all india bar exam dates: Institutional Competition between Common Law and Civil Law Michèle Schmiegelow, Henrik Schmiegelow, 2014-05-27 This book addresses two countervailing challenges to theory and policy in law and economics. The first is the rise of legal origins theory, which denies the comparative law view of convergence between common law and civil law by the assertion of an economic superiority of common law. The second is the series of economic crises in the very financial markets on which that assertion was based. Both trends unsettled certainties about the rule of law and institutional economics. Meeting legal origins theory in its main areas of political science, sociology and economics, the book extends the interdisciplinary reach to neglected aspects of comparative law, legal history, dynamic econometric analysis and quasi-natural experiments with counterfactual evidence of different institutional regimes in divided countries. These combined methodological tools make tests of the economic impact of different legal origins much more reliable. This is shown for developed and newly industrialized countries as well as developing, transforming and emerging countries with or without financial center advantage, affected or not by financial crises. The Asian financial crises and the American subprime crisis have been, or could have been resolved using the resources of common law or civil law. These cases and data on access to justice in Africa, Asia and Latin America reveal the problem of substantive law remaining law on the books without efficient procedural rules and judicial structures. The single most striking common law-civil law divide is that lawyer-dominated common law procedure is slower and costlier than judge-managed civil law procedure. Countries as diverse as the Netherlands, Japan, and China show functional interaction between culture and law in legal reforms. Such interaction can reduce the occurrence of legal disputes as well as facilitate their resolution. It can use economic crises as catalysts for legal reforms or rely on regional integration, and it should replace the discredited method of legal transplants by sustained dialogue between legal advisors and all actors involved in legal reforms.

all india bar exam dates: Accidental Feminism Swethaa S. Ballakrishnen, 2021-01-12

Exploring the unintentional production of seemingly feminist outcomes In India, elite law firms offer a surprising oasis for women within a hostile, predominantly male industry. Less than 10 percent of the country's lawyers are female, but women in the most prestigious firms are significantly represented both at entry and partnership. Elite workspaces are notorious for being unfriendly to new actors, so what allows for aberration in certain workspaces? Drawing from observations and interviews with more than 130 elite professionals, *Accidental Feminism* examines how a range of underlying mechanisms—gendered socialization and essentialism, family structures and dynamics, and firm and regulatory histories—afford certain professionals egalitarian outcomes that are not available to their local and global peers. Juxtaposing findings on the legal profession with those on elite consulting firms, Swethaa Ballakrishnen reveals that parity arises not from a commitment to create feminist organizations, but from structural factors that incidentally come together to do gender differently. Simultaneously, their research offers notes of caution: while conditional convergence may create equality in ways that more targeted endeavors fail to achieve, "accidental" developments are hard to replicate, and are, in this case, buttressed by embedded inequalities. Ballakrishnen examines whether gender parity produced without institutional sanction should still be considered feminist. In offering new ways to think about equality movements and outcomes, *Accidental Feminism* forces readers to critically consider the work of intention in progress narratives.

all india bar exam dates: A Textbook of Legal Studies for Class XII Kirthana Singh Khurana, Surendra Pal Singh, 2021-07-01 A Textbook of Legal Studies for Class XII In the last few decades, India has not only showcased itself as the world's largest democracy but also exhibited the resilience of its institutions and the fortitude of its governance benchmarks. As India pursues a leadership position in the world community, the need for a rule-of-law society has become a necessary pre-condition. A compliant and law-abiding citizenry alone can build the requisite ecosystem for a nation to surge ahead. This calls for a greater legal literacy amongst its masses to enhance their understanding of public affairs as well their entitlements and duties as citizens. In the long run, this can also potentially eradicate the ethics deficit in society. Structured training in law not only helps the youth challenge their thought process and nurture analytical and negotiation skills but also prepares them for myriad opportunities and exciting career options. No wonder, in the last few years, apart from offering the traditional career in litigation, the law has established itself into fields like public service, academics, research, public policy, journalism, and various other emerging streams. To cater to this burgeoning demand for trained legal professionals, India has seen a tremendous growth of institutions like the National Law Universities and many private universities offering law courses, in addition to the expansion of the existing facilities. Central Board of Secondary Education's decision to introduce 'Legal Studies' as an elective subject, in the year 2013-14 for the Class XI students and in the year 2014-15 for the Class XII students, could not have

come at a better time. It is a testimony to the realisation that the introduction of an important subject like Legal Studies at an early stage can do wonders for the students who plan a career in the field of law. Even for those who may pursue other careers, their intellectual strength and the problem-solving abilities will be enhanced through the study of law. This book is a humble attempt to make a student's first interface with the law as a subject an elevating experience. Care has been taken to make the presentation of the text simple and reader-friendly. The various units of the book, while meeting the requirements of the prescribed syllabus, offer comprehensive coverage of the aspects of law that have been covered. Important legal terms have been meticulously explained with examples to help the students develop a clear understanding about them. All relevant cases have been duly cited, and it has been ensured that the text comprises the latest information about the incorporated content. PREFACE Authors are confident that the book shall be extremely useful for the students of Class XII in developing a clear understanding of the various critical facets of law. They can also benefit immensely from the tips given by the authors for preparing for the examinations and scoring well. The book also has the potential to become a foundational text in the hands of those seeking a basic understanding of the Indian legal system. Our sincere thanks to Dr. B.L. Babel, retired District and Sessions Judge and an acclaimed author of innumerable law books, and Dr. Anil Kaushik, former Dean, Faculty of Law, M.G.S. University, Bikaner, and presently, Principal, S.D. Law (P.G.) College, Sri Ganganagar, Rajasthan, for guiding us in the development of the text. Special thanks to Mr. Sanjay Sardana and Mr. Sankalp Sardana of the Manav Mangal Group of Schools for helping us develop a perspective about the students' expectations from the book. We would like to express our deep gratitude to Prof. Ramesh Arora and Mrs. Priyanka Sapra for their mentoring and consistent motivation in all our endeavours. We are deeply indebted to the publishers, Goyal Brothers Prakashan, particularly Mr. Suresh Goyal and his dedicated team for making this book a reality despite all the impediments posed by the pandemic. Their efforts in enhancing the presentation of the book are sincerely acknowledged. The authors shall also like to register their profound appreciation for the outstanding academic and research environment at the O.P. Jindal Global University, Sonipat, which helped in the conception and development of this book. In particular, the suggestions from a few students turned out to be invaluable in the development of this work, for which the authors shall remain indebted. Human efforts, however ingenious, are at best attempts seeking excellence and are liable to suffer from infirmities. We look forward to the feedback from our readers and shall be ever so keen to learn from their views and acknowledge the same appropriately. Last but by no reckoning the least, the authors would like to thank all their friends and family members profusely for their encouragement and constant support.
