Bunny, and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled Smut Salon, and finds herself inexplicably drawn to their front door--ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus Workshop where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. add someone to meta business suite: Marketer in Chief Jason Voioovich, 2021-07-04 A fresh perspective on presidential history. Why was the Spanish Peso more valuable than the U.S. Dollar? How did a public relations fiasco derail Cuban statehood? Would we remember Herbert Hoover as the Jeff Bezos of his time had he been elected eight years earlier? If these don't sound like questions you heard in history class, you're right. They're not. These are the questions you ask when you look at presidential history through the eyes of an advertising executive. Except Jason Voioovich isn't your typical Mad Man. His penchant for asking weird questions has earned him a reputation as one of marketing's most original thinkers. Now, he's turned his unconventional eye on the conventional wisdom of presidential history. He retells the story of America through the eyes of its most influential salesperson - its president. America's Marketer in Chief. Jason reconsiders the president's role in American life - in fact, the entire idea of America as a nation - from a tantalizing and fresh perspective. He recasts the president as a brand manager of the American idea, much as Henry Ford shaped the development of the automobile, or as Steve Jobs introduced the world to the smartphone. No less than the Model T and the iPhone, America itself is an innovation in government and culture. Jason takes us on a wild ride through the lifecycle of America - from its first introduction, through its rapid growth, and finally, into its disruption and renewal. He reimagines Thomas Jefferson's Louisiana Purchase as a family board game. He solves the riddle of how Calvin Coolidge forged the link between religion and politics. And he shows us why Barack Obama's presidency marked the end of the era of (human) soldiers. Born from the wildly popular weekly blog in 2020, Marketer in Chief repackages presidential history in a way that's more natural for American consumers - the average person might take a history course in high school or college, but they make a purchase every single day. It's irreverent, occasionally foul mouthed, and surprisingly insightful. Who knows? Once Americans know how they're being sold, they might demand a better product.

add someone to meta business suite: Stellarlune Shannon Messenger, 2022-11-08 In this stunning ninth book in the New York Times and USA TODAY bestselling Keeper of the Lost Cities series, Sophie and her friends discover the true meaning of power—and evil. Sophie Foster changed the game. Now she's facing impossible choices: When to act. When to trust. When to let go. Her friends are divided and scattered, and the Black Swan wants Sophie to focus on their projects. But her instincts are leading her somewhere else. Stellarlune—and the mysterious Elysian—might be the key to everything. But finding truth in the Lost Cities always requires sacrifice. And as the Neverseen's plans sharpen into terrifying focus, it appears that everyone has miscalculated. The Lost Cities' greatest lie could destroy everything. And in the battle that follows, only one thing is certain: nothing will ever be the same.

add someone to meta business suite: *Bright Lights, Prairie Dust* Karen Grassle, 2021-11-16 Karen Grassle, the beloved actress who played Ma on *Little House on the Prairie*, grew up at the edge of the Pacific Ocean in a family where love was plentiful but alcohol wreaked havoc. In this candid memoir, Grassle reveals her journey to succeed as an actress even as she struggles to overcome depression, combat her own dependence on alcohol, and find true love. With humor and hard-won wisdom, Grassle takes readers on an inspiring journey through the political turmoil on '60s campuses, on to studies with some of the most celebrated artists at the famed London Academy of Music and Dramatic Arts, and ultimately behind the curtains of Broadway stages and storied Hollywood sets. In these pages, readers meet actors and directors who have captivated us on screen and stage as they fall in love, betray and befriend, and don costumes only to reveal themselves. We know Karen Grassle best as the proud prairie woman Caroline Ingalls, with her quiet strength and devotion to family, but this memoir introduces readers to the complex, funny, rebellious, and soulful woman who, in addition to being the force behind those many strong women she played, fought passionately—as a writer, producer, and activist—on behalf of equal rights for women. Raw, emotional, and tender, *Bright Lights* celebrates and honors womanhood, in all its complexity.
