In this book, he gives readers everything they need to successfully start using the powerful practice of tapping—or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping’s proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers’ eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

Once you land on the right routine, you'll look forward to waking up. ---- From inside the book: 'A big part of my morning routine is about what I don't do: when I wake up, I don't start the day by looking at my phone' - ARIANNA HUFFINGTON, founder of the Huffington Post and Thrive Global 'I travel a lot for work, so my days are always different. Having a morning routine really means fitting things in around everything else' - CAMERON RUSSELL, fashion model and cultural activist 'I 'if I don't get a chance to play with my son in the morning I feel like I missed something that I'll never get back' - BIZ STONE, cofounder of Twitter 'Find certain things you know you should do, don't like to do, or make excuses to avoid, and then do them every day' - STANLEY McCHRYSTAL, retired U.S. Army four-star general ----- BENJAMIN SPALL AND MICHAEL XANDER are the founders of mymorningroutine.com. Spall has written for outlets including The Huffington Post, 99U, and The Next Web. Xander is a product designer and engineer.

abraham hicks meditation financial: *The Adult Learner* Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, RICHARD SWANSON, Petra A. Robinson, 2020-12-20 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids including a PowerPoint presentation for each chapter. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.
