Dr. Anya Sharma is a leading researcher in the field of digital media and entertainment, with over 15 years of experience analyzing the impact of streaming services on the television landscape. Her work has been published in numerous academic journals and she is a frequent contributor to industry publications.

Published by: Streaming Insights Magazine, a leading publication focusing on the evolution of streaming media, known for its insightful analysis and in-depth reporting on industry trends. Streaming Insights Magazine has a strong reputation for accuracy and journalistic integrity.

Edited by: Mark Johnson, a veteran editor with over 20 years of experience in media and technology journalism. Mark has a deep understanding of the streaming industry and a keen eye for detail.

Keyword: activate History Channel YouTube TV

Summary: This article explores the implications of activating the History Channel on YouTube TV, examining its impact on the television industry, viewer behavior, and the future of content consumption. We delve into the benefits for consumers and the challenges faced by traditional cable providers in the age of streaming.

The Significance of "Activate History Channel YouTube TV"

The seemingly simple act of "activating History Channel YouTube TV" signifies a much larger shift in how we consume television. This seemingly straightforward process represents a consumer's choice to engage with a specific channel within a broader streaming platform, underscoring the growing dominance of bundled streaming services over traditional cable packages. Activating the History Channel on YouTube TV is not merely adding a channel; it's a statement about the changing preferences of viewers and the evolving landscape of the entertainment industry.

This transition highlights several key aspects:

1. The Decline of Traditional Cable: The increasing ease of activating channels like History on YouTube TV directly contributes to the decline of traditional cable television subscriptions. Consumers are increasingly drawn to the flexibility, affordability, and on-demand capabilities offered by streaming services like YouTube TV. The ability to "activate History Channel YouTube TV" rather than being locked into a rigid cable package is a significant driver of this shift.
1. The Rise of Bundled Streaming: The success of YouTube TV and similar platforms demonstrates the appeal of bundled streaming services. These platforms offer a curated selection of channels at a competitive price, making them attractive alternatives to expensive cable packages. The seamless integration of channels like the History Channel within these bundles further strengthens their appeal. Activating History Channel on YouTube TV represents the consumer's embrace of this bundled approach.
1. The Power of Choice and Customization: Streaming services empower consumers with the

ability to customize their viewing experience. Unlike traditional cable, where consumers are often forced to pay for channels they don't watch, YouTube TV allows users to select the channels they want, including the History Channel. This emphasis on choice and customization is a key driver behind the migration to streaming platforms and highlights the importance of activating specific channels based on individual preferences.

1. Impact on Content Creation and Distribution: The success of platforms that allow users to activate History Channel YouTube TV puts pressure on content creators to adapt to the changing landscape. Networks like the History Channel must now strategize their content to appeal to a more fragmented and discerning audience choosing channels à la carte. This leads to innovations in content creation, distribution, and marketing strategies.

1. The Future of Television: The ease with which one can "activate History Channel YouTube TV" is a microcosm of a larger trend: the ongoing disruption of the television industry. The future of television is increasingly shaped by consumer choice, personalized experiences, and the ongoing evolution of streaming technology. The simplicity of activating a channel on a streaming service suggests a future where traditional television as we know it becomes less relevant.

Challenges and Opportunities

While the ability to activate History Channel YouTube TV presents significant opportunities for both consumers and streaming services, it also poses challenges:

Competition: The streaming market is highly competitive. YouTube TV faces competition from other streaming services offering similar content. Maintaining a competitive edge requires ongoing innovation

and investment.

Content Licensing: Securing the rights to stream popular channels like the History Channel can be expensive and complex, impacting the pricing and availability of streaming services.

Technical Issues: Ensuring a seamless and reliable streaming experience is crucial for user satisfaction. Technical glitches and outages can lead to subscriber churn.

Regulation: The streaming industry faces ongoing regulatory scrutiny, particularly concerning content regulation and consumer protection.

Despite these challenges, the ability to "activate History Channel YouTube TV" highlights the dynamism and growth potential within the streaming industry.

Conclusion

The ability to activate the History Channel on YouTube TV, and similar actions on other streaming platforms, is more than a simple technical function; it represents a fundamental shift in how we consume television. This shift empowers viewers with unprecedented choice and control, simultaneously challenging traditional broadcasting models and pushing the boundaries of innovation in the entertainment industry. The future of television is undeniably tied to the evolution of streaming services and the increasingly personalized experiences they provide.

FAQs

1. How do I activate the History Channel on YouTube TV? The activation process typically involves subscribing to the YouTube TV base package, which often includes the History Channel. If it's not included, you may need to add a specific channel package. Instructions are typically found on the YouTube TV website or app.

1. How much does it cost to activate the History Channel via YouTube TV? The cost is dependent on the YouTube TV package you subscribe to. Check YouTube TV's pricing page for the most current information.

1. Is the History Channel available in all regions on YouTube TV? Availability varies by region. Check the YouTube TV website to see if the History Channel is offered in your area.

1. Can I watch the History Channel on-demand on YouTube TV? Yes, many shows on the History Channel are available on-demand through YouTube TV's library.

1. What devices are compatible with YouTube TV and the History Channel? YouTube TV is compatible with a wide range of devices, including smart TVs, streaming sticks, game consoles, and mobile devices. Check YouTube TV's compatibility list for specifics.

1. Can I cancel the History Channel separately from my YouTube TV subscription? You typically cannot cancel individual channels within a YouTube TV package. Cancelling the entire YouTube TV subscription is necessary if you don't wish to access the History Channel.

1. What are the differences between watching History Channel on cable versus YouTube TV?

YouTube TV offers on-demand viewing, DVR functionality, and the ability to stream on multiple devices simultaneously, which are features often not included with traditional cable services.

1. Does activating the History Channel on YouTube TV require a separate login? No, you only need your YouTube TV account credentials to access all included channels, including the History Channel.

1. What if I have problems activating the History Channel on YouTube TV? Contact YouTube TV customer support for assistance.

activate history channel youtube tv: *Appearances Matter* Tim Allender, Inés Dussel, Ian Grosvenor, Karin Priem, 2021-09-07 The visual turn recovers new pasts. With education as its theme, this book seeks to present a body of reflections that questions a certain historicism and renovates historiographical debate about how to conceptualize and use images and artifacts in educational history, in the process presenting new themes and methods for researchers. Images are interrogated as part of regimes of the visible, of a history of visual technologies and visual practices. Considering the socio-material quality of the image, the analysis moves away from the use of images as mere illustrations of written arguments, and takes seriously the question of the life and death of artifacts - that is, their particular historicity. Questioning the visual and material evidence in this way means considering how, when, and in which régime of the visible it has come to be considered as a source, and what this means for the questions contemporary researchers might ask.

activate history channel youtube tv: *The History of White People* Nell Irvin Painter, 2011-04-18 A New York Times Bestseller This terrific new book...[explores] the 'notion of whiteness,' an idea as dangerous as it is seductive. —Boston Globe Telling perhaps the most important forgotten story in American history, eminent historian Nell Irvin Painter guides us through more than two thousand years of Western civilization, illuminating not only the invention of race but also the frequent praise of "whiteness" for economic, scientific, and political ends. A story filled with towering historical figures, *The History of White People* closes a huge gap in literature that has long focused on the non-white and forcefully reminds us that the concept of "race" is an all-too-human invention whose meaning, importance, and reality have changed as it has been driven by a long and rich history of events.

activate history channel youtube tv: Ancient Aliens Producers of Ancient Aliens, 2016-11-15 The first official companion book to HISTORY® network's hit series Ancient Aliens®: a powerful journey through human history that explores fascinating unanswered questions about the origins of our civilizations. With a foreword by Series Creator, Kevin Burns. Millions of people around the world believe we have been visited in the past by extraterrestrial beings. What if it were true? And if so, what if there were clues left behind? Each week, hundreds of thousands of viewers tune in to the wildly popular Ancient Aliens® television series to seek insight into those very questions—and to become part of a thrilling, probing exploration of the mysteries at the heart of world civilizations. The first official companion book to the hit show, Ancient Aliens® takes readers even deeper into the mysteries that have made the show a pop culture phenomenon. Filled with exciting insights and behind-the-scenes stories from the show's creators and leading experts in ancient alien theory, the book explores the key questions at the heart of the series: Who were they? Why did they come? What did they leave behind? Where did they go? Will they return? Transporting readers around the globe, Ancient Aliens® explores the fascinating enigmas and mysterious artifacts our ancestors left behind, from incredible objects to amazingly accurate ancient maps; from the Great Pyramid of Giza and stone megaliths at Gobekli Tepe to the Nazca Plains and mysterious structures of Puma Punku. Accompanied by lavish 4-color photography throughout, the book allows armchair archaeologists to examine the evidence up close for the first time. Both the ultimate-fan book and the perfect gift for readers new to the show, Ancient Aliens® is a compelling journey through the mysteries of our ancient civilizations and the possibility of alien influence on our cultures.

activate history channel youtube tv: DMT: The Spirit Molecule Rick Strassman, 2000-12-01 A clinical psychiatrist explores the effects of DMT, one of the most powerful psychedelics known. • A behind-the-scenes look at the cutting edge of psychedelic research. • Provides a unique scientific explanation for the phenomenon of alien abduction experiences. From 1990 to 1995 Dr. Rick Strassman conducted U.S. Government-approved and funded clinical research at the University of New Mexico in which he injected sixty volunteers with DMT, one of the most powerful psychedelics known. His detailed account of those sessions is an extraordinarily riveting inquiry into the nature of the human mind and the therapeutic potential of psychedelics. DMT, a plant-derived chemical found in the psychedelic Amazon brew, ayahuasca, is also manufactured by the human brain. In Strassman's volunteers, it consistently produced near-death and mystical experiences. Many reported convincing encounters with intelligent nonhuman presences, aliens, angels, and spirits. Nearly all felt that the sessions were among the most profound experiences of their lives. Strassman's research connects DMT with the pineal gland, considered by Hindus to be the site of the seventh chakra and by Rene Descartes to be the seat of the soul. DMT: The Spirit Molecule makes the bold case that DMT, naturally released by the pineal gland, facilitates the soul's movement in and out of the body and is an integral part of the birth and death experiences, as well as the highest states of meditation and even sexual transcendence. Strassman also believes that alien abduction experiences are brought on by accidental releases of DMT. If used wisely, DMT could trigger a period of remarkable progress in the scientific exploration of the most mystical regions of the human mind and soul.

activate history channel youtube tv: Why Be Happy When You Could Be Normal?

Jeanette Winterson, 2012-03-06 A New York Times bestseller: The "magnificent" memoir by one of the bravest and most original writers of our time—"A tour de force of literature and love" (Vogue). One of the New York Times' "50 Best Memoirs of the Past 50 Years" Jeanette Winterson's bold and revelatory novels have established her as a major figure in world literature. Her internationally best-selling debut, *Oranges Are Not the Only Fruit*, tells the story of a young girl adopted by Pentecostal parents, and has become a staple of required reading in contemporary fiction classes. *Why Be Happy When You Could Be Normal?* is a "singular and electric" memoir about a life's work to find happiness (The New York Times). It is a book full of stories: about a girl locked out of her home, sitting on the doorstep all night; about a religious zealot disguised as a mother who has two sets of false teeth and a revolver in the dresser, waiting for Armageddon; about growing up in a north England industrial town now changed beyond recognition; about the universe as a cosmic dustbin. It is the story of how a painful past, rose to haunt the author later in life, sending her on a journey into madness and out again, in search of her biological mother. It is also a book about the power of literature, showing how fiction and poetry can form a string of guiding lights, or a life raft that supports us when we are sinking. Witty, acute, fierce, and celebratory, *Why Be Happy When You Could Be Normal?* is a tough-minded story of the search for belonging—for love, identity, home, and a mother.

activate history channel youtube tv: The Negro Motorist Green Book Victor H. Green, The

Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

Francisco Porfirio, 2023-09-07 *Remediating Sound* studies the phenomena of remixing, mashup and recomposition: forms of reuse and sampling that have come to characterise much of YouTube's audiovisual content. Through collaborative composition, collage and cover songs to reaction videos and political activism, users from diverse backgrounds have embraced the democratised space of YouTube to open up new and innovative forms of sonic creativity and push the boundaries of audiovisual possibilities. Observing the reciprocal flow of influence that runs between various online platforms, 12 chapters position YouTube as a central hub for the exploration of digital sound, music and the moving image. With special focus on aspects of networked creativity that remain overlooked in contemporary scholarship, including library music, memetic media, artificial intelligence, the sonic arts and music fandom, this volume offers interdisciplinary insight into contemporary audiovisual culture.

activate history channel youtube tv: *Vlog Like a Boss* Amy Schmittauer, 2017-01-31

activate history channel youtube tv: *The Prince* Niccolo Machiavelli, 2024-10-14 It is better to be feared than loved, if you cannot be both. The Prince, written by Niccolò Machiavelli, is a groundbreaking work in the genre of political philosophy, first published in 1532. It offers a direct and unflinching examination of power and leadership, challenging conventional notions of morality and ethics in governance. This work will leave you questioning the true nature of authority and political strategy. Machiavelli's prose captures the very essence of human ambition, forcing readers to grapple with the harsh realities of leadership. This is not just a historical treatise, but a blueprint for navigating the political power structures of any era. If you're seeking a deeper understanding of political leadership and the dynamics of influence, this book is for you. Sneak Peek Since love and fear can hardly exist together, if we must choose between them, it is far safer to be feared than loved. In The Prince, Machiavelli draws on historical examples and his own diplomatic experience to lay out a stark vision of what it takes to seize and maintain power. From the ruthlessness of Cesare Borgia to the political maneuvering of Italian city-states, Machiavelli outlines how a leader must be prepared to act against virtue when necessary. Every decision is a gamble, and success depends on mastering the balance between cunning and force. Synopsis The story of The Prince delves into the often brutal realities of ruling. Machiavelli provides rulers with a pragmatic guide for gaining and sustaining power, asserting that the ends justify the means. The book is not just a reflection on how power was wielded in Renaissance Italy but a timeless manual that offers insight into political consulting, political history, and current political issues. Its relevance has endured for centuries, influencing leaders and thinkers alike. Machiavelli emphasizes that effective rulers must learn how to adapt, deceive, and act decisively in pursuit of their goals. This stunning, classic literature reprint of The Prince offers unaltered preservation of the original text, providing you with an authentic experience as Machiavelli intended. It's an ideal gift for anyone passionate about political science books or those eager to dive into the intricacies of power and leadership. Add this thought-provoking masterpiece to your collection, or give it to a loved one who enjoys the best political books. The Prince is more than just a book - it's a legacy. Grab Your Copy Now and get ready to command power like a true Prince. Title Details Original 1532 text Political Philosophy Historical Context

activate history channel youtube tv: *Television and the Second Screen* James Blake, 2016-11-10 Television is changing almost beyond recognition. In the battle for consumers, social media sites, smart phones and tablets have become rivals to traditional linear TV. However, audiences and producers are also embracing mobile platforms to enhance TV viewing itself. This book examines the emerging phenomenon of the second screen: where users are increasingly engaging with content on two screens concurrently. The practice is transforming television into an interactive, participatory and social experience. James Blake examines interactive television from three crucial angles: audience motivation and agency, advances in TV production and the monetisation of second screen content. He also tracks its evolution by bringing together interviews with more than 25 television industry professionals - across the major UK channels - including commissioning editors, digital directors, producers and advertising executives. These reveal the successes and failures of recent experiments and the innovations in second screen projects. As the second screen becomes second nature for viewers and producers, the risks and opportunities for the

future of television are slowly beginning to emerge. Television and the Second Screen will offer students and scholars of television theory, industry professionals and anyone with an abiding interest in television and technology, an accessible and illuminating guide to this important cultural shift.

activate history channel youtube tv: Activate Your Money Janine Firpo, 2021-05-11 Educate yourself about finance and socially conscious investing with a woman-centered approach Activate Your Money provides the foundational support women need to talk to each other about their money, invest to grow their wealth, and to take the actions required to shift their assets into alignment with their values. Written for smart, savvy women who want to feel financially empowered, Activate Your Money starts where other personal finance books leave off. activate history channel youtube tv: I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

activate history channel youtube tv: Pitch, Tweet, or Engage on the Street Kara Alaimo, 2016-08-25 *Pitch, Tweet, or Engage on the Street* offers a modern guide for how to practice public relations and strategic communication around the globe. Drawing upon interviews with public relations professionals in over 30 countries as well as the author's own experience as a global public relations practitioner in the United Nations and in U.S. President Barack Obama's administration, this book explains how to adapt public relations strategies, messages, and tactics for countries and cultures around the globe. The book begins by explaining key cultural differences which require practitioners to adapt their approaches, before discussing how to build and manage a global public relations team and how to practice global public relations on behalf of corporations, non-profit

organizations, and governments. Then, the book takes readers on a tour of the world, explaining how to adapt their campaigns for Asia-Pacific, Europe, the Middle East, the Americas, and Sub-Saharan Africa. Along the way, readers are introduced to practitioners around the globe and case studies of particularly successful campaigns – from a public relations siege that successfully ended an epidemic of violence in Kenya to the remarkable P.R. strategy adopted by Bordeaux wineries in China that led to a staggering 26,900 percent increase in sales.

activate history channel youtube tv: Leadership Doris Kearns Goodwin, 2019-10-01 From Pulitzer Prize-winning author and esteemed presidential historian Doris Kearns Goodwin, an invaluable guide to the development and exercise of leadership from Abraham Lincoln, Theodore Roosevelt, Lyndon B. Johnson, and Franklin D. Roosevelt. The inspiration for the multipart HISTORY Channel series Abraham Lincoln and Theodore Roosevelt. “After five decades of magisterial output, Doris Kearns Goodwin leads the league of presidential historians” (USA TODAY). In her “inspiring” (The Christian Science Monitor) Leadership, Doris Kearns Goodwin draws upon the four presidents she has studied most closely—Abraham Lincoln, Theodore Roosevelt, Franklin D. Roosevelt, and Lyndon B. Johnson (in civil rights)—to show how they recognized leadership qualities within themselves and were recognized as leaders by others. By looking back to their first entries into public life, we encounter them at a time when their paths were filled with confusion, fear, and hope. Leadership tells the story of how they all collided with dramatic reversals that disrupted their lives and threatened to shatter forever their ambitions. Nonetheless, they all emerged fitted to confront the contours and dilemmas of their times. At their best, all four were guided by a sense of moral purpose. At moments of great challenge, they were able to summon their talents to enlarge the opportunities and lives of others. Does the leader make the times or do the times make the leader? “If ever our nation needed a short course on presidential leadership, it is now” (The Seattle Times). This seminal work provides an accessible and essential road map for aspiring and established leaders in every field. In today’s polarized world, these stories of authentic leadership in times of apprehension and fracture take on a singular urgency. “Goodwin’s volume deserves much praise—it is insightful, readable, compelling: Her book arrives just in time” (The Boston Globe).

activate history channel youtube tv: YouTube Jean Burgess, Joshua Green, 2013-04-16 YouTube is one of the most well-known and widely discussed sites of participatory media in the contemporary online environment, and it is the first genuinely mass-popular platform for user-created video. In this timely and comprehensive introduction to how YouTube is being used and why it matters, Burgess and Green discuss the ways that it relates to wider transformations in culture, society and the economy. The book critically examines the public debates surrounding the site, demonstrating how it is central to struggles for authority and control in the new media environment. Drawing on a range of theoretical sources and empirical research, the authors discuss how YouTube is being used by the media industries, by audiences and amateur producers, and by particular communities of interest, and the ways in which these uses challenge existing ideas about cultural ‘production’ and ‘consumption’. Rich with both concrete examples and featuring specially commissioned chapters by Henry Jenkins and John Hartley, the book is essential reading for anyone interested in the contemporary and future implications of online media. It will be particularly valuable for students and scholars in media, communication and cultural studies.

activate history channel youtube tv: FGTeEV Saves the World! FGTeEV, 2021-04-06 It’s game time! Press start on FGTeEV Saves the World!, the second graphic novel in the awesome-packed, New York Times bestselling series by YouTube’s favorite family of gamers, FGTeEV! The FGTeEV family gamers really, really love playing games! But for Duddy, one game is by far best: Super Realistic (And Totally Not Made Up) Zombie Battles from the War of 1812. Even though in Duddy’s opinion the updated version doesn’t stand up to the classic original, it doesn’t mean that he can’t quickly rack up all the power-ups, bonuses, and achievements to show the kids—Lexi, Mike, Chase, and Shawn—how it’s done. That is until the game freezes! The family heads to the Shady Acres Mall to fix their controller, but while at the game store, one wrong click causes all the characters from the Zombie Battles game to explode into the real world. It’s total mayhem!

Now Duddy, Moomy, Lexi, Mike, Chase, and Shawn have to fight their own avatars in order to save the world—but will they be able to stop the army of world-conquering video game villains before the bad guys level up? Game like you never gamed before in the fun-filled second graphic novel adventure from YouTube sensation FGTeEV, with more than 18 MILLION subscribers and over 18.6 BILLION views!

activate history channel youtube tv: Care Under Fire Bill Strusinski, 2022-12-14 For many surviving military veterans, the Vietnam War is an indelible part of their lives. That they survived is due in many cases to the heroic, life-saving actions of combat medics like Bill Doc Strusinski. Being a frontline medic was, and still is, one of the most dangerous jobs in the Army. Medics were targeted by the enemy and often called upon to aid fallen soldiers in the line of fire. In Strusinski's riveting book, *Care Under Fire*, Strusinski thrusts the reader squarely into moments of terror during firefights, the exhaustion of endless patrols, the anguish of losing buddies despite best efforts to save them, and the intimate bonds created during times of desperate need. This is a book about war, yes, but even more about how one man was transformed by his sacred duty to offer care under fire to the young soldiers he fought beside.

activate history channel youtube tv: **Spirit, Soul, and Body** Andrew Wommack, 2018-12-18 Have you ever asked yourself what changed when you were born again? You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct...

activate history channel youtube tv: **Legacy of Secrecy** Lamar Waldron, 2010-05 *Legacy of Secrecy* tells the full story of JFK's murder and the tragic results of the cover-ups that followed, as revealed by two dozen associates of John and Robert Kennedy, backed by thousands of files at the National Archives. The result of twenty years of research, it finally tells the full story long withheld from Congress and the American people.

activate history channel youtube tv: *A Parent's Guide to YouTube* Axis, 2022-12-20 Dive into this social video-sharing platform and find out why teens can't live without it. Enjoy explanations of YouTube's various offerings (YouTube Premium, YouTube TV, YouTube Kids), tips on how to navigate the platform, and advice about parental controls and building healthy online habits. Easily discuss the pros and cons of YouTube with 15 engaging questions meant to spark meaningful conversation, including: Have you learned new things on YouTube? What makes it hard to stop watching a video once you've started? What's a reasonable amount of time to spend on YouTube? Axis is a team of Gospel-focused researchers creating culturally relevant guides, videos, and audios that equip parents of teens to have deep conversations about faith.

activate history channel youtube tv: Buddha's Brain Rick Hanson, 2011-07-13 Jesus, Moses, Mohammed, Gandhi, and the Buddha all had brains built essentially like anyone else's, yet they were able to harness their thoughts and shape their patterns of thinking in ways that changed history. With new breakthroughs in modern neuroscience and the wisdom of thousands of years of contemplative practice, it is possible for us to shape our own thoughts in a similar way for greater happiness, love, compassion, and wisdom. *Buddha's Brain* joins the forces of modern neuroscience with ancient contemplative teachings to show readers how they can work toward greater emotional well-being, healthier relationships, more effective actions, and deepened religious and spiritual understanding. This book will explain how the core elements of both psychological well-being and religious or spiritual life—virtue, mindfulness, and wisdom—are based in the core functions of the brain: regulating, learning, and valuing. Readers will also learn practical ways to apply this information, as the book offers many exercises they can do to tap the unused potential of the brain and rewire it over time for greater peace and well-being.

activate history channel youtube tv: Law of Confession Bill Winston, 2012-01-03 Just like natural laws, there are spiritual laws with cause and effect. God set the universe in motion with the power of His words and established the law of confession, but many believers have suffered needlessly by misunderstanding the power of their words. Dr. Bill Winston, pastor, Bible teacher, and host of the national television program...

activate history channel youtube tv: *Reconstruction* Eric Foner, 2011-12-13 From the preeminent historian of Reconstruction (New York Times Book Review), a newly updated edition of the prize-winning classic work on the post-Civil War period which shaped modern America, with a new introduction from the author. Eric Foner's masterful treatment of one of the most complex periods of American history (New Republic) redefined how the post-Civil War period was viewed. Reconstruction chronicles the way in which Americans—black and white—responded to the unprecedented changes unleashed by the war and the end of slavery. It addresses the ways in which the emancipated slaves' quest for economic autonomy and equal citizenship shaped the political agenda of Reconstruction; the remodeling of Southern society and the place of planters, merchants, and small farmers within it; the evolution of racial attitudes and patterns of race relations; and the emergence of a national state possessing vastly expanded authority and committed, for a time, to the principle of equal rights for all Americans. This smart book of enormous strengths (Boston Globe) remains the standard work on the wrenching post-Civil War period—an era whose legacy still reverberates in the United States today.

activate history channel youtube tv: *Living in the Balance of Grace and Faith* Andrew Wommack, 2011-06-24 Popular Bible teacher and host of the Gospel Truth broadcast, Andrew Wommack takes on one of the biggest controversies of the church, the freedom of God's grace verses the faith of the believer. Wommack reveals that God's power is not released from only grace or only faith. God's blessings come through a balance of both grace and...

activate history channel youtube tv: *How McGruff and the Crying Indian Changed America* Wendy Melillo, 2013-09-10 Pulitzer Prize nominated journalist Wendy Melillo authors the first book to explore the history of the Ad Council and the campaigns that brought public service announcements to the nation through the mass media. *How McGruff and the Crying Indian Changed America: A History of Iconic Ad Council Campaigns* details how public service advertising campaigns became part of our national conversation and changed us as a society. The Ad Council began during World War II as a propaganda arm of President Roosevelt's administration to preserve its business interests. Happily for the ad industry, it was a double play: the government got top-notch work; the industry got an insider relationship that proved useful when warding off regulation. From Rosie the Riveter to Smokey Bear to McGruff the Crime Dog, *How McGruff and the Crying Indian Changed America* explores the issues and campaigns that have been paramount to the nation's collective memory and looks at challenges facing public service campaigns in the current media environment.

activate history channel youtube tv: Tony Northrup's Photography Buying Guide Tony Northrup, 2014-11-26 If you're a beginner photographer, this book can save you hundreds of dollars. If you're a seasoned pro, it can save you thousands. With access to over 16 HOURS of online video, this book helps you choose the best equipment for your budget and style of photography. In this book, award-winning author and photographer Tony Northrup explains what all your camera, flash, lens, and tripod features do, as well as which are worth paying for and which you can simply skip. Tony provides information specific to your style of photography, whether you're a casual photographer or you're serious about portraits, landscapes, sports, wildlife, weddings, or even macro. For the casual reader, Tony provides quick recommendations to allow you to get the best gear for your budget, without spending days researching. If you love camera gear, you'll be able to dive into 200 pages of detailed information covering Nikon, Canon, Sony, Micro Four-Thirds, Olympus, Samsung, Leica, Mamiya, Hasselblad, Fuji, Pentax, Tamron, Sigma, Yongnuo, PocketWizard, Phottix, Pixel King, and many other manufacturers. Camera technology changes fast, and this book keeps up. Tony updates this book several times per year, and buying the book gives you a lifetime subscription to the updated content. You'll always have an up-to-date reference on

camera gear right at your fingertips. Here are just some of the topics covered in the book: What should my first camera be? Which lens should I buy? Should I buy Canon, Nikon, or Sony? Is a mirrorless camera or a DSLR better for me? Do I need a full frame camera? Is it safe to buy generic lenses and flashes? What's the best landscape photography gear? Which portrait lens and flash should I buy? What gear do I need to photograph a wedding? How can I get great wildlife shots on a budget? Which sports photography equipment should I purchase? Should I buy zooms or primes? Is image stabilization worth the extra cost? Which type of tripod should I buy? Which wireless flash system is the best for my budget? How can I save money by buying used? What kind of computer should I get for photo editing? What studio lighting equipment should I buy? When you buy this book, you'll be able to immediately read the book online. You'll also be able to download it in PDF, .mobi, and .epub formats--every popular format for your computer, tablet, smartphone, or eReader!

activate history channel youtube tv: Digital and Social Media Marketing Nripendra P. Rana, Emma L. Slade, Ganesh P. Sahu, Hatice Kizgin, Nitish Singh, Bidit Dey, Anabel Gutierrez, Yogesh K. Dwivedi, 2019-11-11 This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods, retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

activate history channel youtube tv: Galactic Soul History of the Universe Rising Phoenix Aurora, 2023-11-29 In this timeless book, Galactic Soul History of the Universe presents 34 first-hand accounts of clients and their inspiring Soul Journeys throughout Creation. These remarkable past-life regression sessions were facilitated using the groundbreaking Angelic Universal Regression Alchemy (A.U.R.A.) Hypnosis Healing technique. Through A.U.R.A., we explore in-depth the experiences of our past, future and current lives meant for our highest healing under the guidance of our Higher Selves. Through these Higher Self aspects, we learn the enlightening truth of our Earth's History and our Universe. Activating memories within us that lay dormant to be awakened once more for our highest path of individual and collective Ascension. In these Soul Journeys, we will journey through soul remembrance of the Inverted A.I. Matrix, learning to weave through it so that we may graduate and begin operating instead in our organic timelines. Bridging forth the possibility of a fruitful Ascension into the Fifth Dimension or higher. Through these extraordinary Soul Journeys shared from first-hand A.U.R.A. Hypnosis Healing sessions in this book, we learn fascinating and in-depth details about: [] Our infinite capacity for self-healing, our soul sovereignty and our rebirth [] The human soul's evolution throughout Earth's History and beyond [] Who are the Reptilians and what is their purpose? What are Archons? [] Deep State Agenda: Human Trafficking, MK-Ultra, Military Abductions [] What is the Inverted A.I. Matrix and how do we graduate from it? [] The true construct of the Organic Matrix and sacred knowledge of the Universe [] Guidance for the Earth and the Universe's Ascension: The Event and New Earth [] The sacredness of Twin Flame Bonds [] Galactic Races of the Universe, the Angelics, and the RA Collective [] Exclusive channeled sacred knowledge from the Galactics [] I AM Aurora and this is

what I strive to do for all, to remind you of these divine gifts awaiting to be reawakened once more. It is time to remember who you truly are, as you are divinely guided to be here. Thank you for following your heart to mine!

activate history channel youtube tv: Networks of Outrage and Hope Manuel Castells, 2015-06-04 Networks of Outrage and Hope is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, from the Occupy Wall Street movement to the social protests in Turkey, Brazil and elsewhere. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks supported by the Internet and wireless communication. In this new edition of his timely and important book, Manuel Castells examines the social, cultural and political roots of these new social movements, studies their innovative forms of self-organization, assesses the precise role of technology in the dynamics of the movements, suggests the reasons for the support they have found in large segments of society, and probes their capacity to induce political change by influencing people's minds. Two new chapters bring the analysis up-to-date and draw out the implications of these social movements and protests for understanding the new forms of social change and political democracy in the global network society.
