

ALAN PAGE POLITICAL PARTY

ALAN PAGE'S POLITICAL JOURNEY: IMPLICATIONS FOR MINNESOTA AND BEYOND

BY DR. ELEANOR VANCE, PROFESSOR OF POLITICAL SCIENCE, UNIVERSITY OF MINNESOTA

PUBLISHED BY THE MINNESOTA POLITICAL REVIEW, A LEADING PUBLICATION DEDICATED TO INSIGHTFUL ANALYSIS OF MINNESOTA'S POLITICAL LANDSCAPE FOR OVER 30 YEARS.

EDITED BY MARK OLSEN, VETERAN POLITICAL JOURNALIST WITH 20 YEARS OF EXPERIENCE COVERING MINNESOTA STATE GOVERNMENT.

KEYWORDS: ALAN PAGE, ALAN PAGE POLITICAL PARTY, MINNESOTA POLITICS, JUDICIAL ACTIVISM, SOCIAL JUSTICE, INDEPENDENT POLITICS, THIRD-PARTY POLITICS

SUMMARY: THIS ARTICLE EXPLORES THE POTENTIAL IMPLICATIONS OF ALAN PAGE'S PAST AND POTENTIAL FUTURE INVOLVEMENT IN MINNESOTA POLITICS, PARTICULARLY FOCUSING ON THE HYPOTHETICAL FORMATION OF A POLITICAL PARTY UNDER HIS BANNER. IT EXAMINES HIS LEGACY AS A JUSTICE, HIS ADVOCACY FOR SOCIAL JUSTICE, AND THE POTENTIAL IMPACT ON THE STATE'S TWO-PARTY SYSTEM.

ALAN PAGE: BEYOND THE GRIDIRON AND THE GAVEL

ALAN PAGE, A LEGENDARY MINNESOTA VIKINGS DEFENSIVE TACKLE AND LATER A HIGHLY RESPECTED ASSOCIATE JUSTICE OF THE MINNESOTA SUPREME COURT, IS A FIGURE WHO TRANSCENDS PARTISAN POLITICS. HIS CAREER TRAJECTORY, FROM ATHLETIC ICON TO CHAMPION OF SOCIAL JUSTICE, HAS CONSISTENTLY DEMONSTRATED A COMMITMENT TO EQUITY AND FAIRNESS. WHILE HE'S NEVER FORMALLY LED A POLITICAL PARTY, THE QUESTION OF AN "ALAN PAGE POLITICAL PARTY" IS A COMPELLING THOUGHT EXPERIMENT THAT WARRANTS EXPLORATION. THE VERY CONCEPT HINTS AT A PROFOUND SHIFT IN MINNESOTA'S POLITICAL LANDSCAPE, AND UNDERSTANDING ITS POTENTIAL IMPLICATIONS IS CRUCIAL.

THE ALLURE OF AN "ALAN PAGE POLITICAL PARTY"

THE IDEA OF AN "ALAN PAGE POLITICAL PARTY" IS APPEALING TO MANY MINNESOTANS WHO YEARN FOR A POLITICAL ALTERNATIVE BEYOND THE ESTABLISHED REPUBLICAN AND DEMOCRATIC PARTIES. PAGE EMBODIES QUALITIES FREQUENTLY LACKING IN MODERN POLITICS: INTEGRITY, INTELLECT, A COMMITMENT TO EVIDENCE-BASED DECISION-MAKING, AND A GENUINE CONCERN FOR THE WELL-BEING OF ALL CITIZENS, REGARDLESS OF BACKGROUND. HIS INDEPENDENT STANCE, COUPLED WITH HIS DEEP UNDERSTANDING OF THE LAW AND SOCIAL JUSTICE ISSUES, COULD POTENTIALLY ATTRACT A BROAD COALITION OF VOTERS DISILLUSIONED WITH THE PARTISAN GRIDLOCK AND INCREASINGLY DIVISIVE RHETORIC THAT CHARACTERIZE CONTEMPORARY POLITICAL DISCOURSE.

HOWEVER, THE CREATION OF A SUCCESSFUL THIRD PARTY IN MINNESOTA, OR ANYWHERE FOR THAT MATTER, FACES SIGNIFICANT HURDLES. THE STATE, LIKE MUCH OF THE US, ADHERES TO A DEEPLY ENTRENCHED TWO-PARTY SYSTEM, WHICH BENEFITS FROM INGRAINED VOTER HABITS, CAMPAIGN FINANCE STRUCTURES, AND MEDIA COVERAGE THAT OFTEN MARGINALIZES SMALLER PARTIES. AN "ALAN PAGE POLITICAL PARTY" WOULD NEED TO OVERCOME THESE OBSTACLES TO GAIN TRACTION AND ACHIEVE SIGNIFICANT ELECTORAL SUCCESS.

POTENTIAL PLATFORMS AND CHALLENGES

WHAT MIGHT THE PLATFORM OF A HYPOTHETICAL "ALAN PAGE POLITICAL PARTY" LOOK LIKE? IT'S LIKELY TO BE CENTERED ON CORE PRINCIPLES THAT ALIGN WITH PAGE'S KNOWN POSITIONS:

SOCIAL JUSTICE: ADDRESSING SYSTEMIC INEQUALITIES RELATED TO RACE, POVERTY, AND ACCESS TO EDUCATION AND HEALTHCARE WOULD BE PARAMOUNT. THIS MIGHT INVOLVE CONCRETE POLICY PROPOSALS FOR CRIMINAL JUSTICE REFORM, AFFORDABLE HOUSING INITIATIVES, AND INVESTMENTS IN UNDERSERVED COMMUNITIES.

EDUCATION REFORM: PAGE HAS BEEN A VOCAL ADVOCATE FOR IMPROVED EDUCATION, PARTICULARLY IN UNDER-RESOURCED SCHOOLS. HIS PARTY WOULD LIKELY PRIORITIZE EQUITABLE FUNDING FOR PUBLIC EDUCATION, TEACHER SUPPORT, AND EARLY CHILDHOOD DEVELOPMENT PROGRAMS.

ECONOMIC OPPORTUNITY: THE PARTY COULD ADVOCATE FOR POLICIES THAT PROMOTE ECONOMIC GROWTH THAT BENEFITS ALL MINNESOTANS, NOT JUST THE WEALTHY ELITE. THIS MIGHT INCLUDE RAISING THE MINIMUM WAGE, INVESTING IN INFRASTRUCTURE, AND SUPPORTING SMALL BUSINESSES.

ENVIRONMENTAL PROTECTION: GIVEN THE GROWING URGENCY OF CLIMATE CHANGE, AN "ALAN PAGE POLITICAL PARTY" WOULD LIKELY CHAMPION ENVIRONMENTAL SUSTAINABILITY THROUGH INVESTMENTS IN RENEWABLE ENERGY AND CONSERVATION EFFORTS.

THE CHALLENGES WOULD BE SUBSTANTIAL. BUILDING A SUCCESSFUL POLITICAL PARTY REQUIRES SIGNIFICANT RESOURCES, A WELL-ORGANIZED INFRASTRUCTURE, AND THE ABILITY TO ATTRACT AND RETAIN DEDICATED VOLUNTEERS AND CANDIDATES. THE PARTY WOULD ALSO NEED TO DEVELOP A COHESIVE MESSAGE THAT RESONATES WITH A DIVERSE ELECTORATE AND EFFECTIVELY DIFFERENTIATES ITSELF FROM THE ESTABLISHED PARTIES.

IMPACT ON THE MINNESOTA POLITICAL LANDSCAPE

THE EMERGENCE OF A VIABLE "ALAN PAGE POLITICAL PARTY" COULD PROFOUNDLY ALTER THE DYNAMICS OF MINNESOTA POLITICS. IT COULD:

INCREASE VOTER TURNOUT: BY OFFERING A COMPELLING ALTERNATIVE TO THE EXISTING PARTIES, IT COULD ENERGIZE VOTERS WHO FEEL DISENFRANCHISED AND ENCOURAGE GREATER PARTICIPATION IN THE ELECTORAL PROCESS.

SHIFT THE POLITICAL SPECTRUM: THE PARTY'S FOCUS ON SOCIAL JUSTICE AND ECONOMIC EQUALITY COULD PUSH BOTH REPUBLICANS AND DEMOCRATS TO ADOPT MORE PROGRESSIVE POLICIES TO REMAIN COMPETITIVE.

PROMOTE BIPARTISANSHIP: PAGE'S REPUTATION FOR INTEGRITY AND COLLABORATION COULD FOSTER GREATER COOPERATION BETWEEN PARTIES ON ISSUES OF COMMON CONCERN.

HOWEVER, IT'S ALSO POSSIBLE THAT A NEW PARTY MIGHT FRAGMENT THE EXISTING ELECTORATE, POTENTIALLY BENEFITTING THE DOMINANT PARTIES BY SPLITTING THE VOTE OF THEIR OPPOSITION.

CONCLUSION

WHILE THE FORMATION OF AN "ALAN PAGE POLITICAL PARTY" REMAINS HYPOTHETICAL, THE VERY POSSIBILITY SPEAKS VOLUMES ABOUT THE PUBLIC'S DESIRE FOR ETHICAL, EFFECTIVE LEADERSHIP CENTERED ON SOCIAL JUSTICE. HIS LEGACY EXTENDS BEYOND THE COURTROOM AND THE FOOTBALL FIELD; IT'S A TESTAMENT TO THE POWER OF PRINCIPLED LEADERSHIP AND THE ENDURING QUEST FOR A MORE JUST AND EQUITABLE SOCIETY. THE QUESTION ISN'T JUST ABOUT THE FORMATION OF A POLITICAL PARTY, BUT ABOUT WHETHER THE IDEALS REPRESENTED BY ALAN PAGE CAN SHAPE A NEW ERA OF MINNESOTA POLITICS.

FAQs:

1. HAS ALAN PAGE EVER RUN FOR POLITICAL OFFICE? NO, ALAN PAGE HAS NEVER RUN FOR ELECTED OFFICE.
2. WHAT IS ALAN PAGE'S POLITICAL AFFILIATION? HE HASN'T PUBLICLY DECLARED AFFILIATION WITH ANY PARTY.
3. WHAT ARE THE BIGGEST CHALLENGES FOR A THIRD PARTY IN MINNESOTA? FUNDING, NAME RECOGNITION, MEDIA COVERAGE, AND OVERCOMING INGRAINED TWO-PARTY VOTER HABITS.
4. WHAT ISSUES WOULD LIKELY BE CENTRAL TO AN "ALAN PAGE POLITICAL PARTY"? SOCIAL JUSTICE, EDUCATION REFORM, ECONOMIC OPPORTUNITY, AND ENVIRONMENTAL PROTECTION.
5. COULD AN "ALAN PAGE POLITICAL PARTY" REALISTICALLY WIN ELECTIONS? IT WOULD FACE SIGNIFICANT CHALLENGES, BUT COULD INFLUENCE THE POLITICAL DISCOURSE AND POTENTIALLY GAIN TRACTION OVER TIME.
6. WHAT IS ALAN PAGE'S CURRENT INVOLVEMENT IN PUBLIC LIFE? HE REMAINS ACTIVE IN ADVOCATING FOR SOCIAL JUSTICE CAUSES.
7. HOW DOES ALAN PAGE'S JUDICIAL EXPERIENCE INFORM HIS VIEWS ON POLITICS? HIS EXPERIENCE HIGHLIGHTS THE IMPORTANCE OF FAIRNESS, DUE PROCESS, AND ADDRESSING SYSTEMIC INEQUALITIES.
8. WHAT IS THE HISTORICAL CONTEXT OF THIRD-PARTY MOVEMENTS IN MINNESOTA? MINNESOTA HAS HAD VARIOUS THIRD-PARTY MOVEMENTS THROUGHOUT ITS HISTORY, WITH VARYING LEVELS OF SUCCESS.
9. WHAT ROLE COULD SOCIAL MEDIA PLAY IN BUILDING SUPPORT FOR A HYPOTHETICAL "ALAN PAGE POLITICAL PARTY"? SOCIAL MEDIA COULD BE A POWERFUL TOOL FOR OUTREACH AND FUNDRAISING.

📖 **alan page political party: Political Parties and Party Systems** Alan Ware, 1996 This work is an introduction to the study of political parties and party systems. It focuses primarily, but not exclusively, on liberal democracies through a comparative approach. The aim of Political Parties and Party Systems is to explain to students of politics how and why parties and party systems differ from one country to another. However, it also seeks to provide a more detailed understanding of party politics in five particular countries. Most of the chapters are divided into two sections. First, general themes and arguments about a topic are introduced, and examples from a large number of countries are discussed in relation to that topic. Then, particular attention is paid to five of the largest liberal democracies--Britain, France, Germany, Japan, and the United States.

alan page political party: The Great Alignment Alan I. Abramowitz, 2018-06-19 Alan I. Abramowitz has emerged as a leading spokesman for the view that our current political divide is not confined to a small group of elites and activists but a key feature of the American social and cultural landscape. The polarization of the political and media elites, he argues, arose and persists because it accurately reflects the state of American society. Here, he goes further: the polarization is unique in modern U.S. history. Today's party divide reflects an unprecedented alignment of many different divides: racial and ethnic, religious, ideological, and geographic. Abramowitz shows how the partisan alignment arose out of the breakup of the old New Deal coalition; introduces the most important difference between our current era and past eras, the rise of "negative partisanship"; explains how this phenomenon paved the way for the Trump presidency; and examines why our polarization could even grow deeper. This statistically based analysis shows that racial anxiety is by far a better predictor of support for Donald Trump than any other factor, including economic discontent.

alan page political party: The Scottish Independence Referendum Aileen McHarg, Tom Mullen, Alan Page, Neil Walker, 2016-06-16 The September 2014 Scottish independence referendum was an event of profound constitutional and political significance, not only for Scotland, but for the UK as a whole. Although Scottish voters chose to remain in the UK, the experience of the referendum and the subsequent political reaction to the 'No' vote that triggered significant reforms to the devolution settlement have fundamentally altered Scotland's position within the Union. The extraordinary success of the Scottish National Party at the 2015 General Election also indicates that the territorial dimension to UK constitutional politics is more prominent than ever, destabilising key assumptions about the location and exercise of constitutional authority within the UK. The political and constitutional implications of the referendum are still unfolding, and it is by no means certain that the Union will survive. Providing a systematic and academic analysis of the referendum and its aftermath, this interdisciplinary edited collection brings together public lawyers, political scientists, economists, and historians in an effort to look both backwards to, and forwards from, the referendum. The chapters evaluate the historical events leading up to the referendum, the referendum process, and the key issues arising from the referendum debate. They also explore the implications of the referendum both for the future governance of Scotland and for the UK's territorial constitution, drawing on comparative experience in order to understand how the constitution may evolve, and how the independence debate may play out in future.

alan page political party: The referendum on separation for Scotland, session 2010-12 Great Britain: Parliament: House of Commons: Scottish Affairs Committee, 2012-05-08

alan page political party: Nominations of Graff, Tunheim, Nelson, Joyce, and Hall United States. Congress. Senate. Committee on Governmental Affairs, 1994

alan page political party: Political Science Abstracts IFI-Plenum Data Company Staff, 1984-12-01

alan page political party: Liberal Solidarity Hodgson, Geoffrey M., 2021-08-27 The twenty-first century has seen major challenges to freedom and democracy. Authoritarianism is on the rise and democracy is in retreat. Some promote individualism and markets as the solution to almost every problem. On the other side there are those who champion collectivism and full public ownership. Neither side is convincing. Unrestrained capitalism has exacerbated inequality. Socialism in practice

has ended democracy. Effective defenders of liberty and human flourishing must find a different course. This book argues for a pragmatic, social democratic liberalism that avoids unrealistic extremes and tackles major problems such as inequality and climate change.

alan page political party: The American Direct Primary Alan Ware, 2002-10-14 This book rejects conventional accounts of how American political parties differ from those in other democracies. It focuses on the introduction of the direct primary and argues that primaries resulted from a process of party institutionalization initiated by party elites. It overturns the widely accepted view that, between 1902 and 1915, direct primaries were imposed on the parties by anti-party reformers intent on weakening them. An examination of particular northern states shows that often the direct primary was not controversial, and only occasionally did it involve confrontation between party 'regulars' and their opponents. Rather, the impetus for direct nominations came from attempts within the parties to subject informal procedures to formal rules. However, it proved impossible to reform the older caucus-convention system effectively, and party elites then turned to the direct primary - a device that already had become more common in rural counties in the late nineteenth century.

alan page political party: The Case for Scottish Independence Ben Jackson, 2020-07-09 Traces the development of the ideology of modern Scottish nationalism from the 1960s to the independence referendum in 2014.

alan page political party: Justices on the Ballot Herbert M. Kritzer, 2015-06-26 Justices on the Ballot addresses two central questions in the study of judicial elections: how have state supreme court elections changed since World War II? And, what effects have those changes had on election outcomes, state supreme court decisions, and the public's view of the courts? To answer these questions, Herbert M. Kritzer takes the broadest scope of any study to date, investigating every state supreme court election between 1946 and 2013. Through an analysis of voting returns, campaign contributions and expenditures, television advertising, and illustrative case studies, he shows that elections have become less politicized than commonly believed. Rather, the changes that have occurred reflect broader trends in American politics, as well as increased involvement of state supreme courts in hot-button issues.

alan page political party: The Oxford Handbook of Scottish Politics Michael Keating, 2020-08-21 The Handbook of Scottish Politics provides a detailed overview of politics in Scotland, looking at areas such as elections and electoral behaviour, public policy, political parties, and Scotland's relationship with the EU and the wider world. The contributors to this volume are some of the leading experts on politics in Scotland.

alan page political party: Nationalism, Secessionism, and Autonomy André Lecours, 2021 The strength of secessionism in liberal-democracies varies in time and space. Inspired by historical institutionalism, Nationalism, Secessionism, and Autonomy argues that such variation is explained by the extent to which autonomy evolves in time. If autonomy adjusts to the changing identity, interests, and circumstances of an internal national community, nationalism is much less likely to be strongly secessionist than if autonomy is a final, unchangeable settlement. Developing a controlled comparison of, on the one hand, Catalonia and Scotland, where autonomy has been mostly static during key periods of time, and, on the other hand, Flanders and South Tyrol, where it has been dynamic, and also considering the Basque Country, Québec, and Puerto Rico as additional cases, this book puts forward an elegant theory of secessionism in liberal-democracies: dynamic autonomy staves off secessionism while static autonomy stimulates it.

alan page political party: Illiberal Politics and Religion in Europe and Beyond Anja Hennig, Mirjam Weiberg, 2020-12-16 Globale Migrationsbewegungen, Sicherheitsbedrohungen und soziale Umwälzungen haben in den vergangenen Jahren den Aufstieg populistischer rechter Parteien und Bewegungen in Europa und im transatlantischen Raum befördert. Religiöse Akteure stellen potenzielle Allianzpartner für diese Gruppierungen dar. Denn religiöse Interpretationen, etwa die Bezugnahme auf christliche Traditionen, bieten ein Reservoir für die Konstruktion vermeintlich natürlicher Geschlechterordnungen, exkludierender Vorstellungen homogener Nationen und

anti-muslimischer Narrative. Dieses Buch analysiert die ideologische, strukturelle und historische Verbindung von Religion und illiberalen Politiken in europäischen Demokratien.

alan page political party: Political Parties and the Maintenance of Liberal Democracy

Kelly D. Patterson, 1996 The highly publicized obscenity trial of Radclyffe Hall's *The Well of Loneliness* (1928) is generally recognized as the crystallizing moment in the construction of a visible modern English lesbian culture, marking a great divide between innocence and deviance, private and public, New Woman and Modern Lesbian. Yet despite unreserved agreement on the importance of this cultural moment, previous studies often reductively distort our reading of the formation of early twentieth-century lesbian identity, either by neglecting to examine in detail the developments leading up to the ban or by framing events in too broad a context against other cultural phenomena. *Fashioning Sapphism* locates the novelist Radclyffe Hall and other prominent lesbians -- including the pioneer in women's policing, Mary Allen, the artist Gluck, and the writer Bryher -- within English modernity through the multiple sites of law, sexology, fashion, and literary and visual representation, thus tracing the emergence of a modern English lesbian subculture in the first two decades of the twentieth century. Drawing on extensive new archival research, the book interrogates anew a range of myths long accepted without question (and still in circulation) concerning, to cite only a few, the extent of homophobia in the 1920s, the strategic deployment of sexology against sexual minorities, and the rigidity of certain cultural codes to denote lesbianism in public culture.

alan page political party: Language, Democracy, and the Paradox of Constituent Power

Catherine Frost, 2021-04-19 In this book, Catherine Frost uses evidence and case studies to offer a re-examination of declarations of independence and the language that comprises such documents. Considered as a quintessential form of founding speech in the modern era, declarations of independence are however poorly understood as a form of expression, and no one can completely account for how they work. Beginning with the founding speech in the American Declaration, Frost uses insights drawn from unexpected or unlikely forms of founding in cases like Ireland and Canada to reconsider the role of time and loss in how such speech is framed. She brings the discussion up to date by looking at recent debates in Scotland, where an undeclared declaration of independence overshadows contemporary politics. Drawing on the work of Hannah Arendt and using a contextualist, comparative theory method, Frost demonstrates that the capacity for renewal through speech arises in aspects of language that operate beyond conventional performativity. *Language, Democracy, and the Paradox of Constituent Power* is an excellent resource for researchers and students of political theory, democratic theory, law, constitutionalism, and political history.

alan page political party: From Nowhere to Somewhere Norman Sherman, 2015-11-01

Norman Sherman's idea of fun is attending a political convention. He has been active in progressive politics since before he could vote, often as a ghostwriter and editor of speeches and books. His story describes a life working for numerous political leaders including Minnesota Governor Orville Freeman, and Minnesota senators Wendell Anderson, Walter Mondale, and Hubert Humphrey. He was press secretary to Vice President Humphrey, including during the 1968 campaign. He describes the world of politics with good humor and grace.

alan page political party: Orwell On Truth George Orwell, 2018-04-03

Over the course of his career, George Orwell wrote about many things, but no matter what he wrote the goal was to get at the fundamental truths of the world. He had no place for dissemblers, liars, conmen, or frauds, and he made his feelings well-known. In *Orwell on Truth*, excerpts from across Orwell's career show how his writing and worldview developed over the decades, profoundly shaped by his experiences in the Spanish Civil War, and further by World War II and the rise of totalitarian states. In a world that seems increasingly like one of Orwell's dystopias, a willingness to speak truth to power is more important than ever. With *Orwell on Truth*, readers get a collection of both powerful quotes and the context for them.

alan page political party: Campaign Finance Summary Minnesota. Campaign Finance & Public Disclosure Board, 2004

alan page political party: *Law in Politics, Politics in Law* David Feldman, 2014-07-18 A great deal has been written on the relationship between politics and law. Legislation, as a source of law, is often highly political, and is the product of a process or the creation of officials often closely bound into party politics. Legislation is also one of the exclusive powers of the state. As such, legislation is plainly both practical and inevitably political; at the same time most understandings of the relationship between law and politics have been overwhelmingly theoretical. In this light, public law is often seen as part of the political order or as inescapably partisan. We know relatively little about the real impact of law on politicians through their legal advisers and civil servants. How do lawyers in government see their roles and what use do they make of law? How does politics actually affect the drafting of legislation or the making of policy? This volume will begin to answer these and other questions about the practical, day-to-day relationship between law and politics in a number of settings. It includes chapters by former departmental legal advisers, drafters of legislation, law reformers, judges and academics, who focus on what actually happens when law meets politics in government.

alan page political party: Why We're Polarized Ezra Klein, 2020-01-28 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF 2022 One of Bill Gates's "5 books to read this summer," this New York Times and Wall Street Journal bestseller shows us that America's political system isn't broken. The truth is scarier: it's working exactly as designed. In this "superbly researched" (The Washington Post) and timely book, journalist Ezra Klein reveals how that system is polarizing us—and how we are polarizing it—with disastrous results. "The American political system—which includes everyone from voters to journalists to the president—is full of rational actors making rational decisions given the incentives they face," writes political analyst Ezra Klein. "We are a collection of functional parts whose efforts combine into a dysfunctional whole." "A thoughtful, clear and persuasive analysis" (The New York Times Book Review), *Why We're Polarized* reveals the structural and psychological forces behind America's descent into division and dysfunction. Neither a polemic nor a lament, this book offers a clear framework for understanding everything from Trump's rise to the Democratic Party's leftward shift to the politicization of everyday culture. America is polarized, first and foremost, by identity. Everyone engaged in American politics is engaged, at some level, in identity politics. Over the past fifty years in America, our partisan identities have merged with our racial, religious, geographic, ideological, and cultural identities. These merged identities have attained a weight that is breaking much in our politics and tearing at the bonds that hold this country together. Klein shows how and why American politics polarized around identity in the 20th century, and what that polarization did to the way we see the world and one another. And he traces the feedback loops between polarized political identities and polarized political institutions that are driving our system toward crisis. "Well worth reading" (New York magazine), this is an "eye-opening" (O, The Oprah Magazine) book that will change how you look at politics—and perhaps at yourself.

alan page political party: *The American Voter* Angus Campbell, University of Michigan. Survey Research Center, 1980-09-15 On voting behavior in the United States

alan page political party: *The New Politics of Conflict Resolution* Morgan Brigg, 2008-11-02 This book shows that the conflict resolution field often denies difference even as it attempts to implement a progressive and responsive politics. Innovative theoretical analysis suggests ways of responding anew across difference and beyond dominant ways of thinking about political community and conflict.

alan page political party: Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one-volume reference presents the major conceptual approaches to the study of U.S. political parties and the national party system, describing the organization and behavior of U.S. political parties in thematic, narrative chapters that help undergraduate students better understand party origins, historical development, and current operations. Further, it provides researchers with in-depth analysis of important subtopics and connections to other aspects of politics. Key Features: Thematic, narrative chapters, organized into six major parts, provide the context, as well as in-depth analysis of the unique system of party politics in the United States. Top analysts of party politics

provide insightful chapters that explore how and why the U.S. parties have changed over time, including major organizational transformations by the parties, behavioral changes among candidates and party activists, and attitudinal changes among their partisans in the electorate. The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate-centered model, fueled in part by changes in campaign finance, the rise of new communication technologies, and fragmentation of the electorate. This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States.

alan page political party: Kama Muta Alan Page Fiske, 2019-11-26 This book describes a ubiquitous and potent emotion that has only rarely and recently been studied in any systematic manner. The words that come closest to denoting it in English are being moved or touched, having a heart-warming feeling, feeling nostalgic, feeling patriotic, or pride in family or team. In religious contexts when the emotion is intense, it may be labeled ecstasy, mystical rapture, burning in the bosom, or being touched by the Spirit. All of these are instances of what scientists now call 'kama muta' (Sanskrit, 'moved by love'). Alan Page Fiske shows that what evokes this emotion is the sudden creation, intensification, renewal, repair, or recall of a communal sharing relationship – when love ignites, or people feel newly connected. He explains the social, psychological, cultural, and likely evolutionary processes involved – and how they interlock. Kama muta is described as it manifests in diverse settings at many points in history across scores of cultures, in everyday experiences as well as the peak moments of life. The chapters illuminate the occurrence of kama muta in a range of contexts, including religion, oratory, literature, sport, social media, and nature. The book will be of interest to students and scholars from a number of disciplines who are interested in emotion or social relationships. Supplementary notes can be found online at: www.routledge.com/9780367220945

alan page political party: Constitutional Referendums Stephen Tierney, 2012-04-05 The use of referendums around the world has grown remarkably in the past thirty years and, in particular, referendums are today deployed more than ever in the settlement of constitutional questions, even in countries with little or no tradition of direct democracy. This is the first book by a constitutional theorist to address the implications of this development for constitutional democracy in a globalizing age, when many of the older certainties surrounding sovereignty and constitutional authority are coming under scrutiny. The book identifies four substantive constitutional processes where the referendum is regularly used today: the founding of new states; the creation or amendment of constitutions; the establishment of complex new models of sub-state autonomy, particularly in multinational states; and the transfer of sovereign powers from European states to the European Union. The book, as a study in constitutional theory, addresses the challenges this phenomenon poses not only for particular constitutional orders, which are typically structured around a representative model of democracy, but for constitutional theory more broadly. The main theoretical focus of the book is the relationship between the referendum and democracy. It addresses the standard criticisms which the referendum is subjected to by democratic theorists and deploys both civic republican theory and the recent turn in deliberative democracy to ask whether by good process-design the constitutional referendum is capable of facilitating the engagement of citizens in deliberative acts of constitution-making. With the referendum firmly established as a fixture of contemporary constitutionalism, the book addresses the key question for constitutional theorists and practitioners of how might its operation be made more democratic in age of constitutional transformation.

alan page political party: Uncivil Agreement Lilliana Mason, 2018-04-16 The psychology behind political partisanship: "The kind of research that will change not just how you think about the world but how you think about yourself." —Ezra Klein, Vox Political polarization in America has moved beyond disagreements about matters of policy. For the first time in decades, research has shown that members of both parties hold strongly unfavorable views of their opponents. This is polarization rooted in social identity, and it is growing. The campaign and election of Donald Trump

laid bare this fact of the American electorate, its successful rhetoric of “us versus them” tapping into a powerful current of anger and resentment. With *Uncivil Agreement*, Lilliana Mason looks at the growing social gulf across racial, religious, and cultural lines, which have recently come to divide neatly between the two major political parties. She argues that group identifications have changed the way we think and feel about ourselves and our opponents. Even when Democrats and Republicans can agree on policy outcomes, they tend to view one other with distrust and to work for party victory over all else. Although the polarizing effects of social divisions have simplified our electoral choices and increased political engagement, they have not been a force that is, on balance, helpful for American democracy. Bringing together theory from political science and social psychology, *Uncivil Agreement* clearly describes this increasingly “social” type of polarization, and adds much to our understanding of contemporary politics.

alan page political party: *The Emerging Democratic Majority* John B. Judis, Ruy Teixeira, 2004-02-10 ONE OF THE ECONOMIST'S BEST BOOKS OF THE YEAR AND A WINNER OF THE WASHINGTON MONTHLY'S ANNUAL POLITICAL BOOK AWARD Political experts John B. Judis and Ruy Teixeira convincingly use hard data -- demographic, geographic, economic, and political -- to forecast the dawn of a new progressive era. In the 1960s, Kevin Phillips, battling conventional wisdom, correctly foretold the dawn of a new conservative era. His book, *The Emerging Republican Majority*, became an indispensable guide for all those attempting to understand political change through the 1970s and 1980s. At the beginning of the twenty-first century, with the country in Republican hands, *The Emerging Democratic Majority* is the indispensable guide to this era. In five well-researched chapters and a new afterword covering the 2002 elections, Judis and Teixeira show how the most dynamic and fastest-growing areas of the country are cultivating a new wave of Democratic voters who embrace what the authors call progressive centrism and take umbrage at Republican demands to privatize social security, ban abortion, and cut back environmental regulations. As the GOP continues to be dominated by neoconservatives, the religious right, and corporate influence, this is an essential volume for all those discontented with their narrow agenda -- and a clarion call for a new political order.

alan page political party: *The Politics of Electoral Reform* Alan Renwick, 2010-02-04 Elections lie at the heart of democracy, and this book seeks to understand how the rules governing those elections are chosen. Drawing on both broad comparisons and detailed case studies, it focuses upon the electoral rules that govern what sorts of preferences voters can express and how votes translate into seats in a legislature. Through detailed examination of electoral reform politics in four countries (France, Italy, Japan, and New Zealand), Alan Renwick shows how major electoral system changes in established democracies occur through two contrasting types of reform process. Renwick rejects the simple view that electoral systems always straightforwardly reflect the interests of the politicians in power. Politicians' motivations are complex; politicians are sometimes unable to pursue reforms they want; occasionally, they are forced to accept reforms they oppose. *The Politics of Electoral Reform* shows how voters and reform activists can have real power over electoral reform.

alan page political party: *Essentials Of Political Research* Alan Monroe, 2018-10-08 This text is a complete introduction to research methods in political science, covering all the topics typically included in a one semester undergraduate-level course. It concentrates on the basics of what a student needs to know how to do in order to be an effective consumer of scientific research and begin to conduct his or her own research projects. The approach of “learning by doing” is encouraged through numerous examples and exercises. The book is written in an informal style, with minimal use of technical jargon. Alan D. Monroe (Ph.D., Indiana University) has taught introductory research methods at Illinois State University for more than 25 years. He has published research on a variety of topics, particularly of public opinion and public policy in the U.S., and has also conducted a number of research projects for governmental agencies and private clients, including surveys for political campaigns.

alan page political party: *The Routledge Handbook of Rhetoric and Power* Nathan Crick, 2024-10-04 This handbook represents the first comprehensive disciplinary investigation into the

relationship between rhetoric and power as it is expressed in different aspects of society. Providing conceptual and empirical foundations for the study of the relationship between different forms of rhetorical expression and diverse structures, practices, habits, and networks of power, *The Routledge Handbook of Rhetoric and Power* is divided into six parts: Theoretical Foundations, Propaganda, Politics, and the State, Resistance and Social Movements, Culture, Society, and Identity, Discourses of Technique and Organization, Prospects for the Future. The guiding principle of this handbook is that power represents a capacity for coordinated action grounded in specific historical, technological, political, and economic conditions. It suggests that rhetoric is an art that adapts to these conditions and finds ways to transform, create, or undermine these capacities in other people through self-conscious persuasion. Featuring contributions from key scholars, this accessibly written handbook will be an indispensable resource for researchers and students in the fields of rhetoric, writing studies, communication studies, political communication, and social justice.

alan page political party: *Dark Money* Jane Mayer, 2017-01-24 NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of *The Dark Side*, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump's victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats—headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

alan page political party: *Change They Can't Believe In* Christopher S. Parker, Matthew Barreto, 2014-10-26 How the political beliefs of Tea Party supporters are connected to far-right social movements Are Tea Party supporters merely a group of conservative citizens concerned about government spending? Or are they racists who refuse to accept Barack Obama as their president because he's not white? *Change They Can't Believe In* offers an alternative argument—that the Tea Party is driven by the reemergence of a reactionary movement in American politics that is fueled by a fear that America has changed for the worse. Providing a range of original evidence and rich portraits of party sympathizers as well as activists, Christopher Parker and Matt Barreto show that the perception that America is in danger directly informs how Tea Party supporters think and act. In a new afterword, Parker and Barreto reflect on the Tea Party's recent initiatives, including the 2013 government shutdown, and evaluate their prospects for the 2016 election.

alan page political party: *Homelands* Nadav G. Shelef, 2020-07-15 Why are some territorial partitions accepted as the appropriate borders of a nation's homeland, whereas in other places conflict continues despite or even because of division of territory? In *Homelands*, Nadav G. Shelef develops a theory of what homelands are that acknowledges both their importance in domestic and international politics and their change over time. These changes, he argues, driven by domestic political competition and help explain the variation in whether partitions resolve conflict. *Homelands* also provides systematic, comparable data about the homeland status of lost territory over time that

allow it to bridge the persistent gap between constructivist theories of nationalism and positivist empirical analyses of international relations.

alan page political party: *Congressional Primary Elections* Robert G. Boatright, 2014-08-21 Congressional primaries are increasingly being blamed for polarization and gridlock in Congress. Most American states adopted congressional primaries during the first decades of the 20th century as a means of breaking the hold of political bosses on the nomination of candidates. Yet now, many contend that primaries have become a means by which the most dedicated party activists choose candidates unrepresentative of the electorate, and so general election voters are forced to choose between two ideologically extreme candidates. Consequently, there have been recent instances in both parties where nominees were chosen who were clearly not preferred by party leaders, and who arguably lost elections that their parties should have won. This book is the first to focus solely upon congressional primary elections, and to do so for a student readership. Boatright organizes his text around the contention that there are important differences between types of primaries, and these differences prevent us from making blanket statements about primary competition. He focuses on explanations of two sources of difference: differences in electoral structure and differences brought about by the presence or absence of an incumbent seeking reelection. The first three chapters introduce these differences, explore how they came to exist, and outline some of the strategic considerations for candidates, parties, interest groups, and voters in primary elections. The subsequent four chapters explore different types of primary elections, and the final chapter evaluates actual and proposed primary reforms. *Congressional Primary Elections* is the first book to provide a history and analysis of congressional primary elections and will serve as a crucial part of courses on political parties and campaigns and elections. The book gives students the tools for understanding arguments for and against the reform of primary elections and for understanding the differences between types of primaries.

alan page political party: Politics is the Greatest Game Pat Stevens, Patrick Stevens, 2004-04 The four books comprising this novel, each covering a decade in South Africa's history, are interlinked with the developing stories of its characters. The book tells the real story of who saved South Africa from itself in the final turbulent decades of the last century, revealing Rupertheimer, the political mover and shaker behind the scenes who secretly and single-handedly steered his country to an embryonic democracy. Picturesque and provocative, brash and funny, this book does for South Africa what *Catch-22* did for World War II.

alan page political party: The Constitutional Legitimacy of Law Officers in the United Kingdom Conor McCormick, 2022-07-14 This book provides a detailed account of each law officer's functions and draws on that account as the basis for a conceptual analysis of their constitutional legitimacy. In recent years, the constitutional legitimacy of law officers has been questioned repeatedly because of recurring controversies surrounding the discharge of their varied functions. Indeed, it has become increasingly clear that those functions enable law officers to play a highly influential part in the regulation and exercise of public power throughout the United Kingdom. McCormick argues that the most persuasive framework for analysing the offices which make up this diverse regime involves concentrating on the constitutional values of independence, accountability and trust which underpin it. Both aspects of the book – namely the explanation of individual functions and the conceptual analysis of collective legitimacy – are written in a holistic way which encompasses critical analyses about the Attorney General and Solicitor General for England and Wales; the Counsel General for Wales; the Lord Advocate, Solicitor General and Advocate General for Scotland, as well as the Attorney General and Advocate General for Northern Ireland.

alan page political party: Co-conspirator for Justice Susan M. Reverby, 2020-04-16 Alan Berkman (1945–2009) was no campus radical in the mid-1960s; he was a promising Ivy League student, football player, Eagle Scout, and fraternity president. But when he was a medical student and doctor, his politics began to change, and soon he was providing covert care to members of revolutionary groups like the Weather Underground and becoming increasingly radicalized by his

experiences at the Wounded Knee takeover, at the Attica Prison uprising, and at health clinics for the poor. When the government went after him, he went underground and participated in bombings of government buildings. He was eventually captured and served eight years in some of America's worst penitentiaries, barely surviving two rounds of cancer. After his release in 1992, he returned to medical practice and became an HIV/AIDS physician, teacher, and global health activist. In the final years of his life, he successfully worked to change U.S. policy, making AIDS treatment more widely available in the global south and saving millions of lives around the world. Using Berkman's unfinished prison memoir, FBI records, letters, and hundreds of interviews, Susan M. Reverby sheds fascinating light on questions of political violence and revolutionary zeal in her account of Berkman's extraordinary transformation from doctor to co-conspirator for justice.

alan page political party: *Solutions to Political Polarization in America* Nathaniel Persily, 2015-04-27 Political polarization dominates discussions of contemporary American politics. Despite widespread agreement that the dysfunction in the political system can be attributed to political polarization, commentators cannot come to a consensus on what that means. The coarseness of our political discourse, the ideological distance between opposing partisans, and, most of all, an inability to pass much-needed and widely supported policies all stem from the polarization in our politics. This volume assembles several top analysts of American politics to focus on solutions to polarization. The proposals range from constitutional change to good-government reforms to measures to strengthen political parties. Each tackles one or more aspects of America's polarization problem. This book begins a serious dialogue about reform proposals to address the obstacles that polarization poses for contemporary governance.

alan page political party: *Questioning Beneficence* Samuel Arnold, Jason F. Brennan, Richard Yetter Chappell, Ryan W. Davis, 2024-09-30 Effective Altruism is a movement and a philosophy that has reinvigorated the debate about the nature of beneficence. At base, it is the consistent application of microeconomic principles to beneficent action. The movement has exposed that many forms of giving do little good (or do active harm), but others do tremendous good. Questioning Beneficence uses Effective Altruism as a launch pad to ask hard questions about beneficence more generally. Must we be Effective Altruists, or are Effective Altruism and the ideas driving the movement a mistake? How much should we give—if anything—and how should we give it? What are the respective roles of different kinds of institutions? Is charity anti-democratic and do billionaire philanthropists have too much power? Is Effective Altruism just utilitarianism in disguise? Questioning Beneficence is written by four philosophers, each with distinct points of view. It introduces a new standard for debating ideas in philosophy as each author poses and answers three questions and each of his three co-authors responds to those questions in turn. Finally, the first author replies to his co-authors' responses. Throughout the book, there is a spirit of curiosity, intellectual risk taking, and truth-seeking, rather than point-scoring and one-upmanship. This book demonstrates what open-minded, real dialogue on an important issue can be at its very best. Key Features: Introduces a new roundtable format for philosophical debates: each of four authors takes the lead in constructing and answering three questions, each co-author then responds, and the first author then replies to the others' responses. Explores salient philosophical questions raised by beneficence, like Can philanthropy be undemocratic? Why are people so bad at charity and what can we do about it? How important is beneficence compared to other values? Can Effective Altruism be part of a meaningful moral life? Consistently written in a clear and engaging style, suitable for both undergraduate students and curious general readers
