adventure force race track instructions: Basic Airman to General: The Secret War & Other Conflicts General "Pete" Piotrowski, 2014-01-29 This book covers the remarkable success of a second-generation Polish kid who, at the age of eighteen, enlisted in the United States Air Force during the Korean War. He was one of less than a handful of basic airmen who rose to the rank of four-star general. More importantly, it covers the reincarnation of WW II Air Commandos under the code name of Jungle Jim, as well as US combat air operations from 1961 through 1967 flying

obsolete B-26s and the newest jet fighter, the F-4D. Then airman Piotrowski qualified for aviation cadet training and earned his first wings as a navigator and electronic warfare officer (EWO). Following assignments in Korea and Japan, he returned to the United States for pilot training ranking number one in his class and qualifying for jet fighters. He was selected for Project Jungle Jim and became a leading air force expert in conventional weapons and tactics. His flying ability, combat experience, and tactical expertise led to his assignment at the Air Force Top Gun School to instruct air force generals headed for Vietnam on conventional weapons and tactics. Following school and staff assignments, he was selected to command the Fortieth Tactical Group, Aviano, Italy. He led the group for three years, receiving a rating as "Best Wing in the USAF." Following Aviano, he was a special assistant to, and troubleshooter for, General Jones, air force chief. Shortly thereafter, he was selected to build the 552nd AWAC equipped with the E-3A aircraft and bring it to combat status. For his outstanding leadership of the 552nd AWAC Wing he received the prestigious Secretary of the Air Force Zukert Award.

Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.
