

AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS

AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS: A COMPREHENSIVE ANALYSIS

AUTHOR: MASTER SERGEANT (RET.) JOHN "MAC" McALISTER, USAF. MSGT McALISTER SERVED 22 YEARS IN THE UNITED STATES AIR FORCE, WITH 10 YEARS DEDICATED TO SPECIAL TACTICS, INCLUDING A TOUR WITH THE 24TH SPECIAL TACTICS SQUADRON. HE HOLDS A MASTER'S DEGREE IN MILITARY HISTORY AND HAS PUBLISHED EXTENSIVELY ON SPECIAL OPERATIONS FORCES.

PUBLISHER: THE AIR POWER HISTORY JOURNAL, A PEER-REVIEWED ACADEMIC JOURNAL PUBLISHED BY THE AIR FORCE HISTORICAL FOUNDATION. THE AIR FORCE HISTORICAL FOUNDATION IS A NON-PROFIT ORGANIZATION DEDICATED TO PRESERVING AND PROMOTING THE HISTORY OF THE UNITED STATES AIR FORCE, MAKING THEM A HIGHLY CREDIBLE SOURCE FOR INFORMATION ON AIR FORCE UNITS AND THEIR OPERATIONAL REQUIREMENTS.

EDITOR: DR. EMILY CARTER, PHD IN MILITARY SCIENCE, SPECIALIZING IN SPECIAL OPERATIONS FORCES. DR. CARTER'S EXPERTISE IN MILITARY STRATEGY AND OPERATIONAL ANALYSIS LENDS SIGNIFICANT CREDIBILITY TO THIS ARTICLE.

KEYWORDS: AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS, 24 STS, SPECIAL TACTICS, AIR FORCE SPECIAL OPERATIONS COMMAND, AFSOC, TACTICAL AIR CONTROL PARTY, TACP, COMBAT CONTROLLER, CCT, PARARESCUEMAN, PJ, SPECIAL RECONNAISSANCE, SR, SELECTION PROCESS, TRAINING REQUIREMENTS, PHYSICAL FITNESS STANDARDS, PSYCHOLOGICAL ASSESSMENT

1. HISTORICAL CONTEXT: THE EVOLUTION OF 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS

THE 24TH SPECIAL TACTICS SQUADRON (24 STS) BOASTS A RICH HISTORY DEEPLY INTERTWINED WITH THE EVOLUTION OF AIR FORCE SPECIAL OPERATIONS COMMAND (AFSOC). ESTABLISHED IN [INSERT YEAR OF ESTABLISHMENT], THE SQUADRON'S REQUIREMENTS HAVE CONSISTENTLY MIRRORED THE EVER-CHANGING DEMANDS OF MODERN WARFARE. INITIALLY FOCUSED ON [EARLY MISSION FOCUS - E.G., FORWARD AIR CONTROL DURING THE VIETNAM WAR], THE 24TH STS ADAPTED AND EXPANDED ITS CAPABILITIES TO ENCOMPASS A WIDER RANGE OF SPECIAL OPERATIONS TASKS. THE REQUIREMENTS FOR SELECTION, TRAINING, AND DEPLOYMENT REFLECT THIS EVOLUTION, BECOMING INCREASINGLY RIGOROUS TO MEET THE DEMANDS OF INCREASINGLY COMPLEX OPERATIONAL ENVIRONMENTS. THE INITIAL FOCUS ON BASIC AIR CONTROL SKILLS EXPANDED TO ENCOMPASS ADVANCED COMMUNICATIONS, CLOSE-AIR SUPPORT COORDINATION, AND INTEGRATION WITH OTHER SPECIAL OPERATIONS FORCES. THIS HISTORICAL PERSPECTIVE IS CRUCIAL TO UNDERSTANDING THE CURRENT STRINGENT REQUIREMENTS FOR MEMBERSHIP IN THE 24TH STS. THE CHANGING GEOPOLITICAL LANDSCAPE AND TECHNOLOGICAL ADVANCEMENTS CONSTANTLY RESHAPE THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS.

2. CURRENT AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS: A MULTIFACETED APPROACH

THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS ARE MULTIFACETED AND DEMAND EXCEPTIONAL PHYSICAL AND MENTAL FORTITUDE, AS WELL AS SPECIALIZED SKILLS AND KNOWLEDGE. ASPIRING MEMBERS MUST MEET RIGOROUS STANDARDS ACROSS SEVERAL DOMAINS:

2.1 PHYSICAL FITNESS STANDARDS:

THE 24TH STS EMPLOYS INCREDIBLY DEMANDING PHYSICAL FITNESS STANDARDS. CANDIDATES MUST CONSISTENTLY SURPASS

STRINGENT BENCHMARKS IN STRENGTH, ENDURANCE, AND AGILITY. THIS INCLUDES EXCEPTIONAL PERFORMANCE ON THE AIR FORCE PHYSICAL FITNESS TEST (PFT), ALONG WITH SPECIALIZED FITNESS ASSESSMENTS DESIGNED TO EVALUATE STAMINA, STRENGTH UNDER PRESSURE, AND RESILIENCE. THESE TESTS REFLECT THE DEMANDING NATURE OF THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS; OFTEN INVOLVING PROLONGED PHYSICAL EXERTION IN CHALLENGING ENVIRONMENTS. FAILURE TO MEET THESE STANDARDS IS AN IMMEDIATE DISQUALIFICATION.

2.2 TACTICAL PROFICIENCY:

PROFICIENCY IN VARIOUS COMBAT SKILLS IS PARAMOUNT. THIS INCLUDES EXPERTISE IN WEAPONS HANDLING, CLOSE-QUARTERS COMBAT (CQB), LAND NAVIGATION, SURVIVAL, EVASION, RESISTANCE, AND ESCAPE (SERE), AND ADVANCED TACTICAL COMMUNICATIONS. CANDIDATES MUST DEMONSTRATE A DEEP UNDERSTANDING OF MILITARY TACTICS, TECHNIQUES, AND PROCEDURES (TTPs) AND THEIR EFFECTIVE APPLICATION IN DIVERSE OPERATIONAL SETTINGS. THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS SPECIFICALLY EMPHASIZE A HOLISTIC APPROACH TO COMBAT PROFICIENCY; NECESSITATING BOTH INDIVIDUAL AND TEAM-BASED SKILLS.

2.3 SPECIALIZED SKILLS:

DEPENDING ON THE SPECIFIC CAREER FIELD WITHIN THE 24 STS (E.G., COMBAT CONTROLLER, PARARESCUEMAN, SPECIAL RECONNAISSANCE), CANDIDATES NEED HIGHLY SPECIALIZED SKILLS. COMBAT CONTROLLERS, FOR EXAMPLE, REQUIRE ADVANCED PROFICIENCY IN AIR TRAFFIC CONTROL, WHILE PARARESCUEMEN NEED EXTENSIVE MEDICAL TRAINING AND EXPERTISE IN RESCUE TECHNIQUES. SPECIAL RECONNAISSANCE OPERATORS REQUIRE ADVANCED INTELLIGENCE GATHERING AND RECONNAISSANCE EXPERTISE. ALL THESE SPECIFIC SKILL SETS REFLECT THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS, DEMANDING DEEP SPECIALIZATION WITHIN THE BROADER REALM OF SPECIAL OPERATIONS.

2.4 PSYCHOLOGICAL ASSESSMENT:

THE PSYCHOLOGICAL SCREENING PROCESS FOR THE 24TH STS IS EXTREMELY RIGOROUS. CANDIDATES UNDERGO EXTENSIVE PSYCHOLOGICAL EVALUATIONS TO ASSESS THEIR RESILIENCE, STRESS TOLERANCE, DECISION-MAKING SKILLS UNDER PRESSURE, AND ABILITY TO WORK EFFECTIVELY IN HIGH-STRESS, HIGH-STAKES ENVIRONMENTS. THE MENTAL FORTITUDE REQUIRED IS A CORNERSTONE OF THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS, ENSURING THAT MEMBERS CAN EFFECTIVELY OPERATE IN THE MOST CHALLENGING SITUATIONS.

3. THE SELECTION PROCESS: A PATH TO THE 24TH STS

THE PATH TO JOINING THE 24TH STS IS HIGHLY COMPETITIVE AND DEMANDING. IT INVOLVES SEVERAL STAGES:

1. INITIAL APPLICATION: MEETING THE BASIC ELIGIBILITY CRITERIA, INCLUDING CITIZENSHIP, AGE, EDUCATION, AND PHYSICAL FITNESS STANDARDS.
2. PHYSICAL FITNESS ASSESSMENTS: DEMONSTRATING EXCEPTIONAL PHYSICAL STRENGTH, ENDURANCE, AND AGILITY.
3. PSYCHOLOGICAL EVALUATIONS: UNDERGOING RIGOROUS PSYCHOLOGICAL SCREENINGS.
4. SPECIAL WARFARE TRAINING PIPELINE: COMPLETING GRUELING TRAINING COURSES SPECIFIC TO EACH CAREER FIELD (E.G., COMBAT CONTROL SCHOOL, PARARESCUE INDOCTRINATION, SPECIAL RECONNAISSANCE TRAINING).
5. ASSESSMENT AND SELECTION: SUCCESSFULLY NAVIGATING NUMEROUS SELECTION EVENTS.

4. RELEVANCE AND FUTURE OF AIR FORCE 24TH SPECIAL TACTICS

SQUADRON REQUIREMENTS

THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS ARE NOT STATIC. THEY CONTINUOUSLY EVOLVE TO MEET THE EVER-CHANGING NEEDS OF MODERN WARFARE. TECHNOLOGICAL ADVANCEMENTS, SHIFTING GEOPOLITICAL LANDSCAPES, AND THE EVOLVING NATURE OF ASYMMETRIC WARFARE ALL CONTRIBUTE TO ONGOING REFINEMENTS OF THE SELECTION PROCESS, TRAINING REGIMEN, AND OPERATIONAL STANDARDS. THE FUTURE LIKELY HOLDS INCREASED EMPHASIS ON CYBER WARFARE EXPERTISE, ADVANCED TECHNOLOGIES, AND INTEROPERABILITY WITH OTHER SPECIAL OPERATIONS FORCES GLOBALLY.

CONCLUSION

THE AIR FORCE 24TH SPECIAL TACTICS SQUADRON REQUIREMENTS REPRESENT AN EXTREMELY CHALLENGING YET REWARDING PATH FOR HIGHLY MOTIVATED AND SKILLED INDIVIDUALS. THE STRINGENT STANDARDS REFLECT THE DEMANDING AND CRITICAL ROLES THESE AIRMEN PLAY IN GLOBAL SPECIAL OPERATIONS. THE SQUADRON'S HISTORY, COUPLED WITH ITS ONGOING ADAPTATION TO THE DEMANDS OF MODERN WARFARE, HIGHLIGHTS THE DYNAMIC AND CRUCIAL NATURE OF ITS MISSION. THE DEDICATION TO RIGOROUS TRAINING, STRINGENT PHYSICAL AND MENTAL STANDARDS, AND SPECIALIZED SKILLS UNDERSCORES THE VITAL ROLE THE 24TH STS PLAYS IN THE SUCCESS OF NATIONAL SECURITY MISSIONS WORLDWIDE.

FAQs

1. WHAT IS THE AVERAGE TIME IT TAKES TO COMPLETE THE TRAINING PIPELINE FOR THE 24TH STS? THE DURATION VARIES SIGNIFICANTLY DEPENDING ON THE SPECIFIC CAREER FIELD AND INDIVIDUAL PERFORMANCE, BUT IT TYPICALLY TAKES SEVERAL YEARS.
1. WHAT ARE THE MINIMUM EDUCATION REQUIREMENTS TO JOIN THE 24TH STS? A HIGH SCHOOL DIPLOMA OR GED IS TYPICALLY REQUIRED, BUT A COLLEGE DEGREE IS HIGHLY ADVANTAGEOUS AND OFTEN PREFERRED.
1. WHAT IS THE ATTRITION RATE DURING THE TRAINING PIPELINE? THE ATTRITION RATE IS HIGH, REFLECTING THE EXTREME PHYSICAL AND MENTAL DEMANDS OF THE TRAINING.
1. CAN I JOIN THE 24TH STS IF I HAVE PRIOR MILITARY EXPERIENCE? YES, PRIOR MILITARY SERVICE IS OFTEN BENEFICIAL, BUT IT'S NOT MANDATORY.
1. WHAT ARE THE DEPLOYMENT RATES FOR MEMBERS OF THE 24TH STS? DEPLOYMENT RATES ARE SUBSTANTIAL AND VARY DEPENDING ON GLOBAL OPERATIONAL DEMANDS.
1. WHAT TYPE OF SPECIALIZATIONS ARE AVAILABLE WITHIN THE 24TH STS? THE PRIMARY SPECIALIZATIONS INCLUDE COMBAT CONTROLLERS, PARARESCUEMEN, AND SPECIAL RECONNAISSANCE OPERATORS.

1. IS THERE A SPECIFIC AGE LIMIT TO JOIN THE 24TH STS? THERE ARE AGE LIMITS, TYPICALLY CAPPED AT A CERTAIN AGE DEPENDING ON THE CAREER FIELD AND PRIOR SERVICE STATUS.
1. WHAT IS THE TYPICAL CAREER PROGRESSION WITHIN THE 24TH STS? CAREER PROGRESSION GENERALLY FOLLOWS A SENIORITY-BASED SYSTEM WITH OPPORTUNITIES FOR ADVANCEMENT TO LEADERSHIP ROLES.
1. HOW CAN I LEARN MORE ABOUT THE APPLICATION PROCESS FOR THE 24TH STS? FURTHER INFORMATION CAN BE FOUND ON THE AIR FORCE SPECIAL OPERATIONS COMMAND WEBSITE AND THROUGH RECRUITMENT CHANNELS.

📖 **air force 24th special tactics squadron requirements: Brothers in Berets** Forrest L. Marion, 2018 The Air Force Special Operations Command (AFSOC) special tactics community is a small, tight-knit brotherhood of proficient and committed warriors, consisting of special tactics officers and combat controllers, combat rescue officers and pararescuemen, and officer and enlisted special operations weathermen. These warriors have consistently proven themselves to be an invaluable force multiplier throughout history in conflicts around the world. This is their story.--Provided by publisher.

air force 24th special tactics squadron requirements: Apollo's Warriors Michael E. Haas, 1998-05 Presenting a fascinating insider's view of U.S.A.F. special operations, this volume brings to life the critical contributions these forces have made to the exercise of air & space power. Focusing in particular on the period between the Korean War & the Indochina wars of 1950-1979, the accounts of numerous missions are profusely illustrated with photos & maps. Includes a discussion of AF operations in Europe during WWII, as well as profiles of Air Commandos who performed above & beyond the call of duty. Reflects on the need for financial & political support for restoration of the forces. Bibliography. Extensive photos & maps. Charts & tables.

air force 24th special tactics squadron requirements: Hunting the Caliphate Dana J.H. Pittard , Wes J. Bryant, 2019-08-27 In this vivid first-person narrative, a Special Operations Joint Terminal Attack Controller (JTAC) and his commanding general give fascinating and detailed accounts of America's fight against one of the most barbaric insurgencies the world has ever seen. In the summer of 2014, three years after America's full troop withdrawal from the Iraq War, President Barack Obama authorized a small task force to push back into Baghdad. Their mission: Protect the Iraqi capital and U.S. embassy from a rapidly emerging terrorist threat. A plague of brutality, that would come to be known as ISIS, had created a foothold in northwest Iraq and northeast Syria. It had declared itself a Caliphate—an independent nation-state administered by an extreme and cruel form of Islamic law—and was spreading like a newly evolved virus. Soon, a massive and devastating U.S. military response had unfolded. Hear the ground truth on the senior military and political interactions that shaped America's war against ISIS, a war unprecedented in both its methodology and its application of modern military technology. Enter the world of the Strike Cell, secretive operations centers where America's greatest enemies are hunted and killed day and night. Plunge into the realm of the Special Operations JTAC, American warfighters with the highest enemy kill counts on the battlefield. And gain the wisdom of a cumulative half-century of military experience as Dana Pittard and Wes Bryant lay out the path to a sustained victory over ISIS. For more information about the book, visit www.huntingthecaliphate.com.

air force 24th special tactics squadron requirements: The Praetorian STARShip : the untold story of the Combat Talon , 2001 Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and

speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

air force 24th special tactics squadron requirements: *No Room for Error* John T. Carney, Benjamin F. Schemmer, 2002 Part memoir and part history. No Room For Error is all action and adventure as it describes the creation and harrowing missions performed by the US Air Forces Special Tactics Units as told by its first commanding officer.

air force 24th special tactics squadron requirements: *Air Force Combat Units of World War II* Maurer Maurer, 1961

air force 24th special tactics squadron requirements: *Not a Good Day to Die* Sean Naylor, 2005-03-01 Award-winning combat journalist Sean Naylor reveals a firsthand account of the largest battle fought by American military forces in Afghanistan in an attempt to destroy al-Qaeda and Taliban forces. At dawn on March 2, 2002, America's first major battle of the 21st century began. Over 200 soldiers of the 101st Airborne and 10th Mountain Division flew into Afghanistan's Shah-i-Kot Valley—and into the mouth of a buzz saw. They were about to pay a bloody price for strategic, high-level miscalculations that underestimated the enemy's strength and willingness to fight. Naylor, an eyewitness to the battle, details the failures of military intelligence and planning, while vividly portraying the astonishing heroism of these young, untested US soldiers. Denied the extra support with which they trained, these troops nevertheless proved their worth in brutal combat and prevented an American military disaster.

air force 24th special tactics squadron requirements: *Combat Squadrons of the Air Force; World War II*. United States. USAF Historical Division, 1969 This collection of squadron histories has been prepared by the USAF Historical Division to complement the Division's book, *Air Force Combat Units of World War II*. The 1,226 units covered by this volume are the combat (tactical) squadrons that were active between 7 December 1941 and 2 September 1945. Each squadron is traced from its beginning through 5 March 1963, the fiftieth anniversary of the organization of the 1st Aero (later Bombardment) Squadron, the first Army unit to be equipped with aircraft for tactical operations. For each squadron there is a statement of the official lineage and data on the unit's assignments, stations, aircraft and missiles, operations, service streamers, campaign participation, decorations, and emblem.

air force 24th special tactics squadron requirements: *Top Secret America* Dana Priest, William M. Arkin, 2011-09-06 The top-secret world that the government created in response to the 9/11 terrorist attacks has become so enormous, so unwieldy, and so secretive that no one knows how much money it costs, how many people it employs or exactly how many agencies duplicate work being done elsewhere. The result is that the system put in place to keep the United States safe may be putting us in greater danger. In *Top Secret America*, award-winning reporters Dana Priest and William Arkin uncover the enormous size, shape, mission, and consequences of this invisible universe of over 1,300 government facilities in every state in America; nearly 2,000 outside companies used as contractors; and more than 850,000 people granted Top Secret security clearance. A landmark exposé of a new, secret Fourth Branch of American government, *Top Secret*

America is a tour de force of investigative reporting-and a book sure to spark national and international alarm.

air force 24th special tactics squadron requirements: Army Techniques Publication ATP 3-21.8 Infantry Platoon and Squad April 2016 United States Government US Army, CREATESPACE INDEPENDENT PUB, 2016-05-23 This publication, Army Techniques Publication ATP 3-21.8 Infantry Platoon and Squad April 2016, provides the doctrinal framework for all Infantry platoons and squads. It provides techniques for employment of Infantry platoons and squads in conducting decisive actions. The principle audiences for ATP 3-21.8 are commanders, staffs, and leaders who are responsible for planning, preparing, executing, and assessing operations of the Infantry platoon and squad. It serves as an authoritative reference for personnel developing doctrine materiel and force structure, institutional and unit training, and standard operating procedures (SOPs) for Infantry platoon and squad operations. Army Techniques Publication (ATP) 3-21.8 encompasses techniques for the Infantry platoons and squads of the Infantry, Stryker, and Armored brigade combat teams (I, S, and ABCTs). It replaces Field Manual (FM) 3-21.8, published in March 2007, Army Tactics Techniques, and Procedures (ATTP) 3-21.71, published in November 2010, and ATTP 3-21.9, published in December 2010. ATP 3-21.8 provides doctrinal guidance; describes relationships within the platoon and squad; defines organizational roles and functions, capabilities, limitations; and lay outs the responsibilities for platoons and squads during unified land operations. The Infantry platoon and squad is an all-weather, all-terrain unit. Against this backdrop, the Infantry platoon and squad must be ready to adapt to various levels of conflict and peace in various environments. This requires bold, aggressive, resourceful, and adaptive leaders- leaders of character, competence and commitment - who are willing to accept known risks to accomplish the mission. Infantry leaders must use their initiative and make rapid decisions to take advantage of unexpected opportunities. This publication addresses the significant changes in Army doctrinal terminology, concepts, and constructs and proven tactics, techniques, and procedures (TTPs): Chapter 1 - Organization Chapter 2 - Offense Chapter 3 - Defense Chapter 4 - Stability Chapter 5 - Movement Chapter 6 - Patrols and Patrolling Chapter 7 - Sustainment Appendix A describes the process of troop leading procedures (TLPs). Appendix B describes direct fire planning and control. Appendix C describes indirect fire support planning. Appendix D addresses security. Appendix E describes vehicle employment considerations. Appendix F addresses machine gun employment. Appendix G describes and addresses shoulder-launched munitions (SLMs) and close combat missile systems (CCMS). Appendix H describes obstacle reduction and employment. Appendix I covers chemical, biological, radiological, and nuclear (CBRN) operations. Appendix J describes 14 selected battle drills for both the Bradley and Stryker. ATP 3-21.8 applies to the active Army, the U.S. Army National Guard, Army National Guard of the U.S., and the U.S. Army Reserve unless otherwise stated. It is designed for platoon, squad and company level chains of command, company grade officers, senior and junior noncommissioned officers (NCOs), U.S. Army Training and Doctrine Command (TRADOC) institutions and components, and the U.S. Army Special Operations Command.

air force 24th special tactics squadron requirements: Common Battlefield Training for Airmen Thomas Manacapilli, Chaitra M. Hardison, Brian Gifford, Alexis Bailey, Aimee Bower, 2007-10-16 Air Force members who do not routinely cross a defended perimeter when deployed may not have received sufficient training for doing so when they need to. The authors conducted surveys and interviews to determine the kinds of experiences airmen have had outside the wire, worked with subject-matter experts to categorize them and suggest training levels, and developed a series of recommendations for course content and further areas for study.

air force 24th special tactics squadron requirements: Alone at Dawn Dan Schilling, Lori Longfritz, 2019-06-25 The New York Times bestselling true account of John Chapman, Medal of Honor recipient and Special Ops Combat Controller, and his heroic one-man stand during the Afghan War, as he sacrificed his life to save the lives of twenty-three comrades-in-arms. In the predawn hours of March 4, 2002, just below the 10,469-foot peak of a mountain in eastern Afghanistan, a fierce battle raged. Outnumbered by Al Qaeda fighters, Air Force Combat Controller

John Chapman and a handful of Navy SEALs struggled to take the summit in a desperate bid to find a lost teammate. Chapman, leading the charge, was gravely wounded in the initial assault. Believing he was dead, his SEAL leader ordered a retreat. Chapman regained consciousness alone, with the enemy closing in on three sides. John Chapman's subsequent display of incredible valor -- first saving the lives of his SEAL teammates and then, knowing he was mortally wounded, single-handedly engaging two dozen hardened fighters to save the lives of an incoming rescue squad -- posthumously earned him the Medal of Honor. Chapman is the first airman in nearly fifty years to be given the distinction reserved for America's greatest heroes. *Alone at Dawn* is also a behind-the-scenes look at the Air Force Combat Controllers: the world's deadliest and most versatile special operations force, whose members must not only exceed the qualifications of Navy SEAL and Army Delta Force teams but also act with sharp decisiveness and deft precision -- even in the face of life-threatening danger. Drawing from firsthand accounts, classified documents, dramatic video footage, and extensive interviews with leaders and survivors of the operation, *Alone at Dawn* is the story of an extraordinary man's brave last stand and the brotherhood that forged him.

air force 24th special tactics squadron requirements: *The Elite* Leigh Neville, 2019-11-28 Using rare and previously unpublished images from around the world, *The Elite: The A-Z of Modern Special Operations Forces* is the ultimate guide to the secretive world of modern special operations forces. It sends the reader back in time to operations such as Eagle Claw in Iran and the recapture of the Iranian Embassy in London and then forward to recent operations against al-Shabaab and Islamic State. Entries also detail units ranging from the New Zealand SAS Group to the Polish GROM, and key individuals from Iraq counter-terrorism strategist General Stanley McChrystal to Victoria Cross recipient SASR Corporal Mark Donaldson. Answering questions such as how much the latest four-tube night vision goggles worn by the SEALs in Zero Dark Thirty cost, which pistol is most widely employed by special operators around the world and why, and if SOF still use HALO jumps, this book is the definitive single-source guide to the world's elite special forces.

air force 24th special tactics squadron requirements: *Never Quit* Jimmy Settle, Don Rearden, 2017-03-07 The epic memoir of an Alaskan pararescue jumper, Special Forces Operator, and decorated war hero. "That Others May Live" is a mantra that defines the fearless men of Alaska's 212th Pararescue Unit, the PJs, one of the most elite military forces on the planet. Whether they are rescuing citizens injured and freezing in the Alaskan wilderness or saving wounded Rangers and SEALs in blazing firefights at war, the PJs are the least known and most highly trained of America's warriors. *Never Quit* is the true story of how Jimmy Settle, an Alaskan shoe store clerk, became a Special Forces Operator and war hero. After being shot in the head during a dangerous high mountain operation in the rugged Watapur Valley in Afghanistan, Jimmy returns to battle with his teammates for a heroic rescue, the bullet fragments stitched over and still in his skull. In a cross between a suicide rescue mission and an against-all-odds mountain battle, his team of PJs risk their lives again in an epic firefight. When his helicopter is hit and begins leaking fuel, Jimmy finds himself in the worst possible position as a rescue specialist--forced to leave members from his own team behind. Jimmy will have to risk everything to get back into the battle and bring back his brothers. From death-defying Alaskan wilderness training, wild rescues, and vicious battles against the Taliban and Al Qaeda, this is an explosive special operations memoir unlike any that has come before, and the true story of a man from humble beginnings who became an American hero.

air force 24th special tactics squadron requirements: *Command Of The Air* General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth

of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

air force 24th special tactics squadron requirements: Special Operations Forces Reference Manual Joint Special Operations, 2019-11-28 Special Operations Forces Reference Manual Fourth Edition

air force 24th special tactics squadron requirements: Airpower against an Army: Challenge and Response in CENTAF's Duel with the Republican Guard William F. Andrews, For nearly two decades the United States Air Force (USAF) oriented the bulk of its thinking, acquisition, planning, and training on the threat of a Soviet blitzkrieg across the inter German border. The Air Force fielded a powerful conventional arm well rehearsed in the tactics required to operate over a central European battlefield. Then, in a matter of days, the 1990 invasion of Kuwait altered key assumptions that had been developed over the previous decade and a half. The USAF faced a different foe employing a different military doctrine in an unexpected environment. Instead of disrupting a fast paced land offensive, the combat wings of the United States Central Command Air Forces (CENTAF) were ordered to attack a large, well fortified, and dispersed Iraqi ground force. The heart of that ground force was the Republican Guard Forces Command (RGFC). CENTAF's mission dictated the need to develop an unfamiliar repertoire of tactics and procedures to meet theater objectives. How effectively did CENTAF adjust air operations against the Republican Guard to the changing realities of combat? Answering that question is central to this study, and the answer resides in evaluation of the innovations developed by CENTAF to improve its operational and tactical performance against the Republican Guard. Effectiveness and timeliness are the primary criteria used for evaluating innovations.

air force 24th special tactics squadron requirements: Air Force Handbook 1 U. S. Air Force, 2018-07-17 This handbook implements AFD 36-22, Air Force Military Training. Information in this handbook is primarily from Air Force publications and contains a compilation of policies, procedures, and standards that guide Airmen's actions within the Profession of Arms. This handbook applies to the Regular Air Force, Air Force Reserve and Air National Guard. This handbook contains the basic information Airmen need to understand the professionalism required within the Profession of Arms. Attachment 1 contains references and supporting information used in this publication. This handbook is the sole source reference for the development of study guides to support the enlisted promotion system. Enlisted Airmen will use these study guide to prepare for their Promotion Fitness Examination (PFE) or United States Air Force Supervisory Examination (USAFSE).

air force 24th special tactics squadron requirements: History of the Air Corps Tactical School, 1920-1940 Robert T. Finney, 1955 In the 1930s, the Air Corps Tactical School at Maxwell Field, Alabama, was the nurturing ground for American air doctrine. Those who studied and taught there were the same individuals who prepared America for war, and then led its airmen into combat.

air force 24th special tactics squadron requirements: U.S. Air Force Special Tactics Combat Control School Heritage Foundation, 2022-11-08 The CCT - The Eye of the Storm-series chronicles the exploits of Air Force Special Warfare, Combat Control Teams (CCT). It is told in the form of short stories; many etched by a cocktail of blood, sweat and tears. The Combat Control story began in the de facto Volume I with the appearance of the first CCTs; i.e., command and control teams cobbled together by the WWII U.S. Army Air Force (USAAF) for Operation Varsity. The CCT story continued in Volume II, detailing the 21st Century fight in the Global War on Terrorism (GWOT). Included are two humanitarian missions; operations of epic proportion in Haiti and Japan. In this third volume subtitled - Medal of Honor (MOH) - the CCT story is expanded, incorporating the

two previously self-published volumes and adding hundreds of new stories from around the globe. But, with a concentration on operations in southwest Asia; including Afghanistan; now America's longest war. This volume is an all-inclusive compilation presented as a single, premium publication. The diversity of feature stories, subjects and styles present a well-rounded, unbiased look at the CCT's view at "the eye of the storm." Each published PA reporter and volunteer contributor has a by-line in the book. Thanks to all for their remarkable journalistic work. The book is expected to engage a wider-ranging audience of American and allied military elements, families, historians and enthusiasts. More importantly, Medal of Honor celebrates the first-ever award of the Air Force Medal of Honor to a Combat Control patriot and hero. On April 20, 2018 after more than fifteen years technical review and Air Staff deliberation the Medal of Honor for TSgt John Chapman was approved by President Donald Trump. The MOH award ceremonies and associated events are covered in detail near the end of this book. In preparing CCT - The Eye of the Storm - Medal of Honor, the goal was to collect stories from hundreds of sources, written by an even larger band of vetted professionals selected to observe, record and report truths about military units in action. In my mind the U.S. Government Public Affairs Offices were the perfect choice. For that reason, you will find hundreds of PA-generated stories used herein. Through our collective efforts we have published a fair and accurate chronical of USAF Combat Control Team's stories; exploiting the public domain and declassified accounts. This is a documentary of Air Force Combat Control Teams operating at The Eye of the Storm. Subtitled Medal of Honor; it is the most in-depth CCT history ever published.

air force 24th special tactics squadron requirements: Defending Air Bases in an Age of Insurgency Shannon Caudill, Air University Press, 2014-08 This anthology discusses the converging operational issues of air base defense and counterinsurgency. It explores the diverse challenges associated with defending air assets and joint personnel in a counterinsurgency environment. The authors are primarily Air Force officers from security forces, intelligence, and the office of special investigations, but works are included from a US Air Force pilot and a Canadian air force officer. The authors examine lessons from Vietnam, Iraq, Afghanistan, and other conflicts as they relate to securing air bases and sustaining air operations in a high-threat counterinsurgency environment. The essays review the capabilities, doctrine, tactics, and training needed in base defense operations and recommend ways in which to build a strong, synchronized ground defense partnership with joint and combined forces. The authors offer recommendations on the development of combat leaders with the depth of knowledge, tactical and operational skill sets, and counterinsurgency mind set necessary to be effective in the modern asymmetric battlefield.

air force 24th special tactics squadron requirements: Aviation in the U.S. Army, 1919-1939 Maurer Maurer, 1987

air force 24th special tactics squadron requirements: Operation Just Cause Ronald H. Cole, 1995

air force 24th special tactics squadron requirements: Special Operations Association , 2006-01-31

air force 24th special tactics squadron requirements: CCT-The Eye of the Storm Gene Adcock, 2012-10-24 Volume II is 438 pages in length and contains interviews, anecdotes and descriptions of missions by Air Force Combat Controllers. GWOT stands for Global War on Terrorism.

air force 24th special tactics squadron requirements: The Complete Idiot's Guide to the U.S. Special Ops Forces Marc Cerasini, 2002 A guide to the face of modern US warfare in the 21st century. The US Special Operations Forces will be at the forefront of every battle that the US will wage against the war on terrorism.

air force 24th special tactics squadron requirements: Enhancing Performance Under Stress Sean Robson, Thomas Manacapilli, 2014 USAF par rescue and combat controllers routinely recover downed or injured military personnel and direct military aircraft in hostile or denied regions. Consequently, to be effective in these careers requires the ability to cope with severe stress. The

USAF uses many strategies to ensure that battlefield airmen perform well under stress but one strategy, termed stress inoculation training, has not been fully incorporated as a training element.

air force 24th special tactics squadron requirements: Psychological Operations Frank L. Goldstein, Benjamin F. Findley, 1996 This anthology serves as a fundamental guide to PSYOP philosophy, concepts, principles, issues, and thought for both those new to, and those experienced in, the PSYOP field and PSYOP applications. It clarifies the value of PSYOP as a cost-effective weapon and incorporates it as a psychological instrument of U.S. military and political power, especially given our present budgetary constraints. Presents diverse articles that portray the value of the planned use of human actions to influence perceptions, public opinion, attitudes, and behaviors so that PSYOP victories can be achieved in war and in peace.

air force 24th special tactics squadron requirements: *U.S. Air Force Special Operations* Jeremy Roberts, 2004-05-01 Discusses the history of the Air Force special forces, as well as the organization's training program and what life is like in these specialized units.

air force 24th special tactics squadron requirements: Airpower Advantage Diane T. Putney, U.S. Air Force, Office of Air Force History, 2015-02-02 American air power is a dominant force in today's world. Its ascendancy, evolving in the half century since the end of World War II, became evident during the first Gulf War. Although a great deal has been written about military operations in Desert Shield and Desert Storm, this deeply researched volume by Dr. Diane Putney probes the little-known story of how the Gulf War air campaign plan came to fruition. Based on archival documentation and interviews with USAF planners, this work takes the reader into the planning cells where the difficult work of building an air campaign plan was accomplished on an around-the-clock basis. The tension among air planners is palpable as Dr. Putney traces the incremental progress and friction along the way. The author places the complexities of the planning process within the context of coalition objectives. All the major players are here: President George H. W. Bush, General H. Norman Schwarzkopf, General Colin Powell, General Chuck Horner, and Secretary of Defense Richard Cheney. The air planning process generated much debate and friction, but resulted in great success - a 43-day conflict with minimum casualties. Dr. Putney's rendering of this behind-the-scenes evolution of the planning process, in its complexity and even suspense, provides a fascinating window into how wars are planned and fought today and what might be the implications for the future.

air force 24th special tactics squadron requirements: Relentless Strike Sean Naylor, 2015-09-01 The New York Times Bestseller and Winner of the 2015 Army Historical Foundation Distinguished Writing Award for Unit History. Since the attacks of September 11, one organization has been at the forefront of America's military response. Its efforts turned the tide against al-Qaida in Iraq, killed Bin Laden and Zarqawi, rescued Captain Phillips and captured Saddam Hussein. Its commander can direct cruise missile strikes from nuclear submarines and conduct special operations raids anywhere in the world. Relentless Strike tells the inside story of Joint Special Operations Command, the secret military organization that during the past decade has revolutionized counterterrorism, seamlessly fusing intelligence and operational skills to conduct missions that hit the headlines, and those that have remained in the shadows-until now. Because JSOC includes the military's most storied special operations units-Delta Force, SEAL Team 6, the 75th Ranger Regiment-as well as America's most secret aviation and intelligence units, this is their story, too. Relentless Strike reveals tension-drenched meetings in war rooms from the Pentagon to Iraq and special operations battles from the cabin of an MH-60 Black Hawk to the driver's seat of Delta Force's Pinzgauer vehicles as they approach their targets. Through exclusive interviews, reporter Sean Naylor uses his unique access to reveal how an organization designed in the 1980s for a very limited mission set transformed itself after 9/11 to become the military's premier weapon in the war against terrorism and how it continues to evolve today.

air force 24th special tactics squadron requirements: The Competitive Advantage Michael E Krivdo, Robert M Toguchi, 2019-05-23 Volume 8 of the Army University Large Scale Combat Operations series. The Competitive Advantage: Special Operations Forces in Large Scale

Combat Operations presents twelve historical case studies of special operations forces from World War I through Operation Iraqi Freedom. This volume sheds light upon the emerging roles, missions, and unique capabilities that have forged a path for Army Special Operations Forces today. These case studies set Large Scale Combat Operations in the center and place ARSOF's role in the forefront. If a reader were to take one piece from this volume, it would be the clear understanding of the close synergy that occurs between the Conventional Force and SOF in Large Scale Combat Operations for major wars in the 20th and early 21st century. That synergy should provide a broad azimuth for military planners and practitioners to follow as the Army, SOF, and the Joint Force combine to preserve the peace, defend the Nation, and defeat any adversary.

air force 24th special tactics squadron requirements: Gulf War Air Power Survey Thomas A. Keaney, Eliot A. Cohen, 1993

air force 24th special tactics squadron requirements: Rescue Mission Report United States. Joint Chiefs of Staff. Special Operations Review Group, 1980 In May 1980, the Joint Chiefs of Staff commissioned a Special Operations Review Group to conduct a broad examination of the planning, organization, coordination, direction, and control of the Iranian hostage rescue mission, as a basis for recommending improvement in these areas for the future. The Review Group consisted of six senior military officers three who had retired after distinguished careers, and three still on active duty. The broad military experience of the group gave it an appropriate perspective from which to conduct an appraisal. Details on the participants, the Terms of Reference they operated under, and their approach to the subject are contained in this document. The Review Group has made its final report to the Joint Chiefs of Staff. Copies have been forwarded to the Secretary of Defense, as have the related, early recommendations of the Joint Chiefs. A highly classified report also has been transmitted to appropriate committees in the Congress. Because it is important that as much detail as possible be made available to the American public, the Organization of the Joint Chiefs of Staff has conducted a declassification review to produce this version. The issues and findings have been retained in as close a form as possible to the original, classified version. In particular, the Executive Summary, Conclusions, and Recommendations remain virtually the same as in the original.

air force 24th special tactics squadron requirements: Combat Search and Rescue in Desert Storm Donald Whitcomb, 2012-08-01 After Southeast Asia, analysts and force planners came to the realization that there was a fundamental difference between search and rescue (SAR) in a permissive area and in an area that was not permissive (i.e., under enemy control). This second condition is now called combat search and rescue or CSAR. At the time of Desert Storm, the two forms of rescue were defined thusly: Search and Rescue (SAR): Use of aircraft, surface craft, submarines, personnel, and equipment to locate and recover personnel in distress on land or at sea. Combat Search and Rescue (CSAR): A specialized SAR task performed by rescue-capable forces to effect recovery of distressed personnel from hostile territory during contingency operations or wartime.² The development of this rescue capability has been well established. Dr. Robert Futrell documented our efforts in Korea in The United States Air Force in Korea, 1950-1953. His work was followed by Dr. Earl Tilford's Search and Rescue in South east Asia, which eloquently chronicled the heroic efforts of the rescue crews in that conflict who brought back literally thousands of airmen. It extensively documented what is now considered the golden age of rescue. This work is meant to follow in those traditions and will focus on our CSAR efforts in the Persian Gulf War of 1991, or more specifically, the period of Operation Desert Storm, 17 January to 28 February 1991. Overall, CSAR in Desert Storm appears to have been a mixed bag. Because of advances in precision weaponry, Global Positioning System (GPS) technology, countermeasures, and training, relatively few coalition aircraft were shot down. Forty-three coalition aircraft were lost in combat, most over high-threat areas. Eighty-seven coalition airmen, soldiers, sailors, and marines were isolated in enemy or neutral territory. Of that total, 48 were killed, one is still listed as missing, 24 were immediately captured, and 14 were exposed in enemy territory. Of those who survived, most landed in areas controlled by enemy troops. Of the few actually rescueable, six were not rescued for a variety of reasons, but primarily because of limitations in CENTAF's ability to locate them accurately and in a timely

manner.

air force 24th special tactics squadron requirements: Short of War A. Timothy Warnock, 2000-08

air force 24th special tactics squadron requirements: United States Special Operations Forces Posture Statement U.S. Special Operations Command,

air force 24th special tactics squadron requirements: Special Operations Forces and Elusive Enemy Ground Targets William Rosenau, 2001-12-05 In the Vietnam War and the Persian Gulf conflict, special operations forces (SOF) conducted reconnaissance operations to locate hidden targets when political and other considerations prevented the deployment of conventional ground units and air power alone was unable to locate and eliminate elusive objectives. In Vietnam, SOF teams crossed the border into Laos to search for truck parks, storage depots, and other assets along the Ho Chi Minh Trail that were obscured by jungle canopy and camouflage. In western Iraq, British and American SOF patrolled vast areas searching for mobile Scud launchers. In both cases, the nature of the terrain combined with adversary countermeasures made it extremely difficult for ground teams to achieve their objectives. There are a number of implications for future operations. Although new technology, such as mini- and micro-unmanned aerial vehicles, may make it easier to teams to reconnoiter wide areas, using SOF in this fashion is unlikely to achieve U.S. objectives. Concerns about casualties and prisoners of war are likely to limit the use of SOF to the most vital national interests. However, unattended ground sensors could play an enhanced role in future operations. Although most will be delivered by air, some will require hand emplacement in difficult enemy terrain, a mission well suited to SOF. SOF in a battle damage assessment role could help ensure that critical targets have been destroyed. Finally, SOF might disable, destroy, or recover nuclear, biological, or chemical weapons.

air force 24th special tactics squadron requirements: American Heroes in Special Operations Oliver North, 2010 In a follow-up to his previous New York Times-bestseller, North shares inspiring stories about what active military duty is really like for Navy Seals, Rangers, and Green Berets.
