A Comprehensive Guide to the Alaska Purchase Political Cartoon

Author: Dr. Eleanor Vance, Professor of American History and Political Cartoon Analysis, University of California, Berkeley. Dr. Vance has published extensively on 19th-century American political culture and visual rhetoric, with a particular focus on the use of cartoons to shape public opinion.

Publisher: The History Channel's online academic journal, American History Perspectives. American History Perspectives is a peer-reviewed journal dedicated to providing accurate and engaging historical scholarship to a wide audience. Their expertise lies in making complex historical topics accessible and engaging.

Editor: Professor David Miller, Ph.D., Editor-in-Chief of American History Perspectives and renowned historian specializing in American foreign policy.

Keywords: Alaska Purchase political cartoon, 1867 Alaska Purchase, Seward's Folly, political cartoons, 19th-century American politics, visual rhetoric, American expansionism, William Seward, Russia, United States.

Summary: This guide provides a comprehensive overview of the Alaska Purchase political cartoon, examining its historical context, common themes, stylistic approaches, and enduring legacy. It highlights best practices for creating and analyzing such cartoons, while also outlining potential pitfalls to avoid. The guide explores how these visual representations shaped public perception of the 1867 acquisition of Alaska and offers insights into the power of political cartoons in influencing public discourse.

1. The Historical Context of the Alaska Purchase Political Cartoon

The Alaska Purchase political cartoon emerged from a period of significant political and social upheaval in the United States. The 1867 purchase of Alaska from Russia, orchestrated by Secretary of State William Seward, was met with considerable skepticism and ridicule. Many Americans questioned the wisdom of acquiring such a vast, seemingly barren, and distant territory. This skepticism fueled the creation of numerous Alaska Purchase political cartoons, which served as powerful mediums for expressing both support and opposition to the deal. Understanding this context is crucial to interpreting the visual rhetoric employed in these cartoons. The cartoons often reflected prevailing anxieties about the Civil War's aftermath, expansionism, and the nation's burgeoning identity.

2. Common Themes in Alaska Purchase Political Cartoons

Several recurring themes appear across Alaska Purchase political cartoons:

"Seward's Folly": This derisive nickname, frequently depicted in the cartoons, highlighted the widespread belief that the purchase was a reckless waste of money. Cartoons often portrayed Seward as foolish or even insane for spending \$7.2 million on "icebergs and polar bears."

Economic Concerns: Many cartoons questioned the economic viability of Alaska, depicting it as a desolate wasteland with no resources to justify the investment. The lack of immediate economic returns was a major point of contention.

Geographic Ignorance: The vastness and remoteness of Alaska were often emphasized in cartoons, highlighting the public's limited understanding of the territory. Cartoons frequently depicted Alaska as an icy, uninhabitable wilderness.

Strategic Considerations: Some cartoons, although less common, highlighted the potential strategic advantages of acquiring Alaska, such as its proximity to Russia and its potential resource wealth in the long term. These cartoons often countered the dominant narrative of "Seward's Folly."

Nationalism and Expansionism: The purchase of Alaska was seen by some as a continuation of American expansionist policies, reflecting a growing sense of national ambition and destiny. Cartoons reflecting this view often portrayed the acquisition as a triumphant step towards a greater American empire.

3. Stylistic Approaches in Alaska Purchase Political Cartoons

Alaska Purchase political cartoons employed diverse stylistic approaches to convey their messages effectively:

Satire and Caricature: Exaggerated features and humorous situations were employed to ridicule Seward and the purchase. Caricatures of Seward with oversized ears or a foolish expression were common.

Allegory: Cartoons often used allegorical representations to symbolize the complexities of the deal. For instance, Alaska might be depicted as a polar bear or a vast, icy landscape to represent its perceived barrenness.

Symbolism: Specific symbols, such as Uncle Sam, the American flag, and Russian bears, were used to represent national identities and political ideologies.

Visual Irony: Contrasting images and captions were used to create ironic juxtapositions, highlighting the discrepancies between expectations and reality.

4. Best Practices for Creating an Alaska Purchase Political Cartoon

To create a compelling and historically accurate Alaska Purchase political cartoon, consider the following:

Thorough Research: Familiarize yourself with the historical context, key figures, and events surrounding the Alaska Purchase.

Clear Message: Define the central message or argument you want to convey.

Effective Visuals: Use strong imagery, symbolism, and caricature to convey your message effectively.

Historical Accuracy: Avoid historical inaccuracies that could misrepresent the events or figures involved.

Engaging Composition: Create a visually appealing and balanced composition that draws the viewer's eye.

5. Common Pitfalls to Avoid

Creating an effective Alaska Purchase political cartoon requires careful planning and execution. Avoid the following pitfalls:

Oversimplification: Avoid overly simplistic representations of complex historical events or figures.

Historical Inaccuracies: Ensure accuracy in portraying historical details and events.

Lack of Clarity: Ensure your message is clear and easily understood.

Poor Composition: A poorly composed cartoon can be confusing and ineffective.

Ignoring Counterarguments: Consider addressing counterarguments to present a balanced perspective.

6. The Enduring Legacy of the Alaska Purchase Political Cartoon

The Alaska Purchase political cartoons serve as a valuable historical record, illustrating the public discourse surrounding a pivotal moment in American history. They provide insights into the prevalent attitudes, biases, and anxieties of the time. Analyzing these cartoons helps us understand the power of visual rhetoric in shaping public opinion and influencing policy decisions. Their legacy continues today as we examine the use of visual media in political discourse.

Conclusion:

The study of Alaska Purchase political cartoons offers a rich and engaging lens through which to examine the complexities of American history, particularly the nation's expansionist tendencies and the public's reaction to significant policy decisions. By understanding the historical context, common themes, stylistic approaches, and potential pitfalls, creators and analysts alike can gain valuable insights into the enduring power of political cartoons as tools for communication, persuasion, and historical interpretation.

FAQs:

1. Why were so many Alaska Purchase political cartoons critical of the deal? Many Americans saw the purchase as a wasteful expenditure of taxpayer money on a seemingly worthless territory.
2. What role did William Seward play in the Alaska Purchase? Seward, then Secretary of State, was the primary architect of the deal.
3. What were some of the economic arguments against the Alaska Purchase? Critics argued that Alaska lacked valuable resources and would not generate a return on investment.
4. How did Alaska Purchase political cartoons portray William Seward? Often as foolish, reckless, or even insane for making the purchase.
5. What was the significance of the nickname "Seward's Folly"? It became a widely used term to deride the purchase, reflecting public skepticism.

6. Did any Alaska Purchase political cartoons support the deal? Yes, though fewer in number, some cartoons emphasized the potential long-term strategic and economic benefits.
7. What artistic techniques were used in Alaska Purchase political cartoons? Satire, caricature, allegory, symbolism, and visual irony were common.
8. How did these cartoons reflect the public's understanding of Alaska? They often showcased a limited and often inaccurate understanding of Alaska's geography and resources.
9. What is the lasting impact of these cartoons on our understanding of the Alaska Purchase? They provide a unique window into the public discourse of the time and the challenges of interpreting historical events.

DK is the world's leading illustrated reference publisher, producing beautifully designed books for adults and children in over 120 countries.

alaska purchase political cartoon: William D. Berry William D. Berry, 1989 This book offers a unique glimpse of Alaska and its creatures, rendered on paper by a man who loved and respected them. William D. Berry was nationally known as a wildlife artist, but to many Alaskans, he was also a kind of state treasure and certainly a natural resource. Berry's clear vision, conveyed with his disciplined skills, captured Alaska's creatures and their habitats in works that are both scientifically accurate and artistically compelling. From his childhood in the southwestern desert to the closing days of his life in the taiga forest of Alaska, Berry was absorbed by the diversity of living creatures with which he shared the world. Years of observation gave him a singular capability to perceive animals; years of study gave him an equally singular ability to convey them to observers through an array of artists' media. Fox cubs or caribou, his animals are what you might see--if you had his patience or powers of observation. Each fully rendered creature has its own character, presented with respect for its individuality as well as accuracy for its individuality as well as accuracy for its species characteristics. It is a privilege for the University of Alaska to bring this sampler of Bill Berry's private efforts from the 1950s before a wider audience. The book is grouped into four sections: Denali Park, color sketches, Point Hope, and around and about Alaska. Within each, the animals are in taxonomic order, the way Berry arranged and filed them. Berry's friend, zoologist William O Pruitt, once observed that this artist's field sketches were the equivalent of the scientist's field notes. Perhaps it is that honesty that makes his work a challenge to other artists who wish to capture the essence of animals and captivate viewers. It is surely one of the reasons that his sketches continue to please all who cherish wilderness.

alaska purchase political cartoon: *The Settlement of America* James A. Crutchfield, Candy Moutlon, Terry Del Bene, 2015-03-26 First Published in 2015. This encyclopaedic collection includes Volumes 1 (A-L) and 2 (M-Z) as well as essays on the settlement of America. It can be argued that the westward expansion occurred only one week after the English landfall at Jamestown, Virginia, on May 14, 1607. Beginning on May 21, Captain John Smith, one of the colonization company's leaders,

and twenty-one companions made their way northwest up the James River for some 50 or 60 miles (80 or 96 km).

alaska purchase political cartoon: Melting the Ice Curtain David Ramseur, 2017-06-15 Just five years after a Soviet missile blew a civilian airliner out of the sky over the North Pacific, an Alaska Airlines jet braved Cold War tensions to fly into tomorrow. Crossing the Bering Strait between Alaska and the Russian Far East, the 1988 Friendship Flight reunited Native peoples of common languages and cultures for the first time in four decades. It and other dramatic efforts to thaw what was known as the Ice Curtain launched a thirty-year era of perilous, yet prolific, progress. Melting the Ice Curtain tells the story of how inspiration, courage, and persistence by citizen-diplomats bridged a widening gap in superpower relations. David Ramseur was a first-hand witness to the danger and political intrigue, having flown on that first Friendship Flight, and having spent thirty years behind the scenes with some of Alaska's highest officials. As Alaska celebrates the 150th anniversary of its purchase, and as diplomatic ties with Russia become perilous, Melting the Ice Curtain shows that history might hold the best lessons for restoring diplomacy between nuclear neighbors.

alaska purchase political cartoon: *The Great Book of Alaska* Bill O'Neill, 2020-02-29 The Great Book of Alaska is an entertaining, instructive and interesting Trivia & Facts book about the Last Frontier state. You'll learn more about Alaska's history, pop culture, folklore, sports, and so much more!

alaska purchase political cartoon: *Tundra* Chad Carpenter, 2009-10-20 From the vast frozen wilderness of Alaska, Chad Carpenter brings *Tundra*. The National Cartoonists Society named *Tundra* as the Best Newspaper Panel Cartoon of the Year in 2007. These are award-winning cartoons from a naturally wonderful place. A tour guide might overlook some of the more quirky aspects of Alaska, but Carpenter sees it in a completely different light (even if that light only shows itself part of the year). Carpenter gives nature's residents, the furry and the not-so-furry, full attention. He also gives them voices that can bring a tear of laughter to the eye. *Tundra* is full of talking snowmen, inept hunters, obsessed fishermen, and inviting wildlife looking for their next meal. It's also packed with an abundance of hilarity. *Tundra: Nature's Favorite Comic Strip* features a best of collection with 560 cartoons from over 16 years of syndication.

alaska purchase political cartoon: Strengthening Forensic Science in the United States National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

alaska purchase political cartoon: *White House Burning* Simon Johnson, 2013-02-12 From the authors of the national bestseller *13 Bankers*, a chilling account of America's unprecedented debt crisis: how it came to pass, why it threatens to topple the nation as a superpower, and what needs to be done about it. With bracing clarity, *White House Burning* explains why the national debt matters to your everyday life. Simon Johnson and James Kwak describe how the government has been able to pay off its debt in the past, even after the massive deficits incurred as a result of World War II, and analyze why this is near-impossible today. They closely examine, among other factors, macroeconomic shifts of the 1970s, Reaganism and the rise of conservatism, and demographic changes that led to the growth of major—and extremely popular—social insurance programs. What is unquestionably clear is how recent financial turmoil exacerbated the debt crisis while creating a political climate in which it is even more difficult to solve.

alaska purchase political cartoon: Unflattening Nick Sousanis, 2015-04-20 The primacy of words over images has deep roots in Western culture. But what if the two are inextricably linked, equal partners in meaning-making? Written and drawn entirely as comics, *Unflattening* is an experiment in visual thinking. Nick Sousanis defies conventional forms of scholarly discourse to offer readers both a stunning work of graphic art and a serious inquiry into the ways humans construct knowledge. *Unflattening* is an insurrection against the fixed viewpoint. Weaving together diverse

ways of seeing drawn from science, philosophy, art, literature, and mythology, it uses the collage-like capacity of comics to show that perception is always an active process of incorporating and reevaluating different vantage points. While its vibrant, constantly morphing images occasionally serve as illustrations of text, they more often connect in nonlinear fashion to other visual references throughout the book. They become allusions, allegories, and motifs, pitting realism against abstraction and making us aware that more meets the eye than is presented on the page. In its graphic innovations and restless shape-shifting, *Unflattening* is meant to counteract the type of narrow, rigid thinking that Sousanis calls "flatness." Just as the two-dimensional inhabitants of Edwin A. Abbott's novella *Flatland* could not fathom the concept of "upwards," Sousanis says, we are often unable to see past the boundaries of our current frame of mind. Fusing words and images to produce new forms of knowledge, *Unflattening* teaches us how to access modes of understanding beyond what we normally apprehend.

alaska purchase political cartoon: *Alaska* John A. Murray, 1999 This book presents information on Alaska, including literary extracts, topical essays, and maps.

alaska purchase political cartoon: *AP U.S. History 2017-2018* Krista Dornbush, 2017-02-07 4 realistic practice tests + 1 full-length diagnostic test.

alaska purchase political cartoon: *The Associated Press Stylebook for Alaska* Dean Gottehrer, 2000 Alaska is the only state with its own AP stylebook. This easy-to-use manual defines and explains the northern state -- names, language, and peculiar usage; cultural and historical background; research sources; and a compendium of other facts and figures.

alaska purchase political cartoon: *Exploring American History* Tom Lansford, Thomas E. Woods, Jr., 2007-09 Americans are fond of describing their country as a young nation. Though there is much in that description that is true, it should not obscure the richness and variety of the nations past that provides the indispensable key to understanding the nations present. This completely new reference set examines in detail the formative stages of Americas essential past from European settlement of the Western Hemisphere and the displacement of indigenous peoples to the birth of the United States and its astonishing growth, in both population and territory, from a modest confederation of thirteen independent states.

alaska purchase political cartoon: *Politically Incorrect Guide to Hunting* Frank Minter, 2007-08-21 Why the Left's anti-hunting propaganda is dead wrong! Nothing is more hated--and more misunderstood--by the trendy Left than hunting. But now intrepid hunter and pro-hunting activist Frank Minter sets the record straight. In *The Politically Incorrect Guide(tm) to Hunting*, he details the concrete benefits that hunting provides to all of us--even how it helps the environment. Speaking with wildlife biologists, hunters, farmers, anti-hunters, and victims of animal attacks, Minter explains how banning hunting negatively affects wildlife populations and conservation. Minter's fearless, politically incorrect take on hunting lays out the facts that liberal enviro-nuts don't want you to know.

alaska purchase political cartoon: *Meat!* Sushmita Chatterjee, Banu Subramaniam, 2021-02-15 What is meat? Is it simply food to consume, or a metaphor for our own bodies? Can "bloody" vegan burgers, petri dish beef, live animals, or human milk be categorized as meat? In pursuing these questions, the contributors to *Meat!* trace the shifting boundaries of the meanings of meat across time, geography, and cultures. In studies of chicken, fish, milk, barbecue, fake meat, animal sacrifice, cannibalism, exotic meat, frozen meat, and other manifestations of meat, they highlight meat's entanglements with race, gender, sexuality, and disability. From the imperial politics embedded in labeling canned white tuna as "the chicken of the sea" to the relationship between beef bans, yoga, and bodily purity in Hindu nationalist politics, the contributors demonstrate how meat is an ideal vantage point from which to better understand transnational circuits of power and ideology as well as the histories of colonialism, ableism, and sexism. Contributors. Neel Ahuja, Irina Aristarkhova, Sushmita Chatterjee, Mel Y. Chen, Kim Q. Hall, Jennifer A. Hamilton, Anita Mannur, Elspeth Probyn, Parama Roy, Banu Subramaniam, Angela Willey, Psyche Williams-Forson

alaska purchase political cartoon: Happy-Go-Lucky David Sedaris, 2022-05-31 David Sedaris, the “champion storyteller,” (Los Angeles Times) returns with his first new collection of personal essays since the bestselling *Calypso* Back when restaurant menus were still printed on paper, and wearing a mask—or not—was a decision made mostly on Halloween, David Sedaris spent his time doing normal things. As *Happy-Go-Lucky* opens, he is learning to shoot guns with his sister, visiting muddy flea markets in Serbia, buying gummy worms to feed to ants, and telling his nonagenarian father wheelchair jokes. But then the pandemic hits, and like so many others, he’s stuck in lockdown, unable to tour and read for audiences, the part of his work he loves most. To cope, he walks for miles through a nearly deserted city, smelling only his own breath. He vacuums his apartment twice a day, fails to hoard anything, and contemplates how sex workers and acupuncturists might be getting by during quarantine. As the world gradually settles into a new reality, Sedaris too finds himself changed. His offer to fix a stranger’s teeth rebuffed, he straightens his own, and ventures into the world with new confidence. Newly orphaned, he considers what it means, in his seventh decade, no longer to be someone’s son. And back on the road, he discovers a battle-scarred America: people weary, storefronts empty or festooned with Help Wanted signs, walls painted with graffiti reflecting the contradictory messages of our time: Eat the Rich. Trump 2024. Black Lives Matter. In *Happy-Go-Lucky*, David Sedaris once again captures what is most unexpected, hilarious, and poignant about these recent upheavals, personal and public, and expresses in precise language both the misanthropy and desire for connection that drive us all. If we must live in interesting times, there is no one better to chronicle them than the incomparable David Sedaris.

alaska purchase political cartoon: Speech of Hon. Charles Sumner, of Massachusetts, on the Cession of Russian America to the United States ... Charles Sumner, 1867

alaska purchase political cartoon: American Imperialism Adam Burns, 2017-01-17 Provides a critical re-evaluation of US territorial expansionism and imperialism from 1783 to the presentThe United States has been described by many of its foreign and domestic critics as an aempirea Providing a wide-ranging analysis of the United States as a territorial, imperial power from its foundation to the present day, this book explores the United States acquisition or long-term occupation of territories through a chronological perspective. It begins by exploring early continental expansion, such as the purchase of the Louisiana Territory from Napoleon Bonaparte in 1803, and traces US imperialism through to the controversial ongoing presence of US forces at Guantanamo Bay in Cuba. The book provides fresh insights into the history of US territorial expansion and imperialism, bringing together more well-known instances (such as the purchase of Alaska) with those less-frequently discussed (such as the acquisition of the Guano Islands after 1856). The volume considers key historical debates, controversies and turning points, providing a historiographically-grounded re-evaluation of US expansion from 1783 to the present day.Key FeaturesProvides case studies of different examples of US territorial expansion/imperialism, and adds much-needed context to ongoing debates over US imperialism for students of both History and PoliticsAnalyses many of the better known instances of US imperialism (for example, Cuba and the Philippines), while also considering often-overlooked examples such as the US Virgin Islands, American Samoa and GuamExplores American imperialism from a territorial acquisition/long-term occupationa viewpoint which differentiates it from many other books that instead focus on informal and economic imperialismDiscusses the presence of the US in key places such as Guantanamo Bay, the Panama Canal Zone and the Arctic

alaska purchase political cartoon: The Real North Korea Andrei Lankov, 2015 In *The Real North Korea*, Lankov substitutes cold, clear analysis for the overheated rhetoric surrounding this opaque police state. Based on vast expertise, this book reveals how average North Koreans live, how their leaders rule, and how both survive

alaska purchase political cartoon: Prologue , 1994

alaska purchase political cartoon: U.S. History P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 *U.S. History* is designed to meet the scope and sequence requirements of most introductory courses. The text provides a

balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

alaska purchase political cartoon: Agewise Margaret Morganroth Gullette, 2013-10-21 Let's face it: almost everyone fears growing older. We worry about losing our looks, our health, our jobs, our self-esteem—and being supplanted in work and love by younger people. It feels like the natural, inevitable consequence of the passing years, But what if it's not? What if nearly everything that we think of as the "natural" process of aging is anything but? In *Agewise*, renowned cultural critic Margaret Morganroth Gullette reveals that much of what we dread about aging is actually the result of ageism—which we can, and should, battle as strongly as we do racism, sexism, and other forms of bigotry. Drawing on provocative and under-reported evidence from biomedicine, literature, economics, and personal stories, Gullette probes the ageism that drives discontent with our bodies, our selves, and our accomplishments—and makes us easy prey for marketers who want to sell us an illusory vision of youthful perfection. Even worse, rampant ageism causes society to discount, and at times completely discard, the wisdom and experience acquired by people over the course of adulthood. The costs—both collective and personal—of this culture of decline are almost incalculable, diminishing our workforce, robbing younger people of hope for a decent later life, and eroding the satisfactions and sense of productivity that should animate our later years. Once we open our eyes to the pervasiveness of ageism, however, we can begin to fight it—and Gullette lays out ambitious plans for the whole life course, from teaching children anti-ageism to fortifying the social safety nets, and thus finally making possible the real pleasures and opportunities promised by the new longevity. A bracing, controversial call to arms, *Agewise* will surprise, enlighten, and, perhaps most important, bring hope to readers of all ages.

alaska purchase political cartoon: Race over Empire Eric T. L. Love, 2005-10-12 Generations of historians have maintained that in the last decade of the nineteenth century white-supremacist racial ideologies such as Anglo-Saxonism, social Darwinism, benevolent assimilation, and the concept of the white man's burden drove American imperialist ventures in the nonwhite world. In *Race over Empire*, Eric T. L. Love contests this view and argues that racism had nearly the opposite effect. From President Grant's attempt to acquire the Dominican Republic in 1870 to the annexations of Hawaii and the Philippines in 1898, Love demonstrates that the imperialists' relationship with the racist ideologies of the era was antagonistic, not harmonious. In a period marked by Jim Crow, lynching, Chinese exclusion, and immigration restriction, Love argues, no pragmatic politician wanted to place nonwhites at the center of an already controversial project by invoking the concept of the white man's burden. Furthermore, convictions that defined whiteness raised great obstacles to imperialist ambitions, particularly when expansionists entered the tropical zone. In lands thought to be too hot for white blood, white Americans could never be the main beneficiaries of empire. What emerges from Love's analysis is a critical reinterpretation of the complex interactions between politics, race, labor, immigration, and foreign relations at the dawn of the American century.

alaska purchase political cartoon: *The Cambridge History of America and the World: Volume 3, 1900-1945* Brooke L. Blower, Andrew Preston, 2022-03-03 The third volume of *The Cambridge History of America and the World* covers the volatile period between 1900 and 1945 when the United States emerged as a world power and American engagements abroad flourished in new and consequential ways. Showcasing the most innovative approaches to both traditional topics and emerging themes, leading scholars chart the complex ways in which Americans projected their growing influence across the globe; how others interpreted and constrained those efforts; how Americans disagreed with each other, often fiercely, about foreign relations; and how race, religion, gender, and other factors shaped their worldviews. During the early twentieth century, accelerating forces of global interdependence presented Americans, like others, with a set of urgent challenges from managing borders, humanitarian crises, economic depression, and modern warfare to

confronting the radical, new political movements of communism, fascism, and anticolonial nationalism. This volume will set the standard for new understandings of this pivotal moment in the history of America and the world.

alaska purchase political cartoon: Sierra Hotel : flying Air Force fighters in the decade after Vietnam , 2001 In February 1999, only a few weeks before the U.S. Air Force spearheaded NATO's Allied Force air campaign against Serbia, Col. C.R. Anderegg, USAF (Ret.), visited the commander of the U.S. Air Forces in Europe. Colonel Anderegg had known Gen. John Jumper since they had served together as jet forward air controllers in Southeast Asia nearly thirty years earlier. From the vantage point of 1999, they looked back to the day in February 1970, when they first controlled a laser-guided bomb strike. In this book Anderegg takes us from glimmers of hope like that one through other major improvements in the Air Force that came between the Vietnam War and the Gulf War. Always central in Anderegg's account of those changes are the people who made them. This is a very personal book by an officer who participated in the transformation he describes so vividly. Much of his story revolves around the Fighter Weapons School at Nellis Air Force Base (AFB), Nevada, where he served two tours as an instructor pilot specializing in guided munitions.

alaska purchase political cartoon: Lincoln in Caricature Rufus Rockwell Wilson, 1903 Reproductions of thirty-two cartoons, originally published between 1860 and 1865 in Punch, Harper's Weekly, and other magazines. Pages 3-[18]: Wilson's commentary to each plate.

alaska purchase political cartoon: A Sovereign People Carol Berkin, 2017-05-02 The momentous story of how George Washington, Alexander Hamilton, and John Adams navigated the crises of the 1790s and in the process bound the states into a unified nation Today the United States is the dominant power in world affairs, and that status seems assured. Yet in the decade following the ratification of the Constitution, the republic's existence was contingent and fragile, challenged by domestic rebellions, foreign interference, and the always-present danger of collapse into mob rule. Carol Berkin reveals that the nation survived almost entirely due to the actions of the Federalist leadership -- George Washington, Alexander Hamilton, and John Adams. Reacting to successive crises, they extended the power of the federal government and fended off foreign attempts to subvert American sovereignty. As Berkin argues, the result was a spike in nationalism, as ordinary citizens began to identify with their nation first, their home states second. While the Revolution freed the states and the Constitution linked them as never before, this landmark work shows that it was the Federalists who transformed the states into an enduring nation.

alaska purchase political cartoon: Crimes Committed by Terrorist Groups Mark S. Hamm, 2011 This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed bank robbery, and smuggling weapons of mass destruction. Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

alaska purchase political cartoon: American War Omar El Akkad, 2017-04-04 NATIONAL BESTSELLER • A second American Civil War, a devastating plague, and one family caught deep in the middle—this gripping debut novel asks what might happen if America were to turn its most devastating policies and deadly weapons upon itself. From the author of *What Strange Paradise* Powerful ... as haunting a postapocalyptic universe as Cormac McCarthy [created] in *The Road*. —The New York Times Sarat Chestnut, born in Louisiana, is only six when the Second American Civil War breaks out in 2074. But even she knows that oil is outlawed, that Louisiana is half underwater, and that unmanned drones fill the sky. When her father is killed and her family is forced into Camp Patience for displaced persons, she begins to grow up shaped by her particular time and place. But not everyone at Camp Patience is who they claim to be. Eventually Sarat is befriended by a

mysterious functionary, under whose influence she is turned into a deadly instrument of war. The decisions that she makes will have tremendous consequences not just for Sarat but for her family and her country, rippling through generations of strangers and kin alike.

alaska purchase political cartoon: The Art of Looking at Art Gene Wisniewski, 2020-10-04 A readable guide to the art of looking at art. There's an art to viewing art. A sizable portion of the population regards art with varying degrees of reverence, bewilderment, suspicion, contempt, and intimidation. Most people aren't sure what to do when standing before a work of art, besides gaze at it for what they hope is an acceptable amount of time, and even those who visit galleries and museums regularly aren't always as well versed as they wish they could be. This book will help remedy that situation and answer many of the most frequently asked questions pertaining to the matter of art in general: When was the first art made? Who decides which art is "for the ages"? What is art's purpose? How do paintings get to be worth tens of millions of dollars? Where do artists get their ideas? And perhaps the most pressing question of all, have human cadavers ever been used as art materials? (Yup.) The Art of Looking at Art addresses these and countless more of the issues surrounding this frequently misunderstood microcosm, in a highly informative, yet conversational tone. History, fascinating and altogether human backstories, and information pertaining to every conceivable aspect of visual art are interwoven in twelve concise chapters, providing all the information the average person needs to comfortably approach, analyze, and appreciate art. Readers with a background in art will learn a few new things as well. This beautiful full-color book includes 45 full-page reproductions.

alaska purchase political cartoon: Black Baseball, 1858-1900 James E. Brunson III, 2019-03-22 This is one of the most important baseball books to be published in a long time, taking a comprehensive look at black participation in the national pastime from 1858 through 1900. It provides team rosters and team histories, player biographies, a list of umpires and games they officiated and information on team managers and team secretaries. Well known organizations like the Washington's Mutuels, Philadelphia Pythians, Chicago Uniques, St. Louis Black Stockings, Cuban Giants and Chicago Unions are documented, as well as lesser known teams like the Wilmington Mutuels, Newton Black Stockings, San Francisco Enterprise, Dallas Black Stockings, Galveston Flyaways, Louisville Brotherhoods and Helena Pastimes. Player biographies trace their connections between teams across the country. Essays frame the biographies, discussing the social and cultural events that shaped black baseball. Waiters and barbers formed the earliest organized clubs and developed local, regional and national circuits. Some players belonged to both white and colored clubs, and some umpires officiated colored, white and interracial matches. High schools nurtured young players and transformed them into powerhouse teams, like Cincinnati's Vigilant Base Ball Club. A special essay covers visual representations of black baseball and the artists who created them, including colored artists of color who were also baseballists.

alaska purchase political cartoon: Why Evolution is True Jerry A. Coyne, 2010-01-14 For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

alaska purchase political cartoon: Hoosiers and the American Story Madison, James H.,

Sandweiss, Lee Ann, 2014-10 A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

alaska purchase political cartoon: Going Rouge Richard Kim, Betsy Reed, 2009 Sarah Palin has many faces: hockey mom, fundamentalist Christian, sex symbol, Republican ideologue, fashion icon, maverick populist. But, above all, Palin has become one thing: an American obsession that just won't go away. Edited by two senior editors at 'The Nation' magazine, this sharp, smart, up-to-the-minute book examines Palin's quirky origins in Wasilla, Alaska, her spectacular rise to the effective leadership of the Republican Party, and the nightmarish prospect of her continuing to dominate the nation's political scene. With contributions by: Amy Alexander, Max Blumenthal, Juan Cole, Joe Conason, Jeanne Devon, Eve Ensler, Michelle Goldberg, Jane Hamsher, Christopher Hayes, Mark Hertsgaard, Jim Hightower, Linda Hirshman, Naomi Klein, Dahlia Lithwick, Amanda Marcotte, Shannyn Moore, John Nichols, Rick Perlstein, Tom Perrotta, Katha Pollitt, Robert Reich, Frank Rich, Hanna Rosin, Jeff Sharlet, Matt Taibbi, Michael Tomasky, Rebecca Traister, Katrina vanden Heuvel, Jessica Valenti, Patricia Williams, JoAnn Wypijewski and Gary Younge among others.
