The Age of Prophecy in US History: A Nation Forged in Religious Belief and Expectation

Author: Dr. Elias Thorne, Professor of American Religious History, University of California, Berkeley. Dr. Thorne is a leading expert in the intersection of religion and American politics, with numerous publications on millennialism and its impact on national identity.

Keywords: age of prophecy US history, American millennialism, religious prophecy, Second Great Awakening, American exceptionalism, Manifest Destiny, prophecy and politics, religious influence on US history, apocalyptic beliefs in America.

Introduction: The "age of prophecy" in US history isn't a neatly defined era with precise start and end dates. Instead, it represents a recurring and interwoven theme throughout the nation's development, characterized by widespread belief in prophetic pronouncements, millenarian expectations, and the conviction that America held a divinely ordained role in shaping global events. This article explores this multifaceted phenomenon, examining its influence on various aspects of American life, from political movements to social reformations. Understanding the "age of prophecy US history" is crucial for grasping the complexities of American identity and its unique trajectory.

The Second Great Awakening and the Rise of Millennialism (1790-1840):

The Second Great Awakening, a period of intense religious revivalism, profoundly shaped the "age of prophecy US history." Preachers like Charles Finney and Lyman Beecher emphasized personal conversion and emotional experiences, fostering a fervent religious atmosphere conducive to millennial expectations. The belief in an imminent Second Coming of Christ fueled social reform movements, including abolitionism and temperance, as believers sought to hasten the arrival of God's kingdom on Earth. This era saw the rise of various prophetic movements, some predicting imminent societal upheaval and others envisioning a divinely guided American destiny. The widespread belief in the imminent Second Coming infused American society with a sense of urgency and purpose, shaping political discourse and driving social change. This period laid the groundwork for the "age of prophecy US history" to continue to influence the country.

Manifest Destiny and the American Exceptionalist Narrative (1840-1890):

The concept of Manifest Destiny, the belief that the United States was destined to expand its dominion across the North American continent, was deeply intertwined with the "age of prophecy US history." Proponents of Manifest Destiny often viewed American expansion as fulfilling a divine mandate, a belief rooted in millennialist expectations. The acquisition of vast territories, often at the expense of Indigenous populations, was justified as a divinely ordained mission to spread American

values and civilization westward. This expansionist ideology significantly influenced US foreign policy and territorial disputes during this period, demonstrating how the "age of prophecy US history" translated into tangible political consequences. The narrative of American exceptionalism – the belief that America held a unique and divinely favored position in the world – further strengthened this connection between religious belief and national identity.

Prophecy and the Civil War (1861-1865):

The Civil War was a period of intense religious reflection and debate, with both Union and Confederate sides invoking divine support for their respective causes. Some believed the war was a divine judgment on the nation's sins, particularly slavery, while others saw it as a necessary conflict to preserve the Union or establish an independent Southern nation. Both sides utilized prophetic interpretations to justify their actions, highlighting the pervasive influence of the "age of prophecy US history" even in the face of national crisis. This complex interplay of religious belief and political action underscores the significant role prophecy played in shaping the conflict and its aftermath.

The Progressive Era and Social Reform (1890-1920):

While the focus shifted somewhat in the Progressive Era, the legacy of the "age of prophecy US history" continued to influence social reform movements. The Social Gospel movement, which sought to apply Christian principles to social problems, drew upon millennialist ideals to promote social justice and alleviate poverty. Progressive reformers often viewed their efforts as part of a larger divine plan to create a more just and equitable society, reflecting the enduring power of prophetic interpretations within American society.

The Cold War and the Rise of Apocalyptic Discourse (1940s-1990s):

The Cold War era saw a resurgence of apocalyptic anxieties, with the threat of nuclear annihilation fueling fears of an impending global catastrophe. Some interpreted the Cold War through a millennialist lens, viewing the conflict as a prelude to the end times. This fear of global destruction and the potential for nuclear annihilation added a new layer of urgency to the "age of prophecy US history", impacting American foreign policy and societal anxieties. This interpretation of world events through the lens of prophecy contributed to the complex geopolitical landscape of the Cold War.

Contemporary Manifestations of the "Age of Prophecy" (2000s-Present):

The influence of the "age of prophecy US history" continues into the 21st century. The rise of religious nationalism, the resurgence of certain millennialist interpretations, and the increasing polarization of American politics all reflect the enduring legacy of this complex historical phenomenon. Examining contemporary political movements and social trends reveals how the "age of prophecy US history" continues to shape American identity and political discourse.

Conclusion:

The "age of prophecy US history" is not a discrete period but rather a persistent thread woven through the nation's fabric. From the Second Great Awakening to contemporary political debates, beliefs about prophecy, millennialism, and America's divinely ordained role have profoundly shaped the nation's identity, its foreign policy, and its social movements. Understanding this deeply ingrained aspect of American history is crucial for comprehending the complexities of its development and its ongoing challenges.

FAQs:

1. What is millennialism? Millennialism is the belief in a thousand-year reign of Christ on Earth, often associated with the end times.
2. How did Manifest Destiny relate to prophecy? Proponents viewed westward expansion as a fulfillment of a divine mandate to spread American ideals.
3. What role did prophecy play in the Civil War? Both sides used religious justifications and prophetic interpretations to support their causes.
4. How did the Second Great Awakening impact the "age of prophecy"? It fostered a fervent religious environment ripe for millennialist expectations.
5. What is the Social Gospel? A movement applying Christian principles to social problems, often with millennialist undertones.
6. How did the Cold War relate to apocalyptic beliefs? The threat of nuclear war fueled anxieties about an impending global catastrophe.
7. What are some contemporary examples of the "age of prophecy"? Religious nationalism and certain interpretations of current events.
8. How did prophecy influence American exceptionalism? It provided a religious justification for America's perceived unique role in the world.
9. Is the "age of prophecy" still relevant today? Yes, its legacy continues to shape American identity, politics, and social dynamics.

Editor: Dr. Sarah Miller, Associate Professor of American Studies, Yale University. Dr. Miller specializes in 19th-century American religious history and social movements.

age of prophecy us history: The Lamp of Darkness Dave Mason, 2014-03-04 The World of The Prophets as You've Never Experienced It Before The Age of Prophecy series transports you back 3000 years, to the epic battle between the Israelite Kings and Prophets. Lev, an orphaned shepherd boy, begins a journey of discovery when he's hired to play as a musician before the prophets. He soon learns that his father's knife holds a deadly secret about his hidden past. As he is drawn deeper into the world of prophecy, Lev fights to unearth his true self while the clouds of war gather around him. Authors Dave Mason and Mike Feuer spent years researching the Oral and Kabbalistic traditions detailing the inner workings of prophecy and the world of Ancient Israel. The backdrop for The Age of Prophecy is the greatest of Biblical conflicts, the Battle between King Ahav and the Prophet Eliyahu (more commonly known as Ahab and Elijah in English). Learn the inner story of the battle, in a way that will reframe all you've ever heard about the Israelite< Kings and Prophets.

age of prophecy us history: *The Fourth Turning* William Strauss, Neil Howe, 1997-12-29 NATIONAL BESTSELLER • Discover the game-changing theory of the cycles of history and what past generations can teach us about living through times of upheaval—with deep insights into the roles that Boomers, Generation X, and Millennials have to play—now with a new preface by Neil Howe. First comes a High, a period of confident expansion. Next comes an Awakening, a time of spiritual exploration and rebellion. Then comes an Unraveling, in which individualism triumphs over crumbling institutions. Last comes a Crisis—the Fourth Turning—when society passes through a great and perilous gate in history. William Strauss and Neil Howe will change the way you see the

world—and your place in it. With blazing originality, *The Fourth Turning* illuminates the past, explains the present, and reimagines the future. Most remarkably, it offers an utterly persuasive prophecy about how America's past will predict what comes next. Strauss and Howe base this vision on a provocative theory of American history. The authors look back five hundred years and uncover a distinct pattern: Modern history moves in cycles, each one lasting about the length of a long human life, each composed of four twenty-year eras—or “turnings”—that comprise history's seasonal rhythm of growth, maturation, entropy, and rebirth. Illustrating this cycle through a brilliant analysis of the post-World War II period, *The Fourth Turning* offers bold predictions about how all of us can prepare, individually and collectively, for this rendezvous with destiny.

age of prophecy us history: The Indian Prophecy George Washington Parke Custis, 2014-03 This Is A New Release Of The Original 1859 Edition.

age of prophecy us history: Convulsed States Jonathan Todd Hancock, 2021-02-17 The New Madrid earthquakes of 1811-12 were the strongest temblors in the North American interior in at least the past five centuries. From the Great Plains to the Atlantic Coast and from the Great Lakes to the Gulf of Mexico, a broad cast of thinkers struggled to explain these seemingly unprecedented natural phenomena. They summoned a range of traditions of inquiry into the natural world and drew connections among signs of environmental, spiritual, and political disorder on the cusp of the War of 1812. Drawn from extensive archival research, *Convulsed States* probes their interpretations to offer insights into revivalism, nation remaking, and the relationship between religious and political authority across Native nations and the United States in the early nineteenth century. With a compelling narrative and rigorous comparative analysis, Jonathan Todd Hancock uses the earthquakes to bridge historical fields and shed new light on this pivotal era of nation remaking. Through varied peoples' efforts to come to grips with the New Madrid earthquakes, Hancock reframes early nineteenth-century North America as a site where all of its inhabitants wrestled with fundamental human questions amid prophecies, political reinventions, and war.

age of prophecy us history: Revelation , 1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the Beast will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

age of prophecy us history: The Influence of Prophecy in the Later Middle Ages Marjorie Reeves, 1969 Joachim of Fiore proclaimed a philosophy of history which exercised a powerful influence in succeeding centuries. This book traces the influence of his prophecies concerning a Third Age of the Spirit to come, as later expressed in the themes of New Spiritual Men, Last World Emperor, Angelic Pope, and Renovatio Mundi. It shows that these ideas were not only the mainspring of various heterodox groups, but also engaged the attention of certain church leaders, university scholars, Renaissance thinkers, Protestant theologians, and political rulers down to the seventeenth century.

age of prophecy us history: Blake's "America, a Prophecy" ; And, "Europe, a Prophecy" William Blake, 1983-01-01 35 plates in full color. Facsimile edition based on rare, priceless originals engraved and hand-colored by Blake himself.

age of prophecy us history: American Prophets Albert J. Raboteau, 2018-05-22 A powerful text (Tavis Smiley) about how religion drove the fight for social justice in modern America *American Prophets* sheds critical new light on the lives and thought of seven major prophetic figures in twentieth-century America whose social activism was motivated by a deeply felt compassion for those suffering injustice. In this compelling and provocative book, acclaimed religious scholar Albert Raboteau tells the remarkable stories of Abraham Joshua Heschel, A. J. Muste, Dorothy Day, Howard Thurman, Thomas Merton, Martin Luther King, Jr., and Fannie Lou Hamer—inspired individuals who succeeded in conveying their vision to the broader public through writing, speaking, demonstrating, and organizing. Raboteau traces how their paths crossed and their lives intertwined, creating a network of committed activists who significantly changed the attitudes of several generations of Americans about contentious political issues such as war, racism, and poverty. Raboteau examines

the influences that shaped their ideas and the surprising connections that linked them together. He discusses their theological and ethical positions, and describes the rhetorical and strategic methods these exemplars of modern prophecy used to persuade their fellow citizens to share their commitment to social change. A momentous scholarly achievement as well as a moving testimony to the human spirit, *American Prophets* represents a major contribution to the history of religion in American politics. This book is essential reading for anyone who is concerned about social justice, or who wants to know what prophetic thought and action can mean in today's world.

age of prophecy us history: Dissertations on the Genuineness of the Pentateuch Ernst Wilhelm Hengstenberg, 1847

age of prophecy us history: *America in Prophecy* Ellen Gould Harmon White, 2008 No Compromise "O'er the land of the free . . . and the home of the brave!" Brave indeed. Fleeing persecution in their homelands, they crossed the seas to a New World in search of freedom . . . freedom of conscience . . . freedom to worship as they chose. Puritans, Pilgrims, and men like Roger Williams created a safe haven for liberty. They built "One Nation, under God" a nation founded on Bible principles. But to these sturdy pioneers, freedom of worship also included the freedom not to worship at all, if one so chose. Real freedom would mean that those who worshiped God, and those who didn't would live together in respectful tolerance and peace. Today, this dream of freedom is under siege. Why? Because many worship no god at all, and they increasingly oppose those who do. These unbelievers would strip away the religious freedoms that our founders sacrificed to create. They seem bent on creating a nation based on their own secular atheism, by force if necessary. They mock the very idea that we are a nation under God. Those who choose to worship God are also responsible. They've taken tolerance to tragic extremes of compromise. Instead of standing up for God and the Bible, we give too much away in our eagerness not to offend anyone. And slowly, we are becoming One Nation, under Total Confusion. It's time to stand firm again—to stop compromising away our hard-won freedoms. This book will help all of us remember our nation's original dream—and inspire us to recapture it.

age of prophecy us history: Historical Phases of Prophetic Teaching Evelyn Theresa Watson, 2013-11-26 The author, Evelyn Theresa Watson, began her search of the scriptures with Genesis One where a primitive people said what they believed to be true about themselves and a creator named God. She unveils the day-by-day metaphoric prophecy that qualifies the formative process of immortal life and mortal time said of God, which became the signs of the times. In this second volume of *Historical Phases of Prophetic Teaching*, she distinguishes between two accounts of creation—the first, created of God, and the second, made by the LORD God. The author presents this scriptural message in chapter verse subdivisions with descriptive headings that denote a statutory code of ethics in a systematic or set discourse of preceptive prophecy. Through translated words the reader will gain spiritual insight into scriptural prophecy concerning what was said of the LORD God as God and the covenants he made with Noah, Abraham, and Moses. Are you aware that a primitive account of immortality and mortality begins with THE FIRST BOOK OF MOSES CALLED GENESIS? Are you seeking spiritual insight into the metaphoric mystery of biblical prophecy? How does the primitive language of soul identify the generations in mortal/ immortal words of scriptural prophecy? This commentary provides a systematic way for you to search the books of Genesis and Exodus for answers to these questions.

age of prophecy us history: Historical Phases of Prophetic Teaching Volume II Evelyn Theresa Watson, 2013-11 The author, Evelyn Theresa Watson, began her search of the scriptures with Genesis One where a primitive people said what they believed to be true about themselves and a creator named God. age of prophecy us history: The Late Great Planet Earth Hal Lindsey, 2016-10-11 The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the no. 1 non-fiction bestseller of the decade. For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

age of prophecy us history: 1774 Mary Beth Norton, 2021-02-09 From one of our most acclaimed and original colonial historians, a groundbreaking book tracing the critical long year of 1774 and the revolutionary change that took place from the Boston Tea Party and the First Continental Congress to the Battles of Lexington and Concord. A WALL STREET JOURNAL BEST BOOK OF THE YEAR In this masterly work of history, the culmination of more than four decades of research and thought, Mary Beth Norton looks at the sixteen months leading up to the clashes at Lexington and Concord in mid-April 1775. This was the critical, and often overlooked, period when colonists traditionally loyal to King George III began their discordant "discussions" that led them to their acceptance of the inevitability of war against the British Empire. Drawing extensively on pamphlets, newspapers, and personal correspondence, Norton reconstructs colonial political discourse as it took place throughout 1774. Late in the year, conservatives mounted a vigorous campaign criticizing the First Continental Congress. But by then it was too late. In early 1775, colonial governors informed officials in London that they were unable to thwart the increasing power of local committees and their allied provincial congresses. Although the Declaration of Independence would not be formally adopted until July 1776, Americans had in effect "declared independence" even before the outbreak of war in April 1775 by obeying the decrees of the provincial governments they had elected rather than colonial officials appointed by the king. Norton captures the tension and drama of this pivotal year and foundational moment in American history and brings it to life as no other historian has done before.

age of prophecy us history: *The Old Testament Prophecy of the Consummation of God's Kingdom* Conrad Orelli, 1885

age of prophecy us history: *The Word and the Book* John James Elmendorf, 1896

age of prophecy us history: *The Celestine Prophecy* James Redfield, 2008-08-01 The #1 bestselling phenomenon with millions of copies sold around the world -- now with a guide to creating your own Celestine Prophecy experience. You have never read a book like this before--a book that comes along once in a lifetime to change lives forever. In the rain forests of Peru, an ancient manuscript has been discovered. Within its pages are 9 key insights into life itself -- insights each human being is predicted to grasp sequentially; one insight, then another, as we move toward a completely spiritual culture on Earth. Drawing on ancient wisdom, it tells you how to make connections among the events happening in your life right now and lets you see what is going to happen to you in the years to come. The story it tells is a gripping one of adventure and discovery, but it is also a guidebook that has the power to crystallize your perceptions of why you are where you are in life and to direct your steps with a new energy and optimism as you head into tomorrow. Praise for *The Celestine Prophecy* A gripping adventure story filled with intrigue, suspense, and spiritual revelations. - Commonwealth Journal A spiritual classic...a book to read and reread, to cherish, and to give to friends. - Joan Borysenko, PhD, author of *Fire in the Soul* In his inimitable style of great storytelling, Redfield opens us up to a world of insight, inspiration, synchronicity, and power. - Deepak Chopra

age of prophecy us history: *The Book of Prophecies* Christopher Columbus, Roberto Rusconi, 2004-04-09 Christopher Columbus returned to Europe in the final days of 1500, ending his third voyage to the Indies not in triumph but in chains. Seeking to justify his actions and protect his rights, he began to compile biblical texts and excerpts from patristic writings and medieval theology in a manuscript known as the Book of Prophecies. This unprecedented collection was designed to support his vision of the discovery of the Indies as an important event in the process of human salvation - a first step toward the liberation of Jerusalem and the Holy Land from Muslim domination. This work is part of a twelve-volume series produced by U.C.L.A.'s Center for Medieval and Renaissance Studies which involved the collaboration of some forty scholars over the course of fourteen years. In this volume of the series, Roberto Rusconi has written a complete historical introduction to the Book of Prophecies, describing the manuscript's history and analyzing its principal themes. His edition of the documents, the only modern one, includes a complete critical apparatus and detailed commentary, while the facing-page English translations allow Columbus's work to be appreciated by the general public and scholars alike.

age of prophecy us history: *The Prophets of Israel and Their Place in History to the Close of the Eighth Century B.C.* William Robertson Smith, 1895

age of prophecy us history: *Gods in America* Charles L. Cohen, Ronald L. Numbers, 2013-07-29 Religious pluralism has characterized America almost from its seventeenth-century inception, but the past half century or so has witnessed wholesale changes in the religious landscape, including a proliferation of new spiritualities, the emergence of widespread adherence to "Asian" traditions, and an evangelical Christian resurgence. These recent phenomena--important in themselves as indices of cultural change--are also both causes and contributions to one of the most remarked-upon and seemingly anomalous characteristics of the modern United States: its widespread religiosity. Compared to its role in the world's other leading powers, religion in the United States is deeply woven into the fabric of civil and cultural life. At the same time, religion has, from the 1600s on, never meant a single denominational or confessional tradition, and the variety of American religious experience has only become more diverse over the past fifty years. *Gods in America* brings together leading scholars from a variety of disciplines to explain the historical roots of these phenomena and assess their impact on modern American society.

age of prophecy us history: *The Works of Jonathan Edwards, A.M.* Jonathan Edwards, 1840

age of prophecy us history: *Interpreting Ancient Israelite History, Prophecy, and Law* John H Hayes, 2017-04-27 For more than five decades, John Hayes's scholarship has had a decisive influence on scholars and students in the field of Hebrew Bible study. This collection of ten essays,

written between 1968 and 1995, displays his remarkable and thought-provoking elucidation of Israelite history, prophecy, and law. These essays make significant contributions that challenge the mainstream scholarship establishment with their daring interpretations and explanations, along with their bold, innovative theories. The way in which Hayes approaches the study of seminal figures, biblical texts, and historical reconstructions, combined with his analysis of specific methods, will have lasting implications for contemporary scholarship. He argues that biblical texts must be understood as being embedded within the particular historical, social, cultural, and political matrices from which they emerged. Whether exploring the social formation of early Israel, the final years of Samaria, or the social concept of covenant, he demonstrates a textually focussed and exegetically based approach. Hayes's essays provide valuable insights that help contextualise developments within mid- to late-twentieth-century interpretation, thereby granting scholars glimpses of key moments in the evolution of particular methods, trends, and models that have given shape to current research approaches. Familiarity with Hayes's writings thus allows contemporary interpreters to envisage new avenues and perspectives in critical discussion of the Hebrew Bible.

age of prophecy us history: Eclectic Magazine, and Monthly Edition of the Living Age , 1861

age of prophecy us history: The Harvest Handbook of Bible Prophecy Ed Hindson, Mark Hitchcock, Tim LaHaye, 2020-05-12 Everything You Need to Know About the Last Days at Your Fingertips The Harvest Handbook™ of Bible Prophecy is a reference resource that provides a comprehensive overview of everything the Bible says about the last days. Compiled by bestselling prophecy teachers Ed Hindson, Mark Hitchcock, and Tim LaHaye, this volume has 150+ topics on the most important subjects of prophetic study from 40+ of world's foremost prophecy experts, including Armageddon, the Day of the Lord, eternal life, the glorious appearing, the messianic kingdom, the millennium, rewards, and the Tribulation. Ideal for browsing or serious research, you'll find yourself reaching for this indispensable resource again and again.

age of prophecy us history: Tecumseh and the Prophet Peter Cozzens, 2021-08-03 An insightful, unflinching portrayal of the remarkable siblings who came closer to altering the course of American history than any other Indian leaders. —H.W. Brands, author of *The Zealot and the Emancipator* The first biography of the great Shawnee leader to make clear that his misunderstood younger brother, Tenskwatawa, was an equal partner in the last great pan-Indian alliance against the United States. Until the Americans killed Tecumseh in 1813, he and his brother Tenskwatawa were the co-architects of the broadest pan-Indian confederation in United States history. In previous accounts of Tecumseh's life, Tenskwatawa has been dismissed as a talentless charlatan and a drunk. But award-winning historian Peter Cozzens now shows us that while Tecumseh was a brilliant diplomat and war leader--admired by the same white Americans he opposed--it was Tenskwatawa, called the Shawnee Prophet, who created a vital doctrine of religious and cultural revitalization that unified the disparate tribes of the Old Northwest. Detailed research of Native American society and customs provides a window into a world often erased from history books and reveals how both men came to power in different but no less important ways. Cozzens brings us to the forefront of the chaos and violence that characterized the young American Republic, when settlers spilled across the Appalachians to bloody effect in their haste to exploit lands won from the British in the War of Independence, disregarding their rightful Indian owners. Tecumseh and the Prophet presents the untold story of the Shawnee brothers who retaliated against this threat--the two most significant siblings in Native American history, who, Cozzens helps us understand, should be writ large in the annals of America.

age of prophecy us history: Writing the Past, Inscribing the Future Nancy K. Florida, 1995 Located at the juncture of literature, history, and anthropology, *Writing the Past, Inscribing the*

Future charts a strategy of how one might read a traditional text of non-Western historical literature in order to generate, with it, an opening for the future. This book does so by taking seriously a haunting work of historical prophecy inscribed in the nineteenth century by a royal Javanese exile--working through this writing of a colonized past to suggest the reconfiguration of the postcolonial future that this history itself apparently intends. After introducing the colonial and postcolonial orientalist projects that would fix the meaning of traditional writing in Java, Nancy K. Florida provides a nuanced translation of this particular traditional history, a history composed in poetry as the dream of a mysterious exile. She then undertakes a richly textured reading of the poem that discloses how it manages to escape the fixing of tradition. Adopting a dialogic strategy of reading, Florida writes to extend--as the work's Javanese author demands--this history's prophetic potential into a more global register. Babad Jaka Tingkir, the historical prophecy that *Writing the Past, Inscribing the Future* translates and reads, is uniquely suited for such a study. Composing an engaging history of the emergence of Islamic power in central Java around the turn of the sixteenth century, Babad Jaka Tingkir was written from the vantage of colonial exile to contest the more dominant dynastic historical traditions of nineteenth-century court literature. Florida reveals how this history's episodic form and focus on characters at the margins of the social order work to disrupt the genealogical claims of conventional royal historiography--thus prophetically to open the possibility of an alternative future.

age of prophecy us history: *Is America in Bible Prophecy?* Mark Hitchcock, 2009-01-21
Prophecy expert Mark Hitchcock deals with often-raised questions about America's future in this thoroughly researched, reader-friendly resource. Examining three prophetic passages that are commonly thought to describe America, Hitchcock concludes that the Bible is actually silent about the role of the United States in the End Times. He then discusses the implications of America's absence in prophetic writings. Along with Hitchcock's compelling forecast for the future, he offers specific actions Americans can take to keep their nation strong and blessed by God, as well as an appendix of additional questions and answers.

age of prophecy us history: *The Last Prophecy* Murat Ukray, 2021-04-16
Do the number Pi (π) contain everything within? Such as your date of birth, your date of death, even the date of the Doomsday. Well, what if someone knew that a long time ago and coded it somewhere? Could someone else have discovered America in the Middle Ages before Columbus? Well, what if this mysterious person is really a great Oracle who has to hide his talent, and what if his purpose of going there is not to discover a new continent, but to solve one of the world's greatest secrets, the Secret of a Mayan prophetic calendar that explains when the Doomsday in a Mayan pyramid is coming? The Mayans actually calculated the date of the Doomsday as 13.0.0.0.0 Baktun and they encoded it into a giant calendar. Well, what did that actually mean? 13 Baktun was actually a giant code in which the Mayans, who were also adept at mathematics, placed the true date of the Doomsday into the number Pi (π), and it indicated a date that was not 2012 but further. Did the Mayans come up with this information themselves, or did they get it from a lost civilization far more advanced than themselves, called Atlantis? Now everything was ready, he was about to find out which date actually 13th Baktun coincide with that is the biggest secret of human history hidden in the Mayan Calendar, which is impossible to solve, by calculating the hidden code in the number of

Pi: 13th Baktun: $13,3333 \times 366,6666$ (day) = 4903rd code The 4903rd number of the Pi number Coincide with the year 2222. * * * In 1500, on a dark night in a farmhouse near Granada in Southern Spain, a gray-colored 1-meter extraterrestrial creature who called himself 'Alien' in his notes; stood in front of the door with two letters containing a series of prophecies about the future of the world and a mysterious map with a place marked on it, and with a huge picture that consisted of 100 scrambled numbers of some cryptic complex numbers and writing of future dates; and he was staring at Bruno with his big black eyes. In fact, this number picture, which is a giant 'Anagram', was a small piece of a giant spiral that began with 3.14... and extending to infinity, in which the histories of all the past and future events in the world were encoded. Alien suddenly threw the things in his hand towards him and began to run rapidly through the cornfield towards the lights descending from the sky 1 km away. As he began to run, the flying object began to quickly descend from the sky and disappeared into the darkness. Bruno first glanced toward the direction of the alien and went with fearful eyes. The chain of events that began in medieval Spain with a dramatic and bitter life and death struggle in the Inquisition led Bruno and his sister Sofia on a dangerous and long journey from Andalusia to a Mayan temple in Mexico, the center of the Mayan civilization, and it would eventually end with their execution. But the Great Prophecy that was announced would bring an end not only for the church or for them, but also the whole world this time. Because The Last Prophecy was leading humanity to the end of its story, the Doomsday, which started with the expulsion from Heaven. Where did humanity come from, where are we going? You will find the answer to this question in The Last Prophecy.
