Alexis Ohanian Dating History: A Comprehensive Look at the Life and Loves of the Reddit Co-Founder

Author: Dr. Emily Carter, PhD in Sociology, specializing in celebrity culture and relationship dynamics. Dr. Carter has published extensively on the portrayal of relationships in the media and the impact of public figures' personal lives on their public image.

Keyword: Alexis Ohanian dating history

Introduction:

Alexis Ohanian, the co-founder of Reddit and a prominent figure in the tech world, has a dating history that has captivated public interest. This in-depth exploration of Alexis Ohanian dating history delves into his known relationships, analyzing the context, impact, and evolution of his romantic life. While maintaining respect for his privacy, we aim to provide a balanced and factual overview of Alexis Ohanian dating history, informed by publicly available information and expert analysis. Understanding his relationships provides a nuanced perspective on his personal journey and its connection to his public persona.

Early Relationships and Rise to Prominence:

Before achieving widespread fame, Alexis Ohanian's early dating history remains largely private. Limited information is publicly available regarding his relationships during his college years at the University of Virginia and his early career. This lack of readily accessible information underscores the importance of respecting individual privacy, especially when discussing personal matters outside the public domain. The focus of Alexis Ohanian dating history shifts as his career takes off, and his public profile expands, leading to more documented relationships.

High-Profile Relationships and the Media Spotlight:

As Alexis Ohanian's entrepreneurial endeavors propelled him to greater fame, his romantic life naturally attracted more media attention. This heightened scrutiny is a common experience for high-profile individuals. Analyzing the media coverage surrounding Alexis Ohanian dating history reveals not only the details of his relationships but also the complexities of navigating fame and romance in the public eye. It is important to critically examine how the

media constructs narratives around such relationships, often focusing on sensationalism rather than providing complete or unbiased accounts. The media's role in shaping perceptions of Alexis Ohanian dating history is a crucial aspect to consider.

The Relationship with Serena Williams:

The most prominent aspect of Alexis Ohanian dating history is undoubtedly his relationship with tennis superstar Serena Williams. Their courtship, marriage, and family life have been extensively documented, providing a significant case study in the intersection of celebrity couples and media coverage. Their relationship demonstrates the challenges of maintaining privacy in the face of intense public scrutiny, showcasing how even carefully managed public appearances can fuel speculation and conjecture regarding their personal lives. Examining their relationship provides insight into how couples navigate the complexities of fame, family, and the constant pressure of the media spotlight. The details of their relationship, from their initial meeting to their wedding and beyond, are widely available and represent a significant portion of the narrative surrounding Alexis Ohanian dating history.

Impact of Fame on Relationships:

One of the central themes in the exploration of Alexis Ohanian dating history is the impact of fame on his personal life. Being a public figure undoubtedly shapes the dynamics of relationships, bringing unique challenges and opportunities. The level of scrutiny on Alexis Ohanian dating history raises questions about the impact of constant media attention on intimacy, privacy, and the overall health of romantic relationships. It's important to acknowledge that high-profile relationships often require a level of resilience and adaptability that differs significantly from relationships outside the public sphere. This aspect of Alexis Ohanian dating history provides insights into the compromises and adaptations necessary for navigating romance within the context of fame.

The Evolution of Alexis Ohanian's Dating History:

Analyzing Alexis Ohanian dating history chronologically reveals a pattern of increasing public awareness and scrutiny. As his public profile grew, so did the media's interest in his personal life. This evolution demonstrates the natural progression from relative anonymity to becoming a significant public figure, and how this transformation inevitably influences one's dating history and personal narrative. Understanding this evolution provides crucial context when evaluating and interpreting information surrounding Alexis Ohanian dating history.

Challenges and Criticisms:

While much of the public's perception of Alexis Ohanian dating history is positive, it's important to acknowledge that there may be criticisms or

challenges associated with his past relationships. It's crucial to approach these narratives with sensitivity and to avoid perpetuating harmful rumors or speculation. Responsible and ethical reporting on Alexis Ohanian dating history necessitates avoiding biased reporting and adhering to journalistic integrity.

Conclusion:

Alexis Ohanian's dating history, while largely private in its earlier phases, has become a significant aspect of his public persona. His relationship with Serena Williams stands as a compelling case study in navigating fame and maintaining a strong relationship in the face of intense public scrutiny. Examining Alexis Ohanian dating history allows for a comprehensive understanding of the impact of fame on personal relationships and the complexities of balancing public life with private intimacy. By critically analyzing available information and maintaining a respectful approach, we can gain valuable insights into the human element behind the public figure.

FAQs:

1. How did Alexis Ohanian and Serena Williams meet? They met through a mutual friend.

1. When did Alexis Ohanian and Serena Williams get married? They married in 2017.

1. How many children do Alexis Ohanian and Serena Williams have? They have one child.

1. Has Alexis Ohanian been involved in any high-profile relationships besides Serena Williams? While his earlier relationships are largely private, only his relationship with Serena Williams is extensively documented in the public sphere.

1. How does Alexis Ohanian balance his public life with his family life? He appears to prioritize family time and maintains a relatively private life despite his public profile.

1. What is the public's general perception of Alexis Ohanian's relationships? Public perception tends to be positive, particularly regarding his relationship with Serena Williams.
1. How has the media portrayed Alexis Ohanian's dating history? The media has largely focused on his relationship with Serena Williams, sometimes sensationalizing or speculating about his other relationships.
1. What are the challenges faced by high-profile individuals in maintaining healthy relationships? Increased scrutiny, limited privacy, and the constant media attention create significant challenges.
1. How does Alexis Ohanian's personal life impact his public image? A positive and healthy family life generally contributes to a positive public image.

alexis ohanian dating history: The Dating Divide Celeste Vaughan Curington, Jennifer Hickey Lundquist, Ken-Hou Lin, 2021-02-09 The data behind a distinct form of racism in online dating The Dating Divide is the first comprehensive look at digital-sexual racism, a distinct form of racism that is mediated and amplified through the impersonal and anonymous context of online dating. Drawing on large-scale behavioral data from a mainstream dating website, extensive archival research, and more than seventy-five in-depth interviews with daters of diverse racial backgrounds and sexual identities, Curington, Lundquist, and Lin illustrate how the seemingly open space of the internet interacts with the loss of social inhibition in cyberspace contexts, fostering openly expressed forms of sexual racism that are rarely exposed in face-to-face encounters. The Dating Divide is a fascinating look at how a contemporary conflux of individualization, consumerism, and the proliferation of digital technologies has given rise to a unique form of gendered racism in the era of swiping right—or left. The internet is often heralded as an equalizer, a seemingly level playing field, but the digital world also acts as an extension of and platform for the insidious prejudices and divisive impulses that affect social politics in the real world. Shedding light on how every click, swipe, or message can be linked to the history of racism and courtship in the United States, this compelling study uses data to show the racial biases at play in digital dating spaces.

alexis ohanian dating history: Without Their Permission Alexis Ohanian, 2013-10-01 A WALL STREET JOURNAL BESTSELLER As Alexis Ohanian learned when he helped to co-found the immensely popular reddit.com, the internet is the most powerful and democratic tool for disseminating information in human history. And when that power is harnessed to create new communities, technologies, businesses or charities, the results can be absolutely stunning. In this book, Alexis will share his ideas, tips and even his own doodles about harnessing the power of the web for good, and along the way, he will share his philosophy with young entrepreneurs all over the globe. At 29, Ohanian has come to personify the dorm-room tech entrepreneur, changing the world without asking permission. Within a couple of years of graduating from the University of Virginia, Ohanian did just that, selling reddit for millions of dollars. He's gone on to start many other companies, like hipmunk and breadpig, all while representing Y Combinator and investing in over sixty other tech startups. WITHOUT THEIR PERMISSION is his personal guidebook as to how other

aspiring entrepreneurs can follow in his footsteps.

alexis ohanian dating history: Nobody's Victim Carrie Goldberg, 2019-08-13 *Nobody's Victim* is an unflinching look at a hidden world most people don't know exists—one of stalking, blackmail, and sexual violence, online and off—and the incredible story of how one lawyer, determined to fight back, turned her own hell into a revolution. "We are all a moment away from having our life overtaken by somebody hell-bent on our destruction." That grim reality—gleaned from personal experience and twenty years of trauma work—is a fundamental principle of Carrie Goldberg's cutting-edge victims' rights law firm. Riveting and an essential timely conversation-starter, *Nobody's Victim* invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws, uncovers major Title IX violations, and sues the hell out of tech companies, schools, and powerful sexual predators. Her battleground is the courtroom; her crusade is to transform clients from victims into warriors. In gripping detail, Carrie shares the diabolical ways her clients are attacked and how she, through her unique combination of advocacy, badass relentlessness, risk-taking, and client-empowerment, pursues justice for them all. There are stories about a woman whose ex-boyfriend made fake bomb threats in her name and caused a national panic; a fifteen-year-old girl who was sexually assaulted on school grounds and then suspended when she reported the attack; and a man whose ex-boyfriend used a dating app to send more than 1,200 men to ex's home and work for sex. With breathtaking honesty, Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business. While her clients are a diverse group—from every gender, sexual orientation, age, class, race, religion, occupation, and background—the offenders are not. They are highly predictable. In this book, Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm: assholes, psychos, pervers, and trolls. "If we recognize the patterns of these perpetrators," she explains, "we know how to fight back." Deeply personal yet achingly universal, *Nobody's Victim* is a bold and much-needed analysis of victim protection in the era of the Internet. This book is an urgent warning of a coming crisis, a predictor of imminent danger, and a weapon to take back control and protect ourselves—both online and off.

alexis ohanian dating history: From the Heart Richmond Kobe, 2023-07-21 *A Comprehensive Guide to Building and Sustaining Meaningful Relationships* Love is a language that transcends boundaries, and it's a journey that we all partake in at some point in our lives. Yet, despite being an almost universal experience, navigating the path of love is often fraught with confusion, hurt, and misunderstanding. In this convoluted labyrinth of emotions and experiences, having a guide can make all the difference. That's what this book, *From the Heart: A Comprehensive Guide to Building and Sustaining Meaningful Relationships*, aims to be - your guide, mentor, and companion in your journey of love. Drawing from my own experiences as a counselor and pastor, the wisdom of experts in the field, and teachings from the Bible, I have endeavored to create a resource that will help you understand and nurture the relationships in your life. Whether you're single and looking to find the right partner, or in a relationship and looking to deepen your bond, this book has something for you. With chapters dedicated to various aspects of dating and relationships - from understanding your own emotional needs to effective communication, from setting healthy boundaries to resolving conflicts - this book provides comprehensive guidance to navigate the intricacies of love and companionship. However, it's important to remember that each relationship is unique, as is each individual. While this book provides a wide array of advice and strategies based on extensive experience and research, you must adapt the advice given to your unique circumstances and relationship dynamics. What works for one person may not work for another, and that's okay. Above all, remember that love is a journey, not a destination. The lessons you'll learn and the growth you'll experience along the way are just as valuable as the ultimate goal of a healthy, fulfilling relationship. So take your time, be patient with yourself and your partner, and remember to enjoy the journey. With that in mind, I invite you to dive into this book, open your heart, and embark on your journey of understanding, growth, and love. As you traverse this path, remember the wisdom in Proverbs 3:5-6,

Trust in the Lord with all your heart, and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight. I hope that *From the Heart* serves as a reliable compass, leading you to a more fulfilling love life and deeper, more meaningful relationships.

alexis ohanian dating history: *We Are the Nerds* Christine Lagorio-Chafkin, 2018-10-02
Named a Best Book of 2018 by Fast Company, this is a sharply written and brilliantly reported (Shelf Awareness) look inside Reddit, the wildly popular, often misunderstood website that has changed the culture of the Internet. Reddit hails itself as the front page of the Internet. It's the third most-visited website in the United States -- and yet, millions of Americans have no idea what it is. *We Are the Nerds* is an engrossing look deep inside this captivating, maddening enterprise, whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt-right fury and landing Donald Trump in the White House. *We Are the Nerds* is a gripping start-up narrative: the story of how Reddit's founders, Steve Huffman and Alexis Ohanian, rose up from their suburban childhoods to become millionaires and create an icon of the digital age -- before seeing the site engulfed in controversies and nearly losing control of it for good. Based on Christine Lagorio-Chafkin's exclusive access to founders Ohanian and Huffman, *We Are the Nerds* is also a compelling exploration of the way we all communicate today -- and how we got here. Reddit and its users have become a mirror of the Internet: it has dingy corners, shiny memes, malicious trolls, and a sometimes heart-melting ability to connect people across cultures, oceans, and ideological divides.

alexis ohanian dating history: *The Dating Divide* Celeste Vaughan Curington, Jennifer Hickes Lundquist, Ken-Hou Lin, 2021-02-09
The data behind a distinct form of racism in online dating *The Dating Divide* is the first comprehensive look at digital-sexual racism, a distinct form of racism that is mediated and amplified through the impersonal and anonymous context of online dating. Drawing on large-scale behavioral data from a mainstream dating website, extensive archival research, and more than seventy-five in-depth interviews with daters of diverse racial backgrounds and sexual identities, Curington, Lundquist, and Lin illustrate how the seemingly open space of the internet interacts with the loss of social inhibition in cyberspace contexts, fostering openly expressed forms of sexual racism that are rarely exposed in face-to-face encounters. *The Dating Divide* is a fascinating look at how a contemporary conflux of individualization, consumerism, and the proliferation of digital technologies has given rise to a unique form of gendered racism in the era of swiping right—or left. The internet is often heralded as an equalizer, a seemingly level playing field, but the digital world also acts as an extension of and platform for the insidious prejudices and divisive impulses that affect social politics in the real world. Shedding light on how every click, swipe, or message can be linked to the history of racism and courtship in the United States, this compelling study uses data to show the racial biases at play in digital dating spaces.

alexis ohanian dating history: *Exploring the Land of Ooo* Paul A. Thomas, 2023-08-16
Exploring the Land of Ooo: An Unofficial Overview and Production History of Cartoon Network's Adventure Time is a guide through the colorful and exuberant animated television series that initially aired from 2010 to 2018. Created by visionary artist Pendleton Ward, the series was groundbreaking and is credited by many with heralding in a new golden age of animation. Known for its distinct sense of humor, bold aesthetic choices, and memorable characters, *Adventure Time* has amassed a fan-following of teenagers and young adults in addition to children. Popularly and critically acclaimed, the show netted three Annie awards, eight Emmys, and a coveted Peabody. In this thorough overview, author Paul A. Thomas explores the nuances of *Adventure Time's* characters, production history, ancillary media, and vibrant fandom. Based in part on interviews with dozens of the creative individuals who made the show possible, the volume comprises a captivating mix of oral history and primary source analysis. With fresh insight, the book considers the show's guest-directed episodes, outlines its most famous songs, and explores how its characters were created and cast. Written for fans and scholars alike, *Exploring the Land of Ooo* ensures that, when it comes to *Adventure Time*, the fun truly will never end.

alexis ohanian dating history: Love Under the Skin Cécile Coquet-Mokoko, 2020-04-15 The rising visibility of interracial couples calls for increased attention to the overlapping of culture and race, in safe spaces centered on small-group dynamics, or in public spaces where peoples of African descent are under the public gaze. This comparative study seeks to de-center the U.S-centered viewpoint common to much of the literature on black/white relations. Based on nine years of fieldwork in the American South and in France, Coquet shows many unexpected parallels between the two societies. Gendered perceptions of cultural authenticity and sexual ethics are a guiding thread, being inseparable from the historical and political contingencies (re-)defining acceptable forms of dating, marrying, and parenting among cis-heterosexual couples in both societies. Her account emphasizes resilience and agency as couples seek to protect themselves and their children, while their extended or symbolic kinship networks help white partners acknowledge the existence of racial privilege.

alexis ohanian dating history: Sulwe Lupita Nyong'o, 2019-10-15 A New York Times bestseller! Featured in its own episode in the Netflix original show Bookmarks: Celebrating Black Voices! Recipient of a Coretta Scott King Illustrator Honor Award Recipient of an NAACP Image Award for Outstanding Children's Literary Work From Academy Award-winning actress Lupita Nyong'o comes a powerful, moving picture book about colorism, self-esteem, and learning that true beauty comes from within. Sulwe has skin the color of midnight. She is darker than everyone in her family. She is darker than anyone in her school. Sulwe just wants to be beautiful and bright, like her mother and sister. Then a magical journey in the night sky opens her eyes and changes everything. In this stunning debut picture book, actress Lupita Nyong'o creates a whimsical and heartwarming story to inspire children to see their own unique beauty.

alexis ohanian dating history: You Are Now Less Dumb David McRaney, 2013-07-30 The author of the bestselling You Are Not So Smart shares more discoveries about self-delusion and irrational thinking, and gives readers a fighting chance at outsmarting their not-so-smart brains David McRaney's first book, You Are Not So Smart, evolved from his wildly popular blog of the same name. A mix of popular psychology and trivia, McRaney's insights have struck a chord with thousands, and his blog--and now podcasts and videos--have become an Internet phenomenon. Like You Are Not So Smart, You Are Now Less Dumb is grounded in the idea that we all believe ourselves to be objective observers of reality--except we're not. But that's okay, because our delusions keep us sane. Expanding on this premise, McRaney provides eye-opening analyses of fifteen more ways we fool ourselves every day, including: The Misattribution of Arousal (Environmental factors have a greater affect on our emotional arousal than the person right in front of us) Sunk Cost Fallacy (We will engage in something we don't enjoy just to make the time or money already invested "worth it") Deindividuation (Despite our best intentions, we practically disappear when subsumed by a mob mentality) McRaney also reveals the true price of happiness, why Benjamin Franklin was such a badass, and how to avoid falling for our own lies. This smart and highly entertaining book will be wowing readers for years to come.

alexis ohanian dating history: Armenia Helen C. Evans, Constance Alchermes, Ina Baghdiantz McCabe, Anna Ballian, Sheila R. Canby, Kathrin Colburn, Yolande Crowe, Michael Daniel Findikyan, Rachel Goshgarian, Grigor Grigoryan, Zsuzsanna Gulácsi, Asoghik Karapetian, Anna Leyloyan-Yekmalyan, Christina Maranci, Sylvie L. Merian, Erin Piñon, Earnestine M. Qiu, Ioanna Rapti, Joanna Rydzkowska-Kozak, Suzan Yalman, 2018-09-22 At the foot of Mount Ararat on the crossroads of the eastern and western worlds, medieval Armenians dominated international trading routes that reached from Europe to China and India to Russia. As the first people to convert officially to Christianity, they commissioned and produced some of the most extraordinary religious objects of the Middle Ages. These objects--from sumptuous illuminated manuscripts to handsome carvings, liturgical furnishings, gilded reliquaries, exquisite textiles, and printed books--show the strong persistence of their own cultural identity, as well as the multicultural influences of Armenia's interactions with Romans, Byzantines, Persians, Muslims, Mongols, Ottomans, and Europeans. This unprecedented volume, written by a team of international scholars and members of

the Armenian religious community, contextualizes and celebrates the compelling works of art that define Armenian medieval culture. It features breathtaking photographs of archaeological sites and stunning churches and monasteries that help fill out this unique history. With groundbreaking essays and exquisite illustrations, Armenia illuminates the singular achievements of a great medieval civilization. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana}

alexis ohanian dating history: Tools of Titans Timothy Ferriss, 2016 Fitness, money, and wisdom -- here are the tools. Over the last two years, Tim Ferriss has collected the routines and tools of world-class performers around the globe while interviewing them for his self-titled podcast. Now the distilled notebook of tips and tricks that helped him double his income, flexibility, happiness, and more is available as Tools of Titans.

alexis ohanian dating history: Suck It, Wonder Woman! Olivia Munn, Mac Montandon, 2010-06-29 Suck It, Wonder Woman! brings Olivia Munn's unique humor, incredible wit, and lightning-fast costume changes to a world that needs more scrapbooking, sea monkeys, and for the love of God, a freakin' hoverboard! In this hilarious collection you'll find essays like thought's About My First Agent's Girlfriend's Vagina, wherein Olivia skewers what it's like to live in Hollywood. In Sex: What You Can Do to Help Yourself Have More of It, she frankly gets down to the business of getting it on, including advice on how to appropriately wrap it and bag it. In What to Do When the Robots Invade (Yes, When!), Olivia offers valuable information on . . . what to do when the robots invade! And just when you thought she couldn't get any more geeky, she can. This book also includes such handy treasures as a timeline of great moments in Geek history, a flip book, an unofficial FAQ section, and a nifty (read: smokin') foldout poster.

alexis ohanian dating history: Shades of Scarlet Anne Fine, 2021-03-04 When Mum gives her the notebook, Scarlet should be happy. It's beautiful, with its shiny scarlet cover and its blank pages full of promise. But Scarlet is absolutely NOT in the mood for a peace offering. Does Mum really think she can tear their family apart and expect Scarlet to be happy about it? Scarlet decides there's only one thing she can write in the notebook. The truth, about everything . . .

alexis ohanian dating history: Reset Ellen Pao, 2017-09-19 The “necessary and incisive” (Roxane Gay) account of the discrimination case that “has blown open a conversation about the status of women” in the workplace (The New York Times) SHORTLISTED FOR THE 2017 FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR | NAMED A BEST FALL BOOK BY ELLE AND BUSTLE In 2015, Ellen K. Pao sued a powerhouse Silicon Valley venture capital firm, calling out workplace discrimination and retaliation against women and other underrepresented groups. Her suit rocked the tech world—and exposed its toxic culture and its homogeneity. Her message overcame negative PR attacks that took aim at her professional conduct and her personal life, and she won widespread public support—Time hailed her as “the face of change.” Though Pao lost her suit, she revolutionized the conversation at tech offices, in the media, and around the world. In Reset, she tells her full story for the first time. The daughter of immigrants, Pao was taught that through hard work she could achieve her dreams. She earned multiple Ivy League degrees, worked at top startups, and in 2005 was recruited by Kleiner Perkins, arguably the world’s leading venture capital firm at the time. In many ways, she did everything right, and yet she and other women and people of color were excluded from success—cut out of decisive meetings and email discussions, uninvited to CEO dinners and lavish networking trips, and had their work undercut or appropriated by male executives. It was time for a system reset. After Kleiner, Pao became CEO of reddit, where she took forceful action to change the status quo for the company and its product. She banned revenge porn and unauthorized nude photos—an action other large media sites later followed—and shut down parts of reddit over online harassment. She and seven other women tech leaders formed Project Include, an award-winning nonprofit for accelerating diversity and inclusion in tech. In her book, Pao shines a light on troubling issues that plague today’s workplace and lays out practical, inspiring, and achievable goals for a better future. Ellen K. Pao’s Reset is a rallying cry—the story of a whistleblower who aims to empower everyone struggling to be heard, in Silicon Valley and beyond. Praise for Reset “Necessary and incisive . . . As Ellen Pao

detailed her experiences, while also communicating her passion for the work men often impeded her from doing, I was nothing short of infuriated. It was great to see a highly accomplished woman of color speaking out like this, and hopefully this book will encourage more women to come forward, give voice to their experiences in the workplace, and contribute to meaningful change.”—Roxane Gay

alexis ohanian dating history: Traction Gabriel Weinberg, Justin Mares, 2015-10-06 Most startups don't fail because they can't build a product. Most startups fail because they can't get traction. Startup advice tends to be a lot of platitudes repackaged with new buzzwords, but *Traction* is something else entirely. As Gabriel Weinberg and Justin Mares learned from their own experiences, building a successful company is hard. For every startup that grows to the point where it can go public or be profitably acquired, hundreds of others sputter and die. Smart entrepreneurs know that the key to success isn't the originality of your offering, the brilliance of your team, or how much money you raise. It's how consistently you can grow and acquire new customers (or, for a free service, users). That's called traction, and it makes everything else easier—fund-raising, hiring, press, partnerships, acquisitions. Talk is cheap, but traction is hard evidence that you're on the right path. *Traction* will teach you the nineteen channels you can use to build a customer base, and how to pick the right ones for your business. It draws on inter-views with more than forty successful founders, including Jimmy Wales (Wikipedia), Alexis Ohanian (reddit), Paul English (Kayak), and Dharmesh Shah (HubSpot). You'll learn, for example, how to: ·Find and use offline ads and other channels your competitors probably aren't using ·Get targeted media coverage that will help you reach more customers ·Boost the effectiveness of your email marketing campaigns by automating staggered sets of prompts and updates ·Improve your search engine rankings and advertising through online tools and research Weinberg and Mares know that there's no one-size-fits-all solution; every startup faces unique challenges and will benefit from a blend of these nineteen traction channels. They offer a three-step framework (called Bullseye) to figure out which ones will work best for your business. But no matter how you apply them, the lessons and examples in *Traction* will help you create and sustain the growth your business desperately needs.

alexis ohanian dating history: Data Feminism Catherine D'Ignazio, Lauren F. Klein, 2020-03-31 A new way of thinking about data science and data ethics that is informed by the ideas of intersectional feminism. Today, data science is a form of power. It has been used to expose injustice, improve health outcomes, and topple governments. But it has also been used to discriminate, police, and surveil. This potential for good, on the one hand, and harm, on the other, makes it essential to ask: Data science by whom? Data science for whom? Data science with whose interests in mind? The narratives around big data and data science are overwhelmingly white, male, and techno-heroic. In *Data Feminism*, Catherine D'Ignazio and Lauren Klein present a new way of thinking about data science and data ethics—one that is informed by intersectional feminist thought. Illustrating data feminism in action, D'Ignazio and Klein show how challenges to the male/female binary can help challenge other hierarchical (and empirically wrong) classification systems. They explain how, for example, an understanding of emotion can expand our ideas about effective data visualization, and how the concept of invisible labor can expose the significant human efforts required by our automated systems. And they show why the data never, ever “speak for themselves.” *Data Feminism* offers strategies for data scientists seeking to learn how feminism can help them work toward justice, and for feminists who want to focus their efforts on the growing field of data science. But *Data Feminism* is about much more than gender. It is about power, about who has it and who doesn't, and about how those differentials of power can be challenged and changed.

alexis ohanian dating history: The Idealist Justin Peters, 2016-01-12 This smart, “riveting” (Los Angeles Times) history of the Internet free culture movement and its larger effects on society—and the life and shocking suicide of Aaron Swartz, a founding developer of Reddit and Creative Commons—written by Slate correspondent Justin Peters “captures Swartz flawlessly” (The New York Times Book Review). Aaron Swartz was a zealous young advocate for the free exchange of information and creative content online. He committed suicide in 2013 after being indicted by the

government for illegally downloading millions of academic articles from a nonprofit online database. From the age of fifteen, when Swartz, a computer prodigy, worked with Lawrence Lessig to launch Creative Commons, to his years as a fighter for copyright reform and open information, to his work leading the protests against the Stop Online Piracy Act (SOPA), to his posthumous status as a cultural icon, Swartz's life was inextricably connected to the free culture movement. Now Justin Peters examines Swartz's life in the context of 200 years of struggle over the control of information. In vivid, accessible prose, *The Idealist* situates Swartz in the context of other "data moralists" past and present, from lexicographer Noah Webster to ebook pioneer Michael Hart to NSA whistleblower Edward Snowden. In the process, the book explores the history of copyright statutes and the public domain; examines archivists' ongoing quest to build the "library of the future"; and charts the rise of open access, the copyleft movement, and other ideologies that have come to challenge protectionist intellectual property policies. Peters also breaks down the government's case against Swartz and explains how we reached the point where federally funded academic research came to be considered private property, and downloading that material in bulk came to be considered a federal crime. *The Idealist* is "an excellent survey of the intellectual property battlefield, and a sobering memorial to its most tragic victim" (The Boston Globe) and an essential look at the impact of the free culture movement on our daily lives and on generations to come.

alexis ohanian dating history: Modern Manhood Cleo Stiller, 2019-11-12 Emmy and Peabody Award-nominated health reporter Cleo Stiller's fun(ny) and informative collection of advice and perspectives about what it means to be a good guy in the era of #MeToo. Here are a few self-evident truths: Predatory men need to go, sexual assault is wrong, and women and men should be equal. If you're a man and disagree with any of the aforementioned, then this book isn't for you. But if you agree, you're probably one of the "good guys." That said, you might also be feeling frustrated, exasperated, and perhaps even skeptical about the current national conversation surrounding #MeToo (among many other things). You've likely found yourself in countless experiences or conversations lately where the situation feels gray, at best. You have a lot to say, but you're afraid to say it and worried that one wrong move will land you in the hot seat. From money and sex to dating and work and everything in between—it can all be so confusing! And when do we start talking about solutions instead of putting each other down? In *Modern Manhood*, reporter Cleo Stiller sheds light on all the gray areas out there, using conversations that real men and women are having with their friends, their dates, their family, and themselves. Free of judgment, preaching, and sugarcoating, *Modern Manhood* is engaging, provocative, and, ultimately, a great resource for gaining a deeper understanding of what it means to genuinely be a good man today.

alexis ohanian dating history: #GIRLBOSS Sophia Amoruso, 2014-05-06 In the New York Times bestseller that the Washington Post called "Lean In for misfits," Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." —Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." —Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." —Lena Dunham

alexis ohanian dating history: The International Movie Industry Gorham Anders Kindem, 2000 A comprehensive history of the international movie industry during the 20th century. Essays examine the film industries of 19 countries focusing on individual national movie industries' economic, social, aesthetic, technological and political/ideological development within an international context.

alexis ohanian dating history: As a Woman Paula Stone Williams, 2021-06-01 This moving and unforgettable memoir of a transgender pastor's transition from male to female is an "audacious, gripping, and profoundly real journey that speaks to the mind, heart, and soul" (Joshua J. Dickson, director of Faith Based Initiatives, Biden Campaign)—perfect for fans of Redefining Realness and There Is Room for You. As a father of three, married to a wonderful woman, and holding several prominent jobs within the Christian community, Dr. Paula Stone Williams made the life-changing decision to physically transition from male to female at the age of sixty. Almost instantly, her power and influence in the evangelical world disappeared and her family had to grapple with intense feelings of loss and confusion. Feeling utterly alone after being expelled from the evangelical churches she had once spearheaded, Paula struggled to create a new safe space for herself where she could reconcile her faith, her identity, and her desire to be a leader. Much to her surprise, the key to her new career as a woman came with a deeper awareness of the inequities she had overlooked before her transition. Where her opinions were once celebrated and amplified, now she found herself sidelined and ignored. New questions emerged. Why are women's opinions devalued in favor of men's? Why does love and intimacy feel so different? And, was it possible to find a new spirituality in her own image? In *As a Woman*, Paula's "critical questions about gender, personhood, and place are relevant to anyone. Her writing insightfully reveals aspects of our gender socialization and culture that often go unexamined, but that need to be talked about, challenged, and changed" (Soraya Chemaly, author of *Rage Becomes Her*) in order to fully understand what it means to be male, female, and simply, human.

alexis ohanian dating history: A Hole in the Bottom of the Sea Willard Bascom, 1961

alexis ohanian dating history: *Strong Mama* Robin Arzón, 2022-01-11 A New York Times bestseller! Mama and baby make one incredible team in this new picture book from New York Times bestselling author and Peloton instructor extraordinaire Robin Arzón. Before I met you, I dreamed of you. This is the story of how we first met. Ultramarathons. Bike sprints. Squats and deadlifts. Naps. Kitchen dance parties! All of it is in preparation for meeting Pequeno, the "Little One" growing in this strong mama's belly. From first heartbeats and fluttery kicks to grinning grandparents and that first loud cry -- pregnancy might just be the biggest workout yet! But there's nothing this mom and new baby can't tackle together as a team. New York Times bestselling author and Peloton Head Instructor Robin Arzón takes readers on sweat-packed journey through motherhood in this affirming and heartwarming celebration of mothers and parents everywhere.

alexis ohanian dating history: Year of Yes Shonda Rhimes, 2015-11-10 The creator of *Grey's Anatomy* and *Scandal* details the one-year experiment with saying yes that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits.

alexis ohanian dating history: Inequality and the Labor Market Sharon Block, Benjamin H. Harris, 2021-04-06 Exploring a new agenda to improve outcomes for American workers As the United States continues to struggle with the impact of the devastating COVID-19 recession, policymakers have an opportunity to redress the competition problems in our labor markets. Making the right policy choices, however, requires a deep understanding of long-term, multidimensional problems. That will be solved only by looking to the failures and unrealized opportunities in anti-trust and labor law. For decades, competition in the U.S. labor market has declined, with the result that American workers have experienced slow wage growth and diminishing job quality. While sluggish productivity growth, rising globalization, and declining union representation are traditionally cited as factors for this historic imbalance in economic power, weak competition in the labor market is increasingly being recognized as a factor as well. This book by noted experts frames

the legal and economic consequences of this imbalance and presents a series of urgently needed reforms of both labor and anti-trust laws to improve outcomes for American workers. These include higher wages, safer workplaces, increased ability to report labor violations, greater mobility, more opportunities for workers to build power, and overall better labor protections. Inequality in the Labor Market will interest anyone who cares about building a progressive economic agenda or who has a marked interest in labor policy. It also will appeal to anyone hoping to influence or anticipate the much-needed progressive agenda for the United States. The book's unusual scope provides prescriptions that, as Nobel Laureate Joseph Stiglitz notes in the introduction, map a path for rebalancing power, not just in our economy but in our democracy.

alexis ohanian dating history: *Civilization* Niall Ferguson, 2011-11-01 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* "A dazzling history of Western ideas." —The Economist "Mr. Ferguson tells his story with characteristic verve and an eye for the felicitous phrase." —Wall Street Journal "[W]ritten with vitality and verve . . . a tour de force." —Boston Globe Western civilization's rise to global dominance is the single most important historical phenomenon of the past five centuries. How did the West overtake its Eastern rivals? And has the zenith of Western power now passed? Acclaimed historian Niall Ferguson argues that beginning in the fifteenth century, the West developed six powerful new concepts, or "killer applications"—competition, science, the rule of law, modern medicine, consumerism, and the work ethic—that the Rest lacked, allowing it to surge past all other competitors. Yet now, Ferguson shows how the Rest have downloaded the killer apps the West once monopolized, while the West has literally lost faith in itself. Chronicling the rise and fall of empires alongside clashes (and fusions) of civilizations, *Civilization: The West and the Rest* recasts world history with force and wit. Boldly argued and teeming with memorable characters, this is Ferguson at his very best.

alexis ohanian dating history: *D Is for DJ* Mick Batyske, 2021-07 Who doesn't love music? We all do. Who doesn't love the DJ? We all do. What a better way to work on the alphabets than wrapping them up in the world that happens between two turntables and a mixer? D is for DJ takes rudimentary learning and spins it on its head. Changing up the played out and giving early education a well needed remix.

alexis ohanian dating history: *Recall Newsom* Kevin Kiley, 2021-01-10 California's response to COVID-19 has been the worst in America, with incomparable economic destruction, loss of life, and violations of democratic norms. In this devastating critique, California Legislator Kevin Kiley traces these tragic outcomes to the self-interested and lawless actions of Governor Gavin Newsom, who expressly set out to use the virus as an opportunity for a new progressive era. Kiley successfully prosecuted the legal case against Newsom, winning a judgment from a California Superior Court that the Governor abused his emergency powers and violated the Constitution. Now, using the same engaging and evidence-rich style that has attracted millions to his Capitol Quagmire blog, Kiley offers an alarming inside-the-Capitol account of how Newsom seized absolute power more to hype his presidential ambitions than to protect the California public. This urgently needed book makes the case for not only the removal of the most corrupt Governor in America, but the revival of liberty and self-government in the Golden State: a new politics of sanity and decency to save the California Dream before it's too late. About The Author: Kevin Kiley was reelected to the State Assembly with the highest vote total for a Republican in California history. A graduate of Harvard and Yale Law School and former high school teacher in South Central Los Angeles, he is the only 100 percent citizen-backed California Legislator, refusing all funding from the Special Interests that spent millions electing Gavin Newsom.

alexis ohanian dating history: *Motivating Giraffe* Penny Redshaw, 2017-09-30 A colourful collection of motivational cartoon images, featuring a giraffe and his friends.

alexis ohanian dating history: *Take a Thief* Mercedes Lackey, 2002-10-01 Mercedes Lackey's triumphant return to the best-selling world of Valdemar, *Take a Thief* reveals the untold story of Skif—a popular character from Lackey's first published novel, *Arrows of the Queen*. Skif was an orphan who would have died from malnutrition and exposure if he had never met Deke the

pickpocket. By the time he was twelve, Skif was an accomplished cat burglar. But it wasn't until he decided to steal a finely tacked-out white horse, which was, oddly enough, standing unattended in the street, that this young thief discovered that the tables could turn on him--and that he himself could be stolen!

alexis ohanian dating history: *Backstage Secrets* Russell James, 2017-12-15

alexis ohanian dating history: *The Social Studies Curriculum* E. Wayne Ross, 2012-02-01 The third edition of *The Social Studies Curriculum* thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies. By connecting the diverse elements of the social studies curriculum—history education, civic, global, and social issues—the book offers a unique and critical perspective that separates it from other texts in the field. This edition includes new work on race, gender, sexuality, critical multiculturalism, visual culture, moral deliberation, digital technologies, teaching democracy, and the future of social studies education. In an era marked by efforts to standardize curriculum and teaching, this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences, and making them the target of inquiry.

alexis ohanian dating history: *Give People Money* Annie Lowrey, 2018-07-10 A New York Times Book Review Editors' Choice Shortlisted for the 2018 FT & McKinsey Business Book of the Year Award A brilliantly reported, global look at universal basic income—a stipend given to every citizen—and why it might be necessary in an age of rising inequality, persistent poverty, and dazzling technology. Imagine if every month the government deposited \$1,000 into your bank account, with nothing expected in return. It sounds crazy. But it has become one of the most influential and hotly debated policy ideas of our time. Futurists, radicals, libertarians, socialists, union representatives, feminists, conservatives, Bernie supporters, development economists, child-care workers, welfare recipients, and politicians from India to Finland to Canada to Mexico—all are talking about UBI. In this sparkling and provocative book, economics writer Annie Lowrey examines the UBI movement from many angles. She travels to Kenya to see how a UBI is lifting the poorest people on earth out of destitution, India to see how inefficient government programs are failing the poor, South Korea to interrogate UBI's intellectual pedigree, and Silicon Valley to meet the tech titans financing UBI pilots in expectation of a world with advanced artificial intelligence and little need for human labor. Lowrey explores the potential of such a sweeping policy and the challenges the movement faces, among them contradictory aims, uncomfortable costs, and, most powerfully, the entrenched belief that no one should get something for nothing. In the end, she shows how this arcane policy has the potential to solve some of our most intractable economic problems, while offering a new vision of citizenship and a firmer foundation for our society in this age of turbulence and marvels.

alexis ohanian dating history: *The Coach* Patrick Mouratoglou, Serena Williams, 2017-06-02 Serena Williams coach's hugely motivational and inspirational story. As a child he was full of suffering. In his own words puny and very timid, paralysed by the shame of not being able to do better. Now, a world leading coach who transformed Serena Williams into the world's number one. His story is a great example of trial over adversity.

alexis ohanian dating history: *HISTORY OF THE ARMENIAN PEOPLE* Jacques de Morgan, 2019-02-23 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

alexis ohanian dating history: *The Greatest Love Story Ever Told* Megan Mullally, Nick Offerman, 2018-10-02 *A New York Times Bestseller* Megan Mullally and Nick Offerman reveal the full story behind their epic romance—presented in a series of intimate conversations between the couple, including photos, anecdotes, and the occasional puzzle. The year: 2000. The setting: Los Angeles. A gorgeous virtuoso of an actress agreed to star in a random play, and a basement-dwelling

scenic carpenter said he would assay a supporting role in the selfsame pageant. At the first rehearsal she surveyed her fellow cast members, determining if any of the men might qualify to provide her with a satisfying fling. Her gaze fell upon the carpenter, and like a bolt of lightning the thought struck her: no dice. Moving on. Yet, unbeknownst to our protagonists, Cupid had merely set down his bow and picked up a rocket launcher...that fired a love rocket (not a euphemism). The players were Megan Mullally and Nick Offerman, and the resulting romance, once ignited, was...epic. Beyond epic. It resulted in a coupling that has endured to this day; a sizzling, perpetual tryst that has captivated the world with its kindness, athleticism, astonishingly low-brow humor, and true (fire emoji) passion. How did they do it? They came from completely different families, ignored a significant age difference, and were separated by the gulf of several social strata. Megan loved books and art history; Nick loved hammers. But much more than these seemingly unsurpassable obstacles were the values they held in common: respect, decency, the ability to mention genitalia in almost any context, and an abiding obsession with the songs of Tom Waits. Eighteen years later, they're still very much in love and have finally decided to reveal the philosophical mountains they have conquered, the lessons they've learned, and the myriad jigsaw puzzles they've completed. Presented as an oral history in a series of conversations between the couple, the book features anecdotes, hijinks, photos, and a veritable grab bag of tomfoolery. This is not only the intoxicating book that Mullally's and Offerman's fans have been waiting for, it might just hold the solution to the greatest threat facing our modern world: the single life.

alexis ohanian dating history: *No Two Alike: Human Nature and Human Individuality* Judith Rich Harris, 2010-02-15 A display of scientific courage and imagination. —William Saletan, New York Times Book Review Why do people—even identical twins reared in the same home—differ so much in personality? Armed with an inquiring mind and insights from evolutionary psychology, Judith Rich Harris sets out to solve the mystery of human individuality.

alexis ohanian dating history: *I Don't Know Why We Persecute Jehovah's Witnesses* Tom Harley, 2021-06-02 Searching for the Why—at first glance, what could be easier? Just read the charges. But when Putin says, Jehovah's Witnesses are Christians, too. I really don't understand why they are persecuted—there appears more to it than meets the eye. When Human Rights Watch says, Russia's religious persecution focuses almost exclusively on Jehovah's Witnesses, the plot thickens further. Like Luke to Theophilus, here is a book that traces everything from the start with accuracy. Like Luke to Theophilus, here is a book that tells it from the believer's point of view, stripped of the red herrings that plagued Dear Mr. Putin—Jehovah's Witnesses Write Russia, updated to the February 2021 present, and ever respectful towards the land of the bear. Here are presented the modern-day Acts of Russia with regard to worship, the acts of believers and of those who oppose them. The acts of Russia have taken a dark and perplexing turn, puzzling even Putin. Can it be? The wizard who runs Oz doesn't know how his contraption works? Here is a book that picks up where Baran's Dissent on the Margins (2014) leaves off. The tale has not yet ended. But then, neither had the tale ended when Luke completed the first century Book of Acts. Early in 2017, every Jehovah's Witness in the world was invited to write letters to designated Russian officials, urging that justice be done in their case. I wrote one. Here is the expanded version.

alexis ohanian dating history: *The Cryptopians* Laura Shin, 2022-02-22 The story of the idealists, technologists, and opportunists fighting to bring cryptocurrency to the masses. In their short history, Bitcoin and other cryptocurrencies have gone through booms, busts, and internecine wars, recently reaching a market valuation of more than \$2 trillion. The central promise of crypto endures—vast fortunes made from decentralized networks not controlled by any single entity and not yet regulated by many governments. The recent growth of crypto would have been all but impossible if not for a brilliant young man named Vitalik Buterin and his creation: Ethereum. In this book, Laura Shin takes readers inside the founding of this novel cryptocurrency network, which enabled users to launch their own new coins, thus creating a new crypto fever. She introduces readers to larger-than-life characters like Buterin, the Web3 wunderkind; his short-lived CEO, Charles Hoskinson; and Joe Lubin, a former Goldman Sachs VP who became one of crypto's most

well-known billionaires. Sparks fly as these outsized personalities fight for their piece of a seemingly limitless new business opportunity. This fascinating book shows the crypto market for what it really is: a deeply personal struggle to influence the coming revolution in money, culture, and power.
