Again in Korean Language: A Comprehensive Guide

Author: Dr. Ji-hoon Kim, PhD in Korean Linguistics, Yonsei University. Dr. Kim has over 15 years of experience teaching and researching Korean language and grammar.

Keyword: again in Korean language

Abstract: This article provides a comprehensive exploration of how the concept of "again" is expressed in the Korean language. We delve into the various nuances of repetition, reiteration, and resumption, showcasing the different Korean words and grammatical structures employed to convey these meanings. Understanding "again in Korean language" is crucial for achieving fluency and accurately expressing yourself in Korean conversations and writing.

Introduction: The seemingly simple concept of "again" presents fascinating complexities when examining its expression in different languages. Korean, with its rich grammatical structure and diverse vocabulary, offers a multifaceted approach to conveying the idea of repetition or resumption. This article aims to clarify the various ways to say "again in Korean language," providing context and examples to aid in comprehension and practical application.

1. Direct Translations of "Again" in Korean Language

The most straightforward translation of "again" in Korean language is 다시 (dasi). This word covers a broad range of situations where repetition or recurrence is implied.

Example: 다시 시도해 보세요. (Dasi han beon hae booseyo.) - Try it again.

However, simply using dasi might not always capture the precise nuance intended. The context is crucial.

2. Nuances of "Again" and Their Korean Equivalents

The Korean language often utilizes more descriptive phrasing to convey the subtleties of "again." This provides a richer and more accurate representation of the intended meaning.

Repetition of an action: 다시 (dasi) is suitable, but adding further detail often enhances clarity. For instance, "I'll do it again tomorrow" would be 내일 다시 할게요 (Naeil dasi hal geoyeyo).

Repetition with emphasis on a previous failure: This requires a different approach. Instead of simply using *dasi*, you might use phrases indicating a renewed attempt after a setback, such as 다시 시도하다 (*dasi sidohada* – to try again) or 다시 해보다 (*dasi haeboda* – to try doing it again).

Resumption after an interruption: In cases where an activity was interrupted and is now being resumed, 계속하다 (*gyesokhada* – to continue) or 이어서 (*ieoseo* – then, next) might be more appropriate than *dasi*. For example, "Let's continue where we left off" could be 여기서부터 계속해요 (Geuman-dun dese ieo seo hapsi-da).

Repetition for emphasis or clarification: In this case, 또 (*tto* – also, again) is often used. It emphasizes the repetition, often implying multiple occurrences. Example: 또 실수했어요 (*Tto silsuhaesseoyo*) – I made a mistake again.

3. Grammatical Considerations for "Again in Korean Language"

The placement of words like *dasi* and *tto* within a sentence significantly impacts the meaning. Consider the following examples:

Dasi + Verb: This structure indicates a simple repetition of an action.

Adverbial Phrases with Again: Phrases like "한 번 더" (*han beon deo* – one more time) can be used to specify the number of repetitions.

4. Regional Variations and Informal Usage of "Again in Korean Language"

While *dasi* and *tto* are widely understood across Korea, subtle regional variations in pronunciation and usage might exist. Informal conversations often employ shorter, more casual phrases.

5. "Again" in Different Contexts: Examples

Again in a question: 다시 물어볼 수 있을까요? (*Dasi mureobol su isseulkayo?*) – Can I ask again?

Again in a request:다시 한 번 설명해주세요. (*Dasi han beon seolmyeonghae juseyo.*) – Please explain again.

Again in a negative context:다시那样做不行. (*Dasineun geureoji maseyo.*) – Don't do that again.

Conclusion: Mastering "Again in Korean Language"

Understanding the various ways to express "again" in the Korean language is crucial for achieving fluency and communicating effectively. While *dasi* serves as a basic translation,

mastering the nuances and utilizing context-appropriate words and grammatical structures allows for a richer and more accurate expression of meaning. Paying close attention to the subtle differences between *dasi*, *tto*, *gyesokhada*, and other related terms will significantly enhance your Korean language skills.

FAQs:

1. What is the most common way to say "again" in Korean? The most common way is **다시** (*dasi*).
1. How does "again" differ from "once more" in Korean? "Once more" is often expressed as **한 번 더** (*han beon deo*), emphasizing the single additional repetition.
1. How do you say "try again" in Korean? **다시 시도해 보세요** (*Dasi sidohae booseyo*) or **다시 하세요** (*Dasi hae booseyo*).
1. What's the difference between **다시** (*dasi*) and **또** (*tto*)? **다시** generally implies a single repetition, while **또** suggests multiple occurrences or a continuation of a pattern.
1. How do you say "do it again later" in Korean? **나중에 다시 하** (*najunge dasi hae*) or **나중에 다시 하세요** (*najunge dasi haseyo*).
1. Can you use **다시** (*dasi*) in every situation where you'd use "again" in English? No, the choice of word depends on the context and desired nuance.
1. Are there any slang terms for "again" in Korean? While not direct translations, informal phrases might exist depending on context and dialect.
1. How does the tense affect the usage of "again" in Korean? The tense of the verb following **다시** (*dasi*) or other related words will determine the time of the repetition.

1. Where can I find more examples of using "again" in Korean sentences? You can find many examples in Korean language textbooks, online dictionaries, and Korean language learning websites.

again in korean language: The Societal Codification of Korean English Alex Baratta, 2021-11-04 From K-pop to kimchi, Korean culture is becoming increasingly popular on the world stage. This cultural internationalisation is also mirrored linguistically, in the emergence and development of Korean English. Often referred to as 'Konglish', this book describes how the two terms in fact refer to different things and explains how Koreans have made the English language their own. Arguing that languages are no longer codified and legitimised by dictionaries and textbooks but by everyday usage and media, Alex Baratta explores how to reconceptualise the idea of 'codification.' Providing illustrative examples of how Koreans have taken commonly used English expressions and adjusted them, such as doing 'Dutch pay', wearing a 'Burberry' and using 'hand phones', this book explores the implications and opportunities social codification presents to EFL students and teachers. In so doing, The Societal Codification of Korean English offers wider perspectives on English change across the world, seeking to dispel the myth that English only belongs to 'native speakers'.

again in korean language: No Kimchi For Me! Aram Kim, 2017-09-05 Yoomi loves Grandma's cooking—except for stinky, spicy kimchi, the pickled cabbage condiment served at Korean meals. You can't eat it because you're a baby, her brothers tease. And they don't play with babies. Determined to prove she's not a baby, Yoomi tries to find a way to make kimchi taste better—but not even ice cream can help. Luckily, Grandma has a good idea, and soon everyone has a new food to enjoy. Celebrating family, food, and growing up, this story about a Korean-American family will appeal to picky eaters and budding foodies alike. Aram Kim's lively art is filled with expressive characters and meticulous details—and of course, mouth-watering illustrations of traditional Korean dishes and ingredients. Backmatter includes information about kimchi and how

it's made, and best of all, a recipe for Grandma's kimchi pancakes to try yourself! For more about Yoomi and her family, don't miss Let's Go to Taekwondo! by Aram Kim. A Junior Library Guild Selection!

again in korean language: Crisis of Gender and the Nation in Korean Literature and Cinema Kelly Y. Jeong, 2011 Crisis of Gender and the Nation in Korean Literature and Cinema is about the changing constructs of modernity, masculinity, and gender relations and discourses in Korean literature and cinema during the crucial decades of the colonial and postcolonial era, based on close historical examination and a wide-ranging theoretical foundation that look at both western and Korean language sources. It examines Korean literary and cinematic texts from the period that spans from the 1920s to the 1960s to reveal the ways in which many arrivals of modernity in Korea--through the traumatic pathways and contexts of colonialism, nation building, war, and industrialization--destabilize and set in flux the notions of gender, class, and nationhood. It probes into some of the most significant aspects of Korean culture in the earlier part of the twentieth century through an interdisciplinary inquiry that deploys methods and seminal texts from the fields of Korean Studies, Comparative Literature, Postcolonial Studies, and Film Studies. Each chapter is an exploration of a decade, organized around questions about modernity, gender, class, and the nation that are central to understanding the selected texts and their contexts. The nation of Korea has been under threat since the Japanese colonial period (1910-1945). Crisis of Gender and the Nation critically analyzes the cultural responses of the nation and its gendered subjects in crisis, represented in a selection of Korean literary and cinematic texts from the colonial period, beginning in the 1920s, to the postcolonial period, up to the 1960s, through the lens of both Western and Korean discourses of gender and postcolonial inquiries of literature and film.

again in korean language: Never Again Bill C. Weiss, 2016-09-20 Never Again offers first hand insight into the hours leading up to, during, and after the Los Angeles riots, telling detail by detail how closely the L.A. County Sheriff's Department was to changing the course of history. The L.A. Police Department is thrust into the limelight and finds itself totally unprepared to deal with this deadly and dynamic crisis. Bill Weiss, the Watch Commander, copes with his internal instinct to take action, waged against his self-discipline to follow orders, leading up to the final moment when he is ready to put his daring plan into action. This chaotic and rapidly evolving disturbance engulfed the city and portions of the surrounding metropolitan area. Its effect would be felt throughout the nation and observed throughout the world. Many of the scars still remains today, and something lost still lingers within Weiss as he tries to come to terms with what could have been.

again in korean language: Born Again Timothy S. Lee, 2009-12-09 Known as Asia's evangelical superpower, South Korea today has some of the largest and most dynamic churches in the world and is second only to the United States in the number of missionaries it dispatches abroad. Understanding its evangelicalism is crucial to grasping the course of its modernization, the rise of nationalism and anticommunism, and the relationship between Christians and other religionists within the country. Born Again is the first book in a Western language to consider the introduction, development, and character of evangelicalism in Korea—from its humble beginnings at the end of the nineteenth century to claiming one out of every five South Koreans as an adherent at the end of the twentieth. In this thoughtful and thorough study, Timothy S. Lee argues that the phenomenal rise of this particular species of Christianity can be attributed to several factors. As a religion of salvation, evangelicalism appealed powerfully to multitudes of Koreans, arriving at a time when the country was engulfed in unprecedented crises that discredited established social structures and traditional attitudes. Evangelicalism attracted and empowered Koreans by offering them a more compelling worldview and a more meaningful basis for association. Another factor is evangelicalism's positive connection to Korean nationalism and South Korean anticommunism. It shared in the aspirations and hardships of Koreans during the Japanese occupation and was legitimated again

during and after the Korean conflict as South Koreans experienced the trauma of the war. Equally important was evangelicals' relentless proselytization efforts throughout the twentieth century. Lee explores the beliefs and practices that have become the hallmarks of Korean evangelicalism: kibok (this-worldly blessing), saebyok kido (daybreak prayer), and kumsik kido (fasting prayer). He concludes that Korean evangelicalism is distinguishable from other forms of evangelicalism by its intensely practical and devotional bent. He reveals how, after a long period of impressive expansion, including the mammoth campaigns of the 1970s and 1980s that drew millions to its revivals, the 1990s was a decade of ambiguity for the faith. On the one hand, it had become South Korea's most influential religion, affecting politics, the economy, and civil society. On the other, it found itself beleaguered by a stalemate in growth, the shortcomings of its leaders, and conflicts with other religions. Evangelicalism had not only risen in South Korean society; it had also, for better or worse, become part of the establishment. Despite this significance, Korean evangelicalism has not received adequate treatment from scholars outside Korea. *Born Again* will therefore find an eager audience among English-speaking historians of modern Korea, scholars of comparative religion and world Christianity, and practitioners of the faith.

again in korean language: Here, There, and Back Again Wanda Blackgrave, 2009-11 A young woman who marries an Arabian finds herself facing dangers and challenges that she never thought imaginable. She starts her journey traveling to one of the oldest countries in the world. Her new home in Arabia turns out very different than she expected. The way she was raised as an American is all but forgotten when forced to learn the new ways of an ancient culture. She soon discovers that she must learn their language and abide by their religion if she is to survive in their country. After almost fourteen years of living in Arabia she becomes desperate to return to her beloved country to live. She captured her one chance to leave with her three young children and made it back to her hometown. She lived with her three children only for a short while before he came to take them back to Arabia. Her worst nightmare had begun. She unexpectedly met an American man from her hometown who saved her life as she adventured on yet another dangerous journey traveling alone to Arabia in hope of being reunited with her children. This woman's true life experiences along with various research makes this one of the most intriguing books about the real everyday life of the people in ancient Arabia. This is her true story, finally told.

again in korean language: *The Routledge Handbook of Korean as a Second Language* Andrew Sangpil Byon, Danielle Ooyoung Pyun, 2022-04-19 The Routledge Handbook of Korean as a Second Language aims to define the field and to present the latest research in Korean as a second language (KSL). It comprises a detailed overview of the field of KSL teaching and learning, discusses its development, and captures critical cutting-edge research within its major subfields. As the first handbook of KSL published in English, this book will be of particular interest to advanced undergraduates, graduate students, language teachers, curriculum developers, and researchers in the fields of KSL and applied linguistics. While each chapter will be authored by internationally renowned scholars in its major subfields, the handbook aims to maintain accessibility so that it can also be of value to non-specialists.

again in korean language: *Transnational Literacy Autobiographies as Translingual Writing* Suresh Canagarajah, 2019-07-08 The literacy autobiography is a personal narrative reflecting on how one's experiences of spoken and written words have contributed to their ongoing relationship with language and literacy. *Transnational Literacy Autobiographies as Translingual Writing* is a cutting-edge study of this engaging genre of writing in academic and professional contexts. In this state-of-the-art collection, Suresh Canagarajah brings together 11 samples of writing by students that both document their literary journeys and pinpoint the seminal works affecting their development as translingual readers and writers. Integrating the narrative of the author, which is written as his own literacy autobiography, with a close analysis of these texts, this book: presents a case for the literacy autobiography as an archetypal genre that prepares writers for the conventions and processes required in other genres of writing; demonstrates the serious epistemological and rhetorical implications behind the genre of literacy autobiography among migrant scholars and students; effectively translates theoretical publications on language diversity for classroom purposes, providing a transferable teaching approach to translingual writing; analyzes the tropes of transnational writers and their craft in meshing translingual resources in their writing; demonstrates how transnationalism and translingualism are interconnected, guiding readers toward an understanding of codemeshing not as a cosmetic addition to texts but motivated toward resolving inescapable personal and social dilemmas. Written and edited by one of the most highly regarded linguists of his generation, this book is key reading for scholars and students of applied linguistics,

TESOL, and literacy studies, as well as tutors of writing and composition worldwide.

again in korean language: See You Again in Pyongyang Travis Jeppesen, 2018-05-29 A close-up look at the cloistered country (USA Today), *See You Again in Pyongyang* is American writer Travis Jeppesen's probing and artful (New York Times Book Review) chronicle of his travels in North Korea--an eye-opening portrait that goes behind the headlines about Trump and Kim, revealing North Koreans' entrepreneurial spirit, and hidden love of foreign media, as well as their dreams and fears (Los Angeles Times). In *See You Again in Pyongyang*, Travis Jeppesen, the first American to complete a university program in North Korea, culls from his experiences living, traveling, and studying in the country to create a multifaceted portrait of the country and its idiosyncratic capital city in the Kim Jong Un Era. Anchored by the experience of his five trips to North Korea and his interactions with citizens from all walks of life, Jeppesen takes readers behind the propaganda, showing how the North Korean system actually works in daily life. He challenges the notion that Pyongyang is merely a showcase capital where everything is staged for the benefit of foreigners, as well as the idea that Pyongyangites are brainwashed robots. Jeppesen introduces readers to an array of fascinating North Koreans, from government ministers with a side hustle in black market Western products to young people enamored with American pop culture. With unique personal insight and a rigorous historical grounding, Jeppesen goes beyond the media clichés, showing North Koreans in their full complexity. *See You Again in Pyongyang* is an essential addition to the literature about one of the world's most fascinating and mysterious places.

again in korean language: *The Language of Blood* Jane Jeong Trenka, 2003 An adoptee's search for identity takes her on a journey from Minnesota to Korea and back as she seeks to resolve the dualities that have long defined her life: Korean-born, American-raised, never fully belonging to either. For years, Korean adoptee Jane Jeong Trenka tried to be the ideal daughter. She was always polite, earned perfect grades, and excelled as a concert pianist. She went to church with her

American family in small-town Minnesota and learned not to ask about the mother who had given her away. Then, while she was far from home on a music scholarship, living in a big city for the first time, one of her fellow university students began to follow her, his obsession ultimately escalating into a plot for her murder. In radiant prose that ranges seamlessly from pure lyricism to harrowing realism, Trenka recounts repeated close encounters with her stalker and the years of repressed questions that her ordeal awakened. Determined not to be defined by her stalker's twisted assessment of her worth, she struck out in search of her own identity - free of western stereotypes of geishas and good girls. Doing so, however, meant confronting her American family and fighting the bureaucracy at the agency that had arranged for her adoption. Jane Jeong Trenka dares to ask fundamental questions about the nature of family and identity. Are we who we decide to be, or who other people would make us? What is this bond more powerful than words, this unspoken language of blood? To find out, Trenka must reacquaint herself with her mother and sisters in Seoul and devise a way to blend two distinct cultures into one she seared into the memory by indelible images and unforgettable prose. This is a poetic tour-de-force by an essential new voice in Asian American literature.

again in korean language: Autoethnographies in ELT Bedrettin Yazan, Suresh Canagarajah, Rashi Jain, 2020-11-05 This innovative volume showcases the possibilities of autoethnography as a means of exploring the complexities of transnational identity construction for learners, teachers, and practitioners in English language teaching (ELT). // The book unpacks the dynamics of today's landscape of language education which sees practitioners and students with nuanced personal and professional histories inhabit liminal spaces as they traverse national, cultural, linguistic, ideological, and political borders, thereby impacting their identity construction and engagement with pedagogies and practices across different educational domains. The volume draws on solo and collaborative autoethnographies of transnational language practitioners to question such well-established ELT binaries such as 'center'/'periphery' and 'native'/non-native' and issues of identity-related concepts such as ideologies, discourses, agency, and self-reflexibility. In so doing, the book also underscores the unique affordances of autoethnography as a methodological tool for better understanding transnational identity construction in ELT and bringing to the fore key perspectives in emerging areas of study within applied linguistics. // This dynamic collection will appeal to students, scholars, and practitioners in English language teaching, applied linguistics, TESOL education, educational linguistics, and sociolinguistics.

again in korean language: More Making Out in Korean Ghi-woon Seo, Laura Kingdon, 2015-12-22 More Making Out in Korea is a fun, accessible and thorough Korean phrase book and guide to the Korean language as it's really spoken. Now in its third edition, this is the perfect introduction to Korean as it's really spoken--from everyday interactions to basic questions to the language of love. It includes phrases and tidbits of information on a variety of social situations such as eating out, traveling texting, and much more. More Making Out in Korean features a pronunciation guide and basic grammar, as well as guidelines for the use of polite and informal phrases so you'll never put a foot wrong when: Meeting and getting to know people Exploring clubs and bars Getting serious in relationships Talking to friends through social media Each expression in this Korean phrasebook is given in Korean script as well as the Romanized form to enhance your experience of the language (and help you with written socializing on computers and gadgets). Full of colorful slang, straight talk and a little cultural savvy on the side, this book has what you need to get started. Pick it up and get ready to converse.

again in korean language: The Syntax and Semantics of the Left Periphery Horst Lohnstein,

Susanne Trissler, 2012-04-17 The left periphery of clausal structures has been a prominent topic of research in generative linguistics during the last decades. Closer examination of its properties unfolds a rich array of perspectives like the status of barriers for extraction and government, the articulation of the topic focus structure, the fixation of wh-scope, the marking of clausal types, the interaction of syntactic structure with inflectional morphology as well as the determination of sentence mood and illocutionary force to mention just a few. The purpose of this book is to collect different and relevant studies in this field and to give a general overview of the various theoretical approaches concerned with morphological, syntactic and semantic properties together with the diachronic development of the left periphery.

again in korean language: Korea Briefing David R. McCann, Asia Society, 1997 This text examines a period of far-reaching change in the two Koreas. Chapters on recent events, the state of current economic, political and international relations, and the directions of bellwether reforms in language policy and education are at the core of the study.

again in korean language: Extraordinary Anthropology Jean-Guy Goulet, Bruce Granville Miller, 2007-01-01 What happens when anthropologists lose themselves during fieldwork while attempting to understand divergent cultures? When they stray from rigorous agendas and are forced to confront radically unexpected or unexplained experiences? In *Extraordinary Anthropology* leading ethnographers from across the globe discuss the importance of the deeply personal and emotionally volatile ?ecstatic? side of fieldwork. ø Anthropologists who have worked in communities in Central America, North America, Australia, Africa, and Asia share their intimate experiences of transformations in the field through details of significant dreams, haunting visions, and their own conflicting emotional tensions. Their experiences demonstrate the necessary fluidity of research agendas, the value of going beyond an accepted (and safe) cultural and academic vantage point, and the inevitability of wrestling with tension and unhappiness when faced with irreconcilable cultural and psychological dichotomies. The contributors explore ways in which conventional research methods can be adapted to creatively engage the intellectual, ethical, and practical dimensions of these dislocations and capitalize on them. Unsettling and revealing, *Extraordinary Anthropology* will spark debate and reflection among anthropologists for years to come.

again in korean language: Called To Arms Walter Turner, 2006-12 The Navy's newest carrier, the U.S.S. Ronald Reagan along with several vessels of her battle group, has been sunk in an attack using atomic weapons. In order to find out who instigated the attack, the Office of Budget and Plans, a secret Navy Intelligence and Black Ops Program, is tasked to track down the perpetrators. In the course of the search, Lt. Cmdr. Ed Candeto, a former SEAL, makes forays to India, North Korea, and Libya. The attack also makes it necessary to call up reservists and once again activate an F-14 Squadron, VF-128, the Spartans. Wes Hardin is recalled from his perfect life and job as an airline pilot as is his soon to be friend, Tully Cane. Eventually they are assigned to the carrier U.S.S. Enterprise. In the twists and turns of the investigation Candeto, Hardin, and Cane, must interact to bring resolution to the mission.

again in korean language: Hands-On English Language Learning - Early Years Jennifer E. Lawson, 2009-09-04 The Hands-On English Language Learning program is a resource for classroom teachers, specialist teachers working with English-language learners, and other educational professionals who support these students. To assist your students in developing language skills, this resource includes: specific curricular connections for each lesson to identify links to subject-area themes in language arts, mathematics, science, social studies, health, physical education, and the arts integrated class activities to promote learning in context for all students in the classroom suggested activities focus on curricular topics in all subject areas, while supporting English language learners relevant topics such as the classroom and school, clothing, food, hobbies and interests, plants and animals of Canada, the world, and the environment age-appropriate, high-interest learning activities that foster the development of essential English language vocabulary and skills in listening, speaking, reading, writing, viewing, and representing activities (in keeping with the philosophy of all Portage & Main Press Hands-On programs) that are student-centred and

focus on real-life, hands-on experiences Please note: All blackline masters are included on a CD.

again in korean language: *Atlas Era Battlefield Masterworks Vol. 1* Hank Chapman, Don Rico, 2018-09-20 Collects Battlefield #1-11. In the early 1950s with the Korean War raging Marvel Comics' predecessor, Atlas, launched a bevy of war comics featuring the heroism and horrors of human conflict. Battlefield ranked four-star amongst them with art by Atlas Era luminaries including war comics great Russ Heath along with Paul Reinman, Joe Maneely, Gene Colan, Bill Everett and many more. With challenging scripts by Stan Lee's stable of Atlas Era scribes these never-before-reprinted pre-Code comics delve into a challenging range of themes—from tales of the American fightin' G.I., to the machinations of the Communist front, and striking meditations on the atrocities of modern war.
