affiliate marketing ebook pdf free download: *From Zero to Super Affiliate* Attila O'Dree, 2020-10-02 If you are sick and tired of working 9-5, answering to a boss, waking up early, and not being able to manage your own time - this book is for you. Unlike many other work at home income opportunities, affiliate marketing with paid ads is a real, legitimate way to make money online. How? In short, you buy ads on trusted platforms like Facebook, Google, Top News Sites and more, and send visitors to a CPA Offer. If they convert, you get paid a set fee or a % of the sale. Your job is to optimize where you buy ads, so that your cost to get a sale is less than the cost of placing an ad on that website. Thousands of people have quit their jobs and live the lifestyle they always wanted. They can work from practically anywhere as long as there's an internet connection. You deserve the freedom to do what you want with your time, go where you always wanted, and experience new things. This is not an MLM, it's not a push button investment scheme. If you put in the work, you are going to reap the benefits which are amazing. My name is Attila, and I have been an affiliate marketer since 2008. I've worked from my computer while helping my wife raise our two kids. Thanks to affiliate marketing, I was able to build not one, but two dream homes. Buy the cars I always wanted, and most importantly take my kids to places I was never able to go when I was a kid, like Disneyland. I've wrote this book to help someone that has ZERO idea about what affiliate marketing is get a detailed introduction, so they can start on a journey and change their life for the better like I did. The mentality behind affiliate marketing is that you promote someone else's products or services using an affiliate network. In turn if any products are purchased based on your marketing. The mechanism behind affiliate marketing is revenue sharing. For example, if you have a product or service that you want to sell more and target to a bigger audience, you can offer financial incentives to promoters using an affiliate program. In this book, we will endeavor to uncover the basic secrets of affiliate marketing, the simple strategies, and how you can get started on it. But first, let's look at the definition of affiliate marketing. To put it plainly, affiliate marketing is cycle of getting commissions or a cut for promoting a product or service that is not owned or produced by you. This person can be a company, organization, or a sole entrepreneur. You find a product that you know and like, promote it to your channels and audience, and accrue profit for every sale made. Affiliate marketing is the arrangement whereby an affiliate earns a commission for completing an agreed-upon marketing objective. Commonly, the affiliate markets products and services belonging to a third party, and they earn a commission for each customer they bring on board. This economic arrangement has existed for as long as businesses have been around, but it became much more pronounced in the age of the internet. There are many affiliate marketers who earn six and seven figures. The beauty of affiliate marketing is that there are almost no barriers, and all you need is an internet connection, and you are good to go . This book covers the following topics: Information on Affiliate Marketing Give you the Correct Mindset for Affiliate Marketing Insights on the Top Affiliate Networks Ads and Copywriting Information on Tracking Tools, Spy Tools, and SEO And so much more!! The good news is that if you break down getting traffic into easy steps just like the other strategies we have covered, you will find that it is easy. Anyways I can go on and on talking about Affiliate Marketing but it is best if you learn for yourself by buying this book. Learn with us so that we can help you with your problem. Let's get started.
