ACLU Voter Guide 2022: A Deep Dive into Protecting Voting Rights

Author: The American Civil Liberties Union (ACLU) staff. The ACLU is a non-profit organization dedicated to defending and preserving the individual rights and liberties guaranteed to every person in the United States. Their expertise lies in constitutional law, civil liberties advocacy, and voter rights protection. This guide is the product of their extensive research and analysis of relevant legislation and current events.

Keywords: ACLU voter guide 2022, 2022 election, voting rights, voter suppression, election integrity, ACLU, civil liberties, voter information, candidate information, election reform

Summary: The ACLU Voter Guide 2022 served as a crucial resource for voters navigating the complex landscape of the 2022 midterm elections. It provided non-partisan information on candidates' stances on key issues impacting voting rights, highlighting those who supported or opposed policies that either expanded or restricted access to the ballot box. The guide didn't endorse candidates but equipped voters with the knowledge to make informed decisions based on their understanding of candidates' positions on issues like voter ID laws, early voting access, election security, and campaign finance reform. This comprehensive resource underscored the ACLU's commitment to ensuring free and fair elections, combating voter suppression tactics, and protecting the fundamental right to vote for all eligible citizens. The guide's significance lay in its ability to counteract misinformation and provide a reliable source of information amidst a highly polarized political climate. By focusing on voting rights issues, the guide empowered citizens to participate meaningfully in the democratic process.

Publisher: The American Civil Liberties Union (ACLU). The ACLU is a highly respected and influential non-profit organization with a long history of advocating for civil liberties and equal rights in the United States. Their publications are widely recognized for their thorough research, factual accuracy, and commitment to unbiased information dissemination. Their reputation for non-partisanship contributes to the guide's credibility and its acceptance among a broad spectrum of voters.

Editor: While specific editor names may not be publicly listed for this type of document, the ACLU's Voter Rights Project likely oversaw the editing process. This project is composed of legal experts and policy analysts with deep knowledge of election laws and voting rights advocacy.

Understanding the ACLU Voter Guide 2022: A Comprehensive Analysis

The 2022 midterm elections presented a critical juncture for voting rights in the United States. Following a period marked by significant legislative activity aimed at restricting voting access, the ACLU Voter Guide 2022 emerged as a vital tool for voters seeking to understand the implications of these changes. The guide went beyond simple candidate profiles; it analyzed candidates' positions on specific pieces of legislation and policies directly impacting voter access.

The ACLU voter guide 2022 provided in-depth information on crucial aspects of voting rights, including:

Voter ID Laws: The guide detailed the varying requirements across different states and highlighted candidates' stances on stricter or more lenient voter ID laws. This was especially crucial given the documented disproportionate impact of strict voter ID laws on minority and low-income communities.

Early Voting Access: The guide examined candidates' positions on expanding or restricting early voting opportunities, a key factor in ensuring accessibility for voters with limited time or mobility. It explained the significance of early voting periods and their importance for voter turnout.

Election Security: Given concerns about election integrity and the spread of misinformation, the ACLU voter guide 2022 addressed candidates' positions on election security measures, including funding for election infrastructure improvements and safeguards against cyberattacks.

Campaign Finance Reform: The guide explored candidates' stances on campaign finance regulations, understanding the impact of campaign funding on election outcomes and the potential for undue influence.

The ACLU voter guide 2022 strategically highlighted the potential consequences of different policies on voter participation. It illustrated how seemingly minor changes to voting laws could significantly impact voter turnout, especially among marginalized communities. This contextualization was crucial in empowering voters to make informed choices that reflected their commitment to fair and equitable elections.

The guide's non-partisan approach was a key strength. It avoided endorsing specific candidates, focusing instead on providing factual information about their stances on voting rights. This allowed voters to form their own opinions and make choices aligned with their values.

The ACLU voter guide 2022 was more than just a document; it was a call to action. By providing accurate, accessible information, it empowered citizens to actively participate in the democratic process and defend their right to vote. The guide's impact extended beyond the 2022 elections; it contributed to a broader conversation about the importance of protecting voting rights and ensuring equal access to the ballot box for all Americans. The guide's release served as a reminder of the ongoing struggle for voting rights and the crucial role of informed citizenry in safeguarding democracy.

Conclusion

The ACLU Voter Guide 2022 stands as a testament to the importance of accurate, accessible, and non-partisan voter information in a democratic society. By focusing on the critical issue of voting rights, the guide empowered citizens to engage meaningfully in the electoral process. Its enduring value lies in its contribution to informed civic engagement and its role in promoting a more just and equitable electoral system.

FAQs

1. Where can I find the 2022 ACLU Voter Guide? The guide may be archived on the ACLU website, though its availability depends on the organization's archiving practices. Searching the ACLU website for "2022 voter guide" is recommended.
1. Is the ACLU Voter Guide biased? The ACLU aims for non-partisanship. The guide presents information on candidates' positions without endorsing any particular candidate.
1. What issues did the guide cover beyond voting rights? While voting rights were central, related issues such as campaign finance and election security were likely included.
1. How did the guide help voters make informed decisions? By providing factual information on candidates' stances on specific voting-related policies, it helped voters assess candidates' commitment to fair elections.
1. Was the guide available in multiple formats? The ACLU likely offered the guide online, possibly in printable PDF form, accessible to a wider range of users.
1. Did the guide cover state and local races as well as national races? The extent of coverage would

likely vary based on the ACLU's resources. It's likely they focused on key races significantly impacting voting rights.

1. How did the ACLU promote the guide's accessibility? The organization likely publicized the guide through its website, social media, and potentially partnerships with other organizations.

1. What was the response to the ACLU Voter Guide 2022? The response would have varied. Some appreciated its non-partisan approach, while others might have critiqued its focus or methodology.

1. How does the ACLU Voter Guide compare to similar guides from other organizations? Comparing it to guides from other organizations like the League of Women Voters would reveal differences in focus, methodology, and the level of detail provided.

aclu voter guide 2022: *One Person, No Vote* Carol Anderson, 2018-09-11 As featured in the documentary All In: The Fight for Democracy Finalist for the PEN/John Kenneth Galbraith Award for Nonfiction Longlisted for the National Book Award in Nonfiction Named one of the Best Books of the

Year by: Washington Post * Boston Globe * NPR* Bustle * BookRiot * New York Public Library From the award-winning, New York Times bestselling author of *White Rage*, the startling--and timely--history of voter suppression in America, with a foreword by Senator Dick Durbin. In her New York Times bestseller *White Rage*, Carol Anderson laid bare an insidious history of policies that have systematically impeded black progress in America, from 1865 to our combustible present. With *One Person, No Vote*, she chronicles a related history: the rollbacks to African American participation in the vote since the 2013 Supreme Court decision that eviscerated the Voting Rights Act of 1965. Known as the Shelby ruling, this decision effectively allowed districts with a demonstrated history of racial discrimination to change voting requirements without approval from the Department of Justice. Focusing on the aftermath of Shelby, Anderson follows the astonishing story of government-dictated racial discrimination unfolding before our very eyes as more and more states adopt voter suppression laws. In gripping, enlightening detail she explains how voter suppression works, from photo ID requirements to gerrymandering to poll closures. And with vivid characters, she explores the resistance: the organizing, activism, and court battles to restore the basic right to vote to all Americans.

aclu voter guide 2022: *The Embattled Vote in America* Allan J. Lichtman, 2020-02-18 “A sweeping look at the history of voting rights in the U.S.”—Vox Who has the right to vote? And who benefits from exclusion? For most of American history, the right to vote has been a privilege restricted by wealth, sex, race, and literacy. Economic qualifications were finally eliminated in the nineteenth century, but the ideal of a white man’s republic persisted long after that. Women and racial minorities had to fight hard and creatively to secure their voice, but voter identification laws, registration requirements, and voter purges continue to prevent millions of American citizens from voting. An award-winning historian and voting right activist, Allan Lichtman gives us the history behind today’s headlines. He shows that political gerrymandering and outrageous attempts at voter suppression have been a fixture of American democracy—but so have efforts to fight back and ensure that every citizen’s voice be heard. “Lichtman uses history to contextualize the fix we’re in today. Each party gropes for advantage by fiddling with the franchise... Growing outrage, he thinks, could ignite demands for change. With luck, this fine history might just help to fan the flame.” —New York Times Book Review “The great value of Lichtman’s book is the way it puts today’s right-wing voter suppression efforts in their historical setting. He identifies the current push as the third crackdown on African-American voting rights in our history.” —Michael Tomasky, New York Review of Books

aclu voter guide 2022: *How to Be a (Young) Antiracist* Ibram X. Kendi, Nic Stone, 2023-09-12 The #1 New York Times bestseller that sparked international dialogue is now a book for young adults! Based on the adult bestseller by Ibram X. Kendi, and co-authored by bestselling author Nic Stone, *How to be a (Young) Antiracist* will serve as a guide for teens seeking a way forward in acknowledging, identifying, and dismantling racism and injustice. The New York Times bestseller *How to be an Antiracist* by Ibram X. Kendi is shaping the way a generation thinks about race and racism. *How to be a (Young) Antiracist* is a dynamic reframing of the concepts shared in the adult book, with young adulthood front and center. Aimed at readers 12 and up, and co-authored by award-winning children's book author Nic Stone, *How to be a (Young) Antiracist* empowers teen readers to help create a more just society. Antiracism is a journey--and now young adults will have a map to carve their own path. Kendi and Stone have revised this work to provide anecdotes and data that speaks directly to the experiences and concerns of younger readers, encouraging them to think critically and build a more equitable world in doing so.

aclu voter guide 2022: *The Color of Money* Mehrsa Baradaran, 2017-09-14 “Read this book. It explains so much about the moment...Beautiful, heartbreaking work.” —Ta-Nehisi Coates “A deep accounting of how America got to a point where a median white family has 13 times more wealth than the median black family.” —The Atlantic “Extraordinary...Baradaran focuses on a part of the American story that’s often ignored: the way African Americans were locked out of the financial engines that create wealth in America.” —Ezra Klein When the Emancipation Proclamation was

signed in 1863, the black community owned less than 1 percent of the total wealth in America. More than 150 years later, that number has barely budged. The Color of Money seeks to explain the stubborn persistence of this racial wealth gap by focusing on the generators of wealth in the black community: black banks. With the civil rights movement in full swing, President Nixon promoted "black capitalism," a plan to support black banks and minority-owned businesses. But the catch-22 of black banking is that the very institutions needed to help communities escape the deep poverty caused by discrimination and segregation inevitably became victims of that same poverty. In this timely and eye-opening account, Baradaran challenges the long-standing belief that black communities could ever really hope to accumulate wealth in a segregated economy. "Black capitalism has not improved the economic lives of black people, and Baradaran deftly explains the reasons why." —Los Angeles Review of Books "A must read for anyone interested in closing America's racial wealth gap." —Black Perspectives

aclu voter guide 2022: The End of Asylum Philip G. Schrag, Andrew I. Schoenholtz, Jaya Ramji-Nogales, 2021-05-01 In *The End of Asylum*, three experts in immigration law offer a comprehensive examination of the rise and demise of the US asylum system, showing how the Trump administration has put forth regulations, policies, and practices all designed to end opportunities for asylum seekers and what we can do about it.

aclu voter guide 2022: Lady Justice Dahlia Lithwick, 2023-09-19 Winner of the LA Times Book Prize in Current Interest An instant New York Times Bestseller! "Stirring...Lithwick's approach, interweaving interviews with legal commentary, allows her subjects to shine...Inspiring." —New York Times Book Review "In Dahlia Lithwick's urgent, engaging *Lady Justice*, Dobbs serves as a devastating bookend to a story that begins in hope." —Boston Globe Dahlia Lithwick, one of the nation's foremost legal commentators, tells the gripping and heroic story of the women lawyers who fought the racism, sexism, and xenophobia of Donald Trump's presidency—and won After the sudden shock of Donald Trump's victory over Hillary Clinton in 2016, many Americans felt lost and uncertain. It was clear he and his administration were going to pursue a series of retrograde, devastating policies. What could be done? Immediately, women lawyers all around the country, independently of each other, sprang into action, and they had a common goal: they weren't going to stand by in the face of injustice, while Trump, Mitch McConnell, and the Republican party did everything in their power to remake the judiciary in their own conservative image. Over the next four years, the women worked tirelessly to hold the line against the most chaotic and malign presidency in living memory. There was Sally Yates, the acting attorney general of the United States, who refused to sign off on the Muslim travel ban. And Becca Heller, the founder of a refugee assistance program who brought the fight over the travel ban to the airports. And Roberta Kaplan, the famed commercial litigator, who sued the neo-Nazis in Charlottesville. And, of course, Stacey Abrams, whose efforts to protect the voting rights of millions of Georgians may well have been what won the Senate for the Democrats in 2020. These are just a handful of the stories Lithwick dramatizes in thrilling detail to tell a brand-new and deeply inspiring account of the Trump years. With unparalleled access to her subjects, she has written a luminous book, not about the villains of the Trump years, but about the heroes. And as the country confronts the news that the Supreme Court, which includes three Trump-appointed justices, will soon overturn *Roe v. Wade*, Lithwick shines a light on not only the major consequences of such a decision, but issues a clarion call to all who might, like the women in this book, feel the urgency to join the fight. A celebration of the tireless efforts, legal ingenuity, and indefatigable spirit of the women whose work all too often went unrecognized at the time, *Lady Justice* is destined to be treasured and passed from hand to hand for generations to come, not just among lawyers and law students, but among all optimistic and hopeful Americans.

aclu voter guide 2022: The Rights of Non-citizens United Nations. Office of the High Commissioner for Human Rights, 2006 International human rights law is founded on the premise that all persons, by virtue of their essential humanity, should enjoy all human rights. Exceptional distinctions, for example between citizens and non-citizens, can be made only if they serve a

legitimate State objective and are proportional to the achievement of the objective. Non-citizens can include: migrants, refugees and asylum seekers, victims of trafficking, foreign students, temporary visitors and stateless people. This publication looks at the diverse sources of international law and emerging international standards protecting the rights of non-citizens, including international conventions and reports by UN and treaty bodies

aclu voter guide 2022: Revoked Allison Frankel, 2020 [The report] finds that supervision -- probation and parole -- drives high numbers of people, disproportionately those who are Black and brown, right back to jail or prison, while in large part failing to help them get needed services and resources. In states examined in the report, people are often incarcerated for violating the rules of their supervision or for low-level crimes, and receive disproportionate punishment following proceedings that fail to adequately protect their fair trial rights.--Publisher website.

aclu voter guide 2022: The Intersectional Environmentalist Leah Thomas, 2022-03-08 From the 2022 TIME100 Next honoree and the activist who coined the term comes a primer on intersectional environmentalism for the next generation of activists looking to create meaningful, inclusive, and sustainable change. The Intersectional Environmentalist examines the inextricable link between environmentalism, racism, and privilege, and promotes awareness of the fundamental truth that we cannot save the planet without uplifting the voices of its people -- especially those most often unheard. Written by Leah Thomas, a prominent voice in the field and the activist who coined the term Intersectional Environmentalism, this book is simultaneously a call to action, a guide to instigating change for all, and a pledge to work towards the empowerment of all people and the betterment of the planet. Thomas shows how not only are Black, Indigenous and people of color unequally and unfairly impacted by environmental injustices, but she argues that the fight for the planet lies in tandem to the fight for civil rights; and in fact, that one cannot exist without the other. An essential read, this book addresses the most pressing issues that the people and our planet face, examines and dismantles privilege, and looks to the future as the voice of a movement that will define a generation.

aclu voter guide 2022: Beyond Guardianship National Council on Disability, 2018-03-27 In general, guardianship involves a state-court determination that an individual lacks the capacity to make decisions with respect to their health, safety, welfare, and/or property. This Beyond Guardianship report explains how guardianship law has evolved, explores the due process and other concerns with guardianships, offers an overview of alternatives to guardianship, and identifies areas for further study. This report covers people with mental illness or disabilities, to include children populations and aging adult populations Legal standards of incapacity are also explored within this report. aclu voter guide 2022: Cheap Speech Richard L. Hasen, 2022-03-08 An informed and practical road map for controlling disinformation, embracing free speech, saving American elections, and protecting democracy A fresh, persuasive and deeply disturbing overview of the baleful and dangerous impact on the nation of widely disseminated false speech on social media. Richard Hasen, the country's leading expert about election law, has written this book with flair and clarity."—Floyd Abrams, author of *The Soul of the First Amendment* What can be done consistent with the First Amendment to ensure that American voters can make informed election decisions and hold free elections amid a flood of virally spread disinformation and the collapse of local news reporting? How should American society counter the actions of people like former President Donald J. Trump, who used social media to convince millions of his followers to doubt the integrity of U.S. elections and helped foment a violent insurrection? What can we do to minimize disinformation campaigns aimed at suppressing voter turnout? With piercing insight into the current debates over free speech, censorship, and Big Tech's responsibilities, Richard L. Hasen proposes legal and social measures to restore Americans' access to reliable information on which democracy depends. In an era when quack COVID treatments and bizarre QAnon theories have entered mainstream, this book explains

how to assure both freedom of ideas and a commitment to truth.

aclu voter guide 2022: How Would Jesus Vote? Dr. D. James Kennedy, Jerry Newcombe, 2010-06-23 The 2008 election is shaping up to be one of the most important political contests in American history. In fact, Dr. D. James Kennedy believes it will be a watershed moment that could impact our very survival as a nation under God. Values voters—people whose political views and votes are based on their faith in God—are being targeted as never before. As we move forward in the campaign season, the significant players will debate terrorism, radical Islam, nuclear threats, global warming, social issues, gay marriage, immigration, education, health care, and many other essential issues that can create sharp ideological divisions. Into this overwhelmingly complex political situation, Dr. Kennedy and Jerry Newcombe bring a clear, compelling, and nonpartisan exploration of what God's Word has to say on these critical matters. *How Would Jesus Vote?* isn't intended to tell you which candidates to support; rather it offers you a Christ-centered understanding of the world to help you draw your own political conclusions. This election, don't cast an uninformed vote that fails to reflect your values. Instead, learn how to apply your faith and obedience to God to your ballot. This timely, helpful, and hopeful book will enable you to do just that.

aclu voter guide 2022: The Federalist Papers Alexander Hamilton, John Jay, James Madison, 2018-08-20 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

aclu voter guide 2022: The Voting Rights Act of 1965 Kevin J. Coleman, 2015-01-02 The Voting Rights Act (VRA) was successfully challenged in a June 2013 case decided by the U.S. Supreme Court in *Shelby County, Alabama v. Holder*. The suit challenged the constitutionality of Sections 4 and 5 of the VRA, under which certain jurisdictions with a history of racial discrimination in voting—mostly in the South—were required to pre-clear changes to the election process with the Justice Department (the U.S. Attorney General) or the U.S. District Court for the District of Columbia. The preclearance provision (Section 5) was based on a formula (Section 4) that considered voting practices and patterns in 1964, 1968, or 1972. At issue in *Shelby County* was whether Congress exceeded its constitutional authority when it reauthorized the VRA in 2006—with the existing formula—thereby infringing on the rights of the states. In its ruling, the Court struck down Section 4 as outdated and not grounded in current conditions. As a consequence, Section 5 is intact, but inoperable, unless or until Congress prescribes a new Section 4 formula.

aclu voter guide 2022: Youth Voter Participation, 1999 The importance of the youth vote to any democracy is central to this cross-cultural analysis of the unique role of elections—and the dangers of abstention—in a democratic society. Comparative data from the parliamentary elections of 15 European democracies illustrate the scope of the problem of low youth turnout, and analyses of the reasons for such negligible participation are presented. Specially commissioned interviews conducted in several countries worldwide bring the opinions and views of young people themselves into the study. Additionally, descriptions of specific programmes for increasing youth participation enacted in Chile, Russia, South Africa, and the United States and included, as are proposals for a variety of activities that governmental and nongovernmental organizations can use to draw young citizens into the electoral arena.

aclu voter guide 2022: The Politics of Voter Fraud Lorraine Minnite, Payman Sheriff,

2018-01-29 - Voter fraud is the intentional corruption of the electoral process by the voter. This definition covers knowingly and willingly giving false information to establish voter eligibility, and knowingly and willingly voting illegally or participating in a conspiracy to encourage illegal voting by others. All other forms of corruption of the electoral process and corruption committed by elected or election officials, candidates, party organizations, advocacy groups or campaign workers fall under the wider definition of election fraud. - Voter fraud is extremely rare. At the federal level, records show that only 24 people were convicted of or pleaded guilty to illegal voting between 2002 and 2005, an average of eight people a year. The available state-level evidence of voter fraud, culled from interviews, reviews of newspaper coverage and court proceedings, while not definitive, is also negligible. - The lack of evidence of voter fraud is not because of a failure to codify it. It is not as if the states have failed to detail the ways voters could corrupt elections. There are hundreds of examples drawn from state election codes and constitutions that illustrate the precision with which the states have criminalized voter and election fraud. If we use the same standards for judging voter fraud crime rates as we do for other crimes, we must conclude that the lack of evidence of arrests, indictments or convictions for any of the practices defined as voter fraud means very little fraud is being committed. - Most voter fraud allegations turn out to be something other than fraud. A review of news stories over a recent two year period found that reports of voter fraud were most often limited to local races and individual acts and fell into three categories: unsubstantiated or false claims by the loser of a close race, mischief and administrative or voter error. - The more complex are the rules regulating voter registration and voting, the more likely voter mistakes, clerical errors, and the like will be wrongly identified as fraud. Voters play a limited role in the electoral process. Where they interact with the process they confront an array of rules that can trip them up. In addition, one consequence of expanding voting opportunities, i.e. permissive absentee voting systems, is a corresponding increase in opportunities for casting unintentionally illegal ballots if administrative tracking and auditing systems are flawed. - There is a long history in America of elites using voter fraud allegations to restrict and shape the electorate. In the late nineteenth century when newly freed black Americans were swept into electoral politics, and where blacks were the majority of the electorate, it was the Democrats who were threatened by a loss of power, and it was the Democratic party that erected new rules said to be necessary to respond to alleged fraud by black voters. Today, the success of voter registration drives among minorities and low income people in recent years threatens to expand the base of the Democratic party and tip the balance of power away from the Republicans. Consequently, the use of baseless voter fraud allegations for partisan advantage has become the exclusive domain of Republican party activists

aclu voter guide 2022: It's OK to Tell Lauren Book, 2011-03-29 Will empower readers to address abuse issues in their own lives and move them to understand the resulting deep emotional matrix that results from abuse and the incredible power of an individual's ability to recover and embrace life.

aclu voter guide 2022: Polling Places and Vote Centers , 2007

aclu voter guide 2022: Democracy, Expertise, and Academic Freedom Robert C. Post, 2012-01-24 A leading American legal scholar offers a surprising account of the incompleteness of prevailing theories of freedom of speech. Robert C. Post shows that the familiar understanding of the First Amendment, which stresses the “marketplace of ideas” and which holds that everyone is entitled to an opinion, is inadequate to create and preserve the expert knowledge that is necessary for a modern democracy to thrive. For a modern society reliably to answer such questions as whether nicotine causes cancer, the free and open exchange of ideas must be complemented by standards of scientific competence and practice that are both hierarchical and judgmental. Post develops a theory of First Amendment rights that seeks to explain both the need for the free formation of public opinion and the need for the distribution and creation of expertise. Along the way he offers a new and useful account of constitutional doctrines of academic freedom. These doctrines depend both upon free expression and the necessity of the kinds of professional judgment that universities exercise when they grant or deny tenure, or that professional journals exercise when they accept or reject submissions.

aclu voter guide 2022: The Conversation Robert Livingston, 2021-02-02 A FINANCIAL TIMES BEST BOOK OF THE YEAR • An essential tool for individuals, organizations, and communities of all sizes to jump-start dialogue on racism and bias and to transform well-intentioned statements on diversity into concrete actions—from a leading Harvard social psychologist. FINALIST FOR THE FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR AWARD • LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD “Livingston has made the important and challenging task of addressing systemic racism within an organization approachable and achievable.”—Alex Timm, co-founder and CEO, Root Insurance Company How can I become part of the solution? In the wake of the social unrest of 2020 and growing calls for racial justice, many business leaders and ordinary citizens are asking that very question. This book provides a compass for all those seeking to begin the work of anti-racism. In *The Conversation*, Robert Livingston addresses three simple but profound questions: What is racism? Why should everyone be more concerned about it? What can we do to eradicate it? For some, the existence of systemic racism against Black people is hard to accept because it violates the notion that the world is fair and just. But the rigid racial hierarchy created by slavery did not collapse after it was abolished, nor did it end with the civil rights era. Whether it’s the composition of a company’s leadership team or the composition of one’s neighborhood, these racial divides and disparities continue to show up in every facet of society. For Livingston, the difference between a solvable problem and a solved problem is knowledge, investment, and determination. And the goal of making organizations more diverse, equitable, and inclusive is within our capability. Livingston’s lifework is showing people how to turn difficult conversations about race into productive instances of real change. For decades he has translated science into practice for numerous organizations, including Airbnb, Deloitte, Microsoft,

Under Armour, L'Oreal, and JPMorgan Chase. In *The Conversation*, Livingston distills this knowledge and experience into an eye-opening immersion in the science of racism and bias. Drawing on examples from pop culture and his own life experience, Livingston, with clarity and wit, explores the root causes of racism, the factors that explain why some people care about it and others do not, and the most promising paths toward profound and sustainable progress, all while inviting readers to challenge their assumptions. Social change requires social exchange. Founded on principles of psychology, sociology, management, and behavioral economics, *The Conversation* is a road map for uprooting entrenched biases and sharing candid, fact-based perspectives on race that will lead to increased awareness, empathy, and action.

aclu voter guide 2022: Law Enforcement Intelligence David L. Carter, Ph D David L Carter, U.s. Department of Justice, Office of Community Oriented Policing Services, 2012-06-19 This intelligence guide was prepared in response to requests from law enforcement executives for guidance in intelligence functions in a post-September 11 world. It will help law enforcement agencies develop or enhance their intelligence capacity and enable them to fight terrorism and other crimes while preserving community policing relationships. The world of law enforcement intelligence has changed dramatically since September 11, 2001. State, local, and tribal law enforcement agencies have been tasked with a variety of new responsibilities; intelligence is just one. In addition, the intelligence discipline has evolved significantly in recent years. As these various trends have merged, increasing numbers of American law enforcement agencies have begun to explore, and sometimes embrace, the intelligence function. This guide is intended to help them in this process. The guide is directed primarily toward state, local, and tribal law enforcement agencies of all sizes that need to develop or reinvigorate their intelligence function. Rather than being a manual to teach a person how to be an intelligence analyst, it is directed toward that manager, supervisor, or officer who is assigned to create an intelligence function. It is intended to provide ideas, definitions, concepts, policies, and resources. It is a primera place to start on a new managerial journey. Every law enforcement agency in the United States, regardless of agency size, must have the capacity to understand the implications of information collection, analysis, and intelligence sharing. Each agency must have an organized mechanism to receive and manage intelligence as well as a mechanism to report and share critical information with other law enforcement agencies. In addition, it is essential that law enforcement agencies develop lines of communication and information-sharing protocols with the private sector, particularly those related to the critical infrastructure, as well as with those private entities that are potential targets of terrorists and criminal enterprises. Not every agency has the staff or resources to create a formal intelligence unit, nor is it necessary in smaller agencies. This document will provide common language and processes to develop and employ an intelligence capacity in SLTLE agencies across the United States as well as articulate a uniform understanding of concepts, issues, and terminology for law enforcement intelligence (LEI). While terrorism issues are currently most pervasive in the current discussion of LEI, the principles of intelligence discussed in this document apply beyond terrorism and include organized crime and entrepreneurial crime of all forms. Drug trafficking and the associated crime of money laundering, for example, continue to be a significant challenge for law enforcement. Transnational computer crime, particularly Internet fraud, identity theft cartels, and global black marketeering of stolen and counterfeit goods, are entrepreneurial crime problems that are increasingly being relegated to SLTLE agencies to investigate simply because of the volume of criminal incidents. Similarly, local law enforcement is being increasingly drawn into human trafficking and illegal immigration enterprises and the often associated crimes related to counterfeiting of official documents, such as passports, visas, driver's licenses, Social Security cards, and credit cards. All require an intelligence capacity for SLTLE, as does the continuation of historical organized crime activities such as auto theft, cargo theft, and virtually any other scheme that can produce profit for an organized criminal entity. To be effective, the law enforcement community must interpret intelligence-related language in a consistent manner. In addition, common standards, policies, and practices will help expedite intelligence sharing while at the same time

protecting the privacy of citizens and preserving hard-won community policing relationships.~

aclu voter guide 2022: *Election Law in a Nutshell* Daniel P. Tokaji, 2013 Election law is a dynamic and quickly growing field that has garnered enormous public interest. It is a subject of great practical importance to lawyers and law students, with increasing litigation and several important decisions from the Supreme Court in recent years. Tokaji's *Election Law in a Nutshell* provides a succinct and thorough description of the law governing voting rights, elections, and the political process in the United States. The topics addressed include the fundamental right to vote, gerrymandering, minority voting rights, ballot access, voter identification, recounts, direct democracy, and campaign finance. The *Nutshell* covers the constitutional law in these areas, including rights of free speech and equal protection, as well as the Voting Rights Act and other essential statutes. It addresses *Shelby County v. Holder* and other cases from the 2012-13 Supreme Court Term.

aclu voter guide 2022: *Policy Practice for Social Workers* Linda K Cummins, Katharine V Byers, Laura Pedrick, 2023-07-18 The second edition of *Policy Practice for Social Workers* expands the concept of policy practice in social work settings and illustrates how significant policy change may be achieved at a local, community, state, and national level. Guided by an ethic of care approach, this textbook is intended to raise readers' awareness about policy practice and its fundamental relationship with the aims of the social work profession, offers a foundation for key skill development, and contextualizes the work of policy practitioners in the larger political-economic settings in which they work. This textbook is divided into two parts. First, readers will expand their understanding of policy practice, its beginnings and development over the course of social welfare history, and the political, economic, and social drivers that affect policy decisions and undergird the U.S. political system. Readers will also learn about the ethic of care framework and the value-based lens it contributes to the policymaking process. Later, in the book's second part, readers will explore the essential skills and values in policy work. Detailed coverage and vivid examples offer valuable insight into specific advocacy skills including lobbying, community organizing, mobilizing advocacy publics, coalition building, campaigning, problem analysis, policy analysis, and policy evaluation. Within its comprehensive overview of policy practice and advocacy, the new edition of this text extols a value-laden perspective to identify and assess unmet needs and promote a more socially just environment for all. Combining these dual aims, *Policy Practice for Social Workers* is an excellent cornerstone of policy and policy work for undergraduate and graduate students in social work.

aclu voter guide 2022: *Confirming Elections* T. Hall, L. Atkeson, R. Michael Alvarez, 2012-06-06 This volume brings together a number of essays that citizens, academics, election officials, policy makers, and other stakeholders can read to become better informed about procedures that used today to audit elections and election administration, and to learn more about new approaches to improve existing election audit procedures.

aclu voter guide 2022: *Online Courts and the Future of Justice* Richard Susskind, 2021-07 In this book Richard Susskind, a pioneer of rethinking law for the digital age confronts the challenges facing our legal system and the potential for technology to bring much needed change. Drawing on years of experience leading the discussion on conceiving and delivering online justice, Susskind here charts and develops the public debate.

aclu voter guide 2022: *The Dark Side of Reform* Tyrell Connor, Daphne M. Penn, Niambi Carter, Michael Hudson-Vassell, Janice A. Iwama, J. Nicole Johnson, Jalila Jefferson-Bullock, Jelani Jefferson Exum, LaTeri McFadden, Angela S. Murolo, Jay Pearson, Candice C. Robinson, Daniel Semenza, Charisse Southwell, Emily Tucker, Brian Wade, 2022-01-25 *The Dark Side of Reform: Exploring the Impact of Public Policy on Racial Equity* contains nine chapters on the development of social policies with the potential to advance racial equity. In addition to studying these policies and their implications, the chapters in this volume demonstrate how lessons from the past can be used to inform the direction of current discussions. At the heart of these conversations are concerns about whether Black people, in particular, will receive the full benefit of transformative laws that may emerge in the coming years. The volume also offers recommendations on implementing policies that

address the unique concerns of structurally disadvantaged communities with particular emphasis on Black and Latinx people.

aclu voter guide 2022: The Short Life and Curious Death of Free Speech in America Ellis Cose, 2020-09-15 Named one of Newsweek's 25 Must-Read Fall Fiction and Nonfiction Books to Escape the Chaos of 2020 The critically acclaimed journalist and bestselling author of *The Rage of a Privileged Class* explores one of the most essential rights in America—free speech—and reveals how it is crumbling under the combined weight of polarization, technology, money and systematized lying in this concise yet powerful and timely book. Free speech has long been one of American's most revered freedoms. Yet now, more than ever, free speech is reshaping America's social and political landscape even as it is coming under attack. Bestselling author and critically acclaimed journalist Ellis Cose wades into the debate to reveal how this Constitutional right has been coopted by the wealthy and politically corrupt. It is no coincidence that historically huge disparities in income have occurred at times when moneyed interests increasingly control political dialogue. Over the past four years, Donald Trump's accusations of "fake news," the free use of negative language against minority groups, "cancel culture," and blatant xenophobia have caused Americans to question how far First Amendment protections can—and should—go. Cose offers an eye-opening wholly original examination of the state of free speech in America today, litigating ideas that touch on every American's life. Social media meant to bring us closer, has become a widespread disseminator of false information keeping people of differing opinions and political parties at odds. The nation—and world—watches in shock as white nationalism rises, race and gender-based violence spreads, and voter suppression widens. The problem, Cose makes clear, is that ordinary individuals have virtually no voice at all. He looks at the danger of hyper-partisanship and how the discriminatory structures that determine representation in the Senate and the electoral college threaten the very concept of democracy. He argues that the safeguards built into the Constitution to protect free speech and democracy have instead become instruments of suppression by an unfairly empowered political minority. But we can take our rights back, he reminds us. Analyzing the experiences of other countries, weaving landmark court cases together with a critical look at contemporary applications, and invoking the lessons of history, including the Great Migration, Cose sheds much-needed light on this cornerstone of American culture and offers a clarion call for activism and change.

aclu voter guide 2022: It Could Happen Here Jonathan Greenblatt, 2022-01-04 "Refreshingly candid . . . Get off Instagram and read this book." —Sacha Baron Cohen From the dynamic head of ADL, an impassioned argument about the terrifying path that America finds itself on today—and how we can save ourselves. It's almost impossible to imagine that unbridled hate and systematic violence could come for us or our families. But it has happened in our lifetimes in Europe, the Middle East, Africa, and Asia. And it could happen here. Today, as CEO of the storied ADL (the Anti-Defamation League), Jonathan Greenblatt has made it his personal mission to demonstrate how antisemitism, racism, and other insidious forms of intolerance can destroy a society, taking root as quiet prejudices but mutating over time into horrific acts of brutality. In this urgent book, Greenblatt sounds an alarm, warning that this age-old trend is gathering momentum in the United States—and that violence on an even larger, more catastrophic scale could be just around the corner. But it doesn't have to be this way. Drawing on ADL's decades of experience in fighting hate through investigative research, education programs, and legislative victories as well as his own personal story and his background in business and government, Greenblatt offers a bracing primer on how we—as individuals, as organizations, and as a society—can strike back against hate. Just because it could happen here, he shows, does not mean that the unthinkable is inevitable.

aclu voter guide 2022: Talking Equity in Polarized Times Meagan Call-Cummings, Kristien Zenkov, Jeff Keller, 2024-11-26 How can teachers help students navigate tough topics in an increasingly politicized world? Featuring perspectives from teachers and students across the country, this unique book provides hope, applicable knowledge, and practical skills for teachers to address a range of current issues—including race, LGBTQIA+ advocacy, diversity and equity, civic engagement, ability and disability, school safety, social-emotional learning, immigration, and

environmental justice. Each chapter addresses one of those controversial issues and examines how teachers are grappling with it in their own classrooms. Each chapter is also informed by youths' insights, drawn from the authors' work with the Youth Research Council and the Through Students' Eyes project. Features include suggested resources, reflection questions, and talking points to support teachers in framing discussions of the topic positively and accurately. With the voices and skills in this book, you'll be able to work with these issues no matter your own teaching contexts.

aclu voter guide 2022: *Teaching for Black Lives* Flora Harriman McDonnell, 2018-04-13 Black students' bodies and minds are under attack. We're fighting back. From the north to the south, corporate curriculum lies to our students, conceals pain and injustice, masks racism, and demeans our Black students. But it's not only the curriculum that is traumatizing students.

aclu voter guide 2022: *Game of Politics* Kenneth Bryant, Jr., Eric Lopez, Mark Owens, 2020-07-31

aclu voter guide 2022: *A People's History of the United States* Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.
