Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. Utah, a state which is well known for its distinct religious history, is thoroughly examined in this WPA Guide, with an entire chapter on the relationship between the Church of Jesus Christ of Latter-day Saints and the state of Utah. age of wonders 4 guide: World of Wonders Aimee Nezhukumatathil, 2020-09-08 "A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming-of-age memoir." —Kirkus Reviews As a child, Nezhukumatathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to our world's fierce and funny creatures for guidance. "What the peacock can do," she tells us, "is remind you of a home you will run away from and run back to all your life." The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world's gifts. In the six months between the day she was laid off and the day she was forced out onto the street, Karp scrambled for temp work and filed hundreds of job applications, only to find all doors closed. When she inherited a thirty-foot travel trailer after her father's suicide, Karp parked it in a Walmart parking lot and began to blog about her search for work and a way back.
