agents of shield episode guide: Skin in the Game Nassim Nicholas Taleb, 2018-02-27 #1 NEW YORK TIMES BESTSELLER • A bold work from the author of The Black Swan that challenges many of our long-held beliefs about risk and reward, politics and religion, finance and personal responsibility In his most provocative and practical book yet, one of the foremost thinkers of our time redefines what it means to understand the world, succeed in a profession, contribute to a fair and just society, detect nonsense, and influence others. Citing examples ranging from Hammurabi to Seneca, Antaeus the Giant to Donald Trump, Nassim Nicholas Taleb shows how the willingness to accept one's own risks is an essential attribute of heroes, saints, and flourishing people in all walks of life. As always both accessible and iconoclastic, Taleb challenges long-held beliefs about the values of those who spearhead military interventions, make financial investments, and propagate religious faiths. Among his insights: • For social justice, focus on symmetry and risk sharing. You cannot make profits and transfer the risks to others, as bankers and large corporations do. You cannot get rich without owning your own risk and paying for your own losses. Forcing skin in the game corrects this asymmetry better than thousands of laws and regulations. • Ethical rules aren't universal. You're part of a group larger than you, but it's still smaller than humanity in general. • Minorities, not majorities, run the world. The world is not run by consensus but by stubborn minorities imposing their tastes and ethics on others. • You can be an intellectual yet still be an idiot. "Educated philistines" have been wrong on everything from Stalinism to Iraq to low-carb diets. • Beware of complicated solutions (that someone was paid to find). A simple barbell can build muscle better than expensive new machines. • True religion is commitment, not just faith. How much you believe in something is manifested only by what you're willing to risk for it. The phrase "skin in the game" is one we have often heard but rarely stopped to truly dissect. It is the backbone of risk management, but it's also an astonishingly rich worldview that, as Taleb shows in this book, applies to all aspects of our lives. As Taleb says, "The symmetry of skin in the game is a simple rule that's necessary for fairness and justice, and the ultimate BS-buster," and "Never trust anyone who doesn't have skin in the game. Without it, fools and crooks will benefit, and their mistakes will never come back to haunt them."

agents of shield episode guide: The Financial Crisis Inquiry Report Financial Crisis Inquiry Commission, 2011-05-01 The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to examine the causes, domestic and global, of the current financial and economic crisis in the United States. It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government. agents of shield episode guide: Good Bones Maggie Smith, 2020-07-15 Featuring "Good Bones"—called "Official Poem of 2016" by the BBC/Public Radio International. Maggie Smith writes out of the experience of motherhood, inspired by watching her own children read the world like a book they've just opened, knowing nothing of the characters or plot. These are poems that stare down darkness while cultivating and sustaining possibility, poems that have a sense of moral gravitas, personal urgency, and the ability to address a larger world. Maggie Smith's previous books are *The Well Speaks of Its Own Poison* (Tupelo, 2015), *Lamp of the Body* (Red Hen, 2005), and three prize-winning chapbooks: *Disasterology* (Dream Horse, 2016), *The List of Dangers* (Kent State, 2010), and *Nesting Dolls* (Pudding House, 2005). Her poem "Good Bones" has gone viral—tweeted and translated across the world, featured on the TV drama *Madam Secretary*, and called the "Official Poem of 2016" by the BBC/Public Radio International, earning news coverage in the *New York Times*, *Washington Post*, *Slate*, the *Guardian*, and beyond. Maggie Smith was named the 2016 Ohio Poet of the Year. "Smith's voice is clear and unmistakable as she unravels the universe, pulls at a loose thread and lets the whole thing tumble around us, sometimes beautiful, sometimes achingly hard. Truthful, tender, and unafraid of the dark...."—Ada Limón "As if lost in the soft, bewitching world of fairy tale, Maggie Smith conceives and brings forth this metaphysical Baedeker, a guidebook for mother and child to lead each other into a hopeful present. Smith's poems affirm the virtues of humanity: compassion, empathy, and the ability to comfort one another when darkness falls. 'There is a light,' she tells us, 'and the light is good.'"—D. A. Powell "Good Bones is an extraordinary book. Maggie Smith demonstrates what happens when an abundance of heart and intelligence meets the hands of a master craftsman, reminding us again that the world, for a true

poet, is blessedly inexhaustible.”—Erin Belieu
