allfield guide pages hogwarts: *Feed* M. T. Anderson, 2010-05-11 Identity crises, consumerism, and star-crossed teenage love in a futuristic society where people connect to the Internet via feeds implanted in their brains. Winner of the LA Times Book Prize. For Titus and his friends, it started out like any ordinary trip to the moon - a chance to party during spring break and play around with some stupid low-grav at the Ricochet Lounge. But that was before the crazy hacker caused all their feeds to malfunction, sending them to the hospital to lie around with nothing inside their heads for days. And it was before Titus met Violet, a beautiful, brainy teenage girl who knows something about what it's like to live without the feed-and about resisting its omnipresent ability to categorize human thoughts and desires. Following in the footsteps of George Orwell, Anthony Burgess, and Kurt Vonnegut, Jr., M. T. Anderson has created a brave new world - and a hilarious new lingo - sure to

appeal to anyone who appreciates smart satire, futuristic fiction laced with humor, or any story featuring skin lesions as a fashion statement.

allfield guide pages hogwarts: The Field Guide to Dumb Birds of the Whole Stupid World Matt Kracht, 2022-01-04 Let's face it—all birds are fascinating, wonderful, idiotic jerks—no matter where in the world they reside. Following in the footsteps of the bestselling book *The Field Guide to Dumb Birds of North America*, this hilarious sequel ventures beyond to identify the stupidest birds around the world. Featuring birds from North and South America, Africa, Asia, Europe, and Oceania, author Matt Kracht identifies the dumb birds that manage to live all over the freaking place with snarky, yet accurate, names and humorous, anger-filled drawings. This guide book details exactly how much these morons suck with facts about each bird's (annoying) call, its (stupid) migratory pattern, and its (downright tacky) markings. Complete with a matching game, bird descriptor checklist, tips on how to identify a bird (you can tell a lot by looking into a bird's eyes, for example), this profanity-laden book offers a balance of fact and wit that will appeal to hardcore birders and casual bird lovers (and haters) alike. A MUST-HAVE: A must-have sequel to the bestselling parody book *The Field Guide to Dumb Birds of North America*. UNIQUE & LAUGH-OUT-LOUD FUNNY: This is a great coffee table or bar top conversation-starting book. And a bonus, while the content is humorous, it is practical and useful! A GREAT PRESENT: This is the perfect gift for the bird lovers and haters in your life. It also makes a great Mother's Day, Father's Day, birthday, retirement, or gag gift. Perfect for: • Birdwatching and nature enthusiasts • Armchair birders (or nonbirders) • Someone who needs a quirky gift for an animal lover friend • People with serious birders in their lives who want something lighthearted
