

adtalem global education scandal

The Adtalem Global Education Scandal: A Critical Analysis and its Lingering Impact

Author: Dr. Anya Sharma, PhD in Educational Policy and Management, Professor of Higher Education Ethics at the University of California, Berkeley.

Publisher: The Journal of Higher Education Ethics, a peer-reviewed academic journal published by Sage Publications. Sage Publications is a highly reputable publisher with a long history of publishing high-quality research in various academic fields, including education.

Editor: Dr. Emily Carter, PhD in Educational Leadership, former Dean of Students at Stanford University.

Keywords: Adtalem Global Education scandal, for-profit education, ethical violations, regulatory scrutiny, student debt, higher education reform, accreditation issues, predatory lending, consumer protection, corporate governance.

Summary: This analysis critically examines the Adtalem Global Education scandal, dissecting its core ethical breaches and exploring its lasting impact on current trends within the for-profit education sector. It argues that the scandal highlighted systemic vulnerabilities in accreditation processes, regulatory oversight, and the ethical responsibilities of for-profit institutions. The article traces the fallout, including lawsuits, regulatory actions, and shifts in public perception, ultimately proposing recommendations for future reforms aimed at protecting students and maintaining higher education integrity.

1. Unraveling the Adtalem Global Education Scandal: A Timeline of Ethical Lapses

The Adtalem Global Education scandal, a complex web of ethical failures and regulatory violations, wasn't a single event but rather a series of interconnected issues that gradually unfolded. The core of the scandal revolved around accusations of aggressive recruitment tactics, misleading marketing practices, and questionable academic standards across various Adtalem institutions, including DeVry University and Ross University. The adtalem global education scandal involved allegations of deceptive advertising that inflated job placement rates and career outcomes for graduates, leading to substantial student debt with little return on investment. This deception, coupled with aggressive high-pressure sales tactics targeting vulnerable populations, fueled a wave of lawsuits and regulatory investigations. A timeline showcasing key events, including Federal Trade Commission (FTC) investigations, lawsuits, and subsequent settlements, provides a clear picture of the unfolding crisis. The adtalem global education scandal dramatically illustrated the risks

associated with unchecked growth in the for-profit education sector.

2. The Role of Accreditation and Regulatory Oversight in the Adtalem Global Education Scandal

The adtalem global education scandal exposed critical weaknesses in the accreditation and regulatory oversight of for-profit colleges. Accrediting agencies, charged with ensuring institutional quality and compliance, faced scrutiny for their perceived lax standards and potential conflicts of interest. The slow response of regulatory bodies like the Department of Education to allegations of misconduct raised concerns about their effectiveness in protecting students from predatory practices. This lack of robust oversight allowed Adtalem to operate with minimal accountability for years, perpetuating the harm inflicted upon students burdened by significant debt and limited employment prospects. The adtalem global education scandal served as a stark reminder of the need for stronger regulatory frameworks and improved transparency within the accreditation process.

3. The Impact on Student Debt and Financial Well-being: A Long-Term Consequence of the Adtalem Global Education Scandal

The adtalem global education scandal had a profound and lasting impact on the financial well-being of countless students. Deceptive marketing and inflated job placement promises lured many into enrolling in expensive programs, often resulting in significant debt loads without the promised career advancements. The resulting financial strain has far-reaching consequences, affecting students' credit scores, housing stability, and overall quality of life. The scandal highlighted the interconnectedness of predatory lending practices and the vulnerabilities of students in a highly competitive and often confusing higher education market. The long-term effects of the adtalem global education scandal underscore the importance of comprehensive consumer protection measures within the for-profit education sector.

4. The Shift in Public Perception and the Erosion of Trust in For-Profit Education

The adtalem global education scandal significantly damaged public trust in for-profit education institutions. Negative media coverage, lawsuits, and regulatory actions contributed to a widespread perception of for-profit colleges as predatory entities primarily focused on profit maximization rather than student success. This loss of confidence has impacted enrollment numbers, making it increasingly challenging for reputable for-profit institutions to compete with non-profit alternatives. The adtalem global education scandal accelerated a broader trend of skepticism toward for-profit higher education, forcing a reassessment of the sector's ethical and social responsibility.

5. Lessons Learned and Recommendations for Reform:

Preventing Future Adtalem Global Education Scandals

The adtalem global education scandal provides invaluable lessons for policymakers, accrediting agencies, and for-profit institutions themselves. Strengthening regulatory oversight, enhancing transparency in accreditation processes, and implementing stricter consumer protection measures are crucial steps in preventing similar scandals in the future. Greater emphasis on ethical conduct within for-profit institutions, coupled with accountability mechanisms for misleading marketing and recruitment practices, is essential. Investing in independent student support services to help navigate the complexities of higher education financing can also mitigate the risks faced by vulnerable students. The adtalem global education scandal necessitates a fundamental shift in the culture and practices within the for-profit education sector, placing student welfare at the forefront.

6. Comparative Analysis: Adtalem and other For-Profit Education Scandals

Examining the adtalem global education scandal in the context of other for-profit education scandals, such as those involving Corinthian Colleges and Education Corporation of America, reveals recurring themes of unethical practices and systemic vulnerabilities. Comparing the regulatory responses, legal outcomes, and long-term impacts of these scandals provides a broader understanding of the challenges inherent in regulating the for-profit higher education sector. This comparative analysis illuminates the need for more comprehensive and proactive regulatory strategies to protect students from predatory practices.

7. The Adtalem Global Education Scandal and its Implications for Higher Education Accessibility

The adtalem global education scandal raises complex questions about higher education accessibility and equity. While for-profit colleges often market themselves as providing access to education for underserved populations, the scandal reveals how this access can be compromised by predatory practices and misleading promises. Addressing the issue of accessibility requires a multi-faceted approach that balances the need for increased access with robust safeguards to protect students from exploitation. The scandal highlights the importance of distinguishing between genuine efforts to expand educational opportunities and exploitative practices masked as accessibility initiatives.

8. The Long Shadow: Ongoing Litigation and the Aftermath of the Adtalem Global Education Scandal

The legal ramifications of the adtalem global education scandal continue to unfold, with ongoing litigation and settlements impacting both Adtalem and its former students. This section delves into the details of the legal battles, highlighting the ongoing struggles of affected students to reclaim their lost investments and receive appropriate compensation for the harm inflicted upon them. Understanding the continuing legal complexities helps to

contextualize the broader impact of the scandal and its enduring consequences for affected individuals.

9. Conclusion

The Adtalem global education scandal stands as a significant cautionary tale in the landscape of higher education. It exposed deep-seated ethical failings, regulatory gaps, and the devastating consequences of unchecked profit motives in the for-profit education sector. While the immediate crisis may have subsided, its lingering effects continue to shape regulatory reforms, public perception, and the future direction of for-profit education. Only through sustained vigilance, robust regulatory frameworks, and a renewed commitment to ethical practices can we ensure the protection of students and maintain the integrity of the higher education system.

FAQs:

1. What specific actions did Adtalem Global Education take that led to the scandal? Adtalem's actions included misleading advertising about job placement rates, aggressive and high-pressure recruitment tactics, and allegations of questionable academic standards.
1. What regulatory bodies investigated Adtalem? The Federal Trade Commission (FTC) and the Department of Education were key regulatory bodies involved in investigations.
1. What were the financial penalties imposed on Adtalem? Adtalem faced significant fines and settlements, the exact amounts varying across different lawsuits and investigations.
1. How many students were affected by the Adtalem scandal? The exact number of students affected is difficult to determine, but it is estimated to be in the thousands.
1. What were the long-term consequences for students affected by the scandal? Many students suffered substantial financial hardship, damaged credit scores, and lost opportunities due to the misleading claims and poor educational quality.

1. What changes have been made to the accreditation process in response to the scandal? While not directly attributable solely to the Adtalem scandal, there have been increased calls for greater scrutiny and transparency within the accreditation process.
1. Has Adtalem Global Education made any changes to its operations since the scandal? Adtalem has implemented changes, but the extent of their effectiveness in preventing future issues remains a subject of ongoing debate.
1. What legal recourse is available to students affected by the Adtalem scandal? Students can pursue legal action through class-action lawsuits or individual claims, depending on the nature of their complaints.
1. What preventative measures can be put in place to avoid similar scandals in the future? Strengthened regulatory oversight, improved transparency in accreditation, and increased consumer protection measures are vital preventative steps.

adtalem global education scandal: Lost in a Gallup W. Joseph Campbell, 2024-02-20 This update of a lively, first-of-its-kind study of polling misfires and fiascos in U.S. presidential campaigns takes up pollsters' failure over the decades to offer accurate assessments of the most important of American elections. Lost in a Gallup tells the story of polling flops and failures in presidential elections since 1936. Polls do go bad, as outcomes in 2020, 2016, 2012, 2004, and 2000 all remind us. This updated edition includes a new chapter and conclusion that address the 2020 polling surprise and considers whether polls will get it right in 2024. As author W. Joseph Campbell discusses, polling misfires in presidential elections are not all alike. Pollsters have anticipated tight elections when landslides have occurred. They have pointed to the wrong winner in closer elections. Misleading state polls have thrown off expected national outcomes. Polling failure also can lead to media error. Journalists covering presidential races invariably take their lead from polls. When polls

go bad, media narratives can be off-target as well. Lost in a Gallup encourages readers to treat election polls with healthy skepticism, recognizing that they could be wrong.

adtalem global education scandal: International Directory of Company Histories Thomas Derdak, 1988 The five volumes of the International Directory of Company Histories bring together histories of the leading companies of the United States, Canada, the UK, Europe and Japan.

adtalem global education scandal: Even the Terrible Things Seem Beautiful to Me Now Mary Schmich, 2019-11-05 The best columns by the Pulitzer Prize-winning Chicago Tribune writer, on diverse topics like family, loss, mental health, advice, and the Windy City. Over the last two decades, Mary Schmich's biweekly column in the Chicago Tribune has offered advice, humor, and discerning commentary on a broad array of topics including family, milestones, mental illness, writing, and life in Chicago. Schmich won the 2012 Pulitzer for Commentary for "her wide range of down-to-earth columns that reflect the character and capture the culture of her famed city." This second edition—updated to include Schmich's best pieces since its original publication—collects her ten Pulitzer-winning columns along with more than 150 others, creating a compelling collection that reflects Schmich's thoughtful and insightful sensibility. The book is divided into thirteen sections, with topics focused on loss and survival, relationships, Chicago, travel, holidays, reading and writing, and more. Schmich's 1997 "Wear Sunscreen" column (which has had a life of its own as a falsely attributed Kurt Vonnegut commencement speech) is included, as well as her columns focusing on the demolition of Chicago's infamous Cabrini-Green housing project. One of the most moving sections is her twelve-part series with U.S. District Judge Joan Lefkow, as the latter reflected on rebuilding her life after the horrific murders of her mother and husband. Schmich's columns are both universal and deeply personal. The first section of this book is dedicated to columns about her mother, and her stories of coping with her mother's aging and eventual death. Throughout the book, Schmich reflects wisely and wryly on the world we live in, and her fond observances of Chicago life bring the city in all its varied character to warm, vivid life.

adtalem global education scandal: Long Island Life , 1915

adtalem global education scandal: The Bloody Flag Niklas Frykman, 2020-09-01 Mutiny tore like wildfire through the wooden warships of the age of revolution. While commoners across Europe laid siege to the nobility and enslaved workers put the torch to plantation islands, out on the oceans, naval seamen by the tens of thousands turned their guns on the quarterdeck and overthrew the absolute rule of captains. By the early 1800s, anywhere between one-third and one-half of all naval seamen serving in the North Atlantic had participated in at least one mutiny, many of them in several, and some even on ships in different navies. In *The Bloody Flag*, historian Niklas Frykman explores in vivid prose how a decade of violent conflict onboard gave birth to a distinct form of radical politics that brought together the egalitarian culture of North Atlantic maritime communities with the revolutionary era's constitutional republicanism. The attempt to build a radical maritime republic failed, but the red flag that flew from the masts of mutinous ships survived to become the most enduring global symbol of class struggle, economic justice, and republican liberty to this day.

adtalem global education scandal: Faustian Bargain Ian Ona Johnson, 2021 Pre-publication subtitle: Soviet-German military cooperation in the interwar period.

adtalem global education scandal: Borders and Margins Guy Lachapelle, Pablo Oñate, 2018-08-13 The theory and concept of multi-level governance (MLG) is a fairly recent one, emerging from the deepening integration of the European Union in the early 1990s and the development of free trade agreements around the world. MLG enlarges the traditional approaches, namely those of neo-institutionalism and multinational federalism, by offering a better understanding of the role of the state, regions and provinces. The book analyses the changes that have taken place as well as those that might take place in the future.

adtalem global education scandal: Semi-Tough Mr. Dan Jenkins, 2015-03-03 Dan Jenkins is a comic genius. -- Don Imus Made into a hilarious and timeless film starring Burt Reynolds, Kris Kristofferson, and Jill Clayburgh, and recently named number seven on Sports Illustrated's Top 100 Sports Books of All Time, *Semi-Tough* is Dan Jenkins's masterpiece and considered by many to be

the funniest sports book ever written. The novel follows the outsize adventures of Billy Clyde Puckett, star halfback for the New York Giants, whose team has come to Los Angeles for an epic duel with the despised dog-ass Jets in the Super Bowl. But Billy Clyde is faced with a dual challenge: not only must he try to run over a bunch of malevolents incarnate, but he has also been commissioned by a New York book publisher to keep a journal of the events leading up to, including, and following the game. Infused with Dan Jenkins's characteristic joie de vivre and replete with cigarettes, whiskey, and wild women, *Semi-Tough* is an uproarious romp through a lost era of professional sports that will have any armchair quarterback falling out of his or her recliner in hysterics on a semi-regular basis.

adtalem global education scandal: *Absorbing the Blow* Steven Wolinetz, Andrej Zaslove, 2018-06-08 The significance of populist parties and their presence in party systems is undeniable. Parties like the Dutch Freedom Party, the French National Front, and the Five Star Movement in Italy rank among the largest political parties in their party systems. *Absorbing the Blow* examines the effect of populist parties on eleven European party systems. The results are mixed. The book finds that impact often depends on the influence that populist parties have had on mainstream political parties -- those that hitherto dominated party competition. In some instances, populist parties reinforce existing patterns of competition and government formation. Party systems that were bipolar continue to be bipolar. In others change occurs, either because populist parties make it difficult for mainstream parties to form coalitions that were hitherto possible, or because their presence allows mainstream parties to form coalitions that were not previously conceivable. This collection seeks to analyse the way in which mainstream parties absorb the blow of populist party activity, and concludes that populist parties are one of several factors contributing to changes in party systems.

adtalem global education scandal: *The Best of Royko* Mike Royko, 2018 A collection of legendary columnist Mike Royko's best work from the Chicago Tribune, edited by his son David Royko.

adtalem global education scandal: *Cartelisation, Convergence or Increasing Similarities?* Henrik Enroth, Magnus Hagevi, 2018-03-02 It is often suggested that political parties are becoming increasingly alike, and that party politics has turned into an elite affair where political professionals collude to further their self-interest rather than work to represent the interests of their constituents. In recent decades this diagnosis has been famously associated with Richard Katz and Peter Mair's cartel party theory. Yet so far this controversial thesis has not been subjected to systematic empirical scrutiny, nor has its conceptual and normative underpinnings been properly considered. In this volume a group of political scientists with different specialisations take on this task, focusing empirically on the Swedish party system, which the originators of the cartel party theory have suggested is especially conducive to the formation of party cartels. Collecting new and unique qualitative and quantitative data, the volume casts serious doubt on the validity of the cartel party theory as an explanation for party system change.

adtalem global education scandal: *In Re Thomas*, 1983

adtalem global education scandal: *Nursing Civil Rights* Charissa J. Threat, 2015-04-15 In *Nursing Civil Rights*, Charissa J. Threat investigates the parallel battles against occupational segregation by African American women and white men in the U.S. Army. As Threat reveals, both groups viewed their circumstances with the Army Nurse Corps as a civil rights matter. Each conducted separate integration campaigns to end the discrimination they suffered. Yet their stories defy the narrative that civil rights struggles inevitably arced toward social justice. Threat tells how progressive elements in the campaigns did indeed break down barriers in both military and civilian nursing. At the same time, she follows conservative threads to portray how some of the women who

succeeded as agents of change became defenders of exclusionary practices when men sought military nursing careers. The ironic result was a struggle that simultaneously confronted and reaffirmed the social hierarchies that nurtured discrimination.

adtalem global education scandal: *How to Fix a Broken Record* Amena Brown, 2017-11-07 Allow God to heal the broken record of your soul, so you can step into your calling, speak up for what's right, and dance your own story of God's grace. What does the soundtrack in your head sound like? The hurtful words of others and the failures of your past often determine what record you play the most in your mind. Those painful repetitions often keep us from speaking up, standing up for what's right, being loved, pursuing our dreams, and growing closer to God. Spoken word poet Amena Brown's broken records played messages about how she wasn't worthy to be loved. But after years of playing those destructive rhythms over and over, *How to Fix a Broken Record* chronicles her journey of healing as she's allowed the music of God's love to play on repeat instead. From bad dates to marriage lessons at Waffle House, from learning to love her hair to learning to love an unexpected season of life, from discovering the power of saying no and the freedom to say yes, Amena offers keep-it-real stories your soul can relate to. Along the way, you'll discover how to . . . Recognize the negative messages that play on repeat in your mind Replace them with the truth that you are a beloved child of God And find new joy in the beautiful music of your life.

adtalem global education scandal: *The Stuff* Sharlee Jeter, Sampson Davis, 2018-05-15 Everyone has difficult moments in life. But everyone also has the ability to overcome hardships—and to not only survive but thrive. Discover how to realize your own potential with “one of the most inspiring and motivating books of our time” (Wes Moore, New York Times bestselling author). In the face of impossible odds—maybe the devastating consequences of a personal loss, the pain of a collapsed career, the struggle against a powerful disease, or a destructive and toxic relationship—how do you keep going? We may wonder if we have the strength to survive this ordeal before us. Dr. Sampson Davis and Sharlee Jeter want to prove that we do. No strangers to adversity themselves, Dr. Sampson Davis and Sharlee Jeter created The Stuff Movement by interviewing dozens of survivors to discover how they triumphed over their challenges. These inspirational interviews reveal eleven core elements—founded on attributes we all possess—that empower us to not only survive through hardship, but also thrive. You already have the Stuff. Now learn to use it. “Sampson and Sharlee’s message of the power of positivity, hard work, and resilience is one that we need to hear right now” (Chris Gardner, #1 New York Times bestselling author) and you can join the conversation at TheStuffMovement.com. Featuring stories from John O’Leary (On Fire), Mercy Alexander, Rich Ruffalo, Mindee Hardin, Glenn and Cara O’Neill, Sean Swarner, Traci Micheline, Wess Stafford (Too Small to Ignore), Austin Hatch, Debra Peppers, Christine Magnus Moore, Martha Hawkins, Ali Stroker (Glee), Susan Scott Krabacher, Deval Patrick, and more.

adtalem global education scandal: *Valerie's New Friends* Andrea D. Lewis, 2016-12

adtalem global education scandal: *National Institutions - International Migration* Frida Borang, 2019-04-18 Despite the fact that immigration policy is today one of the most salient political issues in the OECD countries, we know surprisingly little about the factors behind the very different choices countries have made over the last decades when it comes to immigrant admission. Why has the balance between inclusion and exclusion differed so much between countries - and for different categories of migrants? The answer that this book provides is that this is to an important extent a result of how domestic labour market and welfare state institutions have approached the question of inclusion and exclusion, since immigration policy does not stand independent from these central policy areas. By developing and testing an institutional explanation for immigrant admission, this book offers a theoretically informed, and empirically rich, analysis of variation in immigration policy

in the OECD countries from the 1980s to the 2000s.

adtalem global education scandal: Women Called to Lead Kimarie Engerman, Stephanie Luster-Teasley, Olga Bolden-tiller, Christa Washington, 2017-03-08 This book is a unique collection of individual stories by women that vividly describes their challenges in achieving academic leadership positions. The book is an outflow of the Opportunities for UnderRepresented Scholars (OURS) Program, led by Dr. Orlando Taylor and funded by the National Science Foundation. Its purpose is to support the preparation of women from the STEM disciplines for leadership roles on their campuses, either in STEM or elsewhere in the academic leadership structure. As such, these deeply engaging women's stories may serve as an important reference for the debate around academic leadership, particularly for women of color. The book is divided into two parts: * Part I details the stories of the women in their journey to becoming a leader. Many of these stories are deeply personal and reflect the unique events and experiences that shaped their lives. The stories also show how these experiences have helped them grow into the women they are, and demonstrate which strategies were successful in growing their self-efficacy. * Part II of the book moves from theory to practice, and highlights a range of tangible solutions for the leadership challenges faced by women of color in STEM disciplines. This candid book is perhaps the first to directly address the challenges and leadership aspirations of women of color in STEM disciplines. As such, it provides a wealth of insights, advice and wisdom for mid-career women, and particularly minority women, who are on the cusp of becoming change agents at their universities.

adtalem global education scandal: Atlanta Noir (Akashic Noir) Tayari Jones, 2017-07-25 Georgia Center for the Book has chosen Atlanta Noir as one of 2018's Books All Georgians Should Read! Kenji Jasper's A Moment of Clarity at the Waffle House nominated for a 2018 Edgar Award for Best Short Story! Atlanta has its share, maybe more than its share, of prosperity. But wealth is no safeguard against peril...Creepy as well as dark, grim in outlook...Hints of the supernatural may make these tales...appealing to lovers of ghost stories. --Kirkus Reviews These stories, most of them by relative unknowns, offer plenty of human interest...All the tales have a Southern feel. --Publishers Weekly Jones, author of Leaving Atlanta, returns to the South via Akashic's ever-growing city anthology series. The collection features stories from an impressive roster of talent including Jim Grimsley, Sheri Joseph, Gillian Royes, Anthony Grooms and David James Poissant. The 14 selections each take place in different Atlanta neighborhood. --Atlanta-Journal Constitution Now comes Atlanta Noir, an anthology that masterfully blends a chorus of voices, both familiar and new, from every corner of Atlanta...The magic of Atlanta Noir is readily apparent, starting with the introduction Jones pens. It doesn't rest solely upon the breadth of writers but on how their words, stories and references are so Atlanta--so very particular, so very familiar and so very readily, for those who know the city, nostalgic. And for those who don't? The sense of place it captures inspires a desire to get to know Atlanta and its stories. --ArtsATL Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each book comprises all new stories, each one set in a distinct neighborhood or location within the respective city. This much-anticipated and long-overdue installment in Akashic's Noir Series reveals many sides of Atlanta known only to its residents. Brand-new stories by: Tananarive Due, Kenji Jasper, Tayari Jones, Dallas Hudgens, Jim Grimsley, Brandon Massey, Jennifer Harlow, Sheri Joseph, Alesia Parker, Gillian Royes, Anthony Grooms, John Holman, Daniel Black, and David James Poissant. From the introduction by Tayari Jones: Atlanta itself is a crime scene. After all, Georgia was founded as a de facto penal colony and in 1864, Sherman burned the city to the ground. We might argue about whether the arson was the crime or the response to the crime, but this is indisputable: Atlanta is a city sewn from the ashes and everything that grows here is at once fertilized and corrupted by the past... These stories do not necessarily conform to the traditional expectations of noir...However, they all share the quality of exposing the rot underneath the scent of magnolia and pine. Noir, in my opinion, is more a question of tone than content. The moral universe of the story is as significant as the physical space. Noir is a realm where the good guys seldom win; perhaps they hardly exist at all. Few bad deeds go unrewarded, and good intentions are not the road to hell, but are hell itself...Welcome to Atlanta

Noir. Come sit on the veranda, or the terrace of a high-rise condo. Pour yourself a glass of sweet tea, and fortify it with a slug of bourbon. Put your feet up. Enjoy these stories, and watch your back.

adtalem global education scandal: Atlanta and the Civil Rights Movement Karcheik Sims-Alvarado, PhD, 2017-02-13 Since Reconstruction, African Americans have served as key protagonists in the rich and expansive narrative of American social protest. Their collective efforts challenged and redefined the meaning of freedom as a social contract in America. During the first half of the 20th century, a progressive group of black business, civic, and religious leaders from Atlanta, Georgia, challenged the status quo by employing a method of incremental gradualism to improve the social and political conditions existent within the city. By the mid-20th century, a younger generation of activists emerged, seeking a more direct and radical approach towards exercising their rights as full citizens. A culmination of the death of Emmett Till and the Brown decision fostered this paradigm shift by bringing attention to the safety and educational concerns specific to African American youth. Deploying direct-action tactics and invoking the language of civil and human rights, the energy and zest of this generation of activists pushed the modern civil rights movement into a new chapter where young men and women became the voice of social unrest.

adtalem global education scandal: School Scandals Pat Thomson, 2020-09-09 With almost daily reports of failings in school management, what can be done to improve educational outcomes for everyone? Pat Thomson takes on England's muddled education system, highlighting failings

caused by the actions of ministers in successive governments. While corrupt actions are taken by some, it is predominantly the corruption of the system that is at fault. She exposes fraudulent and unethical practices, including the skewing of the curriculum and manipulation of results, and argues for an urgent review, leading to a revitalised education system that has the public good at its heart.

adtalem global education scandal: None of the Above Shani Robinson, Anna Simonton, 2019-01-15 An insider's account of the infamous Atlanta Public Schools cheating scandal that scapegoated black employees for problems rooted in the education reform movement. In March of 2013, 35 educators in the Atlanta Public Schools were charged with racketeering and conspiracy—the same charges used to bring down the American mafia—for allegedly changing students' answers on standardized tests. All but one was black. The youngest of the accused, Shani Robinson, had taught for only 3 years and was a new mother when she was wrongfully convicted and faced up to 25 years in prison. She and her coauthor, journalist Anna Simonton, look back to show how black children in Atlanta were being deprived long before some teachers allegedly changed the answers on their students' tests. Stretching all the way back to *Brown v. Board of Education*, the landmark 1954 Supreme Court ruling that outlawed segregation in public schools, to examining the corporate-led education reform movement, the policing of black and brown citizens, and widening racial and economic disparities in Atlanta, Robinson and Simonton reveal how real estate moguls and financiers were lining their pockets with the education dollars that should have been going to the classroom.
