Monuments Timothy S. Sedore, 2011-04-29 From well-known battlefields, such as Manassas, Fredericksburg, and Appomattox, to lesser-known sites, such as Sinking Spring Cemetery and Rude's Hill, Sedore leads readers on a vivid journey through Virginia's Confederate history. Tablets, monoliths, courthouses, cemeteries, town squares, battlefields, and more are cataloged in detail and accompanied by photographs and meticulous commentary. Each entry contains descriptions, fascinating historical information, and location, providing a complete portrait of each site. Much more than a visual tapestry or a tourist's handbook, *An Illustrated Guide to Virginia's Confederate Monuments* draws on scholarly and field research to reveal these sites as public efforts to reconcile mourning with Southern postwar ideologies. Sedore analyzes in depth the nature of these attempts to publicly explain Virginia's sense of grief after the war, delving deep into the psychology of a traumatized area. From commemorations of famous generals to memories of unknown soldiers, the dead speak from the pages of this sweeping companion to history.

In recent years countries once reluctant to delve into the dark corners of their past have begun to document the history of the Holocaust and its aftermath. Europe has many new ground-breaking museums and memorials that tell us as much about the present as they do the past. Chapters are dedicated to each country or region occupied by Nazi Germany, plus nations like the UK and neutral Sweden, which played a vital role both before and after the Holocaust. Organised around city hubs in each country, this Bradt guide helps visitors explore numerous destinations, whether infamous, well known or comparatively unexpected. This is much, much more than a guide to notorious sites such as Auschwitz-Birkenau, Buchenwald or Dachau. You can take a walking tour in Vienna, to view the new wall of names. Or visit the Memorial des Martyrs de la Deportation in Paris, Anne Frank House in Amsterdam or the Jewish Museum in Ferrara. And you can learn how babies were smuggled out of the Kovno ghetto in potato sacks in Lithuania or read about Bavaria's Kloster Indersdorf, a remarkable children's home that cared for survivors. Written by a journalist and travel writer specialising in Jewish history, Bradt's *The Holocaust: Europe's Sites, Museums and Memorials* provides the traveller with not only a list of must-see sites in each country but also a comprehensive list of organisations that run tours, commemorations and volunteer schemes. Suggestions of where to eat and stay (including Kosher restaurants and hotels) ease the traveller's way, as do descriptions of local Jewish organisations and tips on how to pace potentially difficult journeys into Europe's dark past. Bradt's *The Holocaust: Europe's Sites, Museums and Memorials* is the first comprehensive travel guide to the genocide and the first to help the traveller understand the Holocaust by seeing the places where it unfurled.
