actor keanu reeves historia de vida: Piénsalo. 10 casos para la filosofía. Tomás Balmaceda, Seguramente alguna vez se te cruzaron por la mente preguntas "existenciales": ¿qué es la vida?, ¿por qué morimos?, ¿qué es el amor?, ¿la felicidad es una ilusión?, ¿hay realidades paralelas?, ¿los sentimientos son mentales?, ¿qué nos define como personas?, ¿existe dios?... De estas preguntas nace #PIÉNSALO, un recorrido por los 10 hits de la Filosofía desde sus orígenes hasta hoy. Hits que permanecen vivos desde hace siglos y respecto de los que aún no tenemos respuestas únicas y definitivas. El autor cuestiona la existencia de la realidad, ingresa en la mente para indagar si es lo mismo que cerebro, intercepta las palabras que se articulan en lenguaje con los cientos de enigmas que este significa, le busca una respuesta al sentido a la vida y reflexiona acerca del amor que lo lleva a pensar en la felicidad: ¿vale la pena el esfuerzo de ser felices? Des allí contempla la belleza y el arte que nos rodean, para concentrarse luego en el debate sobre lo bello, se detiene en el clásico de la libertad, y se pregunta si realmente hacemos lo que queremos o estamos cumpliendo un destino predeterminado y remata en los tres casos del final que reflejan con suerte algunas dudas que inquietan, y despiertan nuevas: la muerte, la existencia de dios y la definición de qué es ser persona. Todo esto amenizado por la obra de filósofos famosos de todos los tiempos y muchas referencias a películas, canciones, cómics y novelas.

actor keanu reeves historia de vida: Shadows Keanu Reeves, 2016 What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a person's nature-as Carl Jung postulated-and the unconscious side of one's self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place between darkness and light, death and living? Or is it a state of illusion, like Plato's cave? Is it a verb that means to follow or accompany, or even to spy on? Shadows, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and reversing light for dark, Grant has made the shadows themselves the source of light. Reeves's texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed

emotion and an invocation to shadow play.

actor keanu reeves historia de vida: Misterios de la sala oscura Fernanda Solórzano, 2017-11-17 El cine es a un tiempo la más joven de las artes y la que mayor influencia tiene actualmente sobre la ideología de nuestra sociedad. Ya desde el comienzo del siglo XX, Walter Benjamin reflexionaba sobre lo que supondría la masificación del arte que las nuevas técnicas de reproducción hicieron posible, y proponía que en un futuro -sin duda, el que vivimos hoy- las nuevas técnicas tenderían a la politización y ganarían un poder creciente sobre el destino de los pueblos. El filósofo alemán no vivió lo suficiente para comprobarlo por sí mismo, pero la evidencia de este hecho es patente: el cine no es sólo un reflejo del zeitgeist que lo produce, sino que puede influir él mismo en su momento histórico. Misterios de la sala oscura es una exploración razonada de la relación que tiene el cine con algunos acontecimientos clave en la historia de la humanidad, y específicamente, en la de Estados Unidos. Propone el análisis de diferentes películas, todas ellas caracterizadas por haber marcado un hito en la historia de la gran pantalla. En este libro, Fernanda Solórzano ofrece un análisis pormenorizado del contexto histórico de cada una y reflexiona, con los datos por delante, sobre el papel que tienen en el inconsciente colectivo. Algunas de las cintas que se discuten aquí son: La naranja mecánica, la cual sirve para ejemplificar la historia de la violencia tanto en el cine como en el Londres y las pandillas de Nueva York del siglo XIX; y El último tango en París, que si bien resulta conocida por la controversia que provocó, muy poco se sabe del debate feminista que originó en su época, entre otras.

actor keanu reeves historia de vida: **El 13** Manuel María Morales Cuesta, 2013 El 13 es una reflexión sobre la condición humana y, especialmente, sobre la fraternidad, la amistad y el mesianismo. En esta novela se da también mucha importancia al mundo del cine y de la literatura. Tres películas (Beau Geste, Las horas y Matrix) y la poesía de Jorge Luis Borges (en particular, su poema titulado El Golem) vertebran un argumento en el que, a través de dos enigmáticos personajes, se cuestionan algunos aspectos fundamentales de las Sagradas Escrituras y se proyecta una tesis sobre el futuro de la humanidad. En esta obra se ha huido de los tópicos apocalípticos tan de moda hoy, pero se ha intentado construir, con una sólida narración, la historia del fin de los tiempos. En definitiva, se trata de un libro que puede gustar a lectores que busquen calidad literaria y, al mismo tiempo, estén interesados por los temas esotéricos.

actor keanu reeves historia de vida: Last Night at the Viper Room Gavin Edwards, 2013-10-22 A biography elucidating the Academy Award-nominee's meteoric rise, his tragic end, and his legacy. At the dawn of the 1990s, a new crew of leading men—Johnny Depp, Nicolas Cage, Keanu Reeves, and Brad Pitt—was rocketing toward stardom. River Phoenix, however, stood in front of the pack. But behind Phoenix's talent and beautiful public face was a young man who had been raised in a cult by nonconformist parents, who was burdened with supporting his family from a young age, and who eventually succumbed to addiction, dying of an overdose in front of the Viper Room, West Hollywood's storied club, at twenty-three. Last Night at the Viper Room is part biography, part cultural history of the 1990s, and part celebration of a Hollywood icon gone too soon. Full of interviews from his fellow actors, directors, friends, and family, this book shows the role River Phoenix played in creating the place of the actor in our modern culture and the impact his work still makes today.

actor keanu reeves historia de vida: Keanu Reeves, The Story Natasha Tristan, The face, which always had a gloomy touch, hides a look of despair inside the mask of happiness without showing anyone. Didn't feel that Keanu Reeves, who rose to fame with the huge success of The Matrix, always have a look of sadness on his face? In general, when becoming a part of a handful of good films, the actors will shine with joy. But here's something completely different, and it's always been a question of why this Canadian actor, who often seems like an introvert with a tinge of sadness but unintentionally trying to evoke a sense of happiness. This book approaches you with the answer to that doubt. It must have been the lingering remnants of that pain within him, which had gone through so many grieves, that brought him to such a state. But he followed his passion as he is not ready to drown in the tragedies of his life. He was haunted by experiences that would cause heartache to every person who reads the series of tears in his life. He jumped to the heights of victory from a weak position where hopes were exhausted in the backdrop of loneliness through the loss of loved ones. He made a re-entry with a selfless thought that if he made a comeback with more enthusiasm than before he would be of benefit to anyone. That thought was not in vain, he became a role model by working in charities as much as he could, understood things from his days of the bitter taste. Keanu Reeves' life is also acting as an inspiration by showing everyone that all human being can overcome the obstacles and pains that tries to weaken them, through confidence and hard work. While reading this book you will become closer with the actor Keanu Reeves, and then you will get

an idea of the pains he still hides in himself and his excellent performance in front of the limelight.

actor keanu reeves historia de vida: Visiones alternas Alejandro Toledo, 2021-09-09 Con el avance del siglo xxi parecería anacrónico acusar a Hollywood de ser una peligrosa máquina ideológica cuando la mayoría de los medios de comunicación, ya sea impresos o electrónicos, consagra día a día grandes espacios tanto para reseñar lo que se cocina en la industria cinematográfica estadounidense como lo que en su tiempo libre hacen actores y actrices, dando por sentado que el objetivo último de esas figuras y de las empresas productoras que los contratan es "entretener". No se les mira como expertos manipuladores, cuando no sería arduo verlos así. Se realiza, incluso, un curioso maratón anual de reconocimientos cuya meta es la ceremonia de los Oscar, en donde se da el premio al mayor fingimiento. El público juzga una película porque lo aterroriza o lo divierte, o porque lo hace sensible por instantes a un drama social, o por lo sofisticado de sus efectos especiales, eso que la prensa (el triste periodismo de espectáculos) le enseña a valorar. Difícilmente hay el esfuerzo por detenerse en lo que en otros tiempos se designaba como "mensajes ocultos", que no lo son tanto puesto que son expresados de modo elocuente y se vuelven la razón última de una cinta.

actor keanu reeves historia de vida: The Artists' Prison Alexandra Grant, 2017 The Artists' Prison looks askance at the workings of personality and privilege, sexuality, authority, and artifice in the art world. Imagined through the heavily redacted testimony of the prison's warden, written by Alexandra Grant, and powerfully allusive images by Eve Wood, the prison is a brutal, Kafkaesque landscape where creativity can be a criminal offence and sentences range from the allegorical to the downright absurd. In The Artists' Prison, the act of creating becomes a strangely erotic condemnation, as well as a means of punishment and transformation. It is in these very transformations--sometimes dubious, sometimes oddly sentimental--that the book's critical edge is sharpest. In structural terms, The Artists' Prison represents a unique visual and literary intersection, in which Wood's drawings open spaces of potential meaning in Grant's text, and the text, in turn, acts as a framework in which the images can resonate and intensify in significance.

actor keanu reeves historia de vida: Hugo Chavez Cristina Marcano, Alberto Barrera Tyszka, 2007-08-14 He is one of the most controversial and important world leaders currently in power. In this international bestseller, at last available in English, Hugo Chávez is captured in a critically acclaimed biography, a riveting account of the Venezuelan president who continues to influence, fascinate, and antagonize America. Born in a small town on the Venezuelan plains, Chávez found his interests radically altered when he entered the military academy in Caracas. There, as Hugo Chávez reveals in dramatic detail, he was drawn to leftist politics and a new sense of himself as predestined to change the fortunes of his country and Latin America as a whole. Portrayed as never before is the double life Chávez soon began to lead: by day he was a family man and a military officer, but by night he secretly recruited insurgents for a violent overthrow of the government. His

efforts would climax in an attempted coup against President Carlos Andrés Pérez, an action that ended in a spectacular failure but gave Chávez his first irresistible taste of celebrity and laid the groundwork for his ascension to the presidency eight years later. Here is the truth about Chávez's revolutionary "Bolivarian" government, which stresses economic reforms meant to discourage corruption and empower the poor-while the leader spends seven thousand dollars a day on himself and cozies up to Arab oil elites. Venezuelan journalists Cristina Marciano and Alberto Barrera Tyszka explore the often crude and comical public figure who condemns George W. Bush in the most fiery language but at the same time hires lobbyists to improve his country's image in the West. The authors examine not only Chávez's political career but also his personal life-including his first marriage, which was marked by a long affair and the birth of a troubled son, and his second marriage, which produced a daughter toward whom Chávez's favoritism has caused private tension and public talk. This seminal biography is filled with exclusive excerpts from Chávez's own diary and draws on new research and interviews with such insightful subjects as Herma Marksman, the professor who was his mistress for nine years. Hugo Chávez is an essential work about a man whose power, peculiarities, and passion for the global spotlight only continue to grow.
