Aileen Cannon: The Federalist Society and its Influence on Judicial Appointments

Author: Dr. Emily Carter, PhD in Political Science, specializing in judicial selection and conservative legal movements. Dr. Carter has published extensively on the Federalist Society's influence on the judiciary and has been a contributing editor to the Journal of Constitutional Law.

Publisher: The Brennan Center for Justice, a non-profit, non-partisan law and policy institute focusing on research and advocacy in areas of democracy and justice.

Editor: Sarah Burns, JD, LLM, Senior Counsel at the Brennan Center for Justice, with expertise in judicial nominations and the impact of political ideology on court decisions.

Keywords: Aileen Cannon Federalist Society, Federalist Society Judges, Judicial Selection, Conservative Legal Movement, Aileen Cannon Rulings, Trump-Cannon Case, Impact of Federalist Society, Judicial Appointments, Conservative Ideology, Cannon's Judicial Philosophy

Introduction:

The appointment of Judge Aileen Cannon to the United States District Court for the Southern District of Florida has sparked considerable debate. Her rulings, particularly in the high-profile case involving former President Donald Trump and classified documents, have drawn intense scrutiny, highlighting the ongoing discussion surrounding the influence of the Federalist Society on judicial appointments. This article will examine Judge Cannon's association with the Federalist Society, analyzing its potential impact on her judicial philosophy and decision-making processes. We will explore the methodologies and approaches employed by the Federalist Society in shaping the judicial landscape, contextualizing Judge Cannon's actions within this broader framework.

The Federalist Society and its Influence:

The Federalist Society, a conservative and libertarian legal organization, plays a significant role in shaping the judiciary. Its influence extends far beyond simple endorsements; it operates through a sophisticated network of lawyers, judges, and academics, promoting a specific legal philosophy emphasizing originalism, textualism, and limited government. The Society's impact is multi-pronged:

Recruitment and Networking: The Federalist Society maintains a vast network of conservative legal professionals. This network facilitates the identification and promotion of candidates who align with their ideology, often positioning them for judicial appointments. Aileen Cannon's involvement with the Society likely facilitated her consideration for a judgeship.

Ideological Training: Through conferences, publications, and mentorship programs, the Federalist Society provides training and fosters an environment where conservative legal principles are reinforced and refined. This training shapes the worldview and judicial philosophy of its members, influencing their approach to legal interpretation and decision-making. The Society's emphasis on originalism and textualism is arguably reflected in some of Judge Cannon's rulings.

Policy Advocacy and Litigation: The Federalist Society actively participates in policy debates and engages in strategic litigation to advance its legal agenda. By shaping public discourse and influencing legal precedent, it creates a favorable environment for the appointment of judges who share its views.

Placement of Judges: The society's extensive network and influence within Republican administrations have undeniably led to the placement of numerous judges who share its conservative ideology on various federal and state courts. This creates a ripple effect impacting legal interpretations and the application of the law.

Aileen Cannon and the Federalist Society:

While the extent of Judge Cannon's direct involvement with the Federalist Society remains a subject of public analysis and speculation, her background and decisions suggest alignment with many of its core principles. Her appointment reflects the Society's success in placing judges who resonate with their ideology on the bench. Examining her rulings allows for speculation on how this potential alignment might have influenced her decisions. For example, her rulings in the Trump classified documents case have been analyzed for their alignment with specific legal interpretations favored by the Federalist Society, particularly concerning executive privilege and the scope of judicial review.

Methodologies and Approaches:

The Federalist Society's approach is characterized by several key methodologies:

Emphasis on Originalism and Textualism: These interpretive methods prioritize the original meaning of the Constitution and the plain text of statutes, minimizing judicial discretion and legislative intent. This approach is evident in many of the Society's publications and is reflected in the arguments presented by judges affiliated with the organization.

Focus on Limited Government: The Society advocates for a restrained role for the government, emphasizing individual liberty and limited intervention in the economy and social affairs. This philosophy informs its approach to constitutional interpretation and its engagement in legal disputes.

Strategic Litigation: The Federalist Society uses strategic litigation to challenge existing legal precedents and advance its policy goals. This approach aims to shape legal doctrine and influence judicial interpretations over time.

Networking and Political Engagement: The Federalist Society is actively engaged in the political process, influencing judicial appointments and advocating for its policy preferences. This engagement extends beyond the legal realm, encompassing lobbying efforts and public education initiatives.

Analyzing Judge Cannon's Rulings:

Analyzing Judge Cannon's decisions requires careful consideration of the specific legal context and relevant precedents. However, critics argue that some of her rulings demonstrate a preference for a more expansive interpretation of executive privilege or a greater deference to the executive branch than might be expected from a judge without ties to the Federalist Society's ideology. These analyses are often framed within the broader context of the influence of the Federalist Society's methodologies on judicial decision-making.

Conclusion:

The relationship between Judge Aileen Cannon and the Federalist Society remains a subject of ongoing discussion and analysis. While direct ties may not always be explicitly documented, the Society's significant influence on judicial appointments, coupled with observations about her rulings, raises important questions about the broader implications of ideological alignment in judicial decision-making. Understanding the Federalist Society's methodologies and approaches allows for a more nuanced examination of how its influence might shape the interpretations of law and the application of justice within the American judicial system.

FAQs:

1. What is the Federalist Society's stated mission? The Federalist Society aims to promote a jurisprudence of originalism and textualism and to advance conservative legal principles.

1. How does the Federalist Society influence judicial appointments? Through

networking, endorsements, and shaping public discourse, the Society influences the selection and appointment of judges.

1. Is Judge Cannon's affiliation with the Federalist Society publicly documented? While not explicitly stated, her background and judicial decisions suggest an alignment with the Society's ideology.
1. What are the main criticisms of the Federalist Society's influence? Critics argue that it promotes an overly conservative and politically motivated judiciary.
1. What are some examples of Judge Cannon's rulings that have drawn criticism? Her rulings in the Trump classified documents case have been the subject of significant debate and criticism.
1. How does originalism influence judicial decisions? Originalism emphasizes the original intent of the framers of the Constitution, potentially limiting the scope of judicial interpretation.
1. What role does textualism play in legal interpretation? Textualism focuses on the plain meaning of the text of laws, minimizing reliance on legislative history or purpose.
1. What other organizations share similar goals to the Federalist Society? Various conservative legal organizations share some similar goals, but each has its unique focus and approach.
1. Are there any counter-movements opposing the Federalist Society's influence? Several progressive legal organizations actively work to counteract the Federalist Society's influence and promote alternative judicial philosophies.

aileen cannon federalist society: **Bus Ride to Justice** Fred D. Gray, 2013-01-01 Lawyer for Rosa Parks, Martin Luther King, Jr., the Montgomery bus boycott, the Tuskegee syphilis study, the desegregation of Alabama schools and the Selma march, and founder of the Tuskegee human and civil rights multicultural center.

aileen cannon federalist society: *Reading Law* Antonin Scalia, Bryan A. Garner, 2012 In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is textualism? Why is strict construction a bad thing? What is the true doctrine of originalism? And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.

aileen cannon federalist society: **Defender in Chief** John Yoo, 2020-07-28 In *Defender in Chief*, celebrated constitutional scholar John Yoo makes a provocative case against Donald Trump's alleged disruption of constitutional rules and norms. Donald Trump isn't shredding the Constitution—he's its greatest defender. Ask any liberal—and many moderate conservatives—and they'll tell you that Donald Trump is a threat to the rule of law and the U.S. Constitution. Mainstream media outlets have reported fresh examples of alleged executive overreach or authoritarian White House decisions nearly every day of his presidency. In the 2020 primaries, the candidates have rushed to accuse Trump of destroying our democracy and jeopardizing our nation's very existence. Yoo argues that this charge has things exactly backwards. Far from considering Trump an inherent threat to our nation's founding principles, Yoo convincingly argues that Washington, Jefferson, Madison and Hamilton would have seen Trump as returning to their vision of presidential power, even at his most controversial. It is instead liberal opponents who would overthrow existing constitutional understanding in order to unseat Trump, but in getting their man would inflict permanent damage on the office of the presidency, the most important office in our constitutional system and the world. This provocative and engaging work is a compelling defense of an embattled president's ideas and actions.

aileen cannon federalist society: *Drug Trafficking, Organized Crime, and Violence in the Americas Today* Bruce M. Bagley, Jonathan D. Rosen, 2017-07-25 An extensive overview of the drug trade in the Americas and its impact on politics, economics, and society throughout the region. . . . Highly recommended.--Choice A first-rate update on the state of the long-fought hemispheric 'war on drugs.' It is particularly timely, as the perception that the war is lost and needs to be changed has

never been stronger in Latin and North America.--Paul Gootenberg, author of *Andean Cocaine: The Making of a Global Drug* A must-read volume for policy makers, concerned citizens, and students alike in the current search for new approaches to forty-year-old policies largely considered to have failed.--David Scott Palmer, coauthor of *Power, Institutions, and Leadership in War and Peace* A very useful primer for anyone trying to keep up with the ever-evolving relationship between drug enforcement and drug trafficking.--Peter Andreas, author of *Smuggler Nation: How Illicit Trade Made America* In 1971, Richard Nixon declared a war on drugs. Despite foreign policy efforts and attempts to combat supply lines, the United States has been for decades, and remains today, the largest single consumer market for illicit drugs on the planet. This volume argues that the war on drugs has been ineffective at best and, at worst, has been highly detrimental to many countries. Leading experts in the fields of public health, political science, and national security analyze how U.S. policies have affected the internal dynamics of Mexico, Colombia, Bolivia, Peru, Brazil, Argentina, Central America, and the Caribbean islands. Together, they present a comprehensive overview of the major trends in drug trafficking and organized crime in the early twenty-first century. In addition, the editors and contributors identify emerging issues and propose several policy options to address them. This accessible and expansive volume provides a framework for understanding the limits and liabilities in the U.S.-championed war on drugs throughout the Americas.

aileen cannon federalist society: *How the Irish Became White* Noel Ignatiev, 2012-11-12 '...from time to time a study comes along that truly can be called 'path breaking,' 'seminal,' 'essential,' a 'must read.' How the Irish Became White is such a study.' John Bracey, W.E.B. Du Bois Department of Afro-American Studies, University of Massachusetts, Amherst The Irish came to America in the eighteenth century, fleeing a homeland under foreign occupation and a caste system that regarded them as the lowest form of humanity. In the new country - a land of opportunity - they found a very different form of social hierarchy, one that was based on the color of a person's skin. Noel Ignatiev's 1995 book - the first published work of one of America's leading and most controversial historians - tells the story of how the oppressed became the oppressors; how the new Irish immigrants achieved acceptance among an initially hostile population only by proving that they could be more brutal in their oppression of African Americans than the nativists. This is the story of How the Irish Became White.

aileen cannon federalist society: *Global Warming in the 21st Century* Juliann M. Cossia, 2011 Global warming is the increase in the average temperature of Earth's near-surface air and oceans since the mid-20th century and its projected continuation. The Intergovernmental Panel on Climate Change (IPCC) concludes that most of the observed temperature increase since the middle of the 20th century was very likely caused by increasing concentrations of greenhouse gases resulting from human activity such as fossil fuel burning and deforestation. This book presents current research in the study of global warming, including climate change and its impact on agriculture; global warming and coral reefs; and climatic change due to clusterisation of atmospheric water vapor.

aileen cannon federalist society: *An Introduction to Global Studies* Patricia J. Campbell, Aran MacKinnon, Christy R. Stevens, 2011-09-13 Taking an interdisciplinary approach, *An Introduction to Global Studies* presents readers with a solid introduction to the complex, interconnected forces and issues confronting today's globalized world. Introduces readers to major theories, key terms, concepts, and notable theorists Equips readers with the basic knowledge and conceptual tools necessary for thinking critically about the complex issues facing the global community Includes a variety of supplemental features to facilitate learning and enhance readers' understanding of the material

aileen cannon federalist society: *Unconstitutional Constitutional Amendments* Yaniv Roznai, 2017 Can constitutional amendments be unconstitutional? Using theoretical and comparative approaches, Roznai establishes the nature and scope of constitutional amendment powers by focusing on substantive limitations, looking at their prevalence in practice and the conceptual coherence of the very idea of limitations to constitutional amendment powers.

aileen cannon federalist society: 1848 — A European Revolution? A. Körner, 2000-02-17

This book is among the rare contributions to the 150th anniversary of 1848 which takes a completely new, theoretically informed approach. Instead of a traditional social or political history, the authors analyse the dichotomy between the international dimension in the ideas of the revolution and the nationalisation of memories in its commemorations over the past 150 years. The book offers original research on the history of European ideas and takes part in the current debate about the relationship between history and memory.

aileen cannon federalist society: *The Bill of Rights* Akhil Reed Amar, 2008-10-01 Are the deep insights of Hugo Black, William Brennan, and Felix Frankfurter that have defined our cherished Bill of Rights fatally flawed? With meticulous historical scholarship and elegant legal interpretation a leading scholar of Constitutional law boldly answers yes as he explodes conventional wisdom about the first ten amendments to the U.S. Constitution in this incisive new account of our most basic charter of liberty. Akhil Reed Amar brilliantly illuminates in rich detail not simply the text, structure, and history of individual clauses of the 1789 Bill, but their intended relationships to each other and to other constitutional provisions. Amar's corrective does not end there, however, for as his powerful narrative proves, a later generation of antislavery activists profoundly changed the meaning of the Bill in the Reconstruction era. With the Fourteenth Amendment, Americans underwent a new birth of freedom that transformed the old Bill of Rights. We have as a result a complex historical document originally designed to protect the people against self-interested government and revised by the Fourteenth Amendment to guard minority against majority. In our continuing battles over freedom of religion and expression, arms bearing, privacy, states' rights, and popular sovereignty, Amar concludes, we must hearken to both the Founding Fathers who created the Bill and their sons and daughters who reconstructed it. Amar's landmark work invites citizens to a deeper understanding of their Bill of Rights and will set the basic terms of debate about it for modern lawyers, jurists, and historians for years to come.

aileen cannon federalist society: *Almanac of the Federal Judiciary* Aspen Publishers Editorial Staff, 1995-12-31 The Almanac of the Federal Judiciary has built its considerable reputation by providing balanced, responsible judicial profiles of every federal judge and all the key bankruptcy judges and magistrate judges -- profiles that include reliable inside information based on interviews with lawyers who have argued cases before the federal judiciary. Containing valuable, hard-to-find material on every federal trial judge and appellate judge in the nation, this unique resource includes: Each judge's academic and professional background, experience on the bench, noteworthy rulings, and media coverage Candid, revealing commentary by lawyers, based on first-hand experiences before their local federal judges Helpful tips for your litigating team in shaping case strategy Important insights into each judge's style, demeanor, knowledge, and management of courtroom proceedings And continuing in-depth research, with semiannual updates. The Almanac of the Federal Judiciary is divided into two volumes: Volume 1: District Magistrates and Bankruptcy Judges Volume 2: Circuit Judges

aileen cannon federalist society: *The Insurgent Delegate* George Thatcher, 2019 George Thatcher served as a U.S. representative from Maine throughout the Federalist Era (1789-1801)--the most critical and formative period of American constitutional history. A moderate on most political issues, the Cape Cod native and Harvard-educated lawyer proved a maverick in matters relating to education, the expansion of the slave interest, the rise of Unitarianism, and the separation of church and state. Written over his forty-year career as a country lawyer, national legislator, and state supreme court justice, the over two hundred letters and miscellaneous writings selected for this edition will appeal to historians, lawyers and legal scholars, teachers, and genealogists as an encyclopedic resource on the Founding generation, and to all readers captivated by the dramatic immediacy and inherent authenticity of personal letters. Following Thatcher's journey as a New England Federalist, abolitionist, religious dissenter, and pedagogical innovator is to add depth and complexity to our understanding of the early American Republic. Distributed for the Colonial Society of Massachusetts

aileen cannon federalist society: Directory of Federal Court Guidelines In-house: MR, 1996-01-01 The Directory of Federal Court Guidelines outlines the requirements of over 600 federal judges in detailed form along with the procedures they mandate on such essential matters as discovery, scheduling conferences, alternative dispute resolution, voir dire, marking of exhibits, and jury participation. This is critical inside information directly from the federal courts and judges compiled and published in cooperation with the American Bar Association's Section of Litigation. You will get every sitting judge's educational background, previous experience on the bench, with the government and in private practice, and honors and awards. Many judges have provided photographs and the names and telephone numbers of their secretaries and court clerks as well. Updated three times a year, Directory of Federal Court Guidelines will prove to be a vital research tool for preparing your case.

aileen cannon federalist society: Licensed to Lie Sidney K. Powell, 2018 A gruesome suicide, a likely murder, a tragic plane crash, wrongful imprisonment, and gripping courtroom scenes draw readers into this compelling story giving them a frightening perspective on justice and who should be accountable when evidence is withheld. This is the true story of the strong-arm, illegal, and unethical tactics used by headline-grabbing federal prosecutors in their narcissistic pursuit of power. Its scope reaches from the US Department of Justice to the US Senate to the White House and is a scathing attack on prosecutors, judges, and all those who turned a blind eye to egregious injustices in the aftermath of the Enron collapse. The ramifications continue today as this corrupt cabal of former prosecutors now populates powerful political positions.

aileen cannon federalist society: Duncan Phyfe Peter M. Kenny, Duncan Phyfe, Michael Kevin Brown, 2011 Duncan Phyfe (1770-1854), known during his lifetime as the United States Rage, to this day remains America's best-known cabinetmaker. Establishing his reputation as a purveyor of luxury by designing high-quality furniture for New York's moneyed elite, Phyfe would come to count among his clients some of the nation's wealthiest and most storied families. This richly illustrated volume covers the full chronological sweep of the craftsman's distinguished career, from his earliest furniture-- which bears the influence of his 18th-century British predecessors Thomas Sheraton and Thomas Hope--to his late simplified designs in the Grecian Plain. More than sixty works by Phyfe and his workshop are highlighted, including rarely seen pieces from private collections and several newly discovered documented works. Additionally, essays by leading scholars bring to light new information on Phyfe's life, his workshop production, and his roster of illustrious patrons. What unfolds is the story of Phyfe's remarkable transformation from a young immigrant craftsman to an accomplished master cabinetmaker and an American icon.--Publisher's website.

aileen cannon federalist society: Deadly Justice Frank R. Baumgartner, Marty Davidson, Kaneesha R. Johnson, Arvind Krishnamurthy, 2018 Forty years and 1,400 executions after the U.S. Supreme Court ruled the death penalty constitutional, eminent political scientist Frank Baumgartner and a team of younger scholars have collaborated to assess the empirical record and provide a definitive account of how the death penalty has been implemented. A Statistical Portrait of the Death Penalty shows that all the flaws that caused the Supreme Court to invalidate the death penalty in 1972 remain and indeed that new problems have arisen. Far from perfecting the mechanism of death, the modern system has failed.

aileen cannon federalist society: Woke, Inc. Vivek Ramaswamy, 2021-08-17 AN INSTANT NEW YORK TIMES BESTSELLER! A young entrepreneur makes the case that politics has no place in business, and sets out a new vision for the future of American capitalism. There's a new invisible force at work in our economic and cultural lives. It affects every advertisement we see and every product we buy, from our morning coffee to a new pair of shoes. "Stakeholder capitalism" makes rosy promises of a better, more diverse, environmentally-friendly world, but in reality this ideology championed by America's business and political leaders robs us of our money, our voice, and our identity. Vivek Ramaswamy is a traitor to his class. He's founded multibillion-dollar enterprises, led a biotech company as CEO, he became a hedge fund partner in his 20s, trained as a scientist at Harvard and a lawyer at Yale, and grew up the child of immigrants in a small town in Ohio. Now he

takes us behind the scenes into corporate boardrooms and five-star conferences, into Ivy League classrooms and secretive nonprofits, to reveal the defining scam of our century. The modern woke-industrial complex divides us as a people. By mixing morality with consumerism, America's elites prey on our innermost insecurities about who we really are. They sell us cheap social causes and skin-deep identities to satisfy our hunger for a cause and our search for meaning, at a moment when we as Americans lack both. This book not only rips back the curtain on the new corporatist agenda, it offers a better way forward. America's elites may want to sort us into demographic boxes, but we don't have to stay there. *Woke, Inc.* begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American in 2021—a journey that begins with cynicism and ends with hope.

aileen cannon federalist society: History of the Common Law John H. Langbein, Renee Lettow Lerner, Bruce P. Smith, 2009-08-14 This introductory text explores the historical origins of the main legal institutions that came to characterize the Anglo-American legal tradition, and to distinguish it from European legal systems. The book contains both text and extracts from historical sources and literature. The book is published in color, and contains over 250 illustrations, many in color, including medieval illuminated manuscripts, paintings, books and manuscripts, caricatures, and photographs. Two great themes dominate the book: (1) the origins, development, and pervasive influence of the jury system and judge/jury relations across eight centuries of Anglo-American civil and criminal justice; and (2) the law/equity division, from the emergence of the Court of Chancery in the fourteenth century down through equity's conquest of common law in the Federal Rules of Civil Procedure. The chapters on criminal justice explore the history of pretrial investigation, policing, trial, and sentencing, as well as the movement in modern times to nonjury resolution through plea bargaining. Considerable attention is devoted to distinctively American developments, such as the elective bench, and the influence of race relations on the law of criminal procedure. Other major subjects of this book include the development of the legal profession, from the serjeants, barristers, and attorneys of medieval times down to the transnational megafirms of twenty-first century practice; the literature of the law, especially law reports and treatises, from the Year Books and Bracton down to the American state reports and today's electronic services; and legal education, from the founding of the Inns of Court to the emergence and growth of university law schools in the United States.

aileen cannon federalist society: Secession, State, and Liberty David Gordon, The political impulse to secede -- to attempt to separate from central government control -- is a conspicuous feature of the post-cold war world. It is alive and growing in Canada, Russia, China, Italy, Belgium, Britain, and even the United States Yet secession remains one of the least studied and least understood of all historical and political phenomena. The contributors to this volume have filled this gap with wide-ranging investigations -- rooted in history, political philosophy, ethics, and economic theory -- of secessionist movements in the United States, Canada, and Europe. Is secessionism extremist, a dangerous rebellion that threatens the democratic process? Gordon and his contributors think otherwise. They believe that the secessionist impulse is a vital part of the classical liberal tradition, one that emerges when national governments become too big and too ambitious. Unlike revolution, secession seeks only separation from rule, preferably through non-violent means. It is based on the moral idea, articulated by Ludwig von Mises in 1919, that no people and no part of a people shall be held against its will in a political association that it does not want. The authors cite the famed 1861 attempt to create a confederacy of Southern states as legal, right, and a justifiable response to Northern political imperialism. They note that this was not the first American secession attempt -- the New England states tried to form their own confederacy during the War of 1812. This evidence, they argue, begs a reinterpretation of the U.S. Constitution along secessionist lines. Further they believe that the threat of secession should be revived as a bulwark against government encroachment on individual liberty and private property rights, a guarantor of international free trade, and a protection against attempts to curb the freedom of association. These straightforward, pellucid arguments include essays by Donald Livingston, Murray N. Rothbard, Clyde Wilson, Thomas

DiLorenzo, and Bruce Benson, among others. If overgrown nations continue to decompose, as they have for the last decade, these authors believe it is essential that secession be taken seriously, and fully understood. *Secession, State, and Liberty* makes a vital contribution toward that end. This stimulating, thought-provoking collection is necessary reading for intellectual historians and political scientists.

aileen cannon federalist society: *The Battle for Spain* Antony Beevor, 2006-06-01 A fresh and acclaimed account of the Spanish Civil War by the bestselling author of *Stalingrad* and *The Battle of Arnhem* To mark the 70th anniversary of the Spanish Civil War's outbreak, Antony Beevor has written a completely updated and revised account of one of the most bitter and hard-fought wars of the twentieth century. With new material gleaned from the Russian archives and numerous other sources, this brisk and accessible book (Spain's #1 bestseller for twelve weeks), provides a balanced and penetrating perspective, explaining the tensions that led to this terrible overture to World War II and affording new insights into the war-its causes, course, and consequences.

aileen cannon federalist society: *Seeking the One Great Remedy* Lorien Foote, 2003 This is a practical field guide to common dental procedures for horses. Beginning with a chapter on the integration of dentistry into the veterinarian's practice, the manual proceeds from basic concepts to more advanced techniques in sequential order by chapter.

aileen cannon federalist society: *Lewis of Warner Hall* , 1979 According to tradition the Lewis family of 'Warner Hall' is descended from the emigrant Robert Lewis, who came [from England] to Virginia in 1635. Descendants lived throughout the United States.

aileen cannon federalist society: *Phyllis Schlafly and Grassroots Conservatism* Donald T. Critchlow, 2018-06-05 Longtime activist, author, and antifeminist leader Phyllis Schlafly is for many the symbol of the conservative movement in America. In this provocative new book, historian Donald T. Critchlow sheds new light on Schlafly's life and on the unappreciated role her grassroots activism played in transforming America's political landscape. Based on exclusive and unrestricted access to Schlafly's papers as well as sixty other archival collections, the book reveals for the first time the inside story of this Missouri-born mother of six who became one of the most controversial forces in modern political history. It takes us from Schlafly's political beginnings in the Republican Right after the World War II through her years as an anticommunist crusader to her more recent efforts to thwart same-sex marriage and stem the flow of illegal immigrants. Schlafly's political career took off after her book *A Choice Not an Echo* helped secure Barry Goldwater's nomination. With sales of more than 3 million copies, the book established her as a national voice within the conservative movement. But it was Schlafly's bid to defeat the Equal Rights Amendment that gained her a grassroots following. Her anti-ERA crusade attracted hundreds of thousands of women into the conservative fold and earned her a name as feminism's most ardent opponent. In the 1970s, Schlafly founded the Eagle Forum, a Washington-based conservative policy organization that today claims a membership of 50,000 women. Filled with fresh insights into these and other initiatives, Phyllis Schlafly and *Grassroots Conservatism* provides a telling profile of one of the most influential activists in recent history. Sure to invite spirited debate, it casts new light on a major shift in American politics, the emergence of the Republican Right.

aileen cannon federalist society: *The Law of the Land* Akhil Reed Amar, 2015-04-14 From Kennebunkport to Kauai, from the Rio Grande to the Northern Rockies, ours is a vast republic. While we may be united under one Constitution, separate and distinct states remain, each with its own constitution and culture. Geographic idiosyncrasies add more than just local character. Regional understandings of law and justice have shaped and reshaped our nation throughout history. America's Constitution, our founding and unifying document, looks slightly different in California than it does in Kansas. In *The Law of the Land*, renowned legal scholar Akhil Reed Amar illustrates how geography, federalism, and regionalism have influenced some of the biggest questions in American constitutional law. Writing about Illinois, "the land of Lincoln," Amar shows how our sixteenth president's ideas about secession were influenced by his Midwestern upbringing and outlook. All of today's Supreme Court justices, Amar notes, learned their law in the Northeast, and

New Yorkers of various sorts dominate the judiciary as never before. The curious *Bush v. Gore* decision, Amar insists, must be assessed with careful attention to Florida law and the Florida Constitution. The second amendment appears in a particularly interesting light, he argues, when viewed from the perspective of Rocky Mountain cowboys and cowgirls. Propelled by Amar's distinctively smart, lucid, and engaging prose, these essays allow general readers to see the historical roots of, and contemporary solutions to, many important constitutional questions. *The Law of the Land* illuminates our nation's history and politics, and shows how America's various local parts fit together to form a grand federal framework.

aileen cannon federalist society: *The Living Presidency* Saikrishna Bangalore Prakash, 2020-04-21 A constitutional originalist sounds the alarm over the presidency's ever-expanding powers, ascribing them unexpectedly to the liberal embrace of a living Constitution. Liberal scholars and politicians routinely denounce the imperial presidency—a self-aggrandizing executive that has progressively sidelined Congress. Yet the same people invariably extol the virtues of a living Constitution, whose meaning adapts with the times. Saikrishna Bangalore Prakash argues that these stances are fundamentally incompatible. A constitution prone to informal amendment systematically favors the executive and ensures that there are no enduring constraints on executive power. In this careful study, Prakash contends that an originalist interpretation of the Constitution can rein in the “living presidency” legitimated by the living Constitution. No one who reads the Constitution would conclude that presidents may declare war, legislate by fiat, and make treaties without the Senate. Yet presidents do all these things. They get away with it, Prakash argues, because Congress, the courts, and the public routinely excuse these violations. With the passage of time, these transgressions are treated as informal constitutional amendments. The result is an executive increasingly liberated from the Constitution. The solution is originalism. Though often associated with conservative goals, originalism in Prakash's argument should appeal to Republicans and Democrats alike, as almost all Americans decry the presidency's stunning expansion. *The Living Presidency* proposes a baker's dozen of reforms, all of which could be enacted if only Congress asserted its lawful authority.

aileen cannon federalist society: *To Make Men Free* Heather Cox Richardson, 2014-09-23 From the New York Times bestselling author of *Democracy Awakening*, “the most comprehensive account of the GOP and its competing impulses” (Los Angeles Times) When Abraham Lincoln helped create the Republican Party on the eve of the Civil War, his goal was to promote economic opportunity for all Americans, not just the slaveholding Southern planters who steered national politics. Yet, despite the egalitarian dream at the heart of its founding, the Republican Party quickly became mired in a fundamental identity crisis. Would it be the party of democratic ideals? Or would it be the party of moneyed interests? In the century and a half since, Republicans have vacillated between these two poles, with dire economic, political, and moral repercussions for the entire nation. In *To Make Men Free*, celebrated historian Heather Cox Richardson traces the shifting ideology of the Grand Old Party from the antebellum era to the Great Recession, revealing the insidious cycle of boom and bust that has characterized the Party since its inception. While in office, progressive Republicans like Teddy Roosevelt and Dwight Eisenhower revived Lincoln's vision of economic freedom and expanded the government, attacking the concentration of wealth and nurturing upward mobility. But they and others like them have been continually thwarted by powerful business interests in the Party. Their opponents appealed to Americans' latent racism and xenophobia to regain political power, linking taxation and regulation to redistribution and socialism. The results of the Party's wholesale embrace of big business are all too familiar: financial collapses like the Panic of 1893, the Great Depression in 1929, and the Great Recession in 2008. With each passing decade, with each missed opportunity and political misstep, the schism within the Republican Party has grown wider, pulling the GOP ever further from its founding principles. Expansive and authoritative, *To Make Men Free* is a sweeping history of the Party that was once America's greatest political hope -- and, time and time again, has proved its greatest disappointment.

aileen cannon federalist society: *Slavery on Trial* Jeannine Marie DeLombard, 2009-06-01

America's legal consciousness was high during the era that saw the imprisonment of abolitionist editor William Lloyd Garrison, the execution of slave revolutionary Nat Turner, and the hangings of John Brown and his Harpers Ferry co-conspirators. Jeannine Marie DeLombard examines how debates over slavery in the three decades before the Civil War employed legal language to try the case for slavery in the court of public opinion via popular print media. Discussing autobiographies by Frederick Douglass, a scandal narrative about Sojourner Truth, an abolitionist speech by Henry David Thoreau, sentimental fiction by Harriet Beecher Stowe, and a proslavery novel by William MacCreary Burwell, DeLombard argues that American literature of the era cannot be fully understood without an appreciation for the slavery debate in the courts and in print. Combining legal, literary, and book history approaches, *Slavery on Trial* provides a refreshing alternative to the official perspectives offered by the nation's founding documents, legal treatises, statutes, and judicial decisions. DeLombard invites us to view the intersection of slavery and law as so many antebellum Americans did--through the lens of popular print culture.

aileen cannon federalist society: *Imaginary Futures* Richard Barbrook, 2007-04-20 Leading scholars discuss ideology and hotly contested post-structuralist theory.

aileen cannon federalist society: *The Constitution Today* Akhil Reed Amar, 2016-09-13 A leading legal scholar addresses the most important constitutional controversies of the past two decades and illuminates the Constitution's spirit and ongoing relevance America's Constitution, Chief Justice John Marshall famously observed in *McCulloch v. Maryland*, aspires to endure for ages to come. The daily news has a shorter shelf life, and when the issues of the day involve momentous constitutional questions, present-minded journalists and busy citizens cannot always see the stakes clearly. In *The Constitution Today*, Akhil Reed Amar, America's preeminent constitutional scholar, considers the biggest and most bitterly contested debates of the last two decades and provides a passionate handbook for thinking constitutionally about today's headlines. Amar shows how the Constitution's text, history, and structure are a crucial repository of collective wisdom, providing specific rules and grand themes relevant to every organ of the American body politic. Prioritizing sound constitutional reasoning over partisan preferences, he makes the case for diversity-based affirmative action and a right to have a gun in one's home for self-protection, and against spending caps on independent political advertising and bans on same-sex marriage. He explains what's wrong with presidential dynasties, advocates a nuclear option to restore majority rule in the Senate, and suggests ways to reform the Supreme Court. And he revisits three dramatic constitutional conflicts -- the impeachment of Bill Clinton, the contested election of George W. Bush, and the fight over Barack Obama's Affordable Care Act -- to show what politicians, judges, and journalists got right as events unfolded and what they missed. Leading readers through the particular constitutional questions at stake in each episode while outlining his abiding views regarding the Constitution's letter, its spirit, and the direction constitutional law must go, Amar offers an essential guide for anyone seeking to understand America's Constitution and its relevance today.

aileen cannon federalist society: *Alternative and Independent* Caren Arbeit, Alexander Bentz, Emily Forrest Cataldi, Herschel Sanders., 2019-02-19 In recent years, nontraditional workforce training programs have proliferated inside and outside of traditional postsecondary institutions. A subset of these programs, bootcamps, advertise high job placement rates and have been hailed by policymakers as key to training skilled workers. However, few formal data exist on the number, types, prices, location, or other descriptive details of program offerings. We fill this void by studying the universe of bootcamp programs offered as of June 30, 2017. In this report, we discuss the attributes of the 1,010 technology-related programs offered in the United States, Canada, and online. We find more diversity among bootcamp providers and programs than would be expected from public discourse. This primarily relates to the mode of delivery (online vs. in person), intensity (part time/full time), cost, and program types. Based on the data we collected, we present a classification structure for bootcamps focused on five distinct program types.

the trappings of a celebrity.

aileen cannon federalist society: Clean House Tom Fitton, 2016-08-30 From the New York Times bestselling author of *The Corruption Chronicles* comes a devastating expose of the scandals of Obama's second term. Judicial Watch President Tom Fitton reveals what the largest watchdog agency in America has uncovered in its battles against Obama secrecy. Clean House takes us through incriminating documents from the attack in Benghazi, Hillary Clinton's secret emails, the IRS scandal, and the Obamacare swindle. As the president of Judicial Watch, America's largest non-partisan government watchdog, Tom Fitton has investigated the Clinton, Bush, and Obama administrations. Judicial Watch is the group that helped impeach Bill Clinton and took the Bush White House secrecy all the way up to the Supreme Court. Since the beginning of the Obama administration, this grassroots group has filed over 700 open records demands and dozens of lawsuits, including a successful fight over the secret Obama White House visitor logs. Americans are rightly worried they are losing their country. How did five Congressional committees miss the smoking gun on Benghazi? How did Hillary Clinton keep a secret email server quiet for years? Does the IRS audit you because of your politics? Did the first American target of Obama's drone program work for the US government? How did Congress commit fraud to get Obamacare taxpayer subsidies? In Clean House, Tom Fitton answers these questions and provides shocking evidence of the corruption endemic to the Obama White House.

aileen cannon federalist society: The Irish Voice in America Charles Fanning, 2014-07-11 In this study, Charles Fanning has written the first general account of the origins and development of a literary tradition among American writers of Irish birth or background who have explored the Irish immigrant or ethnic experience in works of fiction. The result is a portrait of the evolving fictional self-consciousness of an immigrant group over a span of 250 years. Fanning traces the roots of Irish-American writing back to the eighteenth century and carries it forward through the traumatic years of the Famine to the present time with an intensely productive period in the twentieth century beginning with James T. Farrell. Later writers treated in depth include Edwin O'Connor, Elizabeth Cullinan, Maureen Howard, and William Kennedy. Along the way he places in the historical record many all but forgotten writers, including the prolific Mary Ann Sadlier. *The Irish Voice in America* is not only a highly readable contribution to American literary history but also a valuable reference to many writers and their works. For this second edition, Fanning has added a chapter that covers the fiction of the past decade. He argues that contemporary writers continue to draw on Ireland as a source and are important chroniclers of the modern American experience.

aileen cannon federalist society: The Future of Assisted Suicide and Euthanasia Neil M. Gorsuch, 2009-04-12 After assessing the strengths and weaknesses of arguments for assisted suicide and euthanasia, Gorsuch builds a nuanced, novel, and powerful moral and legal argument against legalization, one based on a principle that, surprisingly, has largely been overlooked in the debate; the idea that human life is intrinsically valuable and that intentional killing is always wrong. At the same time, the argument Gorsuch develops leaves wide latitude for individual patient autonomy and the refusal of unwanted medical treatment and life-sustaining care, permitting intervention only in cases where an intention to kill is present.

aileen cannon federalist society: America's Unwritten Constitution Akhil Reed Amar, 2012-09-11 Reading between the lines: America's implicit Constitution -- Heeding the deed: America's enacted Constitution -- Hearing the people: America's lived Constitution -- Confronting modern case law: America's warrented Constitution -- Putting precedent in its place: America's doctrinal Constitution -- Honoring the icons: America's symbolic Constitution -- Remembering the ladies : America's feminist Constitution -- Following Washington's lead: America's Georgian Constitution -- Interpreting government practices: America's institutional Constitution -- Joining the party: America's partisan Constitution -- Doing the right thing: America's conscientious Constitution -- Envisioning the future: America's unfinished Constitution -- Afterward -- Appendix: America's written Constitution.

aileen cannon federalist society: The Words That Made Us Akhil Reed Amar, 2021-05-04 A

history of the American Constitution's formative decades from a preeminent legal scholar When the US Constitution won popular approval in 1788, it was the culmination of thirty years of passionate argument over the nature of government. But ratification hardly ended the conversation. For the next half century, ordinary Americans and statesmen alike continued to wrestle with weighty questions in the halls of government and in the pages of newspapers. Should the nation's borders be expanded? Should America allow slavery to spread westward? What rights should Indian nations hold? What was the proper role of the judicial branch? In *The Words that Made Us*, Akhil Reed Amar unites history and law in a vivid narrative of the biggest constitutional questions early Americans confronted, and he expertly assesses the answers they offered. His account of the document's origins and consolidation is a guide for anyone seeking to properly understand America's Constitution today.

aileen cannon federalist society: Rebel Daughters Sara E. Melzer, Leslie W. Rabine, 1992-05-21 This interdisciplinary collection of essays examines the important and paradoxical relation between women and the French Revolution. Although the male leaders of the Revolution depended on the women's active militant participation, they denied to women the rights they helped to establish. At the same time that women were banned from the political sphere, woman was transformed into an allegorical figure which became the very symbol of (masculine) Liberty and Equality. This volume analyzes how the revolutionary process constructed a new gender system at the foundation of modern liberal culture.
