beautiful black brindle boxer named Desher. But her pride and joy was Fandango, a mocha colored quarter horse buckskin gelding. Kitty and her critters were most definitely on the same wavelength. When Stone was ripped out of her life by a car accident, she lost her zest for life. She never wanted to have another relationship. Losing Stone was too devastating and she never wanted to go through that again! He had been her perfect mate, sexy, loving, giving, and devoted. Not having a clue about her future she retired from her job, sold their one hundred acre ranch, and nailed down a "hermit" job. Mike, a railroad foreman, was skeptical about hiring a woman but she was fire-armed certified and her dogs were search and rescue trained. But the frosting on her cake was Fandango. There were only two ways to patrol the remote railroad tracks, walk or horse back. Mike hired her over the phone. Packing up what was left of her life and loading up her critters, she headed to Idaho. Never in a million years, suspecting this was one of the worst decisions that she could have ever made. Kitty gets pulled like a powerful ocean undertow into murder, drugs, men that won't take "NO" for an answer!

about her business bet: Fairbairn, Then and Now Neil J. Skolnick, David E. Scharff, 2013-05-13 W. R. D. Fairbairn was both a precursor and an architect of revolutionary change in psychoanalysis. Through a handful of tightly reasoned papers written in the 1940s and 1950s, Fairbairn emerged as an incisive, albeit relatively obscure, voice in the wilderness, at considerable remove from mainstream Freudian and Kleinian psychoanalysis. But in the 1970s Harry Guntrip made Fairbairn's thinking more accessible to a wide readership, and Fairbairn's object relations theory, with its innovative theoretical and clinical concepts, was at the center of the turn toward relational thinking that swept psychoanalysis in the 1980s and 1990s. Fairbairn, Then and Now is a landmark volume, because a thorough grasp of Fairbairn's contribution is crucial to any understanding of what is taking place within psychoanalysis today. And Fairbairn's work remains a treasure trove of rich insights into the problems and issues in theory and clinical practice with which analysts and therapists are struggling today. This is a particularly propitious time for renewed focus on Fairbairn's contribution. A wealth of previously unpublished material has recently emerged, and the implications of Fairbairn's ideas for current developments in trauma, dissociation, infant research, self theory, field theory, and couple and family therapy are becoming increasingly clear. The conference that stimulated the contributions to this volume by internationally eminent Fairbairn clinicians and scholars was a historically important event, and Fairbairn, Then and Now makes the intellectual ferment generated by this event available to all interested readers.

about her business bet: **BORN OF PHYRE** Frank Underwood Jr., 2011-09-08 Though the road is glazed with a fresh layer of rainwater, LEO CINQ-MARS gingerly maneuvers his slightly neglected, 1992 Ford Explorer through the heavy evening traffic. Although seven years have passed since the tumultuous event that violently altered his life, Leo has acclimated himself to an existence of mundane routine and does just enough to get by. His lifestyle seems to scream, "I'm breathing this air, walking this earth, but hating the life I'm living." His only reason for continuing is the Judeo-Christian fear that if he kills himself, eternal damnation will follow. For seven miserable years, he has been praying for an end to his bitter existence, an existence that was once so very sweet. His waking nightmare is a continual reminder of his excruciating loneliness, and, with every passing day, he immerses himself in ritual. On the weekends, he personally manicures four gravesites and spends any remaining moments praying quietly. Monday through Friday, he methodically drives the same stretch of highway. The only variant to the lonely, monotonous drive is the musical rotations peppered by the banal advertisements on his car stereo. He comes home from work, consumes a modest meal, and vigorously develops his martial arts skills. However, during this particular drive home, Leo unexpectedly sees a woman in the seat next to him. He is so stunned by her presence and distracted by her extraordinary beauty that he loses control of the car, and the vehicle is violently thrust into a series of uncontrolled flips. Crushing metal resounds, creating a symphony of horrendous consequence that leaves Leo and his companion unconscious. As Leo drifts in and out of reality in the hospital, he overhears his former high-school sweetheart ANN WALTON and a nurse talking about his accident. They discuss how lucky Leo and his girlfriend, who has also been hospitalized, are to be alive. Leo is baffled by the unknown woman's presence in his car, and he hears Ann immediately dispute the possibility that Leo is involved romantically with this or any woman. While Leo is unconscious, Ann visits him every day. She spends hours musing over their meeting in seventh grade, their subsequent romantic relationship, and her hopes of rekindling the love affair. Once Leo regains consciousness, Ann is happy that he is awake and alive. She admonishes him for his involvement with this other woman, and Leo, in turn, admonishes Ann for overstepping boundaries and for clinging to a relationship that ended in high school. Regardless, Ann remains intrigued and perplexed, and she is determined to learn all she can about this mysterious woman who has invaded the territory of her heart. For days, Leo remains bewildered that he has no memory of the woman, and, despite the fact that the doctors can find no medical evidence, he begins to think he has amnesia. Eventually, he goes down the hall to visit the unknown woman and discovers her sleeping. As he stares, he is mesmerized and captivated by her utter perfection. Leo is still convinced the whole thing is a dream, and because he is so weak, he passes out. Later when he wakes in his room, Leo's is thrown into a state of disconcerting confusion as he questions his sanity and his mortality. Exhausted by the personal query, he falls asleep until he is reawakened by a tranquil touch. When he opens his eyes, he discovers the mystery woman is in his

room and has been watching him sleep. Leo is elated to find the woman he thought was a dream is actually sitting next to him and caressing him in such a way that he feels the first serenity he has experienced since that horrible day when his family was violently ripped from him. Leo and the enigmatic woman finally speak to each other. She tries to convince Leo that he knows her, yet he cannot remember her. He is amazed to find that she seems to know a great deal about
