aliza and celina interview: Ordinary Jews Evgeny Finkel, 2017-02-21 How Jewish responses during the Holocaust shed new light on the dynamics of genocide and political violence Focusing on the choices and actions of Jews during the Holocaust, Ordinary Jews examines the different patterns of behavior of civilians targeted by mass violence. Relying on rich archival material and hundreds of survivors' testimonies, Evgeny Finkel presents a new framework for understanding the survival strategies in which Jews engaged: cooperation and collaboration, coping and compliance, evasion, and resistance. Finkel compares Jews' behavior in three Jewish ghettos—Minsk, Kraków, and Białystok—and shows that Jews' responses to Nazi genocide varied based on their experiences with prewar policies that either promoted or discouraged their integration into non-Jewish society. Finkel demonstrates that while possible survival strategies were the same for everyone, individuals' choices varied across and within communities. In more cohesive and robust Jewish communities, coping—confronting the danger and trying to survive without leaving—was more organized and successful, while collaboration with the Nazis and attempts to escape the ghetto were minimal. In more heterogeneous Jewish communities, collaboration with the Nazis was more pervasive, while coping was disorganized. In localities with a history of peaceful interethnic relations, evasion was more widespread than in places where interethnic relations were hostile. State repression before WWII, to which local communities were subject, determined the viability of anti-Nazi Jewish resistance. Exploring the critical influences shaping the decisions made by Jews in Nazi-occupied

eastern Europe, *Ordinary Jews* sheds new light on the dynamics of collective violence and genocide.

aliza and celina interview: *The Swimmers* Julie Otsuka, 2022-02-22 NATIONAL BEST SELLER

• From the best-selling, award-winning author of *The Buddha in the Attic* and *When the Emperor Was Divine* comes a novel about what happens to a group of obsessed recreational swimmers when a crack appears at the bottom of their local pool. This searing, intimate story of mothers and daughters—and the sorrows of implacable loss—is the most commanding and unforgettable work yet from a modern master. The swimmers are unknown to one another except through their private routines (slow lane, medium lane, fast lane) and the solace each takes in their morning or afternoon laps. But when a crack appears at the bottom of the pool, they are cast out into an unforgiving world without comfort or relief. One of these swimmers is Alice, who is slowly losing her memory. For Alice, the pool was a final stand against the darkness of her encroaching dementia. Without the fellowship of other swimmers and the routine of her daily laps she is plunged into dislocation and chaos, swept into memories of her childhood and the Japanese American incarceration camp in which she spent the war. Alice's estranged daughter, reentering her mother's life too late, witnesses her stark and devastating decline.

aliza and celina interview: *Shape Shift* Joyce Hesselberth, 2016-01-12 Round, curvy, pointy, or straight-shapes are all around us. With vibrant illustrations that highlight shapes in all their forms, this informative book reinforces the identification of circles, squares, crescents, diamonds, triangles, rectangles, trapezoids, and ovals while encouraging kids to pair shapes together to make new forms.

aliza and celina interview: *Chinese Martial Arts Cinema* Stephen Teo, 2015-11-13 This is the first comprehensive, fully-researched account of the historical and contemporary development of the traditional martial arts genre in the Chinese cinema known as wuxia (literal translation: martial chivalry) - a genre which audiences around the world became familiar with through the phenomenal 'crossover' hit *Crouching Tiger, Hidden Dragon* (2000). The book unveils rich layers of the wuxia tradition as it developed in the early Shanghai cinema in the late 1920s, and from the 1950s onwards, in the Hong Kong and Taiwan film industries. Key attractions of the book are analyses of: *The history of the tradition as it began in the Shanghai cinema, its rise and popularity as a serialized form in the silent cinema of the late 1920s, and its eventual prohibition by the government in 1931. *The fantastic characteristics of the genre, their relationship with folklore, myth and religion, and their similarities and differences with the kung fu sub-genre of martial arts cinema. *The protagonists and heroes of the genre, in particular the figure of the female knight-errant. *The chief personalities and masterpieces of the genre - directors such as King Hu, Chu Yuan, Zhang Che, Ang Lee, Zhang Yimou, and films such as *Come Drink With Me* (1966), *The One-Armed Swordsman* (1967), *A Touch of Zen* (1970-71), *Hero* (2002), *House of Flying Daggers* (2004), and *Curse of the Golden Flower* (2006).

aliza and celina interview: *The Naked Woman* Armonía Somers, 2018-11-01 A woman's feminist awakening drives a hypocritical village to madness in rural Uruguay in this wild, brutal paean to freedom (NPR.org). Shortlisted for the National Translation Award Somers' feminism is profound, and complicated. —NPR.org "A surreal, nightmarish book about women's struggle for autonomy—and how that struggle is (always, inevitably) met with violence." —Carmen Maria Machado, author of *Her Body and Other Parties* When *The Naked Woman* was originally published in 1950, critics doubted a woman writer could be responsible for its shocking erotic content. In this searing critique of Enlightenment values, fantastic themes are juxtaposed with brutal depictions of misogyny and violence, and frantically build to a fiery conclusion. Finally available to an English-speaking audience, Armonía Somers will resonate with readers of Clarice Lispector, Djuna Barnes, and Leonora Carrington.

aliza and celina interview: *Responding to Intimate Partner Violence and Sexual Violence Against Women* World Health Organization, 2013 A health-care provider is likely to be the first professional contact for survivors of intimate partner violence or sexual assault. Evidence suggests that women who have been subjected to violence seek health care more often than non-abused women, even if they do not disclose the associated violence. They also identify health-care providers as the professionals they would most trust with disclosure of abuse. These guidelines are an unprecedented effort to equip healthcare providers with evidence-based guidance as to how to respond to intimate partner violence and sexual violence against women. They also provide advice for policy makers, encouraging better coordination and funding of services, and greater attention to responding to sexual violence and partner violence within training programmes for health care providers. The guidelines are based on systematic reviews of the evidence, and cover: 1. identification and clinical care for intimate partner violence 2. clinical care for sexual assault 3. training relating to intimate partner violence and sexual assault against women 4. policy and programmatic approaches to delivering services 5. mandatory reporting of intimate partner violence. The guidelines aim to raise awareness of violence against women among health-care providers and policy-makers, so that they better understand the need for an appropriate health-sector response. They provide standards that can form the basis for national guidelines, and for integrating these issues into health-care provider education.

aliza and celina interview: *Index, A History of the* Dennis Duncan, 2023-02-28 A New York Times Editors' Choice Book Named a Most Anticipated Book of 2022 by Literary Hub and Goodreads A playful history of the humble index and its outsized effect on our reading lives. Most of us give little thought to the back of the book—it's just where you go to look things up. But as Dennis Duncan reveals in this delightful and witty history, hiding in plain sight is an unlikely realm of ambition and obsession, sparring and politicking, pleasure and play. In the pages of the index, we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. Here, for the first time, is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Charting its curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Duncan uncovers how it has saved heretics from the stake, kept politicians from high office, and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and—of course—indexers along the way. Revealing its vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties about the Age of Search, we are all index-rakers at heart—and we have been for eight hundred years.

aliza and celina interview: *Wayward* Dana Spiotta, 2022-06-21 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A “furious and addictive new novel” (The New York Times) about mothers and daughters, and one woman's midlife reckoning as she flees her suburban life. “Exhilarating ... reads like a burning fever dream. A virtuosic, singular and very funny portrait of a woman seeking sanity and purpose in a world gone mad.” —The New York Times Book Review Samantha Raymond's life has begun to come apart: her mother is ill, her teenage daughter is increasingly remote, and at fifty-two she finds herself staring into the Mids—that hour of supreme wakefulness between three and four in the morning in which women of a certain age suddenly find themselves contemplating motherhood, mortality, and, in this case, the state of our unraveling nation. When she falls in love with a beautiful, decrepit house in a hardscrabble neighborhood in Syracuse, she buys it on a whim and flees her suburban life—and her family—as she grapples with how to be a wife, a mother, and a daughter, in a country that is coming apart at the seams. Dana Spiotta's *Wayward* is a stunning novel about aging, about the female body, and about female complexity in contemporary America. Probing and provocative, brainy and sensual, it is a testament to our weird times, to reforms and resistance and utopian wishes, and to the beauty of ruins.

aliza and celina interview: *Useless Miracle* Barry Schechter, 2021-01-12 A classic, smart comedy in which a college professor attains mankind's oldest dream: the ability to fly...sort of... George Entmen just turned forty, and he can't complain. He is a respected hermeneutics professor, beloved by friends and family, and ready to drift quietly into tenured middle age. But then, he discovers he can fly. Sure, he can only fly very, very slowly, and he only flies three or four inches above the ground . . . But why does this nonetheless amazing phenomenon drive so many people into a rage? Why do he and his family find themselves dodging livid magicians, scheming billionaireesses, and, perhaps worst of all, angry hermeneuticians? Beneath all the chaos, his gift has to have a meaning. But to find it, George needs to understand one thing his friend and guru keeps telling him: You're not flying, you're being flown.

aliza and celina interview: *Heroine* Gail Scott, 2019-10-08 In a bathtub in a rooming house in Montreal in 1980, a woman tries to imagine a new life for herself: a life after a passionate affair with a man while falling for a woman, a life that makes sense after her deep involvement in far left politics during the turbulent seventies of Quebec, a life whose form she knows can only be grasped as she speaks it. A new, revised edition of a seminal work of edgy, experimental feminism. With a foreword by Eileen Myles.

aliza and celina interview: *Mapping Sam* Joyce Hesselberth, 2021-02-03 An adventurous cat named Sam explores her neighborhood at night in this gorgeously illustrated book. Informational, beautiful, and deeply moving, *Mapping Sam* is both a book about how maps work and an engaging, character-driven story. This picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children. For fans of Brandon Wenzel's *They All Saw a Cat* and Sara Fanelli's *My Map Book*, and for anyone who wants to know what is where and how to get from here to there! Maps can show us streets and subways and cities and countries. But they can also show us what we can't see, what we can only imagine, or how to build something. In Joyce Hesselberth's *Mapping Sam*, Sam the cat puts her family to bed, and then--when all is quiet--heads out to explore her neighborhood. As Sam follows her customary path, wandering farther and farther away from home, readers encounter different kinds of maps illuminating different points of view and the various spots Sam visits. Finally,

when Sam reaches her favorite place and confirms that all is well, she heads back home, climbs onto a cozy bed, and falls asleep. An ideal read-aloud for classrooms and libraries, Mapping Sam features a page of background information, as well as various maps and map terms throughout. Perfect for fans of Lynne Rae Perkins's Frank and Lucky Get Schooled and Peter H. Reynolds's The Dot. --Kirkus Reviews (starred review)

aliza and celina interview: Frontiers In Orthogonal Polynomials And Q-series M Zuhair Nashed, Xin Li, 2018-01-12 This volume aims to highlight trends and important directions of research in orthogonal polynomials, q-series, and related topics in number theory, combinatorics, approximation theory, mathematical physics, and computational and applied harmonic analysis. This collection is based on the invited lectures by well-known contributors from the International Conference on Orthogonal Polynomials and q-Series, that was held at the University of Central Florida in Orlando, on May 10-12, 2015. The conference was dedicated to Professor Mourad Ismail on his 70th birthday. The editors strived for a volume that would inspire young researchers and provide a wealth of information in an engaging format. Theoretical, combinatorial and computational/algorithmic aspects are considered, and each chapter contains many references on its topic, when appropriate.

aliza and celina interview: The Eyes of the Queen Oliver Clements, 2020-10-27 "[A] rollicking new historical thriller...taut, made-for-movie-theater tension and delicious, snickering-from-the-back-row wit." —New York Times Book Review In this first novel of the exhilarating Agents of the Crown series, a man who will become the original MI6 agent protects England and Her Majesty Queen Elizabeth I from Spain's nefarious plan to crush the Age of the Enlightenment. After centuries locked in an endless cycle of poverty, persecution, and barbarity, Europe has finally emerged into the Age of Enlightenment. Scientists, philosophers, scholars, and poets alike believe this to be a new era of reason and hope for all. But the forces of darkness haven't completely dissipated, as Spain hunts and butchers any who dare to defy its ironclad Catholic orthodoxy. Only one nation can fight the black shadow that threatens this new age, and that is Britain, now ruled by a brilliant young Queen Elizabeth I. But although she may be brave and headstrong, Elizabeth knows she cannot win this war simply by force of arms. After her armies have been slashed in half, her treasury is on its knees. Elizabeth needs a new kind of weapon forged to fight a new kind of war, in which stealth and secrecy, not bloodshed, are the means. In this tense situation, Her Majesty's Secret Service is born with the charismatic John Dee at its head. A scholar, a soldier, and an alchemist, Dee is loyal only to the truth and to his Queen. And for her, the woman

he's forbidden from loving, he is prepared to risk his life. A visceral and heart-pumping historical thriller, *The Eyes of the Queen* is perfect for fans of Ken Follett and Dan Brown.

aliza and celina interview: *The Silver Lining* Hollye Jacobs, Elizabeth Messina, 2014-03-18 A NEW YORK TIMES BESTSELLER As a healthy, happy thirty-nine-year-old mother with no family history of breast cancer, being diagnosed with the disease rocked Hollye Jacobs's world. Having worked as a nurse, social worker, and child development specialist for fifteen years, she suddenly found herself in the position of moving into the hospital bed. She was trained as a clinician to heal. In her role as patient, the healing process became personal. Exquisitely illustrated with full-color photographs by Hollye's close friend, award-winning photographer Elizabeth Messina, *The Silver Lining* is both Hollye's memoir and a practical, supportive resource for anyone whose life has been touched by breast cancer. In the first section of each chapter, she describes with humor and wisdom her personal experience and gives details about her diagnosis, treatment, side effects, and recovery. The second section of each chapter is told from Hollye's point of view as a medical expert. In addition to providing a glossary of important terms and resources, she addresses the physical and emotional aspects of treatment, highlights what patients can expect, and provides action steps, including: What to do when facing a diagnosis How to find the best and most supportive medical team What questions to ask What to expect at medical tests How to talk with and support children How to relieve or avoid side effects How to be a supportive friend or family member How to find Silver Linings Looking for and finding Silver Linings buoyed Hollye from the time of her diagnosis throughout her double mastectomy, chemotherapy, radiation, and recovery. They gave her the balance and perspective to get her through the worst days, and they compose the soul of the book. The Silver Lining of Hollye's illness is that she can now use the knowledge gleaned from her experience to try to make it better for those who have to follow her down this difficult path. This is why she is sharing her story. Hollye is the experienced girlfriend who wants to help shed some light in the darkness, provide guidance through the confusion, and hold your hand every step of the way. At once comforting and instructive, realistic and inspiring, *The Silver Lining* is a visually beautiful, poignant must-read for everyone who has been touched by cancer.

aliza and celina interview: *The Great Mistake* Jonathan Lee, 2021-06-17 The 'Father of Greater New York' is dead. Shot outside his Park Avenue mansion in the year of our Lord, 1903. In the hour of his death, will the truth of his life finally break free? Born to a struggling farming family in 1820, Andrew Haswell Green was a self-made man who reshaped Manhattan, built Central Park and turned New York into a modern metropolis. Now, at eighty-three, when he thought the world could hold no more surprises, he is murdered. As the detective assigned to the case traces his ghost across the city, other spectres appear: a wealthy courtesan; a broken-hearted man in a bowler hat; and an ambitious politician, Samuel, whose lifelong friendship was a source of joy and frustration. In a life of industry and restraint, where is the space for love? As restlessly inventive and absorbing as its protagonist, *The Great Mistake* is the story of a city, and a singular man, transformed by longing.

aliza and celina interview: *Children of the Holocaust* Helen Epstein, 1988-10-01 I set out to find a group of people who, like me, were possessed by a history they had never lived. The daughter of Holocaust survivors, Helen Epstein traveled from America to Europe to Israel, searching for one vital thin in common: their parent's persecution by the Nazis. She found: • Gabriela Korda, who was raised by her parents as a German Protestant in South America; • Albert Singerman, who fought in the jungles of Vietnam to prove that he, too, could survive a grueling ordeal; • Deborah Schwartz, a Southern beauty queen who—at the Miss America pageant, played the same Chopin piece that was played over Polish radio during Hitler's invasion. Epstein interviewed hundreds of men and women coping with an extraordinary legacy. In each, she found shades of herself.

aliza and celina interview: *Text Analysis with R* Matthew L. Jockers, Rosamond Thalken, 2020-03-30 Now in its second edition, *Text Analysis with R* provides a practical introduction to computational text analysis using the open source programming language R. R is an extremely popular programming language, used throughout the sciences; due to its accessibility, R is now used increasingly in other research areas. In this volume, readers immediately begin working with text,

and each chapter examines a new technique or process, allowing readers to obtain a broad exposure to core R procedures and a fundamental understanding of the possibilities of computational text analysis at both the micro and the macro scale. Each chapter builds on its predecessor as readers move from small scale “microanalysis” of single texts to large scale “macroanalysis” of text corpora, and each concludes with a set of practice exercises that reinforce and expand upon the chapter lessons. The book’s focus is on making the technical palatable and making the technical useful and immediately gratifying. Text Analysis with R is written with students and scholars of literature in mind but will be applicable to other humanists and social scientists wishing to extend their methodological toolkit to include quantitative and computational approaches to the study of text. Computation provides access to information in text that readers simply cannot gather using traditional qualitative methods of close reading and human synthesis. This new edition features two new chapters: one that introduces dplyr and tidyr in the context of parsing and analyzing dramatic texts to extract speaker and receiver data, and one on sentiment analysis using the syuzhet package. It is also filled with updated material in every chapter to integrate new developments in the field, current practices in R style, and the use of more efficient algorithms.

aliza and celina interview: Macroanalysis Matthew L. Jockers, 2013-04-15 In this volume, Matthew L. Jockers introduces readers to large-scale literary computing and the revolutionary potential of macroanalysis--a new approach to the study of the literary record designed for probing the digital-textual world as it exists today, in digital form and in large quantities. Using computational analysis to retrieve key words, phrases, and linguistic patterns across thousands of texts in digital libraries, researchers can draw conclusions based on quantifiable evidence regarding how literary trends are employed over time, across periods, within regions, or within demographic groups, as well as how cultural, historical, and societal linkages may bind individual authors, texts, and genres into an aggregate literary culture. Moving beyond the limitations of literary interpretation based on the close-reading of individual works, Jockers describes how this new method of studying large collections of digital material can help us to better understand and contextualize the individual works within those collections.

aliza and celina interview: Pedagogical Translanguaging Jasone Cenoz, Durk Gorter, 2022-01-27 Learning through the medium of a second or additional language is becoming very common in different parts of the world because of the increasing use of English as the language of instruction and the mobility of populations. This situation demands a specific approach that considers multilingualism as its core. Pedagogical translanguaging is a theoretical and instructional approach that aims at improving language and content competences in school contexts by using resources from the learner's whole linguistic repertoire. Pedagogical translanguaging is learner-centred and endorses the support and development of all the languages used by learners. It fosters the development of metalinguistic awareness by softening of boundaries between languages when learning languages and content. This Element looks at the way pedagogical translanguaging can be applied in language and content classes and how it can be valuable for the protection and promotion of minority languages. This title is also available as Open Access on Cambridge Core.

aliza and celina interview: *Behavioral Inhibition* Koraly Pérez-Edgar, Nathan A. Fox, 2018-09-22 This book examines three decades of research on behavioral inhibition (BI), addressing its underlying biological, psychological, and social markers of development and functioning. It offers a theory-to-practice overview of behavioral inhibition and explores its cognitive component as well as its relationship to shyness, anxiety, and social withdrawal. The volume traces the emergence of BI during infancy through its occurrences across childhood. In addition, the book details the biological basis of BI and explores ways in which it is amenable to environmental modeling. Its chapters explore the neural systems underlying developmental milestones, address lingering questions (e.g., limitations of studying BI in laboratory settings and debatable benefits of self-regulatory processes), and provide recommendations for future research. Key areas of coverage include: Animal models of behavioral inhibition. Social functioning and peer relationships in BI. Attention mechanisms in

behavioral inhibition. BI and associative learning of fear. Behavioral inhibition and prevention of internalizing distress in early childhood. The relations between BI, cognitive control, and anxiety. Behavioral Inhibition is a must-have resource for researchers, clinicians, scientist-practitioners, and graduate students across such fields as developmental psychology, psychiatry, social work, cognitive and affective developmental neuroscience, child and school psychology, educational psychology, and pediatrics.

aliza and celina interview: An Incomplete Archive of Activist Art Sara Reisman, Anjuli Nanda Diamond, 2021-10 The two-volume publication reflects on the Rubin Foundation's art and social justice initiatives over the last six years, including thematic essays, roundtable discussions, and newly commissioned artworks. An Incomplete Archive of Artistic Activism is a publication in two volumes, documenting the Rubin Foundation's art and social justice mission, serving as a critical and educational resource for those interested in activist art practices and philanthropy. One volume highlights the emergence of a cultural shift, addressing art's role in the formation of both community and justice, featuring essays by Andre Lepecki and Lucy Lippard, thematic roundtables with cultural producers, and newly commissioned text-based artwork by Edgar Heap of Birds, Kameelah Janan Rasheed, Dread Scott, and Mierle Laderman Ukeles. The second volume documents exhibitions at The 8th Floor, the Foundation's exhibition and event space, such as In the Power of Your Care, Enacting Stillness, The Intersectional Self, and the exhibition series Revolutionary Cycles, with newly commissioned propositional texts by Mel Chin and Claudia Rankine. This compendium is conceived to be a critical resource for those interested in socially engaged art and includes contributions from leading artists, scholars, critics, and activists.

aliza and celina interview: It's Our Challenge Jonathan Mirvis, 2016-05-13 In this highly engaging, instructive and even inspirational inquiry, Jonathan Mirvis illuminates the tapestry of Jewish education innovation with the lens of the work and theory of social entrepreneurship. He tells us how and why some Jewish educational innovators succeed and how to recognize the most promising ventures in the field. This work will appeal to anyone engaged in Jewish educational change or social entrepreneurship of any kind, as it contributes to our understanding of both worlds of thought - Jewish education and the applied theory of social innovation. Professor Steven M. Cohen Research Professor of Jewish Social Policy, Hebrew Union College-Jewish Institute of Religion Jonathan Mirvis has written a provocative and invaluable tract for our times, and for the uncertain times ahead. Whether Jewish peoplehood will have any meaning for the next generation in Israel and the Diaspora, depends largely on whether Jewish education can re-invent itself. Not only for our children and grand-children, but for adults and whole communities as well. Jerry Silverman President/CEO, Jewish Federations of North America The good news is that Mirvis believes it can happen. He shows us how to build on the trailblazing initiatives of some of the visionary Jewish educators and funders who've changed the rules - and whose stories Mirvis tells with great warmth and insight. And, critically for the author, by adapting his theory of change as it applies to social entrepreneurship marketing, and the online knowledge revolution. This is not just an important book about the need for more disruptive innovation in the Jewish world; Mirvis is himself the disruptive innovator. He's brought together his wide experience in adult Jewish education internationally, his

deep immersion in Yiddishkeit, and some novel, even radical thinking about - dare we say it - how to market and sell a social product. Ever the teacher, he's given educators, funders, policy-makers, and community leaders essential homework to complete. Read this book!

aliza and celina interview: Inheriting the Holocaust Paula S. Fass, 2009 In Inheriting the Holocaust, Paula S. Fass explores her own past as the daughter of Holocaust survivors to reflect on the nature of history and memory. Her journey through time and relationships begins when she travels to Poland and locates birth certificates of the murdered siblings she never knew. Recovering her family's story provides Fass with ever more evidence for the perplexing reliability of memory, its winding path toward historical reconstruction, and a re-imagining of the role Jews played in Poland's past.

aliza and celina interview: Land Art Live Mariska van den Berg, Martine van Kampen, 2021-02-23 Flevoland has a unique collection of Land Art, including De Groene Kathedraal by Marinus Boezem, Observatorium by Robert Morris and Riff, PD#18245 by Bob Gramsma.0These Land Art works once stood in the empty polder, but are now part of a dynamic landscape transformation. Views on art and its social significance have also changed in the five decades this book covers. This raises questions about the preservation of the works and of the collection as a whole. 0'Land Art Live. The Flevoland Collection' sheds light on the Land Art in Flevoland. A younger generation of artists was asked to use performances to connect with the original meaning of the Land Art works. In addition, experts in the field of visual art, heritage and landscape provide ideas with which the future of this exceptional collection and the landscape can be shaped. Land Art Live can also be used as a guide when visiting this extraordinary open-air museum.
