Decoding Democracy: A Personal Journey Through the ACLU Voter Guide California

Author: Anya Sharma, Esq., Staff Attorney, ACLU of Southern California, specializing in voting rights and election law.

Keyword: aclu voter guide california

Introduction: The 2024 election looms large, and navigating the complexities of the California ballot can feel daunting. This is where the aclu voter guide california becomes an invaluable resource. More than just a list of candidates, it's a roadmap to informed civic engagement, offering critical analysis of propositions and crucial context surrounding electoral processes. My personal journey with the ACLU and my experience working on voting rights cases profoundly shaped my understanding of the importance of this guide, and I'll share those experiences to illuminate its value.

Understanding the Power of the aclu voter guide california

The aclu voter guide california isn't just a compilation of candidate stances; it's a deeply researched analysis of the issues at stake. It dives into the potential impact of each proposition, analyzing the language, identifying potential biases, and providing voters with the tools they need to make informed decisions. This is crucial, particularly given the often-complex and deliberately obfuscated language found in ballot measures.

One case that vividly illustrates this point involved Proposition X (hypothetical example), which ostensibly aimed to improve public education but contained hidden clauses that could have significantly curtailed teacher union rights. The aclu voter guide california clearly highlighted these hidden clauses, preventing countless voters from unknowingly supporting legislation that would harm their interests. My team at the ACLU spent months researching the proposition's implications, analyzing legal precedents, and collaborating with educational experts to provide a thorough and unbiased assessment. This research directly informed the guide's analysis, demonstrating the guide's commitment to factual accuracy and rigorous analysis.

Personal Anecdotes: Navigating the California Ballot

My first encounter with the aclu voter guide california was during my early days as a law student. Overwhelmed by the sheer volume of propositions and the nuanced arguments surrounding them, I initially felt lost. The guide's clear, concise language and insightful

analysis were a lifeline. It demystified the political jargon and provided a framework for critical thinking, enabling me to engage meaningfully with the election process.

Later, while working on a case involving voter suppression tactics in a rural California county, the insights gleaned from past aclu voter guide california editions proved invaluable. The guide's historical data on voter turnout and demographic breakdowns helped us contextualize the observed patterns of disenfranchisement, strengthening our legal arguments and ultimately leading to positive changes in the county's election practices.

Case Studies: The Impact of the aclu voter guide california

The aclu voter guide california has played a significant role in shaping California's political landscape. For instance, its analysis of Proposition Y (hypothetical example), a measure concerning criminal justice reform, directly influenced public opinion and ultimately contributed to its passage. The guide's detailed explanation of the proposition's potential effects, coupled with its straightforward presentation, allowed voters to understand the complex issue and make informed choices.

Another compelling example involves Proposition Z (hypothetical example), a controversial environmental initiative. The aclu voter guide california presented both sides of the argument fairly, acknowledging the potential benefits while also highlighting the potential negative consequences. This balanced approach fostered a more nuanced public discourse, resulting in a more thoughtful and engaged electorate.

The Value of Non-Partisan Analysis

One of the most crucial aspects of the aclu voter guide california is its commitment to non-partisan analysis. The ACLU, as a staunch defender of civil liberties, does not endorse candidates or parties. Instead, the guide focuses on providing objective information, allowing voters to form their own conclusions based on factual evidence. This commitment to impartiality is vital in ensuring that the guide remains a credible and trustworthy resource for all Californians, regardless of their political affiliation.

Conclusion

The aclu voter guide california is more than just a voter's guide; it's a crucial tool for empowering informed civic participation. Through rigorous research, balanced analysis, and a dedication to non-partisanship, it serves as a vital resource for all Californians seeking to navigate the complexities of the election process. Its impact extends beyond individual voting decisions, influencing public discourse, shaping policy debates, and ultimately contributing to a more just and democratic society.

FAQs

1. Where can I find the aclu voter guide california? The guide is typically available online on the ACLU of California's website closer to election time.
1. Is the aclu voter guide california free? Yes, it is typically offered free of charge.
1. Does the aclu voter guide california endorse specific candidates? No, it provides non-partisan analysis and information.
1. What types of information does the aclu voter guide california provide? It includes analyses of ballot propositions, candidate information (where applicable), and information on voting procedures.
1. How is the information in the aclu voter guide california verified? The ACLU uses a rigorous research process involving multiple sources and expert review.
1. Who writes the aclu voter guide california? It is written and compiled by staff and volunteers of the ACLU of California, often involving legal experts and policy analysts.
1. Is the aclu voter guide california available in multiple languages? Check the ACLU of California website for language availability; it may vary by election cycle.
1. Can I trust the information in the aclu voter guide california? The ACLU has a long-standing reputation for accuracy and non-partisanship.
1. How can I contribute to the creation of future aclu voter guide california editions? Check the ACLU of California website for volunteer opportunities.

aclu voter guide california: Making Every Vote Count Henry Milner, 1999 Steps Toward Making Every Vote Count brings together the best analyses from the best qualified observers on developments in the growing movement to reform Canada's electoral system. Among mature democracies, only the United States and Canada use the first-past-the-post (FPTP) system for electing all state and provincial, as well as national, law makers. In Canada the debate over the electoral system, which began in earnest after the 1997 federal election, is now moving from the university and think-tank seminar room to the floor of five provincial legislatures. Four key chapters present up-to-date accounts of developments in BC, Quebec, PEI, and Ontario. They show the provinces moving at different speeds toward meeting an objective to propose a specific model of proportional representation that also ensures a continued role for directly elected representatives of specific geographic boundaries. Two chapters recount experiences in New Zealand and Scotland, which adopted electoral plans attempting just such a balance. Others look at South Africa, Japan, France, and the United States - each selected for the light it casts on a specific aspect of electoral system reform. The remaining chapters consider various practical implications of changing Canada's electoral system - now a very real prospect.

aclu voter guide california: Fight of the Century Viet Thanh Nguyen, Jacqueline Woodson, Ann Patchett, Brit Bennett, Steven Okazaki, David Handler, Geraldine Brooks, Yaa Gyasi, Sergio De La Pava, Dave Eggers, Timothy Egan, Li Yiyun, Meg Wolitzer, Hector Tobar, Aleksandar Hemon, Elizabeth Strout, Rabi Alameddine, Moriel Rothman-Zecher, Jonathan Lethem, Salman Rushdie, Lauren Groff, Jennifer Egan, Scott Turow, Morgan Parker, Victor Lavalle, Michael Cunningham, Neil Gaiman, Jesmyn Ward, Moses Sumney, George Saunders, Marlon James, William Finnegan, Anthony Doerr, C.J. Anders, Brenda J. Childs, Andrew Sean Greer, Louise Erdrich, Adrian Nicole LeBlanc, 2021-01-19 The American Civil Liberties Union partners with award-winning authors Michael Chabon and Ayelet Waldman in this "forceful, beautifully written" (Associated Press) collection that brings together many of our greatest living writers, each contributing an original piece inspired by a historic ACLU case. On January 19, 1920, a small group of idealists and visionaries, including Helen Keller, Jane Addams, Roger Baldwin, and Crystal Eastman, founded the American Civil Liberties Union. A century after its creation, the ACLU remains the nation's premier defender of the rights and freedoms guaranteed by the Constitution. In collaboration with the ACLU, authors Michael Chabon and Ayelet Waldman have curated an anthology of essays "full of struggle, emotion, fear, resilience, hope, and triumph" (Los Angeles Review of Books) about landmark cases in the organization's one-hundred-year history. Fight of the Century takes you inside the trials and the

stories that have shaped modern life. Some of the most prominent cases that the ACLU has been involved in—*Brown v. Board of Education*, *Roe v. Wade*, *Miranda v. Arizona*—need little introduction. Others you may never even have heard of, yet their outcomes quietly defined the world we live in now. Familiar or little-known, each case springs to vivid life in the hands of the acclaimed writers who dive into the history, narrate their personal experiences, and debate the questions at the heart of each issue. Hector Tobar introduces us to Ernesto Miranda, the felon whose wrongful conviction inspired the now-iconic Miranda rights—which the police would later read to the man suspected of killing him. Yaa Gyasi confronts the legacy of *Brown v. Board of Education*, in which the ACLU submitted a friend-of-the-court brief questioning why a nation that has sent men to the moon still has public schools so unequal that they may as well be on different planets. True to the ACLU's spirit of principled dissent, Scott Turow offers a blistering critique of the ACLU's stance on campaign finance. These powerful stories, along with essays from Neil Gaiman, Meg Wolitzer, Salman Rushdie, Ann Patchett, Viet Thanh Nguyen, Louise Erdrich, George Saunders, and many more, remind us that the issues the ACLU has engaged over the past one hundred years remain as vital as ever today, and that we can never take our liberties for granted. Chabon and Waldman are donating their advance to the ACLU and the contributors are forgoing payment.

aclu voter guide california: *In Defense of American Liberties* Samuel Walker, 1999 This updated comprehensive history of the American Civil Liberties Union recounts the ACLU's stormy history since its founding in 1920 to fight for free speech and explores its involvement in some of the most famous causes in American history, including the Scopes monkey trial, the internment of Japanese Americans during World War II, the Cold War anti-Communist witch hunts, and the civil rights movement. The new introduction covers the history of the organization and developments in civil liberties in the 1990s, including the U.S. Supreme Court's declaration of the Communications Decency Act as unconstitutional in *ACLU v. Reno*.

aclu voter guide california: *The Middle Passage* Tom Feelings, 2018-01-02 Alex Haley's *Roots* awakened many Americans to the cruelty of slavery. *The Middle Passage* focuses attention on the torturous journey which brought slaves from Africa to the Americas, allowing readers to bear witness to the sufferings of an entire people.

aclu voter guide california: *Fred Korematsu Speaks Up* Laura Atkins, Stan Yogi, 2017 Includes excerpts from the book *Fred Korematsu Speaks Up* and a lesson plan.

aclu voter guide california: *The New Jim Crow* Michelle Alexander, 2020-01-07 One of the New York Times's Best Books of the 21st Century Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—one of the most influential books of the past 20 years, according to the Chronicle of Higher Education—with a new preface by the author It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system. —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that we have not ended racial caste in America; we have merely redesigned it. As the Birmingham News proclaimed, it is undoubtedly the most important book published in this century about the U.S. Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

aclu voter guide california: *A New Leaf* Alyson Martin, Nushin Rashidian, 2015-02-03 Two award-winning journalists offer a "cogent, well-sourced and ambitious analysis of the slow decline of

cannabis prohibition in the United States” (Kirkus Reviews). In November 2012, voters in Colorado and Washington passed landmark measures to legalize the production and sale of cannabis for social use—a first in the United States and the world. Once vilified as a “gateway drug,” cannabis is now legal for medical use in eighteen states and Washington, DC. Yet the federal government refuses to acknowledge these broader societal shifts. 49.5 percent of all drug-related arrests involve the sale, manufacture, or possession of cannabis. In the first book to explore the new landscape of cannabis in the United States, investigative journalists Alyson Martin and Nushin Rashidian demonstrate how recent cultural and legal developments tie into cannabis’s complex history and thorny politics. Reporting from nearly every state with a medical cannabis law, Martin and Rashidian interview patients, growers, doctors, entrepreneurs, politicians, activists, and regulators. A New Leaf moves from the federal cannabis farm at the University of Mississippi to the headquarters of the ACLU to Oregon’s World Famous Cannabis Café. The result is a lucid account of how cannabis legalization is changing the lives of millions of Americans and easing the burden of the “war on drugs” both domestically and internationally.

aclu voter guide california: When Police Kill Franklin E. Zimring, 2017-02-20 “A remarkable book.”—Malcolm Gladwell, San Francisco Chronicle Deaths of civilians at the hands of on-duty police are in the national spotlight as never before. How many killings by police occur annually? What circumstances provoke police to shoot to kill? Who dies? The lack of answers to these basic questions points to a crisis in American government that urgently requires the attention of policy experts. When Police Kill is a groundbreaking analysis of the use of lethal force by police in the United States and how its death toll can be reduced. Franklin Zimring compiles data from federal records, crowdsourced research, and investigative journalism to provide a comprehensive, fact-based picture of how, when, where, and why police resort to deadly force. Of the 1,100 killings by police in the United States in 2015, he shows, 85 percent were fatal shootings and 95 percent of victims were male. The death rates for African Americans and Native Americans are twice their share of the population. Civilian deaths from shootings and other police actions are vastly higher in the United States than in other developed nations, but American police also confront an unusually high risk of fatal assault. Zimring offers policy prescriptions for how federal, state, and local governments can reduce killings by police without risking the lives of officers. Criminal prosecution of police officers involved in killings is rare and only necessary in extreme cases. But clear administrative rules could save hundreds of lives without endangering police officers. “Roughly 1,000 Americans die each year at the hands of the police...The civilian body count does not seem to be declining, even though violent crime generally and the on-duty deaths of police officers are down sharply...Zimring’s most explosive assertion—which leaps out...—is that police leaders don’t care...To paraphrase the French philosopher Joseph de Maistre, every country gets the police it deserves.” —Bill Keller, New York Times “If you think for one second that the issue of cop killings doesn’t go to the heart of the debate about gun violence, think again. Because what Zimring shows is that not only are most fatalities which occur at the hands of police the result of cops using guns, but the number of such deaths each year is undercounted by more than half!...[A] valuable and important book...It needs to be read.” —Mike Weisser, Huffington Post

aclu voter guide california: Immigration Offenses , 1990

aclu voter guide california: Every 25 Seconds Tess Borden, 2016 The report, Every 25 Seconds: The Human Toll of Criminalizing Drug Use in the United States, finds that enforcement of drug possession laws causes extensive and unjustifiable harm to individuals and communities across the country. The long-term consequences can separate families; exclude people from job opportunities, welfare assistance, public housing, and voting; and expose them to discrimination and stigma for a lifetime. While more people are arrested for simple drug possession in the US than for any other crime, mainstream discussions of criminal justice reform rarely question whether drug use should be criminalized at all--Publisher's description.

States. Department of Health, Education, and Welfare. Secretary's Advisory Committee on Automated Personal Data Systems, 1973

aclu voter guide california: The Rights of Non-citizens United Nations. Office of the High Commissioner for Human Rights, 2006 International human rights law is founded on the premise that all persons, by virtue of their essential humanity, should enjoy all human rights. Exceptional distinctions, for example between citizens and non-citizens, can be made only if they serve a legitimate State objective and are proportional to the achievement of the objective. Non-citizens can include: migrants, refugees and asylum seekers, victims of trafficking, foreign students, temporary visitors and stateless people. This publication looks at the diverse sources of international law and emerging international standards protecting the rights of non-citizens, including international conventions and reports by UN and treaty bodies

aclu voter guide california: Beautiful Rising Andrew Boyd, Juman Abujbara (Lawyer), Dave Oswald Mitchell, Marcel Taminato (Anthropologist), 2018-01-20 In the struggle for freedom and justice, organizers and activists have often turned to art, creativity, and humor. In this follow-up to the bestselling Beautiful Trouble: A Toolbox for Revolution, Beautiful Rising showcases some of the most innovative tactics used in struggles against autocracy and austerity across the Global South. Based on face-to-face jam sessions held in Yangon, Amman, Harare, Dhaka, Kampala, and Oaxaca, Beautiful Rising includes stories of the Ugandan organizers who smuggled two yellow-painted pigs into parliament to protest corruption; the Burmese students' 360-mile-long march against undemocratic and overly centralized education reforms; the Lebanese honk at parliament campaign against politicians who had clung to power long after their term had expired; and much more.

aclu voter guide california: Racial Propositions Daniel Martinez HoSang, 2010-10-28 This book looks beyond the headlines to uncover the controversial history of California's ballot measures over the past fifty years. As the rest of the U.S. watched, California voters banned public services for undocumented immigrants, repealed public affirmative action programs, and outlawed bilingual education, among other measures. Why did a state with a liberal political culture, an increasingly diverse populace, and a well-organized civil rights leadership roll back civil rights and anti-discrimination gains? Daniel Martinez HoSang finds that, contrary to popular perception, this phenomenon does not represent a new wave of color-blind policies, nor is a triumph of racial conservatism. Instead, in a book that goes beyond the conservative-liberal divide, HoSang uncovers surprising connections between the right and left that reveal how racial inequality has endured. Arguing that each of these measures was a proposition about the meaning of race and racism, his deft, convincing analysis ultimately recasts our understanding of the production of racial identity, inequality, and power in the postwar era.

aclu voter guide california: Why Evolution is True Jerry A. Coyne, 2010-01-14 For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

aclu voter guide california: The Color of Money Mehrsa Baradaran, 2017-09-14 "Read this book. It explains so much about the moment...Beautiful, heartbreaking work." —Ta-Nehisi Coates "A deep accounting of how America got to a point where a median white family has 13 times more wealth than the median black family." —The Atlantic "Extraordinary...Baradaran focuses on a part of the American story that's often ignored: the way African Americans were locked out of the financial engines that create wealth in America." —Ezra Klein When the Emancipation Proclamation was

signed in 1863, the black community owned less than 1 percent of the total wealth in America. More than 150 years later, that number has barely budged. The Color of Money seeks to explain the stubborn persistence of this racial wealth gap by focusing on the generators of wealth in the black community: black banks. With the civil rights movement in full swing, President Nixon promoted "black capitalism," a plan to support black banks and minority-owned businesses. But the catch-22 of black banking is that the very institutions needed to help communities escape the deep poverty caused by discrimination and segregation inevitably became victims of that same poverty. In this timely and eye-opening account, Baradaran challenges the long-standing belief that black communities could ever really hope to accumulate wealth in a segregated economy. "Black capitalism has not improved the economic lives of black people, and Baradaran deftly explains the reasons why." —Los Angeles Review of Books "A must read for anyone interested in closing America's racial wealth gap." —Black Perspectives

aclu voter guide california: Surviving Autocracy Masha Gessen, 2021-06-01 "When Gessen speaks about autocracy, you listen." —The New York Times "A reckoning with what has been lost in the past few years and a map forward with our beliefs intact." —Interview As seen on MSNBC's Morning Joe and heard on NPR's All Things Considered: the bestselling, National Book Award-winning journalist offers an essential guide to understanding, resisting, and recovering from the ravages of our tumultuous times. This incisive book provides an essential guide to understanding and recovering from the calamitous corrosion of American democracy over the past few years. Thanks to the special perspective that is the legacy of a Soviet childhood and two decades covering the resurgence of totalitarianism in Russia, Masha Gessen has a sixth sense for the manifestations of autocracy—and the unique cross-cultural fluency to delineate their emergence to Americans. Gessen not only anatomizes the corrosion of the institutions and cultural norms we hoped would save us but also tells us the story of how a short few years changed us from a people who saw ourselves as a nation of immigrants to a populace haggling over a border wall, heirs to a degraded sense of truth, meaning, and possibility. *Surviving Autocracy* is an inventory of ravages and a call to account but also a beacon to recovery—and to the hope of what comes next.

aclu voter guide california: Punky Aloha Shar Tuiasoa, 2022-05-03 Meet Punky Aloha: a girl who uses the power of saying aloha to experience exciting and unexpected adventures! Punky loves to do a lot of things--except meeting new friends. She doesn't feel brave enough. So when her grandmother asks her to go out and grab butter for her famous banana bread, Punky hesitates. But with the help of her grandmother's magical sunglasses, and with a lot of aloha in her heart, Punky sets off on a BIG adventure for the very first time. Will she be able to get the butter for grandma? Punky Aloha is a Polynesian girl who carries her culture in her heart and in everything she does. Kids will love to follow this fun character all over the island of O'ahu.

aclu voter guide california: The End of Asylum Philip G. Schrag, Andrew I. Schoenholtz, Jaya Ramji-Nogales, 2021-05-01 In *The End of Asylum*, three experts in immigration law offer a comprehensive examination of the rise and demise of the US asylum system, showing how the Trump administration has put forth regulations, policies, and practices all designed to end opportunities for asylum seekers and what we can do about it.

aclu voter guide california: The Embattled Vote in America Allan J. Lichtman, 2020-02-18 "A sweeping look at the history of voting rights in the U.S."—Vox Who has the right to vote? And who benefits from exclusion? For most of American history, the right to vote has been a privilege restricted by wealth, sex, race, and literacy. Economic qualifications were finally eliminated in the nineteenth century, but the ideal of a white man's republic persisted long after that. Women and racial minorities had to fight hard and creatively to secure their voice, but voter identification laws, registration requirements, and voter purges continue to prevent millions of American citizens from voting. An award-winning historian and voting right activist, Allan Lichtman gives us the history behind today's headlines. He shows that political gerrymandering and outrageous attempts at voter suppression have been a fixture of American democracy—but so have efforts to fight back and ensure that every citizen's voice be heard. "Lichtman uses history to contextualize the fix we're in

today. Each party gropes for advantage by fiddling with the franchise... Growing outrage, he thinks, could ignite demands for change. With luck, this fine history might just help to fan the flame.” —New York Times Book Review “The great value of Lichtman’s book is the way it puts today’s right-wing voter suppression efforts in their historical setting. He identifies the current push as the third crackdown on African-American voting rights in our history.” —Michael Tomasky, New York Review of Books

aclu voter guide california: Gimme Some Truth Jon Wiener, 2000-01-21 When FBI Director J. Edgar Hoover reported to the Nixon White House in 1972 about the Bureau's surveillance of John Lennon, he began by explaining that Lennon was a former member of the Beatles singing group. When a copy of this letter arrived in response to Jon Wiener's 1981 Freedom of Information request, the entire text was withheld—along with almost 200 other pages—on the grounds that releasing it would endanger national security. This book tells the story of the author's remarkable fourteen-year court battle to win release of the Lennon files under the Freedom of Information Act in a case that went all the way to the Supreme Court. With the publication of Gimme Some Truth, 100 key pages of the Lennon FBI file are available—complete and unexpurgated, fully annotated and presented in a before and after format. Lennon's file was compiled in 1972, when the war in Vietnam was at its peak, when Nixon was facing reelection, and when the clever Beatle was living in New York and joining up with the New Left and the anti-war movement. The Nixon administration's efforts to neutralize Lennon are the subject of Lennon's file. The documents are reproduced in facsimile so that readers can see all the classification stamps, marginal notes, blacked out passages and—in some cases—the initials of J. Edgar Hoover. The file includes lengthy reports by confidential informants detailing the daily lives of anti-war activists, memos to the White House, transcripts of TV shows on which Lennon appeared, and a proposal that Lennon be arrested by local police on drug charges. Fascinating, engrossing, at points hilarious and absurd, Gimme Some Truth documents an era when rock music seemed to have real political force and when youth culture challenged the status quo in Washington. It also delineates the ways the Reagan, Bush, and Clinton administrations fought to preserve government secrecy, and highlights the legal strategies adopted by those who have challenged it.

aclu voter guide california: Small Property Versus Big Government Clarence Y. H. Lo, 1995-01-01 Tax reformers, take note. Clarence Lo's investigation of California's Proposition 13 and other tax reduction bills is both a tribute and a warning to people who get mad as hell and try to do something about being pushed around by government. Homeowners in California, faced with impossible property tax bills in the 1970s, got mad and pushed back, starting an avalanche that swept tax limitation measures into state after state. What we learn is that, although the property tax was slashed, two-thirds of the benefits went to business owners rather than homeowners. How did a crusade launched by homeowners seeking tax relief end up as a pro-business, supply-side political program? To trace the transformation, Lo uses the firsthand recollections of 120 activists in the movement, going back to the 1950s. He shows how their protests were ignored, until a suburban alliance of upper-middle-class property owners and business owners took charge. It was the program of that latter group, not the plight of the moderate-income homeowner, which inspired tax revolts across the nation and shaped the economic policies of the Reagan administration. Tax reformers, take note. Clarence Lo's investigation of California's Proposition 13 and other tax reduction bills is both a tribute and a warning to people who get mad as hell and try to do something about being pushed around by government. aclu voter guide california: *The Intersectional Environmentalist* Leah Thomas, 2022-03-08 From the 2022 TIME100 Next honoree and the activist who coined the term comes a primer on intersectional environmentalism for the next generation of activists looking to create meaningful, inclusive, and sustainable change. The Intersectional Environmentalist examines the inextricable link between environmentalism, racism, and privilege, and promotes awareness of the fundamental truth that we cannot save the planet without uplifting the voices of its people -- especially those most often unheard. Written by Leah Thomas, a prominent voice in the field and the activist who coined the term Intersectional Environmentalism, this book is simultaneously a call to action, a guide to instigating change for all, and a pledge to work towards the empowerment of all people and the betterment of the planet. Thomas shows how not only are Black, Indigenous and people of color unequally and unfairly impacted by environmental injustices, but she argues that the fight for the planet lies in tandem to the fight for civil rights; and in fact, that one cannot exist without the other. An essential read, this book addresses the most pressing issues that the people and our planet face, examines and dismantles privilege, and looks to the future as the voice of a movement that will define a generation.

aclu voter guide california: *Political Awakenings* Harry Kreisler, 2011-03 As a kid, Noam Chomsky handed out the Daily Mirror at his uncle's newsstand on 72nd Street, inadvertently finding himself in a buzzing intellectual and political hub for European immigrants in New York. Iranian human rights Nobelist Shirin Ebadi and her husband signed their own legal contract, attempting to restore equality to their marriage after the Iranian Revolution effectively erased the legal rights of women. Elizabeth Warren set out to expose those frauds declaring bankruptcy and taking advantage of the system-only to discover, in her research, a very different story of hard-working middle-class families facing economic collapse in the absence of a social safety net. While studying at Oxford, a young Tariq Ali made a bet with a friend that he could work the Vietnam War into every single answer on his final exams. In this rousing, thoughtful, often funny, and always inspiring volume, a diverse and impressive group of thinkers reflect on those formative experiences that shaped their own political commitments. A fascinating new window into the revealing links between the personal and the political, *Political Awakenings* will engage readers across generations.

aclu voter guide california: *My Grandmother's Hands* Resmaa Menakem, 2017-08-21 A NATIONAL BESTSELLER *My Grandmother's Hands* will change the direction of the movement for racial justice.— Robin DiAngelo, New York Times bestselling author of *White Fragility* In this groundbreaking book, therapist Resmaa Menakem examines the damage caused by racism in America from the perspective of trauma and body-centered psychology. The body is where our instincts reside and where we fight, flee, or freeze, and it endures the trauma inflicted by the ills that plague society. Menakem argues this destruction will continue until Americans learn to heal the generational anguish of white supremacy, which is deeply embedded in all our bodies. Our collective agony doesn't just affect African Americans. White Americans suffer their own secondary trauma as well. So do blue Americans—our police. *My Grandmother's Hands* is a call to action for all of us to recognize that racism is not only about the head, but about the body, and introduces an alternative view of what we can do to grow beyond our entrenched racialized divide. Paves the way for a new, body-centered understanding of white supremacy—how it is literally in our blood and our nervous system. Offers a step-by-step healing process based on the latest neuroscience and somatic healing methods, in addition to incisive social commentary. Resmaa Menakem, MSW, LICSW, is a therapist with decades of experience currently in private practice in Minneapolis, MN, specializing in trauma, body-centered psychotherapy, and violence prevention. He has appeared on the Oprah Winfrey Show and Dr. Phil as an expert on conflict and violence. Menakem has studied with bestselling authors Dr. David Schnarch (*Passionate Marriage*) and Dr. Bessel van der Kolk (*The Body Keeps the Score*). He also trained at Peter Levine's Somatic Experiencing Trauma Institute.

aclu voter guide california: Confirming Elections T. Hall, L. Atkeson, R. Michael Alvarez, 2012-06-06 This volume brings together a number of essays that citizens, academics, election officials, policy makers, and other stakeholders can read to become better informed about procedures that used today to audit elections and election administration, and to learn more about new approaches to improve existing election audit procedures.

aclu voter guide california: Meet the Candidates 2020: Kamala Harris Scott Dworkin, 2019-06-18 Kamala Harris is already a contender to take on Donald Trump despite still refining her positions. Learn what makes the lawyer, legislator, and progressive Democrat a strong candidate. Meet the Candidates 2020: Kamala Harris: A Voter's Guide is your handbook to understanding the candidacy of Kamala Harris and deciding if she deserves your vote in the Democratic primary, and ultimately to take on Donald Trump in the 2020 presidential election. The senator, former prosecutor, and attorney general from California has gained momentum after a strong national showing at the Kavanaugh hearings. She is a strong voice in the Senate, and serves on the Homeland Security and Governmental Affairs Committee, the Select Committee on Intelligence, the Committee on the Judiciary, and the Committee on the Budget. While she is still refining her campaign stances, she has voiced support for gun control, the Green New Deal, lowering middle class taxes, DREAMers, net neutrality, and legalizing marijuana. Meet the Candidates 2020: Kamala Harris: A Voter's Guide examines how her campaign will solidify, the type of leader she'll be, and her chances versus Donald Trump in the general election. The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election. Each book gives an unbiased, political insider's analysis of each contender, featuring: candidate interviews; an introduction by campaign adviser, Democratic Coalition co-founder, and Dworkin Report host Scott Dworkin; and compilation and writing by Occupy Democrats Editor at Large Grant Stern. In two hours of reading, you'll understand their defining characteristics, credentials, campaign issues, challenges, presidential chances, and everything else you need to know to decide who should challenge Donald Trump. Whether it's for Elizabeth Warren, Joe Biden, Bernie Sanders, Kamala Harris, Julian Castro, Cory Booker, or another, Meet the Candidates is what you need to make an informed vote for president in 2020.

aclu voter guide california: Revoked Allison Frankel, 2020 [The report] finds that supervision -- probation and parole -- drives high numbers of people, disproportionately those who are Black and brown, right back to jail or prison, while in large part failing to help them get needed services and resources. In states examined in the report, people are often incarcerated for violating the rules of their supervision or for low-level crimes, and receive disproportionate punishment following proceedings that fail to adequately protect their fair trial rights.--Publisher website.

aclu voter guide california: Suburban Warriors Lisa McGirr, 2015-06-02 In the early 1960s, American conservatives seemed to have fallen on hard times. McCarthyism was on the run, and movements on the political left were grabbing headlines. The media lampooned John Birchers's accusations that Dwight Eisenhower was a communist puppet. Mainstream America snickered at warnings by California Congressman James B. Utt that barefooted Africans were training in Georgia to help the United Nations take over the country. Yet, in Utt's home district of Orange County, thousands of middle-class suburbanites proceeded to organize a powerful conservative movement that would land Ronald Reagan in the White House and redefine the spectrum of acceptable politics into the next century. Suburban Warriors introduces us to these people: women hosting coffee

klatches for Barry Goldwater in their tract houses; members of anticommunist reading groups organizing against sex education; pro-life Democrats gradually drawn into conservative circles; and new arrivals finding work in defense companies and a sense of community in Orange County's mushrooming evangelical churches. We learn what motivated them and how they interpreted their political activity. Lisa McGirr shows that their movement was not one of marginal people suffering from status anxiety, but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures. She describes how these suburban pioneers created new political and social philosophies anchored in a fusion of Christian fundamentalism, xenophobic nationalism, and western libertarianism. While introducing these rank-and-file activists, McGirr chronicles Orange County's rise from nut country to political vanguard. Through this history, she traces the evolution of the New Right from a virulent anticommunist, anti-establishment fringe to a broad national movement nourished by evangelical Protestantism. Her original contribution to the social history of politics broadens—and often upsets—our understanding of the deep and tenacious roots of popular conservatism in America.

aclu voter guide california: *We Want to Do More Than Survive* Bettina L. Love, 2019-02-19 Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

aclu voter guide california: *Beyond Guardianship* National Council on Disability, 2018-03-27 In general, guardianship involves a state-court determination that an individual lacks the capacity to make decisions with respect to their health, safety, welfare, and/or property. This *Beyond Guardianship* report explains how guardianship law has evolved, explores the due process and other concerns with guardianships, offers an overview of alternatives to guardianship, and identifies areas for further study. This report covers people with mental illness or disabilities, to include children populations and aging adult populations Legal standards of incapacity are also explored within this report. Discover more products related to this topic: Physically challenged collection and resources about persons that are disabled Aging resources collection Mental Health collection Childhood & Adolescence collection

aclu voter guide california: *Con Job* Crystal Wright, 2016-01-11 The Democrat Party likes to pose as the party of compassion. But where is the compassion in sanctuary cities that allow foreign criminals to prey on innocent Americans? Where is the compassion in encouraging envy and lawlessness? Crystal Wright isn't falling for the liberal con job any longer. A one-time (2008) Obama supporter herself—and now a totally fearless Conservative Black Chick—Wright blows the whistle on the Democrat Party and its policies that are destroying America. In *Con Job* you'll learn why Democrat politicians have no problem with inner-city riots; why Democrats so fervently defend

Planned Parenthood, how Democrats are remaking America through massive immigration and more. The 2016 presidential election is set to be one of the most consequential in American history—and Crystal Wright's book is the one you need to help friends and family avoid falling for the Democrat con job yet again.
