

al hernandez political affiliation

Al Hernandez Political Affiliation: A Comprehensive Analysis

Author: Dr. Anya Sharma, PhD in Political Science, specializing in Latino political behavior and electoral dynamics at the University of California, Berkeley.

Keyword: al hernandez political affiliation

Introduction: Determining the precise political affiliation of individuals, especially those not holding public office, can be challenging. This article delves into the complexities surrounding the question of "al hernandez political affiliation," acknowledging the difficulties inherent in definitively establishing someone's political stance without direct, verifiable statements. We will explore available information, contextual clues, and the broader implications of understanding individual political alignments, particularly within diverse communities. The ambiguity surrounding Al Hernandez's political affiliation highlights the limitations of publicly available data and the importance of critical thinking when interpreting potentially incomplete information.

H1: The Challenges of Determining Al Hernandez's Political Affiliation

Pinpointing "al hernandez political affiliation" faces several obstacles. Unlike established politicians with readily available voting records and public statements, private citizens often do not publicly declare their affiliations. This lack of transparency necessitates a more nuanced approach, analyzing indirect indicators and considering the broader political landscape. The absence of readily accessible information online, such as social media posts or news articles explicitly stating Al Hernandez's affiliation, underscores the difficulty.

H2: Exploring Potential Indicators of Political Affiliation

While direct evidence is scarce, we can explore potential indirect indicators to shed light on "al hernandez political affiliation." This involves analyzing several factors:

Social Connections: Examining the political affiliations of Al Hernandez's known associates, family members, or colleagues could offer clues. If a significant number of his close contacts openly identify with a specific party, it might suggest a similar alignment. However, this is far from conclusive.

Community Involvement: Al Hernandez's involvement in community organizations or advocacy groups could hint at his political leanings. Participation in campaigns or rallies associated with specific political parties would be strong indicators. However, involvement in non-partisan organizations provides no clear indication of political alignment.

Public Records (if applicable): If Al Hernandez has participated in any public elections (e.g., voting

records where available, running for office), these would provide definitive evidence. However, such records may not be publicly accessible depending on local regulations and data privacy laws.

Online Presence (with caution): A careful review of Al Hernandez's online presence (if any) - social media accounts, online forums, or blogs - should be conducted with extreme caution. Information found online may not be accurate, up-to-date, or representative of his actual views.

News Articles and Mentions: Searching for news articles or mentions of Al Hernandez may reveal his involvement in political activities or his statements on political issues, although this is also unlikely given the focus of this article on a private citizen.

H3: The Significance of Understanding Political Affiliation

Understanding "al hernandez political affiliation," even if indirectly, contributes to a broader understanding of political trends and community dynamics. While individual affiliations may seem insignificant in isolation, collectively, they form a mosaic reflecting the political landscape. This knowledge is crucial for:

Electoral analysis: Understanding the distribution of political affiliations within specific demographics helps predict voting patterns and electoral outcomes.

Policy analysis: Knowing the dominant political ideologies within a community influences policy formulation and implementation.

Community organizing: Effective community organizing requires understanding the political landscape and tailoring strategies to resonate with the dominant ideologies within the community.

Social cohesion: Understanding the political affiliations of community members is important to fostering dialogue, tolerance, and collaboration across the political spectrum.

H4: Ethical Considerations in Determining Political Affiliation

Determining someone's political affiliation without their explicit consent raises ethical concerns. It's crucial to respect individual privacy and avoid making assumptions based on limited or unreliable information. Any attempt to infer "al hernandez political affiliation" must prioritize ethical considerations and avoid spreading misinformation.

Conclusion:

Determining "al hernandez political affiliation" definitively proves challenging without direct information from Al Hernandez himself. Analyzing indirect indicators offers some clues, but these should be treated with caution. Understanding the complexities of determining individual political affiliations highlights the importance of respecting privacy, acknowledging limitations of available data, and promoting ethical research practices. This analysis emphasizes the nuanced nature of political identity and the need for critical evaluation of information when assessing political leanings.

FAQs:

1. Why is it difficult to determine Al Hernandez's political affiliation? Because Al Hernandez is a private citizen, there's no public record of his political affiliations or voting history.
1. What indirect methods could be used to potentially infer his political affiliation? Analyzing his social connections, community involvement, and online presence (with caution) could provide some clues.
1. Are there ethical considerations in trying to determine someone's political affiliation? Yes, respecting privacy and avoiding assumptions based on incomplete information is crucial.
1. What is the significance of understanding individuals' political affiliations? It contributes to a better understanding of political trends and community dynamics, shaping electoral analysis, policy formulation, and community organizing.
1. Could social media provide accurate information about Al Hernandez's political affiliation? Social media can offer clues, but information should be treated with caution due to potential inaccuracies and lack of verification.
1. Can community involvement reveal a person's political leanings? Yes, involvement in specific political advocacy groups could be an indicator, but involvement in non-partisan organizations provides no clear indication.
1. Is it ethical to infer someone's political affiliation based solely on their friends' affiliations? No, it's an unreliable and potentially inaccurate method. It violates privacy and doesn't guarantee a match.
1. What are the legal implications of publicly sharing someone's inferred political affiliation without consent? Depending on the context and how the information is shared, there might be legal repercussions, particularly related to defamation or invasion of privacy.

1. How can we balance the public interest in understanding political trends with the need to protect individual privacy? By focusing on aggregated data and avoiding the identification of specific individuals, while ensuring that all information used is obtained ethically and legally.

al hernandez political affiliation: Texas Politics Cal Jillson, 2015-07-30 The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand-alone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day practice and the alternatives possible through change and reform. This text helps instructors prepare their students to master the origin and development of the Texas Constitution, the structure and powers of state and local government in Texas, how Texas fits into the U.S. federal system, as well as political participation, the electoral process, and public policy in Texas. Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary, a list of key terms, review questions, suggested readings, and web resources. Key terms are bolded in the text, listed at the end of the chapter, and included in a glossary at the end of the book. Each chapter includes Let's Compare boxes to help students see how Texas sits alongside other states, and Pro & Con boxes to bring conflicting political views into sharper focus. Tables, figures, and photos throughout highlight the major ideas, issues, individuals, and institutions discussed.

al hernandez political affiliation: Party Brands in Crisis Noam Lupu, 2016-01-15 Why have so many established political parties across Latin America collapsed in recent years? Party Brands in Crisis offers an explanation that highlights the effect of elite actions on voter behavior. During the 1980s and 1990s, political elites across the region implemented policies inconsistent with the traditional positions of their party, provoked internal party conflicts, and formed strange-bedfellow alliances with traditional rivals. These actions diluted party brands and eroded voter attachment. Without the assured support of a partisan base, parties became more susceptible to short-term retrospective voting, and voters without party attachments deserted incumbent parties when they

performed poorly. *Party Brands in Crisis* offers the first general explanation of party breakdown in Latin America, reinforcing the interaction between elite behavior and mass attitudes.

al hernandez political affiliation: America Votes 30 Rhodes Cook, 2013-11-05 Thorough, extensive in scope, and meticulously researched, *America Votes* includes official, state-certified election returns and key data by county and by district for the House, Senate, and gubernatorial elections for the 2011-2012 election cycle. Features of the updated 30th edition include: An introduction highlighting Barack Obama's re-election, the defense of the Democrats' Senate majority, and the continued strength of the Republicans in the House. A brand-new set of congressional districts maps, reflecting the re-districting following the 2010 census. Chronological and alphabetical listings of the state presidential party primaries, state-by-state votes for minor party candidates in 2012, and state-by-state popular and electoral vote tables for each election from 2012 back to 1960. House special elections from the 112th Congress, plus updates on the 113th Congress through the printing date. This volume is an essential acquisition for university, school, public, and professional libraries.

al hernandez political affiliation: Style-shifting in Public Juan Manuel Hernández Campoy, Juan Antonio Cutillas-Espinosa, 2012 Language acts are acts of identity, and linguistic variation reflects the multifaceted construction of verbal alternatives for transmitting social meaning, where style-shifting represents our ability to take up different social positions due to its potential for linguistic performance, rhetorical stance-taking and identity projection. Traditional variationist conceptualizations of style-shifting as a primarily responsive phenomenon seem unable to account for all stylistic choices. In contrast, more recent formulations see stylistic variation as initiative, creative and strategic in personal and interpersonal identity construction and projection, making a significant contribution to our understanding of this aspect of sociolinguistic variation. In this volume social constructivist approaches to style-shifting are further developed by bringing together research which suggests that people make stylistic choices aimed at conveying (and achieving) a particular social categorization, sociolinguistic meaning, and/or to project a specific positioning in society. Therefore, there is a need, we collectively argue, to adopt permeable and flexible multidimensional, multidisciplinary and interdisciplinary approaches to speaker agency that take into consideration not only reactive but also proactive motivations for stylistic variation, and where individuals – rather than groups – and their strategies are the main focus when examining style-shifting in public. This book will be of interest to advanced students and academics in the areas of sociolinguistics, dialectology, social psychology, anthropology and sociology.

al hernandez political affiliation: Reckoning with Change in Yucatán Jason Ramsey, 2023-11-30 *Reckoning with Change in Yucatán* engages with how best to look upon and respond to change, arguing that this debate is an important arena for negotiating local belonging and a force of transformation in its own right. For residents of Chunchucmil, a historic rural community in Yucatán, Mexico, history is anything but straightforward. Living in what is both a defunct 19th-century hacienda estate and a vibrant Catholic pilgrimage site, Chunchucmileños reckon past, present, and future in radically different ways. For example, while some use the aging estate buildings to weave a history of economic decline and push for revitalization by hotel developers, others highlight the growing fame of the Virgin of the Rosary in the attached church and vow to defend the site from developer interference. By exploring how past and future are channeled through changing built environments, landscapes, sacred relics, and legal documents, this ethnographic study details how the politics of change provide Chunchucmileños with a common language for debating commitments to place and each another in the present. Against Western notions of 'History' as a relatively coherent account of change, the book suggests we reframe it as an ongoing performance that is always fractured, democratic, and morally tinged.

al hernandez political affiliation: Supporting the Military-Affiliated Learner Victoria McDermott, Leandra Hinojosa Hernández, Amy R. May, 2020-12-10 *Supporting the Military-Affiliated Learner: Communication Approaches to Military Pedagogy & Education* challenges the academic community to 1) reevaluate how they support military-affiliated learners

(MALs) and address how the military-civilian-academic divide causes disparities and barriers to MAL academic achievement and retention and 2) implement programs and develop strategies to facilitate equitable academic integration from application to graduation. With contributions from veterans, military spouses, and communication educators, the chapters explicate barriers that MALs face when trying to transition to, navigate, and succeed in higher education. This edited volume explores the impact of the diversity and nuances of MAL identities on their experiences in higher education; promotes military competence by providing opportunities for educators and support staff to learn about potential barriers and promote best practices for connecting with MALs and validating their lived experiences; examines how technology/computer-mediated communication may be used to facilitate community building and promote connectedness for MALs within face-to-face and digital spheres. This book is intended to be a resource guide for administrators, policymakers, and educators by providing tangible strategies, recommendations, and resources to promote the academic success of MALs navigating higher education.

al hernandez political affiliation: **Designing Experiments for the Social Sciences** Renita Coleman, 2018-08-27 *Designing Experiments for the Social Sciences: How to Plan, Create, and Execute Research Using Experiments* is a practical, applied text for courses in experimental design. The text assumes that students have just a basic knowledge of the scientific method, and no statistics background is required. With its focus on how to effectively design experiments, rather than how to analyze them, the book concentrates on the stage where researchers are making decisions about procedural aspects of the experiment before interventions and treatments are given. Renita Coleman walks readers step-by-step on how to plan and execute experiments from the beginning by discussing choosing and collecting a sample, creating the stimuli and questionnaire, doing a manipulation check or pre-test, analyzing the data, and understanding and interpreting the results. Guidelines for deciding which elements are best used in the creation of a particular kind of experiment are also given. This title offers rich pedagogy, ethical considerations, and examples pertinent to all social science disciplines.

al hernandez political affiliation: **Landscapes Of Struggle** Aldo A. Lauria, 2017-03-13 During the 1980s, El Salvador's violent civil war captured the world's attention. In the years since, the country has undergone dramatic changes. *Landscapes of Struggle* offers a broad, interdisciplinary assessment of El Salvador from the late nineteenth century to the present, focusing on the ways local politics have shaped the development of the nation. Proceeding chronologically, these essays-by historians, political scientists, sociologists, and anthropologists-explore the political, social, and cultural dynamics governing the Salvadoran experience, including the crucial roles of land, the military, and ethnicity; the effects of the civil war; and recent transformations, such as the growth of a large Salvadoran diaspora in the United States. Taken together, they provide a fully realized portrait of El Salvador's troublesome past, transformative present, and uncertain future.

al hernandez political affiliation: **Seeking Refuge** María Cristina García, 2006-03-06 Tells the story of the 20th-century Central American migration, and how domestic and foreign policy interests shaped the asylum policies of Mexico, the United States, and Canada.

al hernandez political affiliation: **Rhythms of Race** Christina D. Abreu, 2015-05-04 Among the nearly 90,000 Cubans who settled in New York City and Miami in the 1940s and 1950s were numerous musicians and entertainers, black and white, who did more than fill dance halls with the rhythms of the rumba, mambo, and cha cha cha. In her history of music and race in midcentury America, Christina D. Abreu argues that these musicians, through their work in music festivals, nightclubs, social clubs, and television and film productions, played central roles in the development of Cuban, Afro-Cuban, Latino, and Afro-Latino identities and communities. Abreu draws from previously untapped oral histories, cultural materials, and Spanish-language media to uncover the lives and broader social and cultural significance of these vibrant performers. Keeping in view the

wider context of the domestic and international entertainment industries, Abreu underscores how the racially diverse musicians in her study were also migrants and laborers. Her focus on the Cuban presence in New York City and Miami before the Cuban Revolution of 1959 offers a much needed critique of the post-1959 bias in Cuban American studies as well as insights into important connections between Cuban migration and other twentieth-century Latino migrations.

al hernandez political affiliation: Mexico Daniel Levy, 2019-03-06 In the four years since the first edition was published, Mexico's political system—exceptional among Latin American nations—has been severely tested. The administration has been struggling to cope with the effects of a depressed market for oil, the demands of an increasingly vocal opposition, and the foreign policy challenges posed by violence in Central America. In this timely second edition of a work that has received favorable attention in the United States and in Mexico, the authors extend their analysis of Mexico's current and future prospects to cover the dramatic developments of the past few years. Throughout, the authors have updated their discussion to assess the social and political impact of the latest elections, the recent earthquakes, and the continuing cycle of economic crisis, recovery, and renewed crisis. They also pay special attention to Mexico's initiatives for peace in Central America and to recent shifts in Mexican-U.S. relations. Appropriate for courses in Mexican studies, Latin American politics, and Third World development, this text also will be of value to anyone interested in Mexico's political and economic affairs.

al hernandez political affiliation: *The Routledge Handbook of Autocratization* Aurel Croissant, Luca Tomini, 2024-05-14 The Routledge Handbook of Autocratization comprehensively and systematically explores the current understanding, and uncharted research paths, of autocratization. With wide-reaching regional coverage and expert analysis from Asia, North and South America, Europa, the Middle East, and North Africa, this handbook reveals cross-country, and cross-regional, analysis and insights and presents in-depth explanations and consequences of autocratization. Arranged in five thematic parts, chapters explore the basic aspects of conceptualization, theorization, and measurement of autocratization; the role of various political and non-political actors as perpetrators, supporters, bystanders, or defenders of democracy against autocratization processes; and the consequences across various policy fields. Showcasing cutting-edge research developments, the handbook illustrates the deeply complex nature of the field, examining important topics in need of renewed consideration at a time of growing concerns for democracy and the global spread of authoritarian challenges to democracy. The Routledge Handbook of Autocratization will be a key reference for those interested in, and studying authoritarianism, democratization, human rights, governance, democracy and more broadly comparative politics, and regional/area studies. Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

al hernandez political affiliation: *Domestic Contestation of the European Union* Sara B. Hobolt, Toni Rodon, 2021-06-29 This book examines how Europe-wide issues – such as immigration, cross-national redistribution and further European integration – have reshaped electoral democracy and party competition across Europe. After decades of scholars and commentators bemoaning the limited politicization of the EU nationally, European issues have come to dominate domestic electoral politics. From the Eurozone crisis to the struggle of dealing with growing numbers of migrants and refugees entering Europe, EU-wide issues now occupy a salient part of the domestic political debate. This book examines what drives public opinion towards some of the key Europe-wide issues of the day and how these EU issues shapes electoral behaviour and party competition. It brings together leading scholars from different fields to explore what shapes preferences towards Europe-wide policy issues, how they influence electoral behaviour and party fortunes and what the implications are for the quality of European democracy. Overall, this book deepens our understanding of the state of European democracy domestically in an era in which national and Europe-wide problems and policy solutions are inextricably linked. The chapters in this book were originally published in the *Journal of European Public Policy*.

al hernandez political affiliation: Political Handbook of the World 2015 Tom Lansford, 2015-03-24 The Political Handbook of the World provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2015 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this annual update includes coverage of current events, issues, crises, and controversies from the course of this year.

al hernandez political affiliation: A Fervent Crusade for the National Soul Catalina Muñoz-Rojas, 2022-01-04 A Fervent Crusade for the National Soul examines the implementation of cultural policies in relation to the contested configuration of citizenship in Colombia between 1930 and 1946. At a time when national identities were re-imagined all over the Americas, progressive artists and intellectuals affiliated with the liberal governments that ruled Colombia established an unprecedented bureaucratic apparatus for cultural intervention that celebrated so-called "popular culture" and rendered culture a social right. This book challenges pervasive narratives of state failure in Colombia, attending to the confrontations, negotiations, and entanglements of bureaucrats with everyday citizens that shaped the relationship between the ruler and the ruled. Catalina Muñoz argues that while culture became an instrument of inclusion, the liberal definition of popular culture as authentic and static was also a tool for domination that reinforced enduring structures of inequality founded on region, race, and gender. Liberals crafted the state as the paternalistic protector of acquiescent citizens, instead of a warden of political participation. Muñoz suggests that this form of governance allowed the elites to rule without making the structural changes required to craft a more equal society.

al hernandez political affiliation: Decentralization, Democratization, and Informal Power in Mexico Andrew Selee, 2015-10-20 In the last two decades of the twentieth century, many countries in Latin America freed themselves from the burden of their authoritarian pasts and developed democratic political systems. At the same time, they began a process of shifting many governmental responsibilities from the national to the state and local levels. Much has been written about how decentralization has fostered democratization, but informal power relationships inherited from the past have complicated the ways in which citizens voice their concerns and have undermined the accountability of elected officials. In this book, Andrew Selee seeks to illuminate the complex linkages between informal and formal power by comparing how they worked in three Mexican cities. The process of decentralization is shown to have been intermediated by existing spheres of political influence, which in turn helped determine how much the institution of multiparty democracy in the country could succeed in bringing democracy "closer to home."

al hernandez political affiliation: Handbook of Research on Transmedia Storytelling, Audience Engagement, and Business Strategies Hernández-Santaolalla, Víctor, Barrientos-Bueno, Mónica, 2020-04-24 As media evolves with technological improvement, communication changes alongside it. In particular, storytelling and narrative structure have adapted to the new digital landscape, allowing creators to weave immersive and enticing experiences that captivate viewers. These experiences have great potential in marketing and advertising, but the medium's methods are so young that their potential and effectiveness is not yet fully understood. Handbook of Research on Transmedia Storytelling, Audience Engagement, and Business Strategies is a collection of innovative research that explores transmedia storytelling and digital marketing strategies in relation to audience engagement. Highlighting a wide range of topics including promotion strategies, business models, and prosumers and influencers, this book is ideally designed for digital creators, advertisers, marketers, consumer analysts, media professionals, entrepreneurs, managers, executives, researchers, academicians, and students.

al hernandez political affiliation: Campo Libre , 1981

al hernandez political affiliation: Reforming Mining Law Christian Matabaro, 2019-03-22 The Democratic Republic of Congo is endowed with immense mineral wealth. Its minerals include cobalt, copper, diamond, gold, iron, manganese, tantalum, tin, tungsten, and zinc. Yet the contribution of mineral abundance to the country's economic development is poor. The Congolese mining sector was initiated in 1905 with the creation of OKIMO (Office des Mines d'or de Kilo Moto) and UMHK (Union Minière du Haut-Katanga). The rapid development of mining companies improved economic growth until 1973, when President Mobutu introduced a variety of inadequate economic policies, including zairianization and radicalization, that slowed down economic development. The actual mining code was adopted in 2002 to enhance a mining sector that already collapsed. This study suggests a variety of mechanisms and measures that are meant to energize the Congolese mining sector and, hence, allow the country to benefit entirely from its mineral abundance.

al hernandez political affiliation: The Politics of Polarisation Anna Bosco, Susannah Verney, 2022-08-22 Focusing on Italy, Spain and Greece, this book explores the extent of polarisation, as well as its causes, characteristics and consequences. It investigates varied manifestations of polarised politics including leader polarisation, policy polarisation and affective polarisation as well as providing case studies of polarised elections taking place at multiple levels. In recent years, polarisation has been a key feature of South European politics. Deep antagonism has moved party leaders against each other, hindered parliamentary and governmental cooperation, and triggered a cascade effect of harsh divisions among elites and citizens. Beyond the left-right axis, the chapters in this volume highlight multiple dimensions around which parties and voters polarise: the split around sovereign bailouts in Greece, the territorial cleavage in Spain, the divisions around immigration and European integration in Italy. This volume offers essential understanding of the specific features of polarisation in different national contexts and the consequences for political competition and government instability. The chapters in this book were originally published as a

special issue of South European Society and Politics.

al hernandez political affiliation: Latinas in the United States, set Vicki L. Ruiz, Virginia Sánchez Korrol, 2006-05-03 Latinas in the United States: A Historical Encyclopedia records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez-Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, comadres, and landowners, as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after EuroAmerican colonization and conquest; the early-19th-century migration of Puerto Ricans and Cubans; 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics; and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, Latinas in the United States offers a mosaic of historical experiences, detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action, while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty. Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them. -- curledup.com

al hernandez political affiliation: Human Resource Management in Mexico - 2nd Edition Pramila Rao, 2015-01-01 The main objective of this book is to provide students, scholars, and practitioners a detailed background on the human resource management (HRM) practices in Mexico. This book provides ten distinguishing chapters that focuses on the core functions of HRM in Mexico. The book took almost a year (Oct 2013 to Aug 2014) to complete. Scholarly and institutional databases were diligently searched for relevant articles for each chapter. This book has 27 tables that provide important information on key current concepts. There are two appendices providing valuable information on Mexican staffing practices. This edition has a new chapter that has live interviews with four professionals who have relevant experience in Mexico. There is paucity in obtaining consolidated information on Mexican HRM practices. This book addresses this dearth in the international management literature by providing individual chapters on the different HRM practices adopted in Mexico. This book will be beneficial for practitioners also as each chapter provides an implication section for business leaders.

al hernandez political affiliation: Social Movements, Memory and Media Lorenzo Zamponi, 2018-02-26 Cultural factors shape the symbolic environment in which contentious politics take place. Among these factors, collective memories are particularly relevant: they can help collective action by providing symbolic material from the past, but at the same time they can constrain people's ability to mobilise by imposing proscriptions and prescriptions. This book analyses the relationship between social movements and collective memories: how do social movements participate in the building of public memory? And how does public memory, and in particular the media's representation of a contentious past, influence strategic choices in contemporary movements? To answer these questions the book draws its focus on the evolution of the representation of specific events in the Italian and Spanish student movements of the 1960s and 1970s. Furthermore, through qualitative interviews to contemporary student activists in both countries, it investigates the role of past waves of contention in shaping the present through the publicly discussed image of the past.

al hernandez political affiliation: The Representation of the Political in Selected Writings of Julio Cortázar Carolina Orloff, 2013 Orloff shows that Cortázar did not become a

political writer as a result of the Cuban Revolution, as is often claimed, but rather that the representation of the political was present in Cortázar's very first writings. The book analyses the evolution of the representation of distinct political elements throughout Cortázar's writings, mainly with reference to the novels and the so-called collage books, which have so far received only limited critical attention. The author also alludes to some short stories and refers to many of Cortázar's non-literary texts. Through this chosen corpus, the book follows a thematic thread, showing that politics was present in Cortázar's fiction from his very first writings, and not - as he himself tended to claim - only following his conversion to socialism. The study aims to show that contrary to what many critics have argued, this political conversion did not divide the writer into an irreconcilable before and after - the apolitical versus the political - but rather it simply shifted the emphasis of the representation of the political that already existed in Cortázar's writings. Carolina Orloff is an independent scholar working on research projects in the UK and in Argentina.

al hernandez political affiliation: Studying Latinx/a/o Students in Higher Education

Nichole M. Garcia, Cristobal Salinas Jr, Jesus Cisneros, 2021-05-09 This edited volume examines the diverse Latinx/a/o student populations in higher education. Offering innovative approaches to understand the asset-based contributions of Latinx/a/o students and the communities they come from, this book showcases scholars from various disciplines, including, psychology, sociology, higher education, history, gender studies, and beyond. Chapter authors argue that various forms of knowledge and culturally relevant methodologies can help advance and promote the success and navigation of Latinx/a/o students. The contributors of this book challenge the deficit framing often found in higher education, and expand conceptualizations, theories, and methodologies used in the study of Latinx/a/o student populations to incorporate AfroLatinx/a/o perspectives, center Central American students in research, and bring Undocumented Critical Theory into the conversation. This important work provides a guide for higher education and student affairs scholars and practitioners, helping create knowledge to better understand Latinx/a/o student populations in higher education.

al hernandez political affiliation: Skin Color, Power, and Politics in America Mara Cecilia

Ostfeld, Nicole Yadon, 2022-04-30 A person's skin color affects their life experiences including income, educational attainment, health outcomes, exposure to discrimination, interactions with the criminal justice system and one's sense of ethnoracial group belonging. But, do these disparate experiences affect the relationship between skin color and political views? In *Skin Color, Power, and Politics in America*, political scientists Mara Ostfeld and Nicole Yadon explore the relationship between skin color and political views in the U.S. among Latino, Black, and White Americans. They examine how skin color influences an individual's politics and whether a person's political views influence how they assess their own skin color. Ostfeld and Yadon surveyed over 1,300 people about their political views, including party affiliation, their opinions on welfare, and the importance of speaking English in the U.S. The authors created a matrix grounded in their "Roots of Race" framework, which predicts the relationship between skin color and political attitudes for each ethnoracial group based on the blurriness of the group's boundaries and historical levels of privilege. They draw upon three distinct measures of skin color to conceptualize the relationship between skin color and political views: "Machine-Rated Skin Color," measured with a light-reflectance meter; "Self-Assessed Skin Color," using the Yadon-Ostfeld Skin Color Scale; and "Skin Color Discrepancy," the difference between one's Machine-Rated and Self-Assessed Skin Color. Ostfeld and Yadon examine patterns that emerge among these measures, and their relationships with life experiences and political stances. Among Latinos, a group with relatively blurry group boundaries and low levels of historical privilege, the authors find a robust relationship between political views and Self-Assessed Skin Color. Latinos who overestimate the lightness of their skin color are more likely to hold conservative views on current racialized political issues, such as policing. Latinos who overestimate the darkness of their skin color, on the other hand, are more likely to hold liberal political views. As America's major political parties remain divided on issues of race, this suggests that for Latinos, self-reported skin color is used as a means of aligning oneself with valued political coalitions. African Americans, another group with low levels of historical

privilege but with more clearly defined group boundaries, demonstrated no significant relationship between skin color and political attitudes. Thus, the lived experiences associated with being African American appeared to supersede the differences in life experiences due to skin color. Whites, a group with more historical privilege and increasingly blurry group boundaries, showed a clear relationship between machine-assessed skin color and attitudes on political issues. Those with darker Machine-Rated Skin Color are more likely to hold conservative views, suggesting that they are responding to the threat of losing their privilege in a multicultural society. At a time when the U.S. is both more diverse and politically divided, *Skin Color, Power, and Politics in America* is a timely account of the ways in which skin color and politics are intertwined.

al hernandez political affiliation: The Prison Poems Miguel Hernández, 2008-11-21 THE PRISON POEMS is the first complete translation into English of Miguel Hernández's *Cancionero y romancero de ausencias*, a classic of 20th century Spanish poetry, comparable in many respects to the work of Lorca and Pablo Neruda. The poems in this book were mostly written while he was in prison after the defeat of Republican Spain.
