adrianne palicki dating history: *Supernormal Stimuli: How Primal Urges Overran Their Evolutionary Purpose* Deirdre Barrett, 2010-02-22 How our once-helpful instincts got hijacked by our garish modern world. Have you ever wondered why some men choose pornography over actual women? Why so many people watch *Friends* instead of going out with their own buddies? Why a person would "feed" a plastic Pocket Pet while shirking real duties? Why both sides of every war see the other as the aggressor against whom their "Department of Defense" must respond? Harvard evolutionary psychologist Deirdre Barrett explains how human instincts—for food, sex, or territorial protection—developed for life on the savannah ten thousand years ago, not for today's world of densely populated cities, technological innovations, and pollution. Evolution, quite simply, has been unable to keep pace with the rapid changes of modern life. We now have access to a glut of larger-than-life objects—from candy to pornography to atomic bombs—that gratify outmoded but persistent drives with dangerous results. In the 1930s Dutch Nobel laureate Niko Tinbergen found that birds that lay small, pale-blue eggs speckled with gray preferred to sit on giant, bright-blue, plaster dummies with black polka dots. He coined the term "supernormal stimuli" to describe these imitations that appeal to primitive instincts and, oddly, exert a stronger attraction than real things. Obviously these hard-wired preferences pose a danger to a species' survival. Barrett's singular insight is to apply this phenomenon for the first time to the alarming disconnect between human instinct and our created environment. Her book adroitly demonstrates how supernormal stimuli are a driving force in many of today's most pressing problems, including obesity, our addiction to television and video games, and the past century's extraordinarily violent wars. Man-made imitations, it turns out, have wreaked havoc on how we nurture our children, what food we put into our bodies, how we make love and war, and even how we understand ourselves. Barrett does more than pull the fire alarm to show how these unfettered instincts fuel dangerous excesses. There is a hopeful message here as well. Once we recognize how supernormal stimuli operate, we can craft new approaches to modern predicaments. Humans have one stupendous advantage over Tinbergen's birds: a giant brain. The message of this book is that this gives us the unique ability to exercise self-control, override instincts that lead us astray, and save ourselves from civilization's gaudy traps.

Working with her husband, Jerry, Eileen Ford created the twentieth century's largest and most successful modeling agency, representing some of the fashion world's most famous names—Suzy Parker, Carmen Dell'Orefice, Lauren Hutton, Rene Russo, Christie Brinkley, Jerry Hall, Christy Turlington, and Naomi Campbell. Her relentless ambition turned the business of modeling into one of the most glamorous and desired professions, helping to convert her stable of beautiful faces into millionaire superstars. *Model Woman* chronicles the Ford Modeling Agency's meteoric rise to the top of the fashion and beauty business, and paints a vibrant portrait of the uncompromising woman at its helm in all her glittering, tyrannical brilliance. Outspoken and controversial, Ford was never afraid to offend in defense of her stringent standards. When she chose, she could deliver hauteur in the grand tradition of fashion's battle-axes, from Coco Chanel to Diana Vreeland—just ask John Casablancas or Janice Dickinson. But she was also a shrewd businesswoman with a keen eye for talent and a passion for serving her clients. Drawing on more than four years of intensive interviews with Ford and her intimates, associates, and rivals, as well as exclusive access to agency documents and memorabilia, Robert Lacey weaves an unforgettable tale of a determined entrepreneur and the empire she built—a story of beauty, ambition, business, and popular culture as powerful and complex as the woman at its center.

Mike is pining for his ex-girlfriend; his suave buddy Trent wants to entice him away from his stuffy apartment and back out among 'the beautiful babies' on the club scene. HQ for the guys' nocturnal manoeuvres is Sue's pad, where they debate the techniques of seduction and fight over video ice-hockey. Somehow, they still manage to show out all over town. But can Mike ever overcome his low self-esteem, accept Trent's assurance that he's 'a big winner', and so woo and win his true love? This volume also includes *The Swingers Rules* - a concise lesson in the dos and don'ts of modern dating, as explained by author and actor Jon Favreau (Mike) and actor Vince Vaughn (Trent).
