across the obelisk pet guide: An Illustrated Guide to Virginia's Confederate Monuments Timothy S. Sedore, 2011-04-29 From well-known battlefields, such as Manassas, Fredericksburg, and Appomattox, to lesser-known sites, such as Sinking Spring Cemetery and Rude's Hill, Sedore leads readers on a vivid journey through Virginia's Confederate history. Tablets, monoliths, courthouses, cemeteries, town squares, battlefields, and more are cataloged in detail and accompanied by photographs and meticulous commentary. Each entry contains descriptions, fascinating historical information, and location, providing a complete portrait of each site. Much more than a visual tapestry or a tourist's handbook, An Illustrated Guide to Virginia's Confederate Monuments draws on scholarly and field research to reveal these sites as public efforts to reconcile mourning with Southern postwar ideologies. Sedore analyzes in depth the nature of these attempts to publicly explain Virginia's sense of grief after the war, delving deep into the psychology of a traumatized area. From commemorations of famous generals to memories of unknown soldiers, the dead speak from the pages of this sweeping companion to history.

across the obelisk pet guide: *Grandma Gatewood's Walk* Ben Montgomery, 2014-04-01 Winner of the 2014 National Outdoor Book Awards for History/Biography Emma Gatewood told her family she was going on a walk and left her small Ohio hometown with a change of clothes and less than two hundred dollars. The next anybody heard from her, this genteel, farm-reared, 67-year-old great-grandmother had walked 800 miles along the 2,050-mile Appalachian Trail. And in September 1955, having survived a rattlesnake strike, two hurricanes, and a run-in with gangsters from Harlem,

she stood atop Maine's Mount Katahdin. There she sang the first verse of America, the Beautiful and proclaimed, I said I'll do it, and I've done it. Grandma Gatewood, as the reporters called her, became the first woman to hike the entire Appalachian Trail alone, as well as the first person—man or woman—to walk it twice and three times. Gatewood became a hiking celebrity and appeared on TV and in the pages of Sports Illustrated. The public attention she brought to the little-known footpath was unprecedented. Her vocal criticism of the lousy, difficult stretches led to bolstered maintenance, and very likely saved the trail from extinction. Author Ben Montgomery was given unprecedented access to Gatewood's own diaries, trail journals, and correspondence, and interviewed surviving family members and those she met along her hike, all to answer the question so many asked: Why did she do it? The story of Grandma Gatewood will inspire readers of all ages by illustrating the full power of human spirit and determination. Even those who know of Gatewood don't know the full story—a story of triumph from pain, rebellion from brutality, hope from suffering.
