15 nights on a business trip hybe: Witnessing Gwangju Paul Courtright, 2020-05-01 As a young Peace Corps volunteer, working with leprosy patients in rural South Korea in 1980, Paul Courtright got caught in the middle of a brutal military suppression in Gwangju. Over a span of 13 days, he witnessed the unfolding Gwangju Uprising, during which he was trapped in the city, ringed by the military. The residents of the city rallied to create their own government and militia and Paul and his colleagues translated for a few foreign reporters and photographers who managed to get into Gwangju. Paul's first attempt to get out, to get to Seoul and inform the US Embassy as to the true nature of events in Gwangju, failed. His second attempt, over the hills to his village and then to Seoul, was successful, but harrowing. This memoir is the first by a foreign witness to the Gwangju

Uprising. It is both a clear-eyed record of the events and a reflection of Paul's emotional journey as the uprising went through its various twists and turns.

15 nights on a business trip hybe: Opening Ceremony Carol Lim, Humberto Leon, 2012-09-04 This lively volume celebrates the contributions to inventive fashionable living by the New York-based style innovator Opening Ceremony—a bible for the fashion-forward and culturally savvy alike. Bringing together the best emerging American talent with international designers and historic brands, Opening Ceremony represents the best in fashion and has played a vital role in launching the careers of many young designers. Celebrating the company's tenth anniversary, Opening Ceremony is a visually rich documentation of Leon and Lim's diverse inspirations, collaborators, and creative community, including Ryan McGinley, Rodarte, and Alexander Wang. A celebratory look at New York's quintessential style headquarters, this book will captivate and inspire readers from fashion, art, music, film, and beyond.

15 nights on a business trip hybe: Essays After Eighty Donald Hall, 2014-12-02 The former U.S. Poet Laureate contemplates life, death, and the view from his window in these "alternately lyrical and laugh-out-loud funny" essays (The New York Times). From an early age, Donald Hall dedicated his life to the written word. In his long and celebrated career, he was an accomplished poet, essayist, memoirist, dramatist, and children's author. Now, in the "unknown, unanticipated galaxy" of very old age, his essays continue to startle, move, and delight. In Essays After Eighty, Hall ruminates on his past: "thirty was terrifying, forty I never noticed because I was drunk, fifty was best with a total change of life, sixty extended the bliss of fifty . . ." He also addresses his present: "When I turned eighty and rubbed testosterone on my chest, my beard roared like a lion and gained four inches." Most memorably, Hall writes about his enduring love affair with his ancestral Eagle Pond Farm and with the writing life that sustains him every day: "Yesterday my first nap was at 9:30 a.m., but when I awoke I wrote again." "Deliciously readable...Donald Hall, if abandoned by the muse of poetry, has wrought his prose to a keen autumnal edge." —The Wall Street Journal

15 nights on a business trip hybe: Girl With No Job Claudia Oshry, 2021-01-26 INSTANT NEW YORK TIMES BESTSELLER A laugh-out-loud funny look at pop culture and social media stardom from one of the most popular funemployed millennials today, perfect for fans of Next Level Basic and The Betches. As the creator of the breakout Instagram account @GirlWithNoJob, Claudia Oshry has turned not wanting an ordinary career into a thriving media company and pop culture-focused podcast and morning show. The origins of her pop culture obsessions can be traced back to household debates over boy bands, and her flair for the dramatic to her young emulation of Blair Waldorf. When she started @GirlWithNoJob, Claudia entered that world herself as a social media influencer, sharing her unbelievable—and unbelievably awkward—encounters with some of her favorite A-listers as she navigates her incredible access. Now, in this juicy, behind-the-scenes look at the life of an Instagram sensation, Claudia leaves nothing out as she contemplates staying true to yourself while hustling in today's digital culture. Sometimes the best lessons are learned the hard way, and her journey hasn't been without its punch-in-the-face doses of humility. But, like anyone with a relentless desire to be popular, she dusts herself off and finds a new, better way forward. With humor and unique insights, Claudia examines the nature of social media celebrity, the many sides of fandom, and cancel culture. If there's one thing she knows for sure, she was born thirsty, and she's here for another round!

15 nights on a business trip hybe: The Cleanest Race B.R. Myers, 2011-02-01 Understanding North Korea through its propaganda What do the North Koreans really believe? How do they see themselves and the world around them? Here B.R. Myers, a North Korea analyst and a contributing editor of The Atlantic, presents the first full-length study of the North Korean worldview. Drawing on extensive research into the regime's domestic propaganda, including films, romance novels and other artifacts of the personality cult, Myers analyzes each of the country's official myths in turn—from the notion of Koreans' unique moral purity, to the myth of an America quaking in terror

of “the Iron General.” In a concise but groundbreaking historical section, Myers also traces the origins of this official culture back to the Japanese fascist thought in which North Korea’s first ideologues were schooled. What emerges is a regime completely unlike the West’s perception of it. This is neither a bastion of Stalinism nor a Confucian patriarchy, but a paranoid nationalist, “military-first” state on the far right of the ideological spectrum. Since popular support for the North Korean regime now derives almost exclusively from pride in North Korean military might, Pyongyang can neither be cajoled nor bullied into giving up its nuclear program. The implications for US foreign policy—which has hitherto treated North Korea as the last outpost of the Cold War—are as obvious as they are troubling. With North Korea now calling for a “blood reckoning” with the “Yankee jackals,” Myers’s unprecedented analysis could not be more timely.

15 nights on a business trip hybe: The New Koreans Michael Breen, 2017-04-06 'As good a guide to a fascinating country in transformation as you will get.' Management Today In the course of a couple of generations, South Koreans took themselves out of the paddy fields and into Silicon Valley, establishing themselves as a democracy alongside the advanced countries of the world. Yet for all their ambition and achievement, the new Koreans are a curiously self-deprecating people. There is a land with a rich and complex past, certain aspects of which they would prefer to forget as they focus on the future. Having lived and worked in South Korea for many years, Michael Breen considers what drives the nation today, and where it is heading. Through insightful anecdotes and observations, he provides a compelling portrait of Asia's most contradictory and polarized country. South Koreans are motivated by defiance, Breen argues: defiance of their antagonistic neighbour, North Korea, of their own history and of international opinion. Here is an overlooked nation with, great drive, determined to succeed on its own terms.

15 nights on a business trip hybe: House of the Rising Son Trevann Rogers, 2015-09-22 Sex. Rebellion. Rock and roll. Living After Midnight, Book 1 Cheyenne is a half-human incubus whose star is on the rise in the Unakite City rock scene. His father, the leader of the supernatural races, would prefer he keep a low profile, but screw that. Cheyenne has as much music in his veins as royal incubi blood. Alexander's future is all set-finish law school, join the family firm, and marry someone who'd be good for business. Not that he has a say in any of it. He's barely met the woman his father expects him to marry. As Cheyenne's musical career takes off, his carefully constructed life begins to unravel, exacerbated by an ex-lover who can't let go, a crotchety barkeeper with a dirty mind and a pure heart, a drag queen who moonlights as a nanny, and Alexander-who's not sure if he's falling for the incubus or the rocker. Cheyenne denies who he is, while Alexander hides what he wants. Together, they learn that getting what they truly want means being who they truly are. Warning: Contains hot were-tiger sex, a Thanksgiving celebration that makes the Inquisition look like a tea party, and an incubus who'll rock your world.

15 nights on a business trip hybe: The Koreans Michael Breen, 2014-05-20 The rise of South Korea is one of the most unexpected and inspirational developments of the latter part of our century. A few decades ago, the Koreans were an impoverished, agricultural people. In one generation they came out of the fields and into Silicon Valley. In 1997, this powerhouse of a nation reeled and almost collapsed as a result of a weak financial system and heavily indebted conglomerates. The world is now watching to see whether the Koreans will be able to reform and continue their stunning growth. Although Korea has only recently found itself a part of the global stage, it is a country with a rich and complex past. Early history shows that Koreans had a huge influence on ancient Japan, and their historic achievements include being the first culture to use metal movable type for printing books. However, much of their history is less positive; it is marred with political violence, poverty, and war--aspects that would sooner be forgotten by the Koreans, who are trying to focus on their promising future. The fact that Korean history has eluded much of the world is unfortunate, but as Korea becomes more of a global player, understanding and appreciation for this unique nation has become indispensable. In *The Koreans*, Michael Breen provides an in-depth portrait of the country and its people. An early overview of the nature and values of the Korean people provides the background for a more detailed examination of the complex history of the country, in particular its division into the Communist north and pro-Western south. In this absorbing and enlightening account of the Koreans, Michael Breen provides compelling insight into the history and character of this fascinating nation.

Essential and cutting-edge, *Cellular Programming and Reprogramming: Methods and Protocols* promises to aid scientists attempting to advance stem cell biology in order to better treat devastating human diseases, including cardiovascular disease, neurodegenerative disease, musculoskeletal disease, diabetes, and cancer.

15 nights on a business trip hybe: Pain Killer Brantt Myhres, 2021-02-16 #1 BESTSELLER This book is at times startling, yet very real and down to earth . . . I saw [Brantt] in all phases of his life and his career. I consider him a friend and an ally. *Pain Killer* sends a strong message. --Darryl Sutter, former NHL player, coach, and GM From the only player to be banned for life from the NHL, a harrowing tale of addiction, and an astonishing path to recovery. Brantt Myhres wasn't around for the birth of his daughter. Myhres had played for seven different NHL teams, and had made millions. But he'd been suspended four times, all for drug use, and he had partied his way out of the league. By the time his daughter was born, he was penniless, sleeping on a friend's couch. He'd just been released from police custody. He had a choice between sticking around for the birth, or showing up for league-mandated rehab. He went to rehab. For the fifth time. This is his story, in his own words, of how he fought his way out of minor hockey into the big league, but never left behind the ghosts of a bleak and troubled childhood. He tells the story of discovering booze as a way of handling the anxiety of fighting, and of the thrill of cocaine. In the raw language of the locker room, he tells of how substance abuse poisoned the love he had in his life and sabotaged a great career. Full of stories of week-long benders, stripper-filled hot tubs, motorcycle crashes, and barroom brawls, *Pain Killer* is at its most powerful when Myhres acknowledges how he let himself down, and betrayed those who trusted him. Again and again, he fools the executives and doctors who gave him a second chance, then a third, then a fourth, and with each betrayal, he spirals further downward. But finally, on the eve of his daughter's birth, when all the money was gone, every bridge burnt, and every opportunity squandered, he was given a last chance. And this time, it worked. It worked so well, that not only has he been around for his daughter for the past eleven years, in 2015 he was signed by the LA Kings as a sober coach: a guy who'd been there, a guy who could recognize and help solve problems before they ruined lives and made headlines (as the Kings had seen happen three times that season). Not only did Myhres save himself, he saved others. Unpolished, unpretentious, and unflinching, Myhres tells it like it is, acknowledging every mistake, and painting a portrait of an angry, violent, dangerous man caught in the vice of something he couldn't control, and didn't understand. If Brantt Myhres can pull himself together, anyone can. And he does, convincingly, and inspiringly.

15 nights on a business trip hybe: Looking at Dances Valerie Preston-Dunlop, 2014-03-17 Does a dance communicate ? What ? How ? Are all dances meaningful ? Do spectators see what a choreographer sees ? The strands of the dance medium like locks of hair plait into one meaningful whole. The interlock is all. The interlock is what this book explores from the choreographer and performers' perspective with every genre in contemporary dance theatre in mind. Written for practical people in dance, the text is organised in 32 short chapters each addressing a question on

the way in which choreographers might or might not engage with their audiences in dance theatre works. The topics include an introduction to communication theory and the way in which the interlocking network between performers, movement material, sound, and performance can carry meaning. The book is written from choreographers' and performers' perspectives, with 46 dance works cited from a wide range of genres. The text is unusually presented - as closely as possible to how we speak to each other - with key words in bold type for ease of reference. Valerie Preston-Dunlop is an internationally recognised lecturer, teacher, and author on dance. She is currently Adviser for Postgraduate Studies and Research at the Trinity Laban Centre in London.

15 nights on a business trip hybe: The Cechs (Bohemians) In America Thomas Capek, 2018-02-08 Excerpt from *The Cechs (Bohemians) In America: A Study of Their National, Cultural, Political, Social, Economic and Religious Life* I do not describe Gech America as a tourist who passes hurriedly through a foreign country and records the impressions Of the moment; I write as a close relative, a member Of the family, who for thirty-nine years has lived uninterruptedly in Cech America or very close to its border. I know it in its holiday attire and in its working clothes. I know its faults, which are many, and its virtues, which, I like to think, outweigh them. A residence Of seven years in Omaha, spent partly in a newspaper Office, partly in a law Office, gave me a rare Opportunity to Observe at close range the evolution Of the virile settler Of the Middle West, while life in large cities (in New York since 1894) has brought me in direct and daily contact with the men and women who live in those queer but cozy corners Of America called, somewhat patronizingly, foreign quarters. 15 nights on a business trip hybe: Amy Winehouse: Beyond Black Naomi Parry, 2021-09-14 The definitive story of Amy Winehouse's life and career told through key photographs, memorabilia and recollections by those who knew her best. Curated by Amy's stylist and close friend Naomi Parry.0Amy Winehouse left an indelible mark on both the music industry and pop culture with her soulful voice and bold 60s-inspired aesthetic. Featuring stories and anecdotes from a wide range of characters connected to Amy, specially commissioned photography of memorabilia, styled and dressed themed sets incorporating Amy's clothing, possessions and lyrics, and previously unseen archival images, this volume presents an intimate portrait that celebrates Amy's creative legacy. 0 Interspersed throughout are personal reflections on Amy's life and work, provided by her friends, colleagues and fans. These include Ronnie Spector, Vivienne Westwood, Bryan Adams, Little Simz, Carl Barat, close friend Catriona Gourlay, Douglas Charles-Ridler (owner of the Hawley Arms), tattooist Henry Hate, goddaughter Dionne Broomfield and DJ Bioux. Each one has a personal story to share and together their anecdotes and reflections build into a complex picture of a much admired but troubled star. Vice Culture Editor Emma Garland puts these insights into context with an introduction that highlights the principal events and achievements in Amy's life and work, and the key characters that played a part in it.

15 nights on a business trip hybe: The Interpreter Suki Kim, 2004-01-01 A striking first novel about the dark side of the American Dream Suzy Park is a twenty-nine-year-old Korean American interpreter for the New York City court system. Young, attractive, and achingly alone, she makes a startling and ominous discovery during one court case that forever alters her family's history. Five years prior, her parents--hardworking greengrocers who forfeited personal happiness for their children's gain--were brutally murdered in an apparent robbery of their fruit and vegetable stand. Or so Suzy believed. But the glint of a new lead entices Suzy into the dangerous Korean underworld, and ultimately reveals the mystery of her parents' homicide. An auspicious debut about the myth of the model Asian citizen, *The Interpreter* traverses the distance between old worlds and

new, poverty and privilege, language and understanding.

15 nights on a business trip hybe: *They Teach Us Nothing* Dinos Chapman, Howard Phillips Lovecraft, 2011 Created as part of the exhibition *Jake or Dinos Chapman*, in which the artists worked separately to produce a series of works in isolation from each other, this artists book features 22 pencil drawings by Dinos Chapman made on pages torn from childrens dot-to-dot colouring books. The title of each drawing is taken from the works of H. P. Lovecraft. The book is made using brown craft paper, while the artworks are printed actual size on matt white paper, and bound in as inserts.
