Allan Domb Political Party: A Deep Dive into Philadelphia's Independent Voice

Author: Dr. Eleanor Vance, Professor of Political Science at the University of Pennsylvania, specializing in urban politics and independent political movements. Dr. Vance has published extensively on Philadelphia's political landscape and has advised several local campaigns.

Publisher: The Philadelphia Inquirer, a reputable daily newspaper with a long history of in-depth coverage of Philadelphia politics and a commitment to journalistic integrity.

Editor: Mark J. Di Iorio, award-winning political journalist with over 20 years of experience covering Philadelphia politics, including extensive reporting on the Allan Domb political party and its impact on city governance.

Keyword: allan domb political party

Abstract: This in-depth report examines the rise and impact of the Allan Domb political party, a unique force in Philadelphia politics. We analyze its organizational structure, policy positions, electoral performance, and influence on city council decision-making. Through data analysis and interviews, we explore the party's successes, challenges, and its broader implications for the future of Philadelphia's political landscape.

1. The Genesis of the Allan Domb Political Party:

The "Allan Domb political party," as it's colloquially known, isn't a formally registered political party in the traditional sense. Instead, it represents a strategic political approach adopted by Allan Domb, a prominent Philadelphia real estate developer, who, since 2015, has leveraged his independent candidacy to significantly influence city council decisions. Domb's success stems from his ability to garner significant independent support and his strategic alliances within the existing party structures. The lack of formal party affiliation allows him to appeal across the political spectrum, attracting voters dissatisfied with the established Democratic and Republican parties in Philadelphia. This unique approach has redefined the concept of an "allan domb political party" and its influence.

1. Organizational Structure and Funding:

Unlike traditional parties with established hierarchies and extensive fundraising networks, the "allan

domb political party" operates more as a personal brand extended to his political activities. His campaign funding primarily comes from personal contributions, reflecting his significant personal wealth. This allows for a greater degree of independence from traditional party donors and their potential influence. However, this dependence on personal wealth raises questions about long-term sustainability and accessibility for future candidates attempting to replicate his model. This lack of a robust organizational structure beyond his immediate campaign team distinguishes the "allan domb political party" from traditional political parties.

1. Policy Positions and Electoral Performance:

The "allan domb political party" generally promotes fiscally responsible governance, emphasizing economic development and property tax reform. While not strictly adhering to the platform of any single party, Domb's positions often align with centrist views. His electoral success underscores the resonance of his message among voters. Analyzing election data reveals strong support among independent voters and even some crossover from both Democratic and Republican voters. Domb's consistent electoral victories demonstrate the viability of his independent approach and the effectiveness of his campaign strategy within the context of the "allan domb political party."

1. Influence on City Council Decision-Making:

Despite lacking formal party affiliation, the "allan domb political party" exerts considerable influence on Philadelphia's City Council. Domb's ability to negotiate and build coalitions across party lines has proven crucial in securing support for his policy proposals. His strategic alliances and reputation for effective compromise have allowed him to achieve significant legislative success. Analysis of council votes shows a notable correlation between Domb's support and the passage of key legislation in areas such as zoning reform and economic development initiatives. The "allan domb political party" effectively functions as a powerful independent force within Philadelphia's political system.

1. Challenges and Criticisms:

The "allan domb political party" faces challenges inherent in its independent nature. Concerns exist regarding the potential for conflicts of interest, given Domb's real estate interests. Critics argue that his influence on city council decisions might favor his business dealings. Furthermore, the model's long-term sustainability remains a question. Can future candidates successfully replicate his personal wealth and political savvy? The absence of a formalized party structure may limit the ability to build a lasting political movement beyond Domb himself.

1. The "Allan Domb Political Party" and the Future of Philadelphia Politics:

The "allan domb political party," though informally structured, represents a significant shift in Philadelphia's political landscape. Its success demonstrates the growing dissatisfaction with traditional party politics and the potential for independent candidates to exert significant influence. Whether this model serves as a template for future independent candidates or remains a unique phenomenon remains to be seen. However, it undeniably compels a reevaluation of the conventional understanding of political power structures and party systems in Philadelphia and potentially beyond.

Conclusion:

The "allan domb political party," though not a formal party, signifies a compelling case study in independent political influence. While built upon Domb's individual wealth and political acumen, it reveals a growing trend toward voter dissatisfaction with mainstream politics. The party's success hinges on strategic alliances, pragmatic policy positions, and Domb's personal brand, posing both challenges and potential for replicating the model. Further research is necessary to assess the long-term impact of this phenomenon on Philadelphia's political system and whether it represents a sustainable alternative to traditional party politics.

FAQs:

1. Is the Allan Domb political party officially registered? No, it's not a formally registered political party.
1. What are the party's core policy positions? Fiscally responsible governance, economic development, and property tax reform are central.
1. How does the Allan Domb political party fund its campaigns? Primarily through personal contributions from Allan Domb.
1. What is the party's relationship with the Democratic and Republican parties? It operates independently but builds strategic alliances with both.
1. What are the main criticisms of the Allan Domb political party? Concerns about conflicts of interest and the model's long-term viability.

1. How successful has the Allan Domb political party been electorally? Highly successful, demonstrating strong independent support.
1. What is the party's influence on City Council? Substantial influence through negotiation and coalition-building.
1. Does the Allan Domb political party have a formal organizational structure? No, it's largely centered around Allan Domb's personal campaign team.
1. Could other candidates replicate the Allan Domb model? Potentially, but it requires substantial resources and political skill.

allan domb political party: Merchants of Truth Jill Abramson, 2019-02-07 The gripping and definitive in-the-room account of the revolution that has swept the news industry over the last decade and reshaped our world. The last decade has seen the News industry face unprecedented change. The sometimes-century old institutions which were once the bastions of truth have had their dominance eroded by vast innovations in viral technology and, as millennial appetites force the industry to choose between principles of objectivity and impartiality, the survivors must confront the horrifying cost of their success: sexual scandal, fake news, the election of President Trump and the shaking of democracy. Taking us behind the scenes at four media titans - BuzzFeed, VICE, The New York Times and The Washington Post - Abramson reveals the human drama behind this shift: one involving deal-making tycoons, thrusting reporters, hard-bitten editors, egomaniacs, bullshitters, provocateurs and bullies, with some surfing and others drowning in the breaking wave of change. 'A cracking, essential read... Abramson knows where most of the bodies are buried and is prepared to draw the reader a detailed map' Guardian

allan domb political party: The End of Killing Rick Smith, 2019-05-21 The End Of Killing is a

book that asks a bold question: could we end killing as a human endeavor? In other words, could we eliminate killing using technology? Rick Smith's answer--born of a life dedicated to making the bullet obsolete--is yes. He argues that while humanity has accepted that killing is an unavoidable fact of life, it doesn't need to be. In this provocative book, Smith demonstrates that, because of advancements in technology, we are on the cusp of a world where killing is no longer required--nor acceptable. But getting there will require bold approaches that challenge conventional thinking. Showcasing the latest technologies in weapons, surveillance, artificial intelligence, and even bioinformatics, the book dives into the big, thorny questions about how technology is changing personal safety, police work, our justice system, and our national security. With clarity and conviction, Smith challenges conventional wisdom, showing how technologies that appear strange and scary can actually better human life dramatically. In a world of dead-end debates about gun violence and police brutality, he offers us a clear roadmap out of the violent present into a brighter future. Thought-provoking, insightful, and controversial, *The End of Killing* will make people stop and think about the world they inhabit--and about the future to come.--

allan domb political party: Corruption Ray Fisman, Miriam A. Golden, 2017-03-01 Corruption regularly makes front page headlines: public officials embezzling government monies, selling public offices, and trading bribes for favors to private companies generate public indignation and calls for reform. In *Corruption: What Everyone Needs to Know®*, renowned scholars Ray Fisman and Miriam A. Golden provide a deeper understanding of why corruption is so damaging politically, socially, and economically. Among the key questions examined are: is corruption the result of perverse economic incentives? Does it stem from differences in culture and tolerance for illicit acts of government officials? Why don't voters throw corrupt politicians out of office? Vivid examples from a wide range of countries and situations shed light on the causes of corruption, and how it can be combated.

allan domb political party: Beyond Descriptive Translation Studies Anthony Pym, Miriam Shlesinger, Daniel Simeoni, 2008-03-13 To go "beyond" the work of a leading intellectual is rarely an unambiguous tribute. However, when Gideon Toury founded Descriptive Translation Studies as a research-based discipline, he laid down precisely that intellectual challenge: not just to describe translation, but to explain it through reference to wider relations. That call offers at once a common base, an open and multidirectional ambition, and many good reasons for unambiguous tribute. The authors brought together in this volume include key players in Translation Studies who have responded to Toury's challenge in one way or another. Their diverse contributions address issues such as the sociology of translators, contemporary changes in intercultural relations, the fundamental problem of defining translations, the nature of explanation, and case studies including pseudotranslation in Renaissance Italy, Sherlock Holmes in Turkey, and the coffee-and-sugar economy in Brazil. All acknowledge Translation Studies as a research-based space for conceptual coherence and creativity; all seek to explain as well as describe. In this sense, we believe that Toury's call has been answered beyond expectations.

allan domb political party: The Great Equalizer David Smick, 2017-01-10 The experts say that America's best days are behind us, that mediocre long-term economic growth is baked in the cake, and that politically, socially, and racially, the United States will continue to tear itself apart. But David Smick-hedge fund strategist and author of the 2008 bestseller *The World Is Curved*-argues that the experts are wrong. In recent decades, a Corporate Capitalism of top down mismanagement and backroom deal-making has smothered America's innovative spirit. Policy now favors the big, the corporate, and the status quo at the expense of the small, the inventive, and the entrepreneurial. The result is that working and middle class Americans have seen their incomes flat-lining and their American Dreams slipping away. In response, Smick calls for the great equalizer, a Main Street Capitalism of mass small-business startups and bottom-up innovation, all unfolding on a level playing field. Introducing a fourteen-point plan of bipartisan reforms for unleashing America's creativity and confidence, his forward-thinking book describes a new climate of dynamism where every man and woman is a potential entrepreneur-especially those at the bottom rungs of the economic ladder. Ultimately, Smick argues, economies are more than statistical measurements of supply and demand, economic output, and rates of return. Economies are people-their hopes, fears, dreams, and expectations. *The Great Equalizer* is a call for a set of new paradigms that inspire and empower average American people to reimagine and reboot their economy. It is a manifesto asserting that, with a new kind of economic policy, America's best days lie ahead.

allan domb political party: The Next Economic Disaster Richard Vague, 2014-07-09 Current debates about economic crises typically focus on the role that public debt and debt-fueled public spending play in economic growth. This illuminating and provocative work shows that it is the rapid expansion of private rather than public debt that constrains growth and sparks economic calamities like the financial crisis of 2008. Relying on the findings of a team of economists, credit expert Richard Vague argues that the Great Depression of the 1930s, the economic collapse of the past decade, and many other sharp downturns around the world were all preceded by a spike in privately held debt. Vague presents an algorithm for predicting crises and argues that China may

soon face disaster. Since American debt levels have not declined significantly since 2008, Vague believes that economic growth in the United States will suffer unless banks embrace a policy of debt restructuring. All informed citizens, but especially those interested in economic policy and history, will want to contend with Vague's distressing arguments and evidence.

allan domb political party: *Arabs and the Art of Storytelling* Abdelfattah Kilito, 2014-12-08 In *Arabs and the Art of Storytelling*, the eminent Moroccan literary historian and critic Kilito revisits and reassesses, in a modern critical light, many traditional narratives of the Arab world. He brings to such celebrated texts as *A Thousand and One Nights*, *Kalila and Dimna*, and *Kitab al-Bukhala'* refreshing and iconoclastic insight, giving new life to classic stories that are often treated as fossilized and untouchable cultural treasures. For Arab scholars and readers, poetry has for centuries taken precedence, overshadowing narrative as a significant literary genre. Here, Kilito demonstrates the key role narrative has played in the development of Arab belles lettres and moral philosophy. His urbane style has earned him a devoted following among specialists and general readers alike, making this translation an invaluable contribution to an English-speaking audience.

allan domb political party: *Public Art in Philadelphia* Penny Balkin Bach, 1992 Public art is a manifestation of how we see the world-the artist's reflection of our social, cultural, and physical environment. Thus, Penny Bach introduces this fascinating history of public art in Philadelphia, narrated throughout with surprising anecdotes, biographical sketches, and more than 450 illustrations. She explores the artistic, historical, political, and social trends and events that caused the city to acquire such a rich and diverse collection of public art. Philadelphia's tradition of public art reveals the origins of our cyclic longing for public expression: the spiritual roots of Native American culture, the utilitarian needs of the colonial period, the civic glorification of American patriotism, the planning instincts that emerged from the industrial era, and the pursuit of originality and invention in the twentieth century. Guiding the reader through a chronological tour of the city's aesthetic holdings, *Public Art in Philadelphia* provides a sort of history of American monumental art in microcosm and offers a way to appreciate the public art we encounter, whether it is cast, carved, built, assembled, or painted. As the nation's first capital, Philadelphia began early to commemorate heroic figures, popular leaders, patriotic ideals, and historic events. From Lazzarini's marble figure of Benjamin Franklin to Pinto's *Fingerspan* in Fairmount Park, from Laurel Hill Cemetery's celebrated sculpture garden to Lipchitz's controversial *Government of the People*, and from William Penn atop City Hall to the colorful murals by the Anti-Graffiti Network, public art has continued to enhance, define, and challenge Philadelphians' perception of their city. With perhaps the largest collection of public sculpture in the world, Philadelphia's art acquisitions span the history of the United States. Bach examines the gradual transformation over three centuries of style, theme, and reception of statues, murals, and other art forms. Shorter thematic essays make connections between works, ideas, artists, and civic missions. A catalogue focuses on more than 200 individual works, noting the materials, dimensions, location history, and commissioning process, and suggesting the vast range of public art. The armchair tourist, for example, can visit *Dickens and Little Nell* in Clark Park, the John Wanamaker's *Eagle*, the All Wars Memorial to Colored Soldiers and Sailors in Fairmount Park, or the Julius Erving Memorial on Ridge Avenue, among many others. A set of maps encourage readers to view the works in their public context. *Public Art in Philadelphia* offers a unique tour of both the familiar and the overlooked treasures that give meaning to the public environment, that reconnect art to daily life, and that remind Philadelphia's visitors and residents of what was considered important to previous generations. Author note: Penny Balkin Bach is Executive Director of the Fairmount Park Art Association, the nation's first non-profit organization dedicated to the integration of art and urban planning. She is also the author of *Form and Function: Proposals for Public Art for Philadelphia*.

allan domb political party: *An American Summer* Alex Kotlowitz, 2020-03-31 2020 J. ANTHONY LUKAS PRIZE WINNER From the bestselling author of *There Are No Children Here*, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed

and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity--and the breaking point--of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.

allan domb political party: **What Americans Really Want...Really** Dr. Frank Luntz, 2009-09-15 No one in America has done more observing of more people than Dr. Frank I. Luntz. From Bill O'Reilly to Bill Maher, America's leading pundits, prognosticators, and CEOs turn to Luntz to explain the present and to predict the future. With all the upheavals of recent events, the plans and priorities of the American people have undergone a seismic shift. Businesses everywhere are trying to market products and services during this turbulent time, but only one man really understands the needs and desires of the New America. From restaurant booths to voting booths, Luntz has watched and assessed our private habits, our public interests, and our hopes and fears. What are the five things Americans want the most? What do they really want in their daily lives? In their jobs? From their government? For their families? And how does understanding what Americans want allow businesses to thrive? Luntz disassembles the preconceived notions we have about one another and lays all the pieces of the American condition out in front of us, openly and honestly, then puts the pieces back together in a way that reflects the society in which we live. *What Americans Really Want...Really* is a real, if sometimes scary, discussion of Americans' secret hopes, fears, wants, and needs. The research in this book represents a decade of face-to-face interviews with twenty-five thousand people and telephone polls with one million more, as well as the exclusive, first-ever *What Americans Really Want* survey. What Luntz offers is a glimpse into the American psyche, along with analysis that will rock assumptions and right business judgment. He proves that success in virtually any profession demands that we either understand what Americans really want, or suffer the consequences. Praise for Frank Luntz: When Frank Luntz invites you to talk to his focus group, you talk to his focus group. --President Barack Obama, spoken on June 28, 2007, to a PBS-sponsored focus group following the Democratic presidential debate at Howard University Frank Luntz understands the American people better than anyone I know. --Newt Gingrich, former Speaker of the House The Nostradamus of pollsters. --Sir David Frost America's top companies listen to Frank Luntz because he understands what customers want and what employees think. He has a keen sense of the American psyche and an outstanding command of language that empowers and persuades. --Thomas J. Donohue, President & CEO, U.S. Chamber of Commerce

allan domb political party: *In Search of Elena Ferrante* Karen Bojar, 2018-07-10 Elena Ferrante--named one of the 100 most influential people in 2016 by Time magazine--is best known for her Neapolitan novels, which explore such themes as the complexity of female friendship; the joys and constraints of motherhood; the impact of changing gender roles; the pervasiveness of male violence; the struggle for upward mobility; and the impact of the feminist movement. Ferrante's three novellas encompass similar themes, focusing on moments of extreme tension in women's lives.

This study analyzes the integration of political themes and feminist theory in Ferrante's works, including men's entrapment in a sexist script written for them from time immemorial. Her decision to write under a pseudonym is examined, along with speculation that Rome-based translator Anita Raja and her husband Domenico Starnone are coauthors of Ferrante's books.

allan domb political party: A Culture of Corruption? William Lockley Miller, ?se B. Gr?deland, Tatyana Y. Koshechkina, 2001-01-01 Focusing on the gap between democratic ideals and performance, three European academics study the common experience and even more common perception of the corrupt behavior of bureaucrats in post-communist Ukraine, Bulgaria, Slovakia, and the Czech Republic. The authors conducted focus-group studies, one-on-one interviews, and large-scale surveys to reveal plentiful details about the ways ordinary citizens cope in their day-to-day dealings with low-level officials and state employees, whose decisions can have a critically important impact on people's lives. c. Book News Inc.

allan domb political party: Patient No Longer Ryan Donohue, Stephen K. Klasko, 2020-07-19 The coronavirus pandemic has validated the principles of this book--that we need healthcare with no address, helping people where they are and when they need it, writes Dr. Stephen K. Klasko in *Patient No Longer: Why Healthcare Must Deliver the Care Experience That Consumers Want and Expect*. Telehealth worked. Providing guidance to families worked. Listening worked. Even under our greatest threat since World War II, the principles of using digital medicine to get care out to people turned out to be critical. Dr. Klasko and Ryan Donohue explore this evolving delivery model in a fascinating look at the history of patient-centric care and the rise of the healthcare consumer as a powerful new voice. In addition to the compelling reasons why consumer-centric care is so crucial, the authors share how leaders can work to build health systems focused on it. They offer actionable ideas for implementation in individual organizations and explore topics such as: - The latest research on what matters most to healthcare consumers today - Leadership skills needed to drive patient-centric initiatives - New applications of digital health technology and data - The Picker Institute's Eight Dimensions of Patient-Centered Care - Best practices and case studies from leading organizations As healthcare consumers continue to demand the same types of interactions they enjoy in other industries, healthcare organizations must work hard to build frictionless customer experiences that create lasting connections and build genuine loyalty. This book describes a once-in-an-era transformation in healthcare. Is your organization ready?

allan domb political party: Permanent Sovereignty over Natural Resources Marc Bungenberg, Stephan Hobe, 2015-04-15 Fifty years after the adoption of the Declaration on Permanent Sovereignty over Natural Resources by the General Assembly of the United Nations in December 1962, this volume assesses the evolution of the principle of permanent sovereignty over natural resources into a principle of customary international law as well as related developments. International environmental and human rights law leave unresolved questions regarding the limitations of this principle, e.g. extraterritorial and international influences such as the applicable criminal and tort law, as well as the extraterritorial and international promotion of good governance, including transparency obligations.

allan domb political party: Third-generation Holocaust Representation Victoria Aarons, Alan L. Berger, 2017 Victoria Aarons and Alan L. Berger show that Holocaust literary representation has continued to flourish—gaining increased momentum even as its perspective shifts, as a third generation adds its voice to the chorus of post-Holocaust writers. In negotiating the complex thematic imperatives and narrative conceits of the literature of these writers, this bold new work examines those structures, ironies, disjunctions, and tensions that produce a literature lamenting loss for a generation removed spatially and temporally from the extended trauma of the Holocaust. Aarons and Berger address evolving notions of “postmemory; the intergenerational transmission of trauma; inherited memory; the psychological tensions of post-Holocaust Jewish identity; tropes of memory and the personalized narrative voice; generational dislocation and anxiety; the recurrent antagonisms of assimilation and alienation; the imaginative reconstruction of the past; and the future of Holocaust memory and representation.

Nor will this book do that for you. It will, with the help of parents who have successfully coped and professional people who work with bereavement, offer guidelines and practical step-by-step suggestions to aid you."

allan domb political party: **The Jews Should Keep Quiet** Rafael Medoff, 2019-01-01 Based on recently discovered documents, *The Jews Should Keep Quiet* reassesses the hows and whys behind the Franklin D. Roosevelt administration's fateful policies during the Holocaust. Rafael Medoff delves into difficult truths: With FDR's consent, the administration deliberately suppressed European immigration far below the limits set by U.S. law. His administration also refused to admit Jewish refugees to the U.S. Virgin Islands, dismissed proposals to use empty Liberty ships returning from Europe to carry refugees, and rejected pleas to drop bombs on the railways leading to Auschwitz, even while American planes were bombing targets only a few miles away--actions that would not have conflicted with the larger goal of winning the war. What motivated FDR? Medoff explores the sensitive question of the president's private sentiments toward Jews. Unmasking strong parallels between Roosevelt's statements regarding Jews and Asians, he connects the administration's policies of excluding Jewish refugees and interning Japanese Americans. *The Jews Should Keep Quiet* further reveals how FDR's personal relationship with Rabbi Stephen S. Wise, American Jewry's foremost leader in the 1930s and 1940s, swayed the U.S. response to the Holocaust. Documenting how Roosevelt and others pressured Wise to stifle American Jewish criticism of FDR's policies, Medoff chronicles how and why the American Jewish community largely fell in line with Wise. Ultimately Medoff weighs the administration's realistic options for rescue action, which, if taken, would have saved many lives.

allan domb political party: *Beyond Capitalism* Jeff Shantz, José Brendan Macdonald, 2013-04-25 Capitalism as a global system barely allows the needs of the majority of the world's population to be met. Whether from an industrialized country such as the US or from South Africa, the need for an alternative can be felt all over the world. It is clear nowadays that, due to the non-democratic nature and inadequacies of capitalism, another system must take its place. Such a process has already begun through the cooperative movement, which this book examines along with other initiatives. Featuring essays by international scholars and activists from various spheres of the anti-capitalist left, the work features many examples from the north and the south, to cover both the historically-advanced and late capitalist economies. It discusses such initiatives as participatory economics, the Mondragon experience, worker cooperatives in Europe and Latin America, solidarity economy in South Africa, and more. Written in an accessible manner, *Beyond Capitalism* will be an invaluable resource for any student of social movements and political thought and for anyone looking for alternative to today's ongoing systemic crises.

allan domb political party: *A Threat from Within* , 2006-03 There's a crack in everything, that's how the light gets in. These words by the poet Leonard Cohen could aptly describe this book, which takes history as a witness to the exceptional nature of Zionism in Jewish history. It explains many points of discord between the political ideology of Zionism and what most people consider Judaism. It also shows how Jewish traditional conscience offers a hope for the solution of the Middle East crisis. The conflicts in Israel/Palestine acquire a different meaning when seen in the context of Jewish opposition to Zionism. This book has attracted Jewish and non-Jewish readers alike who find this story inspiring in today's world of mobile identities.

allan domb political party: **The Evolution of Sexuality** Todd K. Shackelford, Ranald D. Hansen, 2014-09-12 Attraction, mating, reproduction: it is a given that as a species, human beings

are concerned with sex. And whether the study compares sexual behaviors of men and women or considers the proportions between nature and nurture, most roads lead back to our distant ancestors and/or our fellow animals. *The Evolution of Sexuality* collects stimulating new empirical findings and theoretical concepts regarding both familiar themes and emerging areas of interest. Following earlier titles in this series, an interdisciplinary panel of contributors examines topics specific to the whys of male and female sex-related behavior, here ranging from biological bases for male same-sex attraction to the seemingly elusive purpose of the female orgasm. This vantage point between biology and psychology gives readers profound insights not just into human differences and similarities, but also why they continue to matter despite our vast understanding of culture and socialization. And intriguing dispatches from the humanities review sexual themes in classic works of literature and explore the role of parent-offspring conflict in the English Revolution of the seventeenth century. Among the topics covered: Sexual conflict and evolutionary psychology: toward a unified framework. Assortative mating, caste, and class. The functional design and phylogeny of female sexuality. Is oral sex a form of mate retention behavior? Two behavioral hypotheses for the evolution of male homosexuality in humans. Sperm competition and the evolution of human sexuality. *The Evolution of Sexuality* will attract evolutionary scientists across a variety of disciplines. Faculty, graduate and undergraduate students, and researchers interested in sexuality will find it a springboard for discussion, debate, and further study.

allan domb political party: Haematology at a Glance Atul B. Mehta, Victor Hoffbrand, 2014-04-07 Following the familiar, easy-to-use at a Glance format, *Haematology at a Glance*, Fourth Edition is a broad and accessible introduction to the study of blood. allan domb political party: Hydrofictions Hannah Boast, 2020-07-06 This book identifies water as a crucial new topic of literary and cultural analysis at a critical moment for the world's water resources, focusing on the urgent context of Israel/Palestine.

allan domb political party: Spirituality in Social Work Edward R Canda, 2012-11-12 As *Spirituality in Social Work: New Directions* shows you, there has been an increase of interest among social workers concerning spiritual matters. In response to this collective interest, Edward Canda and several other members of the Society for Spirituality and Social Work have compiled a thorough and timely compendium of social work research, theory, and practice. Their book will guide you in your efforts to meet the needs of your families and clients while still remaining educated and respectful of the many religious and nonreligious views different people have. In *Spirituality in Social Work*, you'll get an update on the current state of spirituality, social work scholarship, and education. From there, you'll move on to current appraisals of the many specialized ways social work educators are teaching spirituality in MSW programs, and you'll ultimately come full circle to a fuller understanding of the many ways social work and spirituality complement and inform each other in the classroom as well as in the field of practice. Most importantly, you'll get specific guidance on these topics: how to enhance the intuition of social workers when to apply the Transegoic model to a dying adolescent where to engage in conceptions of spirituality in social work literature what Taoist insights can do to enhance social work practice how social work can prosper in future efforts to link spirituality and social work In many ways, *Spirituality in Social Work* is a spiritual awakening in its own right—for social workers, for individuals, and for communities at large. The demand for social work practitioners, educators, and community officials to be cross-trained in spirituality and social

work is on the rise. So, if you're struggling to find new ways to deal with the ever-increasing and ever-diversifying demand for spiritual training in your particular social work setting, pick up this insightful edition and find new hope and direction in the many different ways that social work and spirituality can work together for you.

allan domb political party: Japan in a New World Order Yasumasa Kuroda, 1994

allan domb political party: *The Imperial Wife* Irina Reyn, 2016-07-19 *The Imperial Wife* is a smart, engaging novel that parallels two fascinating worlds and two singular women. Irina Reyn writes beautifully of immigrants, art and the vagaries of love. --Jess Walter, National Book Award finalist and author of the New York Times bestseller, *Beautiful Ruins* Two women's lives collide when a priceless Russian artifact comes to light. Tanya Kagan, a rising specialist in Russian art at a top New York auction house, is trying to entice Russia's wealthy oligarchs to bid on the biggest sale of her career, *The Order of Saint Catherine*, while making sense of the sudden and unexplained departure of her husband. As questions arise over the provenance of the Order and auction fever kicks in, Reyn takes us into the world of Catherine the Great, the infamous 18th-century empress who may have owned the priceless artifact, and who it turns out faced many of the same issues Tanya wrestles with in her own life. Suspenseful and beautifully written, *The Imperial Wife* asks whether we view female ambition any differently today than we did in the past. Can a contemporary marriage withstand an "Imperial Wife"?
