"Austin Channing Brown introduces herself as a master memoirist. This book will break open hearts and minds."—Glennon Doyle, #1 New York Times bestselling author of Untamed Austin Channing Brown's first encounter with a racialized America came at age seven, when she discovered her parents named her Austin to deceive future employers into thinking she was a white man. In a time when nearly every institution (schools, churches, universities, businesses) claims to value diversity in its mission statement, Austin writes in breathtaking detail about her journey to self-worth and the pitfalls that kill our attempts at racial justice. Her stories bear witness to the complexity of America's social fabric—from Black Cleveland neighborhoods to private schools in the middle-class suburbs, from prison walls to the boardrooms at majority-white organizations. For readers who have engaged with America's legacy on race through the writing of Ta-Nehisi Coates and Michael Eric Dyson, I'm Still Here is an illuminating look at how white, middle-class, Evangelicalism has participated in an era of rising racial hostility, inviting the reader to confront apathy, recognize God's ongoing work in the world, and discover how blackness—if we let it—can save us all.

In the 15th century, an orphan named Anna lives inside the formidable walls of Constantinople. Outside the walls is Omeir, a village boy, conscripted with his beloved oxen into the army that will lay siege to the city. His path and Anna's will cross. Tucked among the library shelves is a bomb, planted by a troubled, idealistic teenager, Seymour. This is another siege. And in a not-so-distant future, on the interstellar ship *Argos*, Konstance is alone in a vault, copying on scraps of sacking the story of Aethon, told to her by her father. Anna, Omeir, Seymour, Zeno, and Konstance are dreamers and outsiders whose lives are

gloriously intertwined. Doerr's dazzling imagination transports us to worlds so dramatic and immersive that we forget, for a time, our own.

ONE OF THE BEST BOOKS OF THE YEAR: PopSugar You can't ever know for sure what happens behind closed doors. Everyone from Wakarusa, Indiana, remembers the infamous case of January Jacobs, who was discovered in a ditch hours after her family awoke to find her gone. Margot Davies was six at the time, the same age as January—and they were next-door neighbors. In the twenty years since, Margot has grown up, moved away, and become a big-city journalist. But she's always been haunted by the feeling that it could've been her. And the worst part is, January's killer has never been brought to justice. When Margot returns home to help care for her uncle after he is diagnosed with early-onset dementia, she feels like she's walked into a time capsule. Wakarusa is exactly how she remembers—genial, stifled, secretive. Then news breaks about five-year-old Natalie Clark from the next town over, who's gone missing under circumstances eerily similar to January's. With all the old feelings rushing back, Margot vows to find Natalie and to solve January's murder once and for all. But the police, Natalie's family, the townspeople—they all seem to be hiding something. And the deeper Margot digs into Natalie's disappearance, the more resistance she encounters, and the colder January's case feels. Could January's killer still be out there? Is it the same person who took Natalie? And what will it cost to finally discover what truly happened that night twenty years ago? Twisty, chilling, and intense, All Good People Here is a searing tale that asks: What are your neighbors capable of when they think no one is watching?

all good people here book club questions: *The Humans* Matt Haig, 2013-07-02 The bestselling, award-winning author of *The Midnight Library* offers his funniest, most devastating dark comedy yet, a “silly, sad, suspenseful, and soulful” (Philadelphia Inquirer) novel that’s “full of heart” (Entertainment Weekly). When an extra-terrestrial visitor arrives on Earth, his first impressions of the human species are less than positive. Taking the form of Professor Andrew Martin, a prominent mathematician at Cambridge University, the visitor is eager to complete the gruesome task assigned him and hurry home to his own utopian planet, where everyone is omniscient and immortal. He is disgusted by the way humans look, what they eat, their capacity for murder and war, and is equally baffled by the concepts of love and family. But as time goes on, he starts to realize there may be more to this strange species than he had thought. Disguised as Martin, he drinks wine, reads poetry, develops an ear for rock music, and a taste for peanut butter. Slowly, unexpectedly, he forges bonds with Martin's family. He begins to see hope and beauty in the humans' imperfection, and begins to question the very mission that brought him there. Praised by The New York Times as a “novelist of great seriousness and talent,” author Matt Haig delivers an unlikely story about human nature and the joy found in the messiness of life on Earth. *The Humans* is a funny, compulsively readable tale that playfully and movingly explores the ultimate subject—ourselves.

I often wonder if we are living the wrong life in the wrong country. Talia is being held at a correctional facility for adolescent girls in the forested mountains of Colombia after committing an impulsive act of violence that may or may not have been warranted. She urgently needs to get out and get back home to Bogotá, where her father and a plane ticket to the United States are waiting for her. If she misses her flight, she might also miss her chance to finally be reunited with her family. How this family came to occupy two different countries, two different worlds, comes into focus like twists of a kaleidoscope. We see Talia's parents, Mauro and Elena, fall in love in a market stall as teenagers against a backdrop of civil war and social unrest. We see them leave Bogotá with their firstborn, Karina, in pursuit of safety and opportunity in the United States on a temporary visa, and we see the births of two more children, Nando and Talia, on American soil. We witness the decisions and indecisions that lead to Mauro's deportation and the family's splintering—the costs they've all been living with ever since. all good people here book club questions: *Loving Frank* Nancy Horan, 2007-08-07 I have been standing on the side of life, watching it float by. I want to swim in the river. I want to feel the current. So writes Mamah Borthwick Cheney in her diary as she struggles to justify her clandestine love affair with Frank Lloyd Wright. Four years earlier, in 1903, Mamah and her husband, Edwin, had commissioned the renowned architect to design a new home for them. During the construction of the house, a powerful attraction developed between Mamah and Frank, and in time the lovers, each married with children, embarked on a course that would shock Chicago society and forever change their lives. In this ambitious debut novel, fact and fiction blend together brilliantly. While scholars have largely relegated Mamah to a footnote in the life of America's greatest architect, author Nancy Horan gives full weight to their dramatic love story and illuminates Cheney's profound influence on Wright. Drawing on years of research, Horan weaves little-known facts into a compelling narrative, vividly portraying the conflicts and struggles of a woman forced to choose

between the roles of mother, wife, lover, and intellectual. Horan's Mamah is a woman seeking to find her own place, her own creative calling in the world. Mamah's is an unforgettable journey marked by choices that reshape her notions of love and responsibility, leading inexorably ultimately lead to this novel's stunning conclusion. Elegantly written and remarkably rich in detail, *Loving Frank* is a fitting tribute to a courageous woman, a national icon, and their timeless love story. **BONUS:** This edition includes an excerpt from Nancy Horan's *Under the Wide and Starry Sky*. Advance praise for *Loving Frank*: "Loving Frank is one of those novels that takes over your life. It's mesmerizing and fascinating—filled with complex characters, deep passions, tactile descriptions of astonishing architecture, and the colorful immediacy of daily life a hundred years ago—all gathered into a story that unfolds with riveting urgency." —Lauren Belfer, author of *City of Light* "This graceful, assured first novel tells the remarkable story of the long-lived affair between Frank Lloyd Wright, a passionate and impossible figure, and Mamah Cheney, a married woman whom Wright beguiled and led beyond the restraint of convention. It is engrossing, provocative reading." —Scott Turow "It takes great courage to write a novel about historical people, and in particular to give voice to someone as mythic as Frank Lloyd Wright. This beautifully written novel about Mamah Cheney and Frank Lloyd Wright's love affair is vivid and intelligent, unsentimental and compassionate." —Jane Hamilton "I admire this novel, adore this novel, for so many reasons: The intelligence and lyricism of the prose. The attention to period detail. The epic proportions of this most fascinating love story. Mamah Cheney has been in my head and heart and soul since reading this book; I doubt she'll ever leave." —Elizabeth Berg

all good people here book club questions: *No Cure for Being Human* Kate Bowler, 2021-09-30 ***A SUNDAY TIMES AND INDEPENDENT BOOK OF THE YEAR AND INSTANT NEW YORK TIMES BESTSELLER*** The bestselling author of *Everything Happens for a Reason* (And Other Lies I've Loved) asks, how do you move forward with a life you didn't choose? Hailed by Glennon Doyle as 'the Christian Joan Didion', Kate Bowler used to accept the modern idea that life is an endless horizon of possibilities, a series of choices which if made correctly, would lead us to a place just out of our reach. A beach body by summer. A trip to Disneyland around the corner. A promotion on the horizon. But then at thirty-five she was diagnosed with stage IV colon cancer, and now she has to ask one of the most fundamental questions of all: How do we create meaning in our lives when the life we hoped for is put on hold indefinitely? In *No Cure for Being Human*, Kate searches for a way forward as she mines the wisdom (and absurdity) of our modern 'best life now' advice industry, which offers us exhausting positivity, trying to convince us that we can out-eat, out-learn and out-perform our humanness. With dry wit and unflinching honesty she grapples with her cancer diagnosis, her ambition and her faith and searches for some kind of peace with her limitations in a culture that says that anything is possible. Frank and funny, dark and wise, Kate's irreverent, hard-won observations in *No Cure For Being Human* chart a bold path towards learning new ways to live.
