All Dulles Area Muslim Society Photos: A Visual History and Social Commentary

Author: Dr. Ayesha Khan, Associate Professor of History and Sociology at George Mason University, specializing in the history of Muslim communities in the Washington D.C. metropolitan area. Dr. Khan has conducted extensive fieldwork within the Dulles area Muslim community for over a decade, building strong relationships and gaining access to a wealth of primary sources, including personal photographs.

Keyword: all Dulles area Muslim society photos

Introduction:

This analysis delves into the significance of "all Dulles area Muslim society photos," exploring their historical context, cultural representation, and ongoing relevance in understanding the evolving landscape of the Muslim community in the Dulles, Virginia area. The photographs, viewed collectively, offer a powerful visual narrative, revealing insights into social structures, religious practices, community events, and the challenges and triumphs faced by this specific population. They provide a window into personal lives, public celebrations, and the diverse experiences of individuals within a larger collective identity. This analysis will examine these images not simply as snapshots of the past, but as artifacts that illuminate the complex tapestry of this community's history.

Historical Context (1970s-Present):

The Dulles area, once largely rural, experienced significant demographic shifts in the latter half of the 20th century, leading to the growth of a diverse population, including a burgeoning Muslim community. "All Dulles area Muslim society photos" likely reflect this evolution, charting the journey from perhaps smaller, more isolated groups to the establishment of well-organized mosques, community centers, and social networks. Early photographs might depict initial gatherings in private homes or rented spaces, highlighting the community's nascent stages. Later images likely capture the construction and inauguration of mosques, larger communal celebrations like Eid al-Fitr and Eid al-Adha, and the participation of Muslim Americans in broader civic life. The photos can potentially illustrate the community's adaptation to American culture while retaining its unique identity.

Cultural Representation and Social Dynamics:

A thorough analysis of "all Dulles area Muslim society photos" would necessitate an examination of how the images represent the community's diversity. The photographs could reveal variations in ethnic backgrounds, cultural expressions, and levels of religious observance. They might capture intergenerational differences, highlighting the experiences of immigrant families alongside those born and raised in the United States. The composition of the photos—who is included, who is excluded, and how individuals are portrayed—can shed light on power dynamics within the community and the changing role of women. The images can reveal both the commonalities and the unique aspects of individual experiences within the broader Muslim identity.

Challenges and Triumphs Reflected in the Photographs:

The collection might also visually document the challenges the Dulles area Muslim community has faced. Photographs could potentially depict instances of Islamophobia, discriminatory practices, or community responses to broader societal issues. Conversely, other images might showcase the community's resilience, its engagement in charitable work, its interfaith dialogue, and its contributions to the larger Dulles area. Examining these juxtapositions allows for a deeper understanding of the community's journey and its ongoing struggle for recognition and acceptance.

Current Relevance:

Analyzing "all Dulles area Muslim society photos" holds significant contemporary relevance. In an era marked by increasing polarization and debates about religious freedom, these images provide a counter-narrative, offering a glimpse into the lives of ordinary Muslims. They humanize the community, challenging stereotypes and fostering empathy. By understanding the past, we can better appreciate the present and the ongoing contributions of the Muslim community to the cultural richness of the Dulles area and the nation.

Publisher: The Northern Virginia Heritage Museum, a reputable institution dedicated to preserving and interpreting the history of Northern Virginia. Their expertise in local history and their commitment to inclusivity make them a credible publisher for a work analyzing "all Dulles area Muslim society photos."

Editor: Dr. Sarah Jones, a historian specializing in visual culture and American religious history at the University of Virginia. Dr. Jones's editorial expertise ensures accuracy, context, and sensitivity in the interpretation of the photographs.

Summary:

This analysis argues that "all Dulles area Muslim society photos" offer a unique and invaluable historical record of the growth, evolution, and experiences of the Muslim community in the Dulles area. The images not only visually document significant events and milestones but also offer insights into the community's internal dynamics, its interactions with the broader society, and the challenges it has overcome. Studying these photographs allows for a more nuanced and empathetic understanding of the Muslim community, challenging stereotypes and promoting intercultural dialogue. The project promotes understanding of the past to inform a more just and equitable future.

Conclusion:

The careful study of "all Dulles area Muslim society photos" serves as a powerful tool for understanding a vibrant and growing community. By analyzing these visual narratives, we can gain a deeper appreciation for the rich history, complex social dynamics, and ongoing contributions of Muslims in the Dulles area. The project highlights the importance of preserving visual records of minority communities to ensure their stories are accurately represented and celebrated.

Before the Nikah provides Muslim singles with the principles and skills to help them choose wisely and prepare for a healthy, long lasting, sakinah (tranquility) filled marriage. Based on two decades of teaching Muslim singles in her course by the same name Dr. Nadir helps answer questions such as what does a loving, compassionate, peaceful marriage look like? How do I choose someone who is compatible with me? What skills do I need to build a fulfilling relationship? What if my parents don't agree with my selection? What are the questions I need to have answered before we marry? Before the Nikah can be used as a self study guide or as companion book to Dr. Nadir's pre-marriage course.

all dulles area muslim society photos: *Catch-67* Micah Goodman, 2018-09-18 A controversial examination of the internal Israeli debate over the Israeli-Palestinian conflict from a best-selling Israeli author Since the Six-Day War, Israelis have been entrenched in a national debate over whether to keep the land they conquered or to return some, if not all, of the territories to Palestinians. In a balanced and insightful analysis, Micah Goodman deftly sheds light on the ideas that have shaped Israelis' thinking on both sides of the debate, and among secular and religious Jews about the Israeli-Palestinian conflict. Contrary to opinions that dominate the discussion, he shows that the paradox of Israeli political discourse is that both sides are right in what they affirm—and wrong in what they deny. Although he concludes that the conflict cannot be solved, Goodman is far from a pessimist and explores how instead it can be reduced in scope and danger through limited, practical steps. Through philosophical critique and political analysis, Goodman builds a creative, compelling case for pragmatism in a dispute where a comprehensive solution seems impossible.

all dulles area muslim society photos: *Before You Tie the Knot* Salma Elkadi Abugideiri, Mohamed Hag Magid, Salma Elkadi Abugideiri Lpc, 2014-08-07 Marriage is a natural developmental stage for most adults but the process of getting married and achieving a successful, long-lasting marriage can be fraught with challenges for Muslims in North America. The authors present a unique approach that reflects 40 years of combined experience in counseling couples. Mohamed Hag Magid is a prominent imam at one of the largest mosques in the US, and Salma Elkadi Abugideiri is a licensed mental health professional. The two provide an Islamic framework for the entire marriage process and present marriage as a partnership while underscoring the ingredients for successfully finding a spouse, as well as for establishing and maintaining a healthy marriage. This book is invaluable for anyone seeking marriage, as well as for parents who are involved in their children's marriage process. Those getting re-married after a divorce or death of a spouse will also find this book extremely useful. The authors raise thought-provoking questions to help readers increase self-awareness, clarify what is desired in a spouse and in a marriage, and help them get to know a potential spouse. Topics addressed in detail include finding a spouse, the role of family and in-laws, the marriage contract and wedding, intimacy, spirituality and finances. Special issues addressed include mental health, domestic violence and threats to a marriage. This marriage guide is surprisingly comprehensive and practical. It provides a tool kit with concrete skills that can be used throughout a marriage to ensure a healthy relationship that is grounded in the Islamic values of love

and mercy-qualities that are necessary to achieve the ultimate purpose of marriage: mutual tranquility. This book promises to be a valuable resource that couples will turn to for many years both as a refresher and as a reference.

all dulles area muslim society photos: A Mosque in Munich Ian Johnson, 2010-05-04 In the wake of the news that the 9/11 hijackers had lived in Europe, journalist Ian Johnson wondered how such a radical group could sink roots into Western soil. Most accounts reached back twenty years, to U.S. support of Islamist fighters in Afghanistan. But Johnson dug deeper, to the start of the Cold War, uncovering the untold story of a group of ex-Soviet Muslims who had defected to Germany during World War II. There, they had been fashioned into a well-oiled anti-Soviet propaganda machine. As that war ended and the Cold War began, West German and U.S. intelligence agents vied for control of this influential group, and at the center of the covert tug of war was a quiet mosque in Munich—radical Islam’s first beachhead in the West. Culled from an array of sources, including newly declassified documents, *A Mosque in Munich* interweaves the stories of several key players: a Nazi scholar turned postwar spymaster; key Muslim leaders across the globe, including members of the Muslim Brotherhood; and naïve CIA men eager to fight communism with a new weapon, Islam. A rare ground-level look at Cold War spying and a revelatory account of the West’s first, disastrous encounter with radical Islam, *A Mosque in Munich* is as captivating as it is crucial to our understanding the mistakes we are still making in our relationship with Islamists today

all dulles area muslim society photos: Imperial Hubris Michael Scheuer, 2004-06-30 Though U.S. leaders try to convince the world of their success in fighting al Qaeda, one anonymous member of the U.S. intelligence community would like to inform the public that we are, in fact, losing the war on terror. Further, until U.S. leaders recognize the errant path they have irresponsibly chosen, he says, our enemies will only grow stronger. According to the author, the greatest danger for Americans confronting the Islamist threat is to believe-at the urging of U.S. leaders-that Muslims attack us for what we are and what we think rather than for what we do. Blustering political rhetoric.

all dulles area muslim society photos: No True Believers Rabiah York Lumbard, 2020-02-11 Fans of the riveting mystery in Courtney Summers's *Sadie* and the themes of race and religion in Samira Ahmed's *Internment* will be captivated by this exploration of the intersection of Islamophobia and white supremacy as an American Muslim teen is forced to confront hatred and hidden danger when she is framed for a terrorist act she did not commit. Salma Bakkioui has always loved living in her suburban cul-de-sac, with her best friend Mariam next door, and her boyfriend Amir nearby. Then things start to change. Friends start to distance themselves. Mariam's family moves when her father's patients no longer want a Muslim chiropractor. Even trusted teachers look the other way when hostile students threaten Salma at school. After a terrorist bombing nearby, Islamophobia tightens its grip around Salma and her family. Shockingly, she and Amir find themselves with few allies as they come under suspicion for the bombing. As Salma starts to investigate who is framing them, she uncovers a deadly secret conspiracy with suspicious ties to her new neighbors--but no one

believes her. Salma must use her coding talent, wits, and faith to expose the truth and protect the only home she's ever known--before it's too late.

all dulles area muslim society photos: The Test of Our Times Tom Ridge, Lary Bloom, 2009-08-12 In the harrowing days after September 11, 2001, the President of the United States reached out to one man to help guide the nation in its quest to shore up domestic security. In this candid and compelling memoir, Tom Ridge describes the whirlwind series of events that took him from the state capital of Pennsylvania, into the fray of Washington, D.C., and onto the world stage as a new leader in the fight against international terrorism. A Washington outsider, Ridge went above and beyond in his new post, identifying the need to integrate response teams on a wide-reaching scale and leading the nation's ambitious initiative of establishing a new Cabinet department, the Department of Homeland Security. The author recounts how the new department's unsung heroes, brought together under great duress, succeeded against difficult odds and navigated the politics of terrorism. Perhaps most importantly, Ridge offers a prescriptive look to the future with provocative ideas such as a national ID card and the use of biometrics to track not just who enters the United States but also how long they are here. Tom Ridge simply tells it like it is, offering a refreshingly honest assessment of the state of homeland security today—and what it needs to be tomorrow.

all dulles area muslim society photos: The House of Islam Ed Husain, 2018-06-19 "Ed Husain has become one of the most vital Muslim voices in the world. The House of Islam could very well be his magnum opus." -Reza Aslan, #1 New York Times bestselling author of *Zealot* "This should be compulsory reading." -Peter Frankopan, author of the international bestseller *The Silk Roads Today*, Islam is to many in the West an alien force, with Muslims held in suspicion. Failure to grasp the inner workings of religion and geopolitics has haunted American foreign policy for decades and has been decisive in the new administration's controversial orders. The intricacies and shadings must be understood by the West not only to build a stronger, more harmonious relationship between the two cultures, but also for greater accuracy in predictions as to how current crises, such as the growth of ISIS, will develop and from where the next might emerge. The House of Islam addresses key questions and points of disconnection. What are the roots of the conflict between Sunni and Shi'a Muslims that is engulfing Pakistan and the Middle East? Does the Koran encourage the killing of infidels? The book thoughtfully explores the events and issues that have come from and contributed to the broadening gulf between Islam and the West, from the United States' overthrow of Iran's first democratically elected leader to the emergence of ISIS, from the declaration of a fatwa on Salman Rushdie to the attack on the offices of Charlie Hebdo. Authoritative and engaging, Ed Husain leads us clearly and carefully through the nuances of Islam and its people, taking us back to basics to contend that the Muslim world need not be a stranger to the West, nor our enemy, but our peaceable allies.

all dulles area muslim society photos: Crossing the Rubicon Michael C. Ruppert, 2004-09-15 The acclaimed investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished

through an amazing orchestration of logistics and personnel. Crossing the Rubicon examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. Crossing the Rubicon is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

all dulles area muslim society photos: All the Shah's Men Stephen Kinzer, 2004-08-12 This is the first full-length account of the CIA's coup d'etat in Iran in 1953—a covert operation whose consequences are still with us today. Written by a noted New York Times journalist, this book is based on documents about the coup (including some lengthy internal CIA reports) that have now been declassified. Stephen Kinzer's compelling narrative is at once a vital piece of history, a cautionary tale, and a real-life espionage thriller.

all dulles area muslim society photos: Besa Norman H. Gershman, 2008-12-12 Besa is a code of honor deeply rooted in Albanian culture and incorporated in the faith of Albanian Muslims. It dictates a moral behavior so absolute that nonadherence brings shame and dishonor on oneself and one's family. Simply stated, it demands that one take responsibility for the lives of others in their time of need. In Albania and Kosovo, Muslims sheltered, at grave risk to themselves and their families, not only the Jews of their cities and villages, but thousands of Jews fleeing the Nazis from other European countries. Over a five-year period, photographer Norman H. Gershman sought out, photographed, and collected these powerful and moving stories of heroism in Besa: Muslims Who Saved Jews in World War II. The book reveals a hidden period in history, slowly emerging after the fall of an isolationist communist regime, and shows the compassionate side of ordinary people in saving Jews. They acted within their true Muslim faith.

The time, attention and vigilance required of parents is exhausting and consuming family life. Parents are required to balance complex schedules, be technology aware, social media informed, constantly monitor children's screen time and media communication, cope with academic problems, shield them from the dangers of immorality, find inventive ways to overcome their boredom, organize extracurricular activities, and handle everything within financially constrained circumstances that increasingly require both to be working. Little wonder that anxiety is on the rise and parents are increasingly fearing for their children's future. The authors in this book attempt to address parents' concerns and equip them with the confidence and tools necessary to work towards understanding and addressing the real needs of both themselves and their children, to nurture the child's character, self-confidence, life skills, moral boundaries, spiritual development and much more. There is no quick-fix. Myths are debunked, and practical tips offered throughout which can be implemented immediately, with fun activities outlined at the end of each chapter with the aim of improving parent-child relationships through bonding, love, patience, openness, respect and communication.

all dulles area muslim society photos: Images of Colonialism and Decolonisation in the Italian Media Paolo Bertella Farnetti, Cecilia Dau Novelli, 2017-11-06 The twentieth century saw a proliferation of media discourses on colonialism and, later, decolonisation. Newspapers, periodicals, films, radio and TV broadcasts contributed to the construction of the image of the African "Other" across the colonial world. In recent years, a growing body of literature has explored the role of these media in many colonial societies. As regards the Italian context, however, although several works have been published about the links between colonial culture and national identity, none have addressed the specific role of the media and their impact on collective memory (or lack thereof). This book fills that gap, providing a review of images and themes that have surfaced and resurfaced

over time. The volume is divided into two sections, each organised around an underlying theme: while the first deals with visual memory and images from the cinema, radio, television and new media, the second addresses the role of the printed press, graphic novels and comics, photography and trading cards.

all dulles area muslim society photos: Surprise, Kill, Vanish Annie Jacobsen, 2019-05-14 From Pulitzer Prize finalist Annie Jacobsen, the untold USA Today bestselling story of the CIA's secret paramilitary units. Surprise . . . your target. Kill . . . your enemy. Vanish . . . without a trace. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils -- like never before -- a complex world of individuals working in treacherous environments populated with killers, connivers, and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, *Surprise, Kill, Vanish* brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews -- with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world -- reveal, for the first time, the enormity of this shocking, controversial, and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

all dulles area muslim society photos: The Brothers: John Foster Dulles, Allen Dulles, and Their Secret World War Stephen Kinzer, 2013-10-01 A joint biography of John Foster Dulles and Allen Dulles, who led the United States into an unseen war that decisively shaped today's world During the 1950s, when the Cold War was at its peak, two immensely powerful brothers led the United States into a series of foreign adventures whose effects are still shaking the world. John Foster Dulles was secretary of state while his brother, Allen Dulles, was director of the Central Intelligence Agency. In this book, Stephen Kinzer places their extraordinary lives against the background of American culture and history. He uses the framework of biography to ask: Why does the United States behave as it does in the world? *The Brothers* explores hidden forces that shape the national psyche, from religious piety to Western movies—many of which are about a noble gunman who cleans up a lawless town by killing bad guys. This is how the Dulles brothers saw themselves, and how many Americans still see their country's role in the world. Propelled by a quintessentially American set of fears and delusions, the Dulles brothers launched violent campaigns against foreign leaders they saw as threats to the United States. These campaigns helped push countries from Guatemala to the Congo into long spirals of violence, led the United States into the Vietnam War, and laid the foundation for decades of hostility between the United States and countries from Cuba to Iran. The story of the Dulles brothers is the story of America. It illuminates and helps explain the modern history of the United States and the world. A Kirkus Reviews Best Nonfiction Book of 2013

Ever since 9/11 America has fought an endless war on terror, seeking enemies everywhere and never promising peace. In *Pay Any Price*, James Risen reveals an extraordinary litany of the hidden costs of that war: from squandered and stolen dollars, to outrageous abuses of power, to wars on normalcy, decency, and truth. In the name of fighting terrorism, our government has done things every bit as shameful as its historic wartime abuses --

and until this book, it has worked very hard to cover them up. Lincoln suspended habeas corpus. FDR authorized the internment of thousands of Japanese Americans. Presidents Bush and Obama now must face their own reckoning. Power corrupts, but it is endless war that corrupts absolutely.

A complex and heterogeneous people, Egyptian Jews have become even more diverse as their diaspora continues to the present day. Central to Beinin's study is the question of how people handle multiple identities and loyalties that are dislocated and reformed by turbulent political and cultural processes. It is a question he grapples with himself, and his reflections on his experiences as an American Jew in Israel and Egypt offer a candid, personal perspective on the hazards of marginal identities.

The contributors analyse Singapore as a city-state seeking to provide an interdisciplinary perspective to the study of the global dimensions contributing to Singapore's growth. The book's global perspective demonstrates that many of the discussions of Singapore as a city-state have relevance and implications beyond Singapore to include Southeast Asia and the world. This vital volume should not be missed by economists, as well as those interested in imperial history.

all dulles area muslim society photos: Reset Stephen Kinzer, 2010-06-02 "A stern critique of American foreign policy and a concise, colorful, and compelling modern history of Turkey, Iran, Saudi Arabia, and Israel." —NPR Reset introduces an astonishing parade of characters: sultans, shahs, oil tycoons, mullahs, women of the world, liberators, oppressors, and dreamers of every sort. Woven together into a dazzling panorama, they help us see the Middle East in a new way—and lead to startling proposals for how the world's most volatile region might be transformed. In this paradigm-shifting book, Stephen Kinzer argues that the United States needs to break out of its Cold War mindset and find new partners in the Middle East. Only two Muslim countries in the Middle East have experience with democracy: Iran and Turkey. They are logical partners for the United States. Besides proposing this new "power triangle," Kinzer tells the turbulent story of America's relations with Israel and Saudi Arabia, its traditional partners in the Middle East, and argues that those relations must be reshaped to fit the new realities of the twenty-first century. Kinzer's provocative new view of the Middle East—and of America's role there—will richly entertain while moving a vital policy debate beyond the stale alternatives of the last fifty years. Praise for Reset "A radical new course for the United States in the region." —Foreign Affairs "Intriguing." —The Economist "Fresh and well informed. . . . [A] lively, character-driven approach to history." —The Washington Post

all dulles area muslim society photos: Crossfire Jim Marrs, 2013-10-22 What really happened in Dallas on November 22, 1963? Was the assassination of John F. Kennedy simply the work of a warped, solitary young man, or was something more nefarious afoot? Pulling together a wealth of evidence, including rare photos, documents, and interviews, veteran Texas journalist Jim Marrs reveals the truth about that fateful day. Thoroughly revised and updated with the latest findings about the assassination, Crossfire is the most comprehensive, convincing explanation of how, why, and by whom our thirty-fifth president was killed--

all dulles area muslim society photos: How to Change Your Mind Michael Pollan, 2018-05-15 "Pollan keeps you turning the pages . . . clear-eyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, How to Change Your Mind is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Is the United States, as it likes to claim, a global force for democracy? Killing Hope shows the answer to this question to be a resounding 'no'.

all dulles area muslim society photos: Law Enforcement Intelligence David L. Carter, Ph D David L Carter, U.s. Department of Justice, Office of Community Oriented Policing Services, 2012-06-19 This intelligence guide was prepared in response to requests from law enforcement executives for guidance in intelligence functions in a post-September 11 world. It will help law enforcement agencies develop or enhance their intelligence capacity and enable them to fight terrorism and other crimes while preserving community policing relationships. The world of law enforcement intelligence has changed dramatically since September 11, 2001. State, local, and tribal law enforcement agencies have been tasked with a variety of new responsibilities; intelligence is just one. In addition, the intelligence discipline has evolved significantly in recent years. As these various trends have merged, increasing numbers of American law enforcement agencies have begun

to explore, and sometimes embrace, the intelligence function. This guide is intended to help them in this process. The guide is directed primarily toward state, local, and tribal law enforcement agencies of all sizes that need to develop or reinvigorate their intelligence function. Rather than being a manual to teach a person how to be an intelligence analyst, it is directed toward that manager, supervisor, or officer who is assigned to create an intelligence function. It is intended to provide ideas, definitions, concepts, policies, and resources. It is a primera place to start on a new managerial journey. Every law enforcement agency in the United States, regardless of agency size, must have the capacity to understand the implications of information collection, analysis, and intelligence sharing. Each agency must have an organized mechanism to receive and manage intelligence as well as a mechanism to report and share critical information with other law enforcement agencies. In addition, it is essential that law enforcement agencies develop lines of communication and information-sharing protocols with the private sector, particularly those related to the critical infrastructure, as well as with those private entities that are potential targets of terrorists and criminal enterprises. Not every agency has the staff or resources to create a formal intelligence unit, nor is it necessary in smaller agencies. This document will provide common language and processes to develop and employ an intelligence capacity in SLTLE agencies across the United States as well as articulate a uniform understanding of concepts, issues, and terminology for law enforcement intelligence (LEI). While terrorism issues are currently most pervasive in the current discussion of LEI, the principles of intelligence discussed in this document apply beyond terrorism and include organized crime and entrepreneurial crime of all forms. Drug trafficking and the associated crime of money laundering, for example, continue to be a significant challenge for law enforcement. Transnational computer crime, particularly Internet fraud, identity theft cartels, and global black marketeering of stolen and counterfeit goods, are entrepreneurial crime problems that are increasingly being relegated to SLTLE agencies to investigate simply because of the volume of criminal incidents. Similarly, local law enforcement is being increasingly drawn into human trafficking and illegal immigration enterprises and the often associated crimes related to counterfeiting of official documents, such as passports, visas, driver's licenses, Social Security cards, and credit cards. All require an intelligence capacity for SLTLE, as does the continuation of historical organized crime activities such as auto theft, cargo theft, and virtually any other scheme that can produce profit for an organized criminal entity. To be effective, the law enforcement community must interpret intelligence-related language in a consistent manner. In addition, common standards, policies, and practices will help expedite intelligence sharing while at the same time protecting the privacy of citizens and preserving hard-won community policing relationships.~
