Among the most celebrated and beloved novels of recent times, *Cloud Cuckoo Land* is a triumph of imagination and compassion, a soaring story about children on the cusp of adulthood in worlds in

peril, who find resilience, hope, and a book. In the 15th century, an orphan named Anna lives inside the formidable walls of Constantinople. She learns to read, and in this ancient city, famous for its libraries, she finds what might be the last copy of a centuries-old book, the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky. Outside the walls is Omeir, a village boy, conscripted with his beloved oxen into the army that will lay siege to the city. His path and Anna's will cross. In the present day, in a library in Idaho, octogenarian Zeno rehearses children in a play adaptation of Aethon's story, preserved against all odds through centuries. Tucked among the library shelves is a bomb, planted by a troubled, idealistic teenager, Seymour. This is another siege. And in a not-so-distant future, on the interstellar ship Argos, Konstance is alone in a vault, copying on scraps of sacking the story of Aethon, told to her by her father. Anna, Omeir, Seymour, Zeno, and Konstance are dreamers and outsiders whose lives are gloriously intertwined. Doerr's dazzling imagination transports us to worlds so dramatic and immersive that we forget, for a time, our own.

all the light we cannot see ebook: Anthem Ayn Rand, 2021-07-07 About this Edition This 2021-2022 Digital Student Edition of Ayn Rand's *Anthem* was created for teachers and students receiving free novels from the Ayn Rand Institute, and includes a historic Q&A with Ayn Rand that cannot be found in any other edition of *Anthem*. In this Q&A from 1979, Rand responds to questions about *Anthem* sent to her by a high school classroom. About *Anthem* *Anthem* is Ayn Rand's “hymn to man's ego.” It is the story of one man's rebellion against a totalitarian, collectivist society. Equality 7-2521 is a young man who yearns to understand “the Science of Things.” But he lives in a bleak, dystopian future where independent thought is a crime and where science and technology have regressed to primitive levels. All expressions of individualism have been suppressed in the world of *Anthem*; personal possessions are nonexistent, individual preferences are condemned as sinful and romantic love is forbidden. Obedience to the collective is so deeply ingrained that the very word “I” has been erased from the language. In pursuit of his quest for knowledge, Equality 7-2521 struggles to answer the questions that burn within him — questions that ultimately lead him to uncover the mystery behind his society's downfall and to find the key to a future of freedom and progress. *Anthem* anticipates the theme of Rand's first best seller, *The Fountainhead*, which she stated as “individualism versus collectivism, not in politics, but in man's soul.”

personal files. First in line is a stunning case that spanned thirty years and took a determined detective to four states—ending, finally, in Alaska—where he unraveled not one but two murders. A second case appears to begin and end with the hunt for the Green River Killer, focusing on a Washington State man who was once cleared as a suspect in that deadly chain of homicides. But the millionaire property owner believed he had successfully buried his own murderous past and the awful truth behind his young wife's disappearance. She vanished soon after she left for a day at the Seattle World's Fair, and her three small children grew up believing their mother had abandoned them. But one amazing witness remained—the missing woman's best friend, who heard her last words in a frantic phone call—"He's coming!"—before the line went dead. all the light we cannot see ebook: *Land of My Ancestors* Botlhale Tema, 2019-02-01 While working on the UNESCO Slave Route project in the early 2000s, Botlhale Tema discovered the extraordinary fact that her highly educated family from the farm Welgeval in the Pilanesberg had originated with two young men who had been child slaves in the mid-nineteenth century. She pieced together the fragments of information from relatives and community members, and scoured the archives to produce this book. *Land of My Ancestors*, previously published as *The People of Welgeval*, tells the story of the two young men and their descendants, as they build a life for themselves on Welgeval. As they raise their families and take in people who have been dispossessed, we follow the births, deaths, adventures and joys of the farm's inhabitants in their struggle to build a new community. Set against the backdrop of slavery, colonialism, the Anglo-Boer War and the rise of apartheid, this is a fascinating and insightful retelling of history. It is an inspiring story about friendship and family, landownership and learning, and about how people transform themselves from victims to victory. A new prologue and epilogue give more historical context to the narrative and tell the story of the land claim involving the farm, which happened after the book's original publication.

all the light we cannot see ebook: *All the Light We Cannot See* Elite Summaries, 2016-06-19 *All The Light We Cannot See*: by Anthony Doerr | Summary & Analysis A Smarter You In 15 Minutes... What is your time worth? This is not just another novel about World War 2. This is a story that contrast the magical innocence of children with the cruelty and violence of adults; it is a story richly fixed in placed with entrancing metaphors that challenge all the senses; it is a story that explores the choice between a desire to be morally good, whilst clinging to survival. The novel is told through the alternating narratives of two children: Marie Laure, a 14-year-old blind girl forced to flee Paris when the Nazis invaded and Werner, a gadget-loving radio builder enlisted by Hitler Youth to track the movements of the French resistance. The two narratives entwine until the stories intersect in Saint-Malo, a French, walled citadel by the sea. Marie-Laure becomes blind at the age of 6. Her father, a master of the thousand locks at the Museum of Natural History, builds her a model of the neighbourhood to help her find her way around. When the war catches up with the pair they flee to Marie-Laure's great-Uncle's house with a beautiful but dangerous gem. Werner begins the story in a brutal camp for Hitler Youth and soon becomes aware of the cost of the intelligence and soon he is sent on a mission to Saint-Malo, where his story catches up with the young French girl. Both children strive to be good people in evil times, in deprived and dangerous conditions, they show how there is still hope.
