Publisher: Investopedia India – A leading online resource for financial education and investment analysis in India.

Editor: Priya Desai, MBA, FRM – Master of Business Administration and Financial Risk Manager with 8 years of experience in financial journalism and editing.

Keyword: adani enterprises share price history

Summary: This article delves into the fascinating and volatile history of Adani Enterprises' share price, analyzing key events, market influences, and investor sentiment. It uses personal anecdotes and case studies to illustrate the complexities of investing in a high-growth, high-risk company. The narrative highlights the importance of thorough due diligence, risk management, and understanding the broader macroeconomic context when analyzing the adani enterprises share price history. The article concludes with a discussion of future prospects and potential risks.

The Rise and Fall (and Rise?) of Adani Enterprises: An Adani Enterprises Share Price History Narrative

The Adani Enterprises share price history is a captivating tale of ambition, rapid growth, and considerable volatility. It's a story that reflects not only the fortunes of a single company but also the broader dynamics of the Indian economy and global investor sentiment. My own involvement in the Indian market started around 2015, a period when Adani Enterprises, while already a significant player in infrastructure, was far from the behemoth it is today. Back then, discussions surrounding the Adani Enterprises share price history often centered on its expansion plans and ambitious projects, many of which were viewed with a mixture of excitement and skepticism.

The early 2010s saw a steady, albeit relatively moderate, climb in the Adani Enterprises share price. This growth was fueled by India's burgeoning infrastructure needs and Adani Group's strategic acquisitions and development in ports, power generation, and logistics. However, it wasn't until the mid-2010s that the company truly began to capture the attention of global investors. This period coincided with a significant rise in foreign institutional investor (FII) participation in the Indian equity market, and Adani Enterprises benefited greatly from this influx of capital.

Case Study 1: The Mundra Port Expansion The expansion of Mundra Port, one of Adani Enterprises' flagship projects, serves as a prime example of how successful execution can significantly impact the Adani Enterprises share price history. This expansion not only increased the port's capacity but also strengthened its position as a key player in India's maritime trade. The positive impact on the share price was immediately noticeable, reflecting investors' confidence in the company's operational capabilities.

However, the Adani Enterprises share price history isn't just a story of uninterrupted growth. The period following the Hindenburg Research report in January 2023 presented a stark contrast. This report, which raised concerns about the group's accounting practices and debt levels, triggered a dramatic sell-off, resulting in substantial losses for many investors. This event underscored the inherent risks associated with investing in companies with aggressive expansion strategies and high levels of debt.

Case Study 2: The Hindenburg Report and its Aftermath The Hindenburg report's impact on the Adani Enterprises share price history is a stark reminder that even seemingly invincible companies can be vulnerable to unforeseen events. The sharp and sustained decline in the share price showcased the power of negative news and the potential for significant market corrections in response to allegations of corporate governance issues. The ensuing investigations and regulatory scrutiny further amplified the volatility, leaving many investors scrambling to assess the situation and protect their investments. This period highlighted the importance of diversifying investments and carefully assessing the risks associated with any given stock.

The recovery that followed the initial crash was, in many ways, just as remarkable as the initial decline. This recovery, though significant, has been accompanied by continued volatility, demonstrating the uncertainty that continues to surround the Adani Enterprises share price history. Analyzing this period requires a careful consideration of several factors, including the company's own responses to the allegations, the actions of regulatory bodies, and the overall sentiment within the Indian and global financial markets.

Analyzing the Adani Enterprises Share Price History: Key Factors

Several key factors have shaped the Adani Enterprises share price history:

Macroeconomic Conditions: India's economic growth and infrastructure development have played a crucial role. Periods of strong GDP growth generally correlated with positive share price movements.

Government Policies: Government initiatives supporting infrastructure development have had a positive impact. Conversely, changes in policy or regulatory hurdles could negatively impact the share price.

Global Investor Sentiment: Global economic conditions and investor risk appetite have influenced FII investments in Adani Enterprises.

Company Performance: The company's operational efficiency, profitability, and expansion plans have a direct impact on investor confidence and the share price.

Geopolitical Factors: Global events and geopolitical tensions can influence investor sentiment and subsequently, the share price.

Future Outlook and Potential Risks

Predicting the future trajectory of the Adani Enterprises share price history is inherently challenging. However, continued investment in infrastructure projects, expansion into new sectors, and effective risk management will be critical for future growth. Potential risks include regulatory changes, competition, and global economic uncertainty.

Conclusion:

The Adani Enterprises share price history is a complex and dynamic narrative reflecting the interplay of various factors. It serves as a compelling case study highlighting the potential for both immense rewards and significant risks in the world of equity investments. Understanding the company's performance in the context of broader market forces and geopolitical events is crucial for navigating the inherent uncertainties of investing in high-growth, high-risk companies.

adani enterprises share price history: Corporate Law and Climate Change Andrew Clarke, 2024-08-26 This book provides an analysis of the impact of the climate crisis on corporate law and theory in the coming decades as the world seeks to meet the target of net zero carbon emissions by 2050. Net zero targets are a particular challenge for an economy such as Australia which has a historical reliance on fossil fuels, and powerful interests arguing for the continued use of coal and gas. The book examines four recent corporate case studies in Australia. The first two follow the Adani group of companies and coal in Queensland and Rio Tinto and the destruction of ancient rock shelters in the midst of iron ore mining in WA. The book then covers the pension fund member Mark McVeigh, issuing proceedings against REST super in relation to long-run investment decisions and the need to take into account climate risk. Finally, it discusses Sharma, a representative action taken by school children against the Federal government in relation to expansion plans in relation to fossil fuels alleging breach of the duty of care. These case studies highlight some of the key trends and challenges in the intersection between corporate activity and the need to account for climate risk and adaptation, with Australia as a G20 economy having much to contribute to the global debate. The book will be of interest to students and researchers in the field of climate and environmental law, as well as corporate law and theory.

adani enterprises share price history: Cases in Strategic Management Sanjay Dhir, Sushil, 2019-04-16 This book shows how strategic management can be practiced in the context of flexibility. It discusses strategic formulation and implementation perspectives and practices, including vision and mission, general environment analysis, industry analysis, competitive

advantage, resource and capability view, generic strategies, business level strategy, corporate level strategy, international strategy, change and turnaround, strategic implementation, and strategic controls, as well as flexibility embedded in these concepts. It can be used as a primary textbook for managerial programs for executives, and as a supplementary case textbook for core MBA courses. Exploring “Strategic Formulation” and “Strategic Implementation” concepts from a flexibility perspective, it is also an excellent companion to leading strategic management textbooks.

adani enterprises share price history: There's No Ham in Hamburgers Kim Zachman, 2021-04-06 From hot dogs and hamburgers to ice cream and pizza, this fascinating book is full of fun facts and stories of the origins of some of America's most popular foods. Why is there no ham in hamburgers? How did we make ice cream before we could make ice? How did hot dogs get their name? From the origins of pizza (which got a big boost from Clarence Birdseye, of all people) to the Cornell professor who invented chicken fingers, *There's No Ham in Hamburgers* has all the ingredients for an entertaining and educational middle-grade read. Packed with informative sidebars, recipes, and experiments, along with fabulously funny illustrations by Peter Donnelly, this book is a reading recipe that kids will sink their teeth into!

adani enterprises share price history: Heart: A History Sandeep Jauhar, 2018-09-18 The bestselling author of *Intern and Doctored* tells the story of the thing that makes us tick For centuries, the human heart seemed beyond our understanding: an inscrutable shuddering mass that was somehow the driver of emotion and the seat of the soul. As the cardiologist and bestselling author Sandeep Jauhar shows in *Heart: A History*, it was only recently that we demolished age-old taboos and devised the transformative procedures that have changed the way we live. Deftly alternating between key historical episodes and his own work, Jauhar tells the colorful and little-known story of the doctors who risked their careers and the patients who risked their lives to know and heal our most vital organ. He introduces us to Daniel Hale Williams, the African American doctor who performed the world's first open heart surgery in Gilded Age Chicago. We meet C. Walton Lillehei, who connected a patient's circulatory system to a healthy donor's, paving the way for the heart-lung machine. And we encounter Wilson Greatbatch, who saved millions by inventing the pacemaker—by accident. Jauhar deftly braids these tales of discovery, hubris, and sorrow with moving accounts of his family's history of heart ailments and the patients he's treated over many years. He also confronts the limits of medical technology, arguing that future progress will depend more on how we choose to live than on the devices we invent. Affecting, engaging, and beautifully written, *Heart: A History* takes the full measure of the only organ that can move itself.

adani enterprises share price history: The Tale of the Horse: A History of India on Horseback Yashaswini Chandra, 2021-01-22 The horse is etched on the Indian landscape, and to view the subcontinent's past through the prism of the horse is to be swept up in its power and grace. Horses are a thread that connects Indian history, mythology, art, literature, folklore and popular belief. In this inspired and singularly erudite debut, Yashaswini Chandra takes us on the trail of the horse into and within India. What follows is a surprising and exhilarating journey, covering caravan-trade routes originating in Central Asia and Tibet, sea routes from the Middle East, and the dominions of different sultans and Mughal emperors, the south Indian kingdoms as well as the Rajput horse-warrior states. She outlines the political symbolism of the horse, its vital function in social life, religion, sport and war, its role in shaping economies and forging crucial human bonds. We learn of the emergence of local breeds such as the Kathiawari and the Marwari, the Zanskari and the Manipuri. We encounter fabulous horsewomen too, Chand Bibi, Maratha princesses and women polo players among them. We meet grooms, farriers, breeders, traders and bandits. The highlight of course are the magnificent examples of the horse itself – Rana Pratap's legendary Chetak, Ranjit Singh's much-contested Laili, Pabuji's cherished black mare and those horses captured in paintings and equestrian portraits. This glorious age of the horse would meet its agonized decline with the onset of colonial rule and mechanization. In the end, what is most remarkable is that the history of the horse in India, mirroring that of its human inhabitants, is a tale of migration and permanent intermingling. The horse is thus an exceptional and fitting vantage from which to appreciate the

history of the land, influenced as it was by this most instrumental of animals.

adani enterprises share price history: *Business India* , 2007-11

adani enterprises share price history: *The Ocean of Churn* Sanjeev Sanyal, 2016-08-10

Much of human history has played itself out along the rim of the Indian Ocean. In a first-of-its-kind attempt, bestselling author Sanjeev Sanyal tells the history of this significant region, which stretches across East Africa, the Middle East and the Indian subcontinent to South East Asia and Australia. He narrates a fascinating tale about the earliest human migrations out of Africa and the great cities of Angkor and Vijayanagar; medieval Arab empires and Chinese 'treasure fleets'; the rivalries of European colonial powers and a new dawn. Sanjeev explores remote archaeological sites, ancient inscriptions, maritime trading networks and half-forgotten oral histories, to make exciting revelations. In his inimitable style, he draws upon existing and new evidence to challenge well-established claims about famous historical characters and the flow of history. Adventurers, merchants, explorers, monks, swashbuckling pirates, revolutionaries and warrior princesses populate this colourful and multifaceted narrative. *The Ocean of Churn* takes the reader on an amazing journey through medieval geopolitics and eyewitness accounts of long-lost cities to the latest genetic discoveries about human origins, bringing alive a region that has defined civilization from the very beginning.

adani enterprises share price history: *The Unquiet Ones* Osman Samiuddin, 2014-12-01

The definitive history of a cricket team the world loves to watch, but is at a loss to explain The story of Pakistan cricket is dramatic, tortured, heroic and tumultuous. Beginning with nothing after the Partition of 1947 to the jubilation of its victory against England at the Oval in 1954; from earning its Test status and competing with the best to sealing a golden age by winning the World Cup in 1992; from their magic in Sharjah to an era-defining low in the new millennium, Pakistan's cricketing fortunes have never ceased to thrill. This book is the story of those fortunes and how, in the process, the game transformed from an urban, exclusive sport into a glue uniting millions in a vast, disparate country. In its narration, Osman Samiuddin captures the *jazba* of the men who played for Pakistan, celebrates their headiest moments and many upheavals, and brings to life some of their most famous - and infamous - contests, tours and moments. Ambitious, spirited and often heart breaking, *The Unquiet Ones* is a comprehensive portrait of not just a Pakistani sport, but a national *majboori*, a compulsion whose outcome can often surprise and shock, and become the barometer of everyday life in Pakistan, tailing its ups and downs, its moods and character.

adani enterprises share price history: *Peace, Poverty and Betrayal* Roderick Matthews, 2021-12-01 How can we explain the establishment and longevity of British rule in India without recourse to the clichés of imperial versus nationalist interpretations? In this new history, Roderick Matthews offers a more nuanced view: one of oblige and rule, the foundation of common purpose between colonizers and powerful Indians. *Peace, Poverty and Betrayal* argues that this was not a uniformly systematic approach, but rather a state of being: the British were never clear or consistent in their policies, and among British and Indians alike there were both progressive and conservative attitudes to the struggle over colonization. Matthews' narrative also takes in the East India Company, which was manifestly incompetent as a ruler by 1770, yet after 1820 arguably became the world's first liberal government. Skillfully tying these ambiguities and complexities of British rule in India to the ultimate struggle for independence, Matthews illustrates that the very diversity of British- Indian relations was at the heart of the social changes that would lead to the Freedom Struggle of the twentieth century. Skewering the simplistic binaries that often dominate the debate, *Peace, Poverty and Betrayal* is a fresh and gracefully written narrative history of British India.

adani enterprises share price history: *Private Participation in the Indian Power Sector*

Mohua Mukherjee, 2014-10-21 Massive private investment that complements public investment is needed to close the demand-supply gap and make reliable power available to all Indians. Government efforts have sought to attract private sector funding and management efficiency throughout the electricity value chain, adapting its strategy over time.

adani enterprises share price history: *Incarnations* Sunil Khilnani, 2017-01-12 For all of

India's myths, stories and moral epics, Indian history remains a curiously unpeopled place. In *Incarnations*, Sunil Khilnani fills that space, recapturing the human dimension of how the world's largest democracy came to be. His trenchant portraits of emperors, warriors, philosophers, film stars and corporate titans—some famous, some unjustly forgotten—bring feeling, wry humour and uncommon insight to dilemmas that extend from ancient times to our own.

adani enterprises share price history: Smokeless War Manoj Kewalramani, 2021-06-28 In January 2020, the COVID-19 outbreak in China was viewed as a black swan event, threatening the Communist Party's rule. Two short months later, however, China appeared to have controlled the virus, while the rest of the world struggled to respond. As country after country imposed lockdowns of varying strictness and the human cost began to rise, geopolitical frictions flared up over the origins of the virus, along with Beijing's early failures, diplomacy and discourse. *Smokeless War: China's Quest for Geopolitical Dominance* offers a gripping account of the Communist Party of China's political, diplomatic and narrative responses during the pandemic. Drawing on the latest academic research and Chinese language sources, it discusses the Party-State's efforts to achieve greater discourse power and political primacy, as it sought to convert a potentially existential crisis into a historic opportunity. In doing so, the author provides an insightful account of the Communist Party of China's approaches to cultivating sources of strength and exercise of power.

adani enterprises share price history: The Hindus Wendy Doniger, 2009 An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions, *The Hindus* elucidates the relationship between recorded history and imaginary worlds. *The Hindus* brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers have kept Hinduism alive in ways that other scholars have not fully explored. In this unique and authoritative account, debates about Hindu traditions become platforms to consider history as a whole.

adani enterprises share price history: The Power of Geography Tim Marshall, 2021-11-09 From the author of the New York Times bestseller *Prisoners of Geography*, a fascinating, "refreshing, and very useful" (*The Washington Post*) follow-up that uses ten maps to explain the challenges to today's world powers and how they presage a volatile future. Tim Marshall's global bestseller *Prisoners of Geography* offered us a "fresh way of looking at maps" (*The New York Times Book Review*), showing how every nation's choices are limited by mountains, rivers, seas, and walls. Since then, the geography hasn't changed, but the world has. Now, in this "wonderfully entertaining and lucid account, written with wit, pace, and clarity" (*Mirror*, UK), Marshall takes us into ten regions set to shape global politics. Find out why US interest in the Middle East will wane; why Australia is now beginning an epic contest with China; how Turkey, Saudi Arabia, and the UK are cleverly positioning themselves for greater power; why Ethiopia can control Egypt; and why Europe's next refugee crisis looms closer than we think, as does a cutting-edge arms race to control space. Innovative, compelling, and delivered with Marshall's trademark wit and insight, this is "an immersive blend of history, economics, and political analysis that puts geography at the center of human affairs" (*Publishers Weekly*).

adani enterprises share price history: Another Side of Bob Dylan Victor Maymudes, 2014-09-09 A vivid, first-hand account of Nobel Prize-winning singer and songwriter Bob Dylan as an artist, friend, and celebrity, illustrated with never-before-seen photographs, and told by an engaging raconteur who cut his own swathe through the turbulent counterculture. August 2014 marks 50 years since Bob Dylan released his fourth album, *Another Side of Bob Dylan*. Recorded in one night, in the middle of a turbulent year in his life, the music marked a departure from Dylan's socially-conscious folk songs and began his evolution toward other directions. During the years they spent together, few people outside of Dylan's immediate family were closer than Victor Maymudes, who was Dylan's tour manager, personal friend, and travelling companion from the early days in 1960s Greenwich Village through the late 90's. *Another Side of Bob Dylan* recounts landmark events including Dylan's infamous motorcycle crash; meeting the Beatles on their first US tour; his marriage to Sara Lownds, his romances with Suze Rotolo, Joan Baez, and others; fellow travelers

Ramblin' Jack Elliott, Wavy Gravy, Dennis Hopper, The Band, The Traveling Wilburys, and more; memorable concerts, and insights on Dylan's songwriting process. On January 26th, 2001, after recording more than 24 hours of taped memories in preparation for writing this book, Victor Maymudes suffered an aneurysm and died. His son Jacob has written the book, using the tapes to shape the story. A Los Angeles Times Best Seller.

adani enterprises share price history: Tiananmen Square Vijay Gokhale, 2021-05-07 'I recall being woken by the sound of tanks moving down the Avenue of Eternal Peace. It was 5 o'clock on the morning of 4 June. Tanks, APCs and troop trucks were sweeping down the avenue. Citizens ran for cover. Helicopters hovered above. Foreign media claimed that Chinese troops had fired into the crowds with several hundred casualties.' More than three decades later, the Tiananmen Square incident refuses to be forgotten. The events that occurred in the summer of 1989 would not only set the course for China's politics but would also re-define its relationship with the world. China's message was clear: it remained committed to market-oriented reform, but it would not tolerate any challenge to the supremacy of the Chinese Communist Party. In return for economic prosperity, the Chinese have surrendered some rights to the state. A democratic future seems far away. Vijay Gokhale, then a young diplomat serving in Beijing, was a witness to the drama that unfolded in Tiananmen Square. This unique account brings an Indian perspective on an event in China's history that the Chinese government has been eager to have the world forget.

adani enterprises share price history: The Great Tech Game Anirudh Suri, 2022-02-21 After agriculture, trade, industrialization, colonization and capitalism, technology is arguably the next big shaper of geopolitics in the world. It is increasingly a major determinant of the destiny of nations today and is creating a new set of winners and losers on the global stage. In *The Great Tech Game*, the author provides a coherent framework outlining the key drivers that will determine the ability of a nation to succeed in this technology-dominant era. He lays out a roadmap for how any country must develop its own strategic plan for success. Leaders must inculcate a new set of capabilities to understand and take advantage of these trends, and create enabling environments for their nations to not be left behind. A particularly challenging aspect will be the ability of countries to define and manage the roles of state and non-state actors in a global race for technological leadership and success. The book goes on to evaluate whether digital colonialism is an inevitable reality, or whether new frameworks will emerge to govern relationships between technology-rich and technology-poor nations.

adani enterprises share price history: The Past as Present Romila Thapar, 2019-09-15 Pt. I. History and the public. 1. adani enterprises share price history: Land of seven rivers Sanjeev Sanyal, 2012-11-15 DID THE GREAT FLOOD OF INDIAN LEGEND ACTUALLY HAPPEN? WHY DID THE BUDDHA WALK TO SARNATH TO GIVE HIS FIRST SERMON? HOW DID THE EUROPEANS MAP INDIA? The history of any country begins with its geography. With sparkling wit and intelligence, Sanjeev Sanyal sets off to explore India and look at how the country's history was shaped by, among other things, its rivers, mountains and cities. Traversing remote mountain passes, visiting ancient archaeological sites, crossing rivers in shaky boats and immersing himself in old records and manuscripts, he considers questions about Indian history that we rarely ask: Why do Indians call their country Bharat? How did the British build the railways across the subcontinent? Why was the world's highest mountain named after George Everest? Moving from the geological beginnings of the subcontinent to present-day

Gurgaon, Land of the Seven Rivers is riveting, wry and full of surprises. It is the most entertaining history of India you will ever read.

adani enterprises share price history: The Four Pillars of Investing: Lessons for Building a Winning Portfolio William J. Bernstein, 2010-07-08 The classic guide to constructing a solid portfolio—without a financial advisor! “With relatively little effort, you can design and assemble an investment portfolio that, because of its wide diversification and minimal expenses, will prove superior to the most professionally managed accounts. Great intelligence and good luck are not required.” William Bernstein’s commonsense approach to portfolio construction has served investors well during the past turbulent decade—and it’s what made *The Four Pillars of Investing* an instant classic when it was first published nearly a decade ago. This down-to-earth book lays out in easy-to-understand prose the four essential topics that every investor must master: the relationship of risk and reward, the history of the market, the psychology of the investor and the market, and the folly of taking financial advice from investment salespeople. Bernstein pulls back the curtain to reveal what really goes on in today’s financial industry as he outlines a simple program for building wealth while controlling risk. Straightforward in its presentation and generous in its real-life examples, *The Four Pillars of Investing* presents a no-nonsense discussion of: The art and science of mixing different asset classes into an effective blend The dangers of actively picking stocks, as opposed to investing in the whole market Behavioral finance and how state of mind can adversely affect decision making Reasons the mutual fund and brokerage industries, rather than your partners, are often your most direct competitors Strategies for managing all of your assets—savings, 401(k)s, home equity—as one portfolio Investing is not a destination. It is a journey, and along the way are stockbrokers, journalists, and mutual fund companies whose interests are diametrically opposed to yours. More relevant today than ever, *The Four Pillars of Investing* shows you how to determine your own financial direction and assemble an investment program with the sole goal of building long-term wealth for you and your family.

adani enterprises share price history: The Courtesan, the Mahatma & the Italian Brahmin Manu S. Pillai, 2019

adani enterprises share price history: Analysis Of Balance Sheet N S Toor,
adani enterprises share price history: *Bulls, Bears and Other Beasts (5th Anniversary Edition)* Santosh Nair, 2021-11-26 Insightful, interesting and a lot of fun' Ravi Subramanian 'An honest and extremely detailed recounting of the evolution of the market' BusinessLine 'A delightful book on the stock markets' Free Press Journal A rip-roaring history of the Indian stock market post liberalization. The wise and wily Lalchand Gupta takes you on an exciting journey through Dalal Street in this comprehensive history of the stock market since 1991. From tech booms and tax evasion to banks and money laundering; scams and crashes to fixers and investors, Lala has seen it all. Bringing the story up to the present, this special fifth anniversary edition also makes keen observations about the developments on the trading floor of the Bombay Stock Exchange in more recent times and doles out smart investing hacks in Lala’s inimitable style. *Bulls, Bears and Other Beasts* is a must-read for anyone interested in the financial health of the country as well as those who want to know about the sensational events that led up to the far more sterile stock-market operations of the present day.

adani enterprises share price history: The Miraculous True History of Nomi Ali Uzma Aslam Khan, 2022-04-12 Set in the Andaman Islands over the course of oppressive imperial regimes, *The Miraculous True History of Nomi Ali* is a complex, gripping homage to those omitted from the collective memory. Nomi and Zee are Local Borns—their father a convict condemned by the British to the Andaman Islands, their mother shipped off with him. The islands are an inhospitable place, despite their surreal beauty. In this unreliable world, the children have their friend Aye, the pet hen Priya and the distracted love of their parents to shore them up from one day to the next. Meanwhile, within the walls of the prison, Prisoner 218 D wages a war on her jailers with only her body and her memory. When war descends upon this overlooked outpost of Empire, the British are forced out and the Japanese move in. Soon the first shot is fired and Zee is forced to flee, leaving Nomi and the

other islanders to contend with a new malice. The islands--and the seas surrounding them--become a battlefield, resulting in tragedy for some and a brittle kind of freedom for others, who find themselves increasingly entangled in a mesh of alliances and betrayals. Ambitiously imagined and hauntingly alive, *The Miraculous True History of Nomi Ali* writes into being the interwoven stories of people caught in the vortex of history, powerless yet with powers of their own: of bravery and wonder, empathy and endurance. Uzma Aslam Khan's extraordinary new novel is an unflinching and lyrical page-turner, an epic telling of a largely forgotten chapter in the history of the subcontinent.

adani enterprises share price history: The Sialkot Saga Ashwin Sanghi, 2022-06-24 The trajectories of Arvind and Arbaaz, both 'businessmen' of a kind whose lives are unwillingly intertwined, ricochet off one another while they play out their sinister and murderous plots of personal and professional one-upmanship, all the while breaking every rule in the book. Both are unaware that what they seek and fight over is the very obstacle in realising an ancient secret that dates back to a time long forgotten. And yet, at the heart of it all, there lies tenderness... and pathos... and blood... and rare moments of almost exalted happiness. So, can it be that a man is both sinner and saint, victor and victim, black and white? Ashwin Sanghi, master storyteller, and spinner of yarns weave together threads of the past and present, fact and fiction, history and mythology, business and politics, love and hatred while dangling you ceaselessly over the cliff with this chilling multi-layered narrative, keeping you guessing till a totally unguessable end. And you're left wondering whether it's a matter of faith... or fate?

adani enterprises share price history: The Death Script Ashutosh Bhardwaj, 2020-06-25 Remarkable ... closely reported, sharply insightful, richly readable -- RAMACHANDRA GUHA From 2011 to 2015, Ashutosh Bhardwaj lived in India's 'red corridor', and made several trips thereafter, reporting on the Maoists, on the state's atrocities, and on lives caught in the crossfire. In *The Death Script*, he writes of his time there, of the various men and women he meets from both sides of the conflict, bringing home with astonishing power the human cost of such a battle. Narrated in multiple voices, the book is a creative biography of Dandakaranya that combines the rigour of journalism, the intimacy of a diary, the musings of a travelogue, and the craft of a novel. Through the prism of the Maoist insurgency, Bhardwaj meditates on larger questions of violence and betrayal, sin and redemption, and what it means to live through and write about such experiences -- making *The Death Script* one of the most significant works of non-fiction to be published in recent times.

adani enterprises share price history: Makers of Modern Dalit History Sudarshan Ramabadrana, Guru Prakash Paswan, 2021-04-15 In late-nineteenth-century Kerala, a man flamboyantly rode a villuvandi (bullock cart) along a road. What might sound like a mundane act was, at that time, a defiant form of protest. Riding animal-pulled vehicles was a privilege enjoyed only by the upper castes. This man, hailing from the untouchable Pulaya community, was attacking caste-based discrimination through his act. He was none other than Ayyankali, a social reformer and activist. Featuring several such inspiring accounts of individuals who tirelessly battled divisive forces all their lives, this book seeks to enhance present-day India's imagination and shape its perception of the Dalit community. Based on original research on historical and contemporary figures such as B.R. Ambedkar, Babu Jagjivan Ram, Gurram Jashuva, K.R. Narayanan, Soyarabai and Rani Jhalkaribai, among many others, *Makers of Modern Dalit History* will be a significant addition to the Dalit discourse. This definitive volume on some of the foremost Dalit thinkers, both past and present, promises to initiate a much-needed conversation around Dalit identity, history and politics.

adani enterprises share price history: Bombay Before Mumbai Prashant Kidambi, Manjiri Kamat, Rachel Dwyer, 2019 A fascinating history of a great cosmopolitan port and industrial city

adani enterprises share price history: Balochistan Azad Singh Rathore, 2021-02-16 Greater Balochistan region was remotely located far away from Kingdom of the Persia in the west and equally at a distance from Indian princely states in the east. In present time Balochistan, a part of Greater Balochistan is now disputed remote territory, illegally annexed by Pakistan, lies between Sindh province of Pakistan and the western international border of Iran. The whole region was populated most heavily by ethnic Baloch people and thus named this region Balochistan. Geopolitical

developments in the area, divided Greater Balochistan into three separate countries. This book is mainly focusing on present Balochistan, the region under the occupation of Pakistan. Book describes the history, culture, and Baloch people's suffering from the last seven decades pain, atrocity and oppressions that Pakistan has given them to suppress their voice. A voice which wants to save the Baloch culture, people and homeland from Pakistan's army and its leadership.

adani enterprises share price history: Invisible Empire Pranay Lal, 2021-10-30 Viruses are the world's most abundant life form, and now, when humanity is in the midst of a close encounter with their immense power, perhaps the most feared. But do we understand viruses? Possibly the most enigmatic of living things, they are sometimes not considered a life form at all. Everything about them is extreme, including the reactions they evoke. However, for every truism about viruses, the opposite is also often true. So complex and diverse is the world of viruses that it merits being labelled an empire unto itself. And whether we see them as alive or dead, as life-threatening or life-affirming, there is an ineluctable beauty, even a certain elegance, in the way viruses go about their lives-or so Pranay Lal tells us in *Invisible Empire: The Natural History of Viruses*. This is a book that defies categorisation. It brings together science, history and great storytelling to paint a fascinating picture of viruses as a major actor, not just in human civilisation but also in the human body. With rare photographs, paintings, illustrations and anecdotes, it is a magnificent and an extremely relevant book for our times, when we are attempting to understand viruses and examining their role in the lives of humans.

adani enterprises share price history: A Gujarat Here, a Gujarat There Krishna Sobti, 2019-02-28 Delhi, 1947. The city surges with Partition refugees. Eager to escape the welter of pain and confusion that surrounds her, young Krishna applies on a whim to a position at a preschool in the princely state of Sirohi, itself on the cusp of transitioning into the republic of India. She is greeted on arrival with condescension for her refugee status, and treated with sexist disdain by Zutshi Sahib, the man charged with hiring for the position. Undaunted, Krishna fights back. But when an opportunity to become governess to the child maharaja Tej Singh Bahadur presents itself-and with it a chance to make Sirohi her new home once and for all-there is no telling how long this idyll will last. Part novel, part memoir, part feminist anthem, *A Gujarat Here, A Gujarat There* is not only a powerful tale of Partition loss and dislocation but also charts the odyssey of a spirited young woman determined to build a new identity for herself on her own terms.

adani enterprises share price history: Postbox Kashmir Divya Arya, 2021-08-05 Do only Muslims live in Kashmir? Why do girls in Kashmir do stone pelting? Whom do they want freedom from? Can you imagine being confined to the four walls of your home with no internet, no social media? Are Kashmiris really invisible to the rest of the country? These are some of the questions two teenagers--Saumya in Delhi and Duaa in Kashmir--asked through letters they exchanged over almost three years. Framing these letters is the detailed history and commentary provided by Divya Arya, a BBC journalist who asked them to be pen pals, which places their conversations against the backdrop of the political history and turbulent present of Kashmir and India. *Postbox Kashmir* takes on the challenging task of attempting to portray life in Kashmir from the perspective of the young minds growing inside it and providing a context of understanding for the young generation watching it from the outside.

adani enterprises share price history: Babu Bangladesh! Numair Atif Choudhury, 2019-06-25 Shortlisted for the Shakti Bhatt First Book Prize 2019. Bangladesh, 2028. A biographer begins to document the life of an enigmatic and controversial political luminary - Babu, also known as 'Babu Bangladesh'. In unearthing the story of a man whom many thought was the leader of his generation, he begins to uncover the story of a nation itself. Buildings acquire consciousness to chart political outcomes, a tree stands defiantly even as marauding troops try to blast it out of existence, tribes of snake and tree worshipers compete for regional supremacy, even as fish-humanoids emerge from the waters ... Flitting between fantasy and reality, manoeuvring through the rainforest swamps of

Bangladesh with as much ease as the immigrant colonies of New York, blurring the boundaries between myth, history and truth, Babu Bangladesh! is a work of stunning scope and ambition from the most exciting literary voice to emerge from the Subcontinent in years.

adani enterprises share price history: The South African Gandhi Ashwin Desai, Goolam Vahed, 2015-10-07 A biography detailing Gandhi's twenty-year stay in South Africa and his attitudes and behavior in the nation's political context. In the pantheon of freedom fighters, Mohandas Karamchand Gandhi has pride of place. His fame and influence extend far beyond India and are nowhere more significant than in South Africa. "India gave us a Mohandas, we gave them a Mahatma," goes a popular South African refrain. Contemporary South African leaders, including Mandela, have consistently lauded him as being part of the epic battle to defeat the racist white regime. The South African Gandhi focuses on Gandhi's first leadership experiences and the complicated man they reveal—a man who actually supported the British Empire. Ashwin Desai and Goolam Vahed unveil a man who, throughout his stay on African soil, stayed true to Empire while showing a disdain for Africans. For Gandhi, whites and Indians were bonded by an Aryan bloodline that had no place for the African. Gandhi's racism was matched by his class prejudice towards the Indian indentured. He persistently claimed that they were ignorant and needed his leadership, and he wrote their resistances and compromises in surviving a brutal labor regime out of history. The South African Gandhi writes the indentured and working class back into history. The authors show that Gandhi never missed an opportunity to show his loyalty to Empire, with a particular penchant for war as a means to do so. He served as an Empire stretcher-bearer in the Boer War while the British occupied South Africa, he demanded guns in the aftermath of the Bhambatha Rebellion, and he toured the villages of India during the First World War as recruiter for the Imperial army. This meticulously researched book punctures the dominant narrative of Gandhi and uncovers an ambiguous figure whose time on African soil was marked by a desire to seek the integration of Indians, minus many basic rights, into the white body politic while simultaneously excluding Africans from his moral compass and political ideals. Praise for The South African Gandhi "In this impressively researched study, two South African scholars of Indian background bravely challenge political myth-making on both sides of the Indian Ocean that has sought to canonize Gandhi as a founding father of the struggle for equality there. They show that the Mahatma-to-be carefully refrained from calling on his followers to throw in their lot with the black majority. The mass struggle he finally led remained an Indian struggle." —Joseph Lelyveld, author of Great Soul: Mahatma Gandhi and His Struggle with India "This is a wonderful demonstration of meticulously researched, evocative, clear-eyed and fearless history writing. It uncovers a story, some might even call it a scandal, that has remained hidden in plain sight for far too long. The South African Gandhi is a big book. It is a serious challenge to the way we have been taught to think about Gandhi." —Arundhati Roy, author of The God of Small Things

adani enterprises share price history: Unearthed Meghaa Gupta, 2020-08-10 Protesting against dams, protecting tigers, hugging trees, saving seeds, making room for elephants, battling mountains of waste, fighting air pollution, coping with soaring temperatures-India and its people have shared a remarkable relationship with the environment. From the Green Revolution to the National Action Plan on Climate Change, Unearthed: An Environmental History of Independent India chronicles the country's historical movements and significant green missions since 1947. Interspersed with lots of trivia, tales of eco-heroes and humorous cartoons, this easy-to-read account uncovers the story of a past with the hope that we will rewrite India's future.

adani enterprises share price history: Reimagining Pakistan Husain Haqqani, 2018-04-09 Salman Rushdie once described Pakistan as a 'poorly imagined country'. Indeed, Pakistan has meant different things to different people since its birth seventy years ago. Armed with nuclear weapons and dominated by the military and militants, it is variously described around the world as 'dangerous', 'unstable', 'a terrorist incubator' and 'the land of the intolerant'. Much of Pakistan's

dysfunction is attributable to an ideology tied to religion and to hostility with the country out of which it was carved out -- India. But 95 per cent of Pakistan's 210 million people were born after Partition, as Pakistanis, and cannot easily give up on their home. In his new book, Husain Haqqani, one of the most important commentators on Pakistan in the world today, calls for a bold re-conceptualization of the country. Reimagining Pakistan offers a candid discussion of Pakistan's origins and its current failings, with suggestions for reconsidering its ideology, and identifies a national purpose greater than the rivalry with India.

adani enterprises share price history: *Falling Walls* Upendranath Ashk, 2015-06-01 A young man from Jalandhar longs to become a writer but fails at every turn. Upendranath Ashk's 1947 novel explores in great detail the trials and tribulations of Chetan. From the back galis of Lahore and Jalandhar to Shimla's Scandal Point, *Falling Walls* offers a rich and intimate portrait of lower-middle-class life in the 1930s and the hurdles an aspiring writer must overcome to fulfil his ambitions.
