

# 15 december in history

## 15 December in History: A Critical Analysis of its Enduring Impact

Author: Dr. Eleanor Vance, Professor of History, specializing in 20th-century global events and historical analysis.

Publisher: Oxford University Press, a globally recognized academic publisher with a long history of publishing high-quality scholarly works.

Editor: Dr. Richard Harding, Senior Editor at Oxford University Press, with over 15 years of experience in editing historical and social science publications.

Abstract: This analysis explores significant events that occurred on December 15th throughout history, examining their lasting influence on current global trends. We will delve into key moments, analyzing their context, consequences, and the reverberations felt today. By studying '15 December in history', we can gain valuable insights into the complexities of historical development and its ongoing relevance.

### 1. The Significance of Dates in Shaping Historical Narrative

The study of specific dates like '15 December in history' offers a unique lens through which to examine historical progress. While arbitrary, the clustering of events around a particular date can highlight themes, reveal patterns, and offer valuable comparative perspectives. By focusing on '15 December in history', we are not suggesting a deterministic relationship between the date and the events, but rather exploring the coincidences and interconnectedness that contribute to a richer understanding of the past.

### 1. Key Events of 15 December in History and Their Contemporary Relevance

Examining '15 December in history' reveals a fascinating tapestry of events spanning various eras and geographical locations. Some key events and their impact on present-day trends include:

The Nanjing Massacre (1937): The horrific events of the Nanjing Massacre, beginning on December 13th and continuing through much of December, including the 15th, serve as a stark reminder of the devastating consequences of unchecked aggression and the importance of international justice. The legacy of the Nanjing Massacre continues to shape Sino-Japanese relations and underscores the enduring need for the prevention of atrocities. Understanding this dark chapter in '15 December in history' is critical to appreciating contemporary discussions on war crimes and human rights.

The signing of the Treaty of Paris (1898): This treaty, which officially ended the Spanish-American War, significantly reshaped the global political landscape. The acquisition of territories by the United States marked the nation's emergence as a major global power. Analyzing the implications of this treaty in the context of '15 December in history' illuminates the complex interplay between imperialism, nationalism, and the emergence of a new world order, impacting discussions about international relations and interventionism today.

Various other significant events on December 15th: Other notable events that fall on December 15th throughout history include political uprisings, scientific breakthroughs, and cultural milestones. A thorough examination of '15 December in history' necessitates a detailed investigation of these diverse occurrences, considering their individual significance and their cumulative effect on societal evolution. This includes analyzing the impact of technological advancements, social movements, and artistic expressions that occurred on this date.

## 1. The Interconnectedness of Historical Events

One of the key benefits of examining '15 December in history' is recognizing the interconnectedness of historical events. Events that appear isolated when viewed in isolation often reveal intricate relationships when examined in a chronological context. This interconnectedness sheds light on the complex web of cause and effect that shapes historical development. For instance, the Treaty of Paris (1898) can be linked to subsequent US foreign policy decisions and the rise of American influence in the 20th century. Similarly, the Nanjing Massacre's impact reverberates through later conflicts and discussions regarding human rights violations.

## 1. The Limitations of Studying Dates in Isolation

While examining '15 December in history' provides valuable insights, it's essential to acknowledge the limitations of focusing solely on a specific date. History is not neatly compartmentalized into individual days; events are fluid and extend beyond arbitrary temporal boundaries. Therefore, a

complete understanding requires a broader contextualization, integrating the events of December 15th within the larger historical narrative.

## 1. The Importance of Historical Context and Interpretation

Understanding '15 December in history' necessitates placing each event within its proper historical context. Examining the political, social, economic, and cultural factors that shaped these occurrences is crucial for accurate interpretation. This contextualization helps avoid presentism – imposing contemporary values and perspectives on past events.

## 1. Applying Historical Lessons to Current Trends

The study of '15 December in history', with its diverse array of significant events, provides valuable lessons applicable to contemporary issues. Understanding the causes and consequences of past conflicts, social movements, and technological advancements informs our understanding of present-day challenges. For example, the legacy of imperialism, as highlighted by the Treaty of Paris, informs contemporary debates on neocolonialism and global power dynamics. The atrocities of the Nanjing Massacre underscore the ongoing need for international cooperation in preventing genocide and ensuring accountability for war crimes.

## Conclusion:

The study of '15 December in history' reveals a rich tapestry of events that continue to shape our world. By critically analyzing these events and their interconnectedness, we gain a deeper understanding of historical processes and their relevance to contemporary issues. While acknowledging the limitations of focusing solely on a specific date, this approach provides valuable insights into the complexities of historical development and offers crucial lessons applicable to our present and future. The enduring impact of the events of '15 December in history' highlights the importance of continuous historical inquiry and reflection.

## FAQs:

1. Why is focusing on a single date like December 15th historically significant? It allows for thematic comparisons and reveals unexpected connections between seemingly disparate events, fostering a deeper understanding of historical patterns.

1. What are the limitations of studying history through specific dates? It risks oversimplification and neglecting the broader context in which events occurred. Events are rarely confined to a single day.

1. How can studying '15 December in history' inform our understanding of current events? Examining past events can provide valuable lessons and insights into contemporary challenges, from international relations to human rights.

1. What is the role of interpretation in studying historical events on December 15th? Historical interpretation is crucial; events must be understood within their context, avoiding presentism and acknowledging multiple perspectives.

1. How does the study of '15 December in history' contribute to a broader understanding of historical narratives? It reveals connections and patterns that might be missed in a more generalized approach to studying history.

1. What are some examples of unexpected connections discovered by studying '15 December in history'? The analysis might reveal surprising links between seemingly unrelated events occurring on the same date across different eras.

1. How can the lessons learned from '15 December in history' be applied to contemporary challenges? Understanding past mistakes and successes can help to address current global issues.

1. What is the role of primary source materials in understanding the events of '15 December in history'? Primary sources provide crucial firsthand accounts and evidence, essential for accurate interpretation.

1. How can we ensure responsible and ethical engagement with the study of '15 December in history'? By acknowledging diverse perspectives, avoiding biases, and promoting critical analysis.

**15 december in history: Australian Competition and Consumer Legislation 2011** Australia, 2011 Australian Competition and Consumer Legislation (previously the Australian Trade Practices Legislation) is an essential publication of competition and consumer law. Key features include: Legislative developments explained in clear history notes in each section; Acts are easy to navigate in order to locate relevant provisions, with explanatory square bracket headings for legislation subsections; essential competition and consumer law developments are comprehensively included, and easy-to-read format facilitates the usability and understanding of this collection of legislation.

**15 december in history: Impossible Worlds, Impossible Things** Melissa Beattie, Ross P. Garner, Una McCormack, 2010-02-19 The successful regeneration of Doctor Who in the twenty-first century has sparked unprecedented popular success and renewed interest within the academy. The ten essays assembled in this volume draw on a variety of critical approaches—from cultural theory to audience studies, to classical reception and musicology—to form a wide-ranging interdisciplinary discussion of Doctor Who, classic and new, and its spin-off series, Torchwood and The Sarah Jane Adventures. With additional contributions from Andrew Pixley, Robert Shearman, Barnaby Edwards, and Matt Hills, the volume is intended to be accessible to everyone, from interested academics in relevant fields to the general public.

**15 december in history: The Routledge International Handbook on Narrative and Life History** Ivor Goodson, Ari Antikainen, Pat Sikes, Molly Andrews, 2016-10-04 In recent decades, there has been a substantial turn towards narrative and life history study. The embrace of narrative and life history work has accompanied the move to postmodernism and post-structuralism across a wide range of disciplines: sociological studies, gender studies, cultural studies, social history; literary theory; and, most recently, psychology. Written by leading international scholars from the main contributing perspectives and disciplines, The Routledge International Handbook on Narrative and Life History seeks to capture the range and scope as well as the considerable complexity of the field of narrative study and life history work by situating these fields of study within the historical and contemporary context. Topics covered include: • The historical emergences of life history and narrative study • Techniques for conducting life history and narrative study • Identity and politics • Generational history • Social and psycho-social approaches to narrative history With chapters from expert contributors, this volume will prove a comprehensive and authoritative resource to students, researchers and educators interested in narrative theory, analysis and interpretation.

**15 december in history: Christmas and the British: A Modern History** Martin Johnes, 2016-10-06 The modern Christmas was made by the Victorians and rooted in their belief in commerce, family and religion. Their rituals and traditions persist to the present day but the festival

has also been changed by growing affluence, shifting family structures, greater expectations of happiness and material comfort, technological developments and falling religious belief. Christmas became a battleground for arguments over consumerism, holiday entitlements, social obligations, communal behaviour and the influence of church, state and media. Even in private, it encouraged reflection on social change and the march of time. Amongst those unhappy at the state of the world or their own lives, Christmas could induce much cynicism and even loathing but for a quieter majority it was a happy time, a moment of a joy in a sometimes difficult world that made the festival more than just an integral feature of the calendar: Christmas was one of British culture's emotional high points. Moreover, it was also a testimony to the enduring importance of family, shared values and a common culture in the UK. Martin Johnes shows how Christmas and its traditions have been lived, adapted and thought about in Britain since 1914. Christmas and the British is about the festival's social, cultural and economic functions, and its often forgotten status as both the most unusual and important day of the year

**15 december in history: To Be Indian** Joy Porter, 2023-08-04 Born on the Seneca Indian Reservation in New York State, Arthur Caswell Parker (1881-1955) was a prominent intellectual leader both within and outside tribal circles. Of mixed Iroquois, Seneca, and Anglican descent, Parker was also a controversial figure-recognized as an advocate for Native Americans but criticized for his assimilationist stance. In this exhaustively researched biography-the first book-length examination of Parker's life and career-Joy Porter explores complex issues of Indian identity that are as relevant today as in Parker's time. From childhood on, Parker learned from his well-connected family how to straddle both Indian and white worlds. His great-uncle, Ely S. Parker, was Commissioner of Indian Affairs under Ulysses S. Grant--the first Native American to hold the position. Influenced by family role models and a strong formal education, Parker, who became director of the Rochester Museum, was best known for his work as a museologist (a word he coined). Porter shows that although Parker achieved success within the dominant Euro-American culture, he was never entirely at ease with his role as assimilated Indian and voiced frustration at having to play Indian to be Indian. In expressing this frustration, Parker articulated a challenging predicament for twentieth-century Indians: the need to negotiate imposed stereotypes, to find ways to transcend those stereotypes, and to assert an identity rooted in the present rather than in the past.

**15 december in history: Spies, Lies, and Citizenship** Mary Kathryn Barbier, 2017-10 In the 1970s news broke that former Nazis had escaped prosecution and were living the good life in the United States. Outrage swept the nation, and the public outcry put extreme pressure on the U.S. government to investigate these claims and to deport offenders. The subsequent creation of the Office of Special Investigations marked the official beginning of Nazi-hunting in the United States, but it was far from the end. Thirty years later, in November 2010, the New York Times obtained a copy of a confidential 2006 report by the Justice Department titled "The Office of Special Investigations: Striving for Accountability in the Aftermath of the Holocaust." The six-hundred-page report held shocking secrets regarding the government's botched attempts to hunt down and prosecute Nazis in the United States and its willingness to harbor and even employ these criminals after World War II. Drawing from this report as well as other sources, *Spies, Lies, and Citizenship* exposes scandalous new information about infamous Nazi perpetrators, including Andrija Artuković, Klaus Barbie, and Arthur Rudolph, who were sheltered and protected in the United States and beyond, and the ongoing attempts to bring the remaining Nazis, such as Josef Mengele, to justice.

**15 december in history: Bulletin** United States. Office of Education, 1915

**15 december in history: Rolling Thunder Against the Rising Sun** Gene Eric Salecker, 2008 Although the history of armor in World War II has captured the attention of countless authors, no one has yet chronicled the extensive use of tanks in the Pacific--until now. In comprehensive detail Gene Eric Salecker describes the exploits of American tanks on the jungle islands where troops engaged in savage combat and encountered unforgiving weather and terrain. Stationed in the Philippines when the Japanese attacked the islands in 1941, the U.S. Army's independent tank battalions fought from the very start of the war. From New Guinea and the Solomons to the Ryukyus,

American armor proved instrumental in winning World War II in the Pacific. First work dedicated solely to the use of Army tanks in the Pacific Theater Covers armor battles in the Philippines, Makin, the Solomons, Rabaul, New Guinea, Saipan, Guam, and Okinawa

**15 december in history: The Old Regime and the Revolution, Volume I** Alexis de Tocqueville, 1998 *The Old Regime and the Revolution* is Alexis de Tocqueville's great meditation on the origins and meanings of the French Revolution. One of the most profound and influential studies of this pivotal event, it remains a relevant and stimulating discussion of the problem of preserving individual and political freedom in the modern world. Alan Kahan's translation provides a faithful, readable rendering of Tocqueville's last masterpiece, and includes notes and variants which reveal Tocqueville's sources and include excerpts from his drafts and revisions. The introduction by France's most eminent scholars of Tocqueville and the French Revolution, Françoise Mélonio and the late François Furet, provides a brilliant analysis of the work.

**15 december in history: The Oxford Handbook of American Women's and Gender History** Ellen Hartigan-O'Connor, Lisa G. Materson, 2018-09-04 From the first European encounters with Native American women to today's crisis of sexual assault, *The Oxford Handbook of American Women's and Gender History* boldly interprets the diverse history of women and how ideas about gender shaped their access to political and cultural power in North America. Over twenty-nine chapters, this handbook illustrates how women's and gender history can shape how we view the past, looking at how gender influenced people's lives as they participated in migration, colonialism, trade, warfare, artistic production, and community building. Theoretically cutting edge, each chapter is alive with colorful historical characters, from young Chicanas transforming urban culture, to free women of color forging abolitionist doctrines, Asian migrant women defending the legitimacy of their marriages, and transwomen fleeing incarceration. Together, their lives constitute the history of a continent. Leading scholars across multiple generations demonstrate the power of innovative research to excavate a history hidden in plain sight. Scrutinizing silences in the historical record, from the inattention to enslaved women's opinions to the suppression of Indian women's involvement in border diplomacy, the authors challenge the nature of historical evidence and remap what counts in our interpretation of the past. Together and separately, these essays offer readers a deep understanding of the variety and centrality of women's lives to all dimensions of the American past, even as they show that the boundaries of women, American, and history have shifted across the centuries.

**15 december in history: A History of Reading** Steven R. Fischer, 2004 Takes in a wonderful diversity of things.-Nature. Now available in paperback, this final volume in the trilogy *Language/Writing/Reading* traces the complete story of reading from the time when symbols first acquired meaning through to the electronic texts of the digital age.

**15 december in history: Encyclopaedia Britannica** Hugh Chisholm, 1910 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication. Some of its articles were written by the best-known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style.

**15 december in history: The Promise of History** Athanasios Moulakis, 2019-07-08 No detailed description available for *The Promise of History*.

**15 december in history: Defining Dress** Amy De La Haye, Elizabeth Wilson, 1999 This collection of essays brings together many separate but related issues which form the focus of contemporary research into the history of dress. Historically, in Britain at least, investigations of dress were primarily informed by historical and empirical protocols, although the symbolic meaning of dress was explored by anthropologists and sociologists, who tended to concentrate on either non-Western cultures or British or Western sub-cultures. In recent years these approaches have moved closer together partly as a result of the impact of feminism.

**15 december in history: Transnationalism and the Asian American Heroine** Lan Dong, 2014-01-10 This collection examines transnational Asian American women characters in various fictional narratives. It analyzes how certain heroines who are culturally rooted in Asian regions have

been transformed and re-imagined in America, playing significant roles in Asian American literary studies as well as community life. The interdisciplinary essays display refreshing perspectives in Asian American literary studies and transnational feminism from four continents.

**15 december in history:** Naval Training Bulletin , 1946

**15 december in history: Sociology of Education** Tomas Boronski, Nasima Hassan, 2015-09-26 'An essential student-friendly text for Education Studies.' Dr Gillian Forrester, Subject Head for Education & Early Childhood Studies, Liverpool John Moores University 'Introducing students to the complexities of Education Studies is a difficult task and this book will go a long way to making it easier. I will definitely be recommending this to all my students.' Kevin Brain, Programme Leader, Education Studies, Leeds Trinity University This textbook explains the basic principles of sociology and relates these concepts to today's society and education system in order to deepen your understanding of how these issues affect our lives and the world we live in, encouraging you to think critically and to develop a 'sociological imagination'. Coverage includes: the wider political and economic context for education in the UK, including an analysis of the reforms of the 2010 coalition government childhood, schooling and pupil voice non-traditional consideration of critical pedagogy, 'race' and gender the role of education in a multicultural society inequalities in educational opportunity in terms of class, ethnicity and disability. This is essential reading for students on undergraduate Education Studies degrees, and for sociology courses covering educational issues.

**15 december in history: Historical Dictionary of Tokyo** Roman Cybriwsky, 2011-02-18 Tokyo is Japan's largest city and its capital. It is also one of the largest cities in the world and a major center of global economic influence. The origins of human settlement in what is today Tokyo are lost in prehistory. The city started out quite modestly as a small castle town of Edo in 1457, then the center of the Tokugawa shogunate from 1603-1868, the rapidly modernizing and Westernizing capital of the nation during the Meiji Period (1868-1912), and the capital of a prosperous nation and growing empire thereafter. Tokyo was utterly devastated during World War II, but this was not the first time Tokyo had to start seemingly from new. Due to many fires and earthquakes, the city has constantly rebuilt itself and today it outdoes all its previous emanations by far. The second edition of the Historical Dictionary of Tokyo is a much-needed reference source on the city. This is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on people, places, events, and other terminology about the city of Tokyo. This book is a must for anyone interested in Japan and Tokyo.

**15 december in history: The English Historical Review** Mandell Creighton, Justin Winsor, Samuel Rawson Gardiner, Reginald Lane Poole, Sir John Goronwy Edwards, 1891

**15 december in history: Biographical and Historical Record of Adams and Wells Counties, Indiana** , 1887

**15 december in history: The Fairmount Park Motor Races, 1908-1911** Michael J. Seneca, 2003-01-01 For four years, early in the last century, the Fairmount Park Motor Races were run on an eight-mile course in Philadelphia's West Fairmount Park. They drew half a million spectators the first year, but surprisingly they have been overlooked as part of automobile racing history and as part of the history of Philadelphia. In contrast to other racing events, such as the Vanderbilt Cup, there were never any serious injuries and not a single death, but after four years of spectacular racing, the event was banned, with safety concerns cited. Opening with a brief look at automobile racing prior to 1908, the book covers the events leading up to the first race. It discusses the proposal to have a race in Fairmount Park and the reasons why Philadelphia, and the park in particular, was such an unlikely place. Both the on-track action of the races and the off-track events that affected them are described. Dr. J. William White's successful crusade, following the 1911 outing, to stop the races is examined, as are attempts to revive the race in the following six years, including Philadelphia's attempt to compete with Indianapolis by constructing a two-mile oval speedway, and the city's eventual exit from automobile racing.

**15 december in history: Welfare and the Poor in the Nineteenth-century City** Priscilla

Ferguson Clement, 1985 The changes in the relative importance of humanitarianism, social control, and economy in the Philadelphia welfare system from 1800 to 1854 are examined by the author in regard to the management of public outdoor relief, indoor aid in the Alms-house, public and private assistance to needy children, and private charitable aid to impoverished adults.

**15 december in history: Malta, Britain, and the European Powers, 1793-1815** Desmond Gregory, 1996 This book describes how the island of Malta became a protectorate of the British Crown during the wars against Napoleon after the failures of the Knights of Saint John, republican France, the Two Sicilies, and finally imperial Russia to fill the role of its best defender. Author Desmond Gregory also explains why most, though not all, Maltese people welcomed the protection of Britain, the supreme naval power in the Mediterranean after the battle of Aboukir Bay.

**15 december in history: Remains, Historical and Literary, Connected with the Palatine Counties of Lancaster and Chester** , 1879

**15 december in history: Remains historical and literary connected with the Palatine counties of Lancaster and Chester published by the Chetham Society** Chetham Society, 1879

**15 december in history: Natural Resource Investment and Africa's Development** Francis N. Botchway, 2011-01-01 'This book makes a significant contribution to the literature on natural resource law and governance by engaging specifically with the issues arising in the African region. It covers a wide spectrum of issues that are key to the sustainable use of natural resources in the region, thus making it an important resource for anyone interested in natural resource governance and economic development in the African region.' - Philippe Cullet, University of London, UK This well-researched book covers a wide spectrum of important issues that are central to investment in natural resources and ultimately, economic development of Africa. Francis Botchway and the expert contributors analyse the relationships between good governance and resource management, as well as the existing commercial and financial agreements. The environmental implication of resource exploitation and the international dimensions of the industry are also explored in this insightful study. Each comprehensive and concise contribution highlights the importance of transparency and equity in investment and management of natural resources. Natural Resource Investment and Africa's Development is essential material for scholars and students of development, environmental law, international economic law and dispute resolution, as well as any international investor in natural resources.

**15 december in history: Prologue** , 2001

**15 december in history: That Magic Feeling** John C. Winn, 2009-06-16 From Revolver to Let It Be, That Magic Feeling: The Beatles Recorded Legacy, Volume Two, 1966—1970, continues the chronicle of the group's spectacular career from its creative zenith to its irrevocable split As the Beatles moved into the mid and late 1960s, their collective and individual musical talent and innovations evolved at an unparalleled pace. Like its companion volume, Way Beyond Compare: The Beatles' Recorded Legacy, Volume One, 1957—1965, this unique work thoroughly chronicles all known and available Beatles recordings during this period of incredible creative growth. Have you ever watched a Beatles film clip and wondered: • Where was that filmed? • Is any more of that footage available? Have you ever heard a Beatles interview and asked: • When was that taped? • Where's the best place to find the complete recording? That Magic Feeling answers these and thousands of similar questions. With more than 500 entries, it includes recording sessions, concerts, newsreel footage, press clips, TV and film performances, home movies, radio interviews, documentaries, studio outtakes, home demos, and alternative mixes—all of which are given complete coverage for the first time. Author John C. Winn has spent two decades poring over, scrutinizing, organizing, and analyzing hundreds of hours of audio and video recordings and compiling them into a digestible chronological framework, creating the ultimate reference guide to the Beatles' legendary musical and cultural evolution.

**15 december in history: Tongerlongeter** Henry Reynolds, Nicholas Clements, 2022-11-01 Henry Reynolds and Nicholas Clements uncover the extraordinary story of one of Australia's greatest military leaders. Tongerlongeter is an epic story of resistance, sorrow and survival. Leader

of the Oyster Bay nation of south-east Tasmania in the 1820s and '30s, Tongerlongeter and his allies prosecuted the most effective frontier resistance ever mounted on Australian soil, inflicting some 354 casualties. His brilliant campaign inspired terror throughout the colony, forcing Governor George Arthur to counter with a massive military operation in 1830. Tongerlongeter escaped but the cumulative losses had taken their toll. On New Year's Eve 1831, having lost his arm, his country, and all but 25 of his people, the chief agreed to an armistice. In exile on Flinders Island, Tongerlongeter united remnant tribes and became the settlement's 'King' — a beacon of hope in a hopeless situation. 'A masterpiece of military history' — Michael McKernan, *The Canberra Times* 'The astonishing story of Tongerlongeter's valiant struggle to defend his Country, whatever the cost.' — Mark McKenna, *Sydney Morning Herald* 'Henry Reynolds and Nicholas Clements have worked some powerful historical magic to conjure out of a dark and foggy Tasmanian past the image of a tall, handsome, noble warrior named Tongerlongeter...' — Charles Wooley, *The Weekend Australian*

**15 december in history: India Rising** Johannes Plagemann, Sandra Destradi, Amrita Narlikar, 2020-01-17 India Rising unpacks the country's approach to global governance by systematically considering three potential factors—ideas, interests, and institutions—that have an impact on India's foreign policy making. The editors and contributors of this volume examine possible explanations for India's varying compliance with global regimes and its contributions to the development and change of those regimes in areas such as nuclear non-proliferation, maritime security, counter-terrorism, cyber-governance, democracy promotion, climate change, and trade policy. The book also discusses how India is globally perceived in differing ways: as a hub of diplomatic interaction and as a difficult negotiator with a frequently inflexible stance. Looking at the prime ministerial years of Manmohan Singh and Narendra Modi's first term, it examines India's often ambivalent approach to global governance and foreign policy making in the backdrop of its image as a rising global power. It thus seeks to answer the primary question: What drives rising India's conduct on the world stage?

**15 december in history: International Medievalisms** Leverhulme Early Career Fellow Mary Boyle, Mary Boyle, 2023-02-14 Identifies and investigates international medievalism through three distinct strands: Internationally Nationalist, Someone Else's Past?, and Activist Medievalism. Medievalism - the reception of the Middle Ages - often invokes a set of tropes generally considered 'medieval', rather than consciously engaging with medieval cultures and societies. International medievalism offers an additional interpretative layer by juxtaposing two or more national cultures, at least one of which is medieval. 'National' can be aspirational: it might refer to the area within agreed borders, or to the people who live there, but it might also describe the people who understand, or imagine, themselves to constitute a nation. And once 'medieval' becomes simply a collection of ideas, it can be re-formed as desired, cast as more geographically than historically specific, or function as a gateway to an even more nebulous past. This collection identifies and investigates international medievalism through three distinct strands, 'Internationally Nationalist', 'Someone Else's Past?', and 'Activist Medievalism', exploring medievalist media from the textual to the architectural. Subjects range from *The Green Children of Woolpit* to *Refugee Tales*, and from Viking metal to Joan of Arc. As the contributors to each section make clear, for centuries the medieval has provided material for countless competing causes and cannot be contained within historical, political, or national borders. The essays show how the medieval is repeatedly co-opted and recreated, formed as much as formative: inviting us to ask why, and in service of what.

**15 december in history:** Official History of the Canadian Army in the Second World War: The Canadians in Italy, 1943-1945, by G. W. L. Nicholson Canada. Department of National Defence. General Staff, 1966

**15 december in history: Restaging the Past** Angela Bartie, Linda Fleming, Mark Freeman, Alexander Hutton, Paul Readman, 2020-08-17 Restaging the Past is the first edited collection devoted to the study of historical pageants in Britain, ranging from their Edwardian origins to the present day. Across Britain in the twentieth century, people succumbed to 'pageant fever'. Thousands dressed up in historical costumes and performed scenes from the history of the places where they lived, and hundreds of thousands more watched them. These pageants were one of the most significant aspects of popular engagement with the past between the 1900s and the 1970s: they took place in large cities, small towns and tiny villages, and engaged a whole range of different organised groups, including Women's Institutes, political parties, schools, churches and youth organisations. Pageants were community events, bringing large numbers of people together in a shared celebration and performance of the past; they also involved many prominent novelists, professional historians and other writers, as well as featuring repeatedly in popular and highbrow literature. Although the pageant tradition has largely died out, it deserves to be acknowledged as a key aspect of community history during a period of great social and political change. Indeed, as this book shows, some traces of 'pageant fever' remain in evidence today.

**15 december in history: Australian Superannuation Legislation, 2012, 16th ed**, 2013 Consolidated to 1 January 2013, this title contains a summary of 2012 amending Acts and Regulations to superannuation, tax and related laws, and is the essential legislation book for practitioners. The publication includes the complete superannuation industry supervision (SIS) legislation, superannuation guarantee Act, unclaimed superannuation money Act, and government co-contributions Act. It also includes relevant extracts from the income tax and taxation administration Acts, and other laws impacting on superannuation operation.--Publisher's website.
