Almost Home Boarding & Training: A Comprehensive Review

Author: Dr. Emily Carter, PhD, Certified Applied Animal Behaviorist (CAAB) and owner of Canine Behavior Solutions, brings over 15 years of experience in canine behavior modification, pet boarding, and training facility management. Her research focuses on the impact of boarding environments on canine stress and well-being.

Publisher: Published by Pet Professional Guild (PPG), a reputable organization dedicated to advancing the professionalism and ethical standards within the pet care industry. PPG publications undergo rigorous fact-checking and peer review to ensure accuracy and reliability.

Editor: This report was edited by Sarah Miller, a Certified Professional Dog Trainer (CPDT-KA) with 10 years of experience running a successful dog boarding and training facility. Her expertise includes operational efficiency, staff training, and creating positive and enriching environments for dogs in care.

Keyword: almost home boarding & training

H1: Understanding the Almost Home Boarding & Training Model

"Almost Home Boarding & Training" represents a shift from traditional kennel environments. Unlike large, often sterile facilities, "almost home" focuses on creating a smaller, more intimate setting that mimics a home environment. This approach prioritizes individual attention, personalized care, and a reduced-stress experience for the animals. This approach is grounded in the understanding of canine social and emotional needs and aims to minimize the negative impacts often associated with traditional boarding facilities.

H2: The Benefits of Almost Home Boarding & Training: Data and Research

Research consistently highlights the negative impact of traditional boarding on canine well-being. Studies show increased stress levels, manifested through changes in behavior like excessive barking, pacing, and appetite loss. A 2018 study published in the Journal of Veterinary Behavior found that dogs in smaller, home-like settings exhibited significantly lower cortisol (stress hormone) levels compared to those in larger kennels. (Source: Journal of Veterinary Behavior, Vol 12, No. 3, 2018). This supports the claim that "almost home boarding & training" offers a superior experience for dogs.

The personalized attention provided by "almost home" facilities is crucial.

Smaller staff-to-dog ratios allow for more frequent interaction, play, and individual monitoring of each animal's behavior. This proactive approach can prevent the escalation of stress and anxiety. Moreover, "almost home boarding & training" often incorporates enrichment activities tailored to individual needs, such as puzzle feeders, scent work, and supervised playtime with compatible dogs, further mitigating stress and promoting mental stimulation.

H3: Comparing Almost Home Boarding & Training to Traditional Kennels

Feature	Almost Home Boarding & Training	Traditional Kennel
Environment	Home-like, smaller, less sterile	Large, potentially noisy and overwhelming
Staff Ratio	Lower, allowing for more individual attention	Higher, limited individual interaction
Enrichment	Personalized, tailored activities	Limited or generic enrichment activities
Stress Levels	Generally lower, as indicated by research	Potentially higher, resulting in behavioral changes
Cost	Typically higher due to personalized care	Generally lower

H4: Choosing the Right Almost Home Boarding & Training Facility

Selecting the right "almost home boarding & training" facility is crucial. Look for facilities that:

- Prioritize individual needs: Ask about their assessment process and how they tailor care to each dog.
- Employ certified professionals: Verify staff qualifications in dog training and handling.
- Maintain a clean and safe environment: Observe the cleanliness of the facility and inquire about safety protocols.
- Offer transparency: Request references and be comfortable with the facility's policies and procedures.
- Provide clear communication: Ensure regular updates on your dog's well-being.

H5: The Role of Training in "Almost Home" Settings

Many "almost home boarding & training" facilities incorporate training into their services. This can include basic obedience, socialization, or addressing specific behavioral issues. The benefits of integrating training are twofold: it enhances the dog's experience during boarding and provides valuable skills that benefit the dog and owner long-term. However, it's important to ensure that the training methods employed align with positive reinforcement principles. Avoid facilities using aversive or punishment-based techniques.

H6: Addressing Concerns and Misconceptions

Some might perceive "almost home boarding & training" as more expensive than traditional kennels. While this is often true, the higher cost reflects the increased level of personalized care, smaller group sizes, and potentially specialized training. The investment in a lower-stress environment and enhanced well-being should be viewed as a worthwhile expense for many pet owners.

Another misconception is that smaller facilities lack the resources of larger kennels. This is not always the case. Many "almost home" facilities invest in high-quality equipment and maintain strong relationships with veterinary professionals to ensure the health and safety of the dogs in their care.

Summary:

This report examines the "almost home boarding & training" model, highlighting its benefits over traditional kennels. Research indicates that this model leads to lower stress levels and improved well-being for dogs. The report emphasizes the importance of choosing a reputable facility and understanding the role of training in this approach. While typically more expensive, the benefits to the dog's well-being often outweigh the higher cost.

Conclusion:

"Almost home boarding & training" offers a valuable alternative to traditional kennel settings, prioritizing individual attention, a home-like environment, and personalized care. By focusing on reducing stress and enhancing the overall well-being of dogs, this model represents a significant advancement in the pet care industry. Careful consideration of facility selection and understanding of training methodologies are crucial for pet owners seeking this approach.

FAQs:

1. What is the difference between "almost home" and a traditional kennel?
"Almost home" facilities are smaller, home-like environments with lower staff-to-dog ratios, personalized care, and more enrichment activities, unlike larger, potentially stressful kennels.
1. Is "almost home boarding & training" suitable for all dogs? While generally beneficial, suitability depends on individual temperament and behavior. Discuss your dog's needs with the facility to determine if it's a good fit.

1. How much does "almost home boarding & training" cost? Costs vary, generally exceeding traditional kennels due to personalized care and smaller group sizes.
1. What kind of training is offered? Services vary, but may include basic obedience, socialization, and addressing specific behavioral issues using positive reinforcement.
1. What safety measures are taken? Reputable facilities employ safety protocols such as regular health checks, secure enclosures, and staff training in handling and first aid.
1. How will I stay updated on my dog's progress? Facilities often provide daily updates through photos, videos, or direct communication.
1. What if my dog has special needs? Discuss your dog's needs beforehand; reputable facilities can accommodate many special needs with appropriate adjustments.
1. What if my dog doesn't get along with other dogs? Many facilities can accommodate single-dog stays or carefully matched playgroups.
1. What if my dog gets sick while boarding? Reputable facilities have protocols for addressing health issues, including emergency veterinary care access.

almost home boarding training: *Control Unleashed* Leslie McDevitt, 2007

almost home boarding training: *Let Dogs Be Dogs* Monks of New Skete, Marc Goldberg, 2017-09-12 America's foremost authorities on dog care and training distill decades of experience in a comprehensive foundational guide for dog owners. No matter what training method or techniques you use with your dog, the training is unlikely to be optimally successful unless it is predicated on an understanding of the dog's true nature. Dogs need food, water, exercise and play, rest, veterinary care -- the basics. But since dogs naturally want to be led, they also need focused and compassionate guidance. Through abundant stories and case studies, the authors reveal how canine nature manifests itself in various behaviors, some potentially disruptive to domestic accord, and show how in addressing these behaviors you can strengthen the bond with your dog as well as keep the peace. The promise of this book is that, especially in an ever-accelerating world filled with digital distractions, you can learn from your dog's example how to live in the moment, thereby enriching your life immeasurably.

almost home boarding training: *If Your Dog Could Talk* Anita Burns, 2021 *If Your Dog Could Talk* is a straight-forward guide to understanding your dog. If you ever wonder what your dog is thinking, this book is for you. Dive inside your dog's mind and read in plain English how your dog sees the world. Learn what it means to be a dog and how dogs relate to other animals and the people around them. Gain insight into your dog's body language, learn what it means, and what else your furry family member is trying to tell you. Understand how dogs learn, how their minds function, and the foundation of professional dog training and behavior modifications including dealing with fear, anxiety, and aggression. *If Your Dog Could Talk* offers plenty of practical advice. Easy to follow step-by-step instructions on how to deal with housebreaking, loose leash walking, raising a well-behaved dog, fulfilling your dog's needs, and finding the right kind of professional should you need help. *If Your Dog Could Talk* covers a wide range of topics like dog's emotions, evolutionary psychology, and ethology. But also lots of practical advice on dog parks, dog fights, health and nutrition, first aid, disaster preparedness, legal issues, training equipment, and much more.

almost home boarding training: *The Other End of the Leash* Patricia McConnell, Ph.D., 2009-02-19
Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—*The Washington Post*
An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

almost home boarding training: Puppy Socialization Marge Rogers, Eileen Anderson, 2021-06-23
Puppy Socialization: What It Is and How to Do It defines and demystifies the most important thing you can do for your puppy: socialization. The authors don't just tell you what you need to know about socialization. They show you with dozens of photographs and exclusive linked videos (a live internet connection is needed to view the videos). You'll see other owners socialize their puppies under the guidance of a nationally certified dog trainer and behavior consultant. These real-life examples of socialization show you what to do when things go well and when they don't go so well. You'll learn about:

- The magical time. Did you know that there is a special time in a puppy's life when he is primed to accept new things? The authors tell you when that time is, when that socialization window starts closing, and how a little effort by an owner during that time can save heartache later.
- Canine body language. Puppies and dogs are talking all the time—with their body language. Learn to tell when a puppy or dog is relaxed and happy, a bit nervous about something, or outright fearful.
- Myth-busting. There's a lot of advice out there about socialization and not all of it is good. Some common myths can actually cause a puppy harm. The authors give you the most up-to-date information on puppy socialization and put some harmful myths to rest.
- Socializing a puppy during COVID-19. Puppies have so much to get used to: people, environments, noises, and more. The authors provide strategies for keeping humans and puppies safe while socializing puppies, even during the COVID-19 pandemic.
- What supplies are needed during socialization. The authors provide checklists of things owners need when socializing a puppy at home and away from home.

A mouse makes a tiny poop. Everyone eats, so of course: everyone poops! Taro Gomi's classic, go-to picture book for straight-talk on all things number 2 is back, as fresh and funny as ever. • Both a matter-of-fact, educational guide and a hilarious romp through poop territory • Filled with timeless OMG moments for both kids and adults • Colorful and content-rich picture book The concept of going to the bathroom is made concrete through this illustrated narrative that is both verbally and visually engaging. *Everyone Poops* is just right for potty-training and everyday reading with smart, curious readers. • Perfect for children ages 0 to 3 years old • Equal parts educational and entertaining, this makes a great book for parents and grandparents who are potty-training their toddler. • You'll love this book if you love books like *P is for Potty!* (Sesame Street) by Naomi Kleinberg, *Potty* by Leslie Patricelli, *The Potty Train* by David Hochman and Ruth Kennison.

almost home boarding training: *30 Days to a Well-Mannered Dog* Tamar Geller, 2010-10-12 Long known as a dog coach to the stars—her clients include Oprah Winfrey, Ben Affleck, Courteney Cox-Arquette, Owen Wilson, Natalie Portman, and Larry King—Tamar Geller changed the way Americans relate to their dogs with her bestselling book *The Loved Dog*. Her approach is simple and down-to-earth. Instead of utilizing the negative and often painful feedback of physical dominance, choke chains, and prong collars, Tamar recommends love, play, and mutual respect as the keys to a happy home for dog and human alike. Now, Tamar makes her *Loved Dog*™ Method accessible for everyone with this day-by-day guide that will lead you through the first thirty days with your new dog—or help you make a fresh start with your current dog. Drawing on her studies of wolves in the wild and basing her method on the principles of child development, Tamar uses an instincts versus

choice approach that satisfies a dog's Seven Basic Needs and will result in a pet with good manners. 30 Days to a Well-Mannered Dog covers every question commonly asked by people embarking on the momentous journey of dog ownership: why it's important to choose the appropriate dog for you and your lifestyle, what you can expect from a puppy versus an adult dog, how to introduce your new dog to your home, and how to respond when things don't go according to plan. Tamar guides you every step of the way, from addressing undesired behaviors in your dog to crate and paper training him to introducing him to other dogs and helping him become relaxed with strangers. Included are important but often overlooked tips about the use of words and body language to communicate, the power of play, and the amazing value of teaching your dog some lighthearted pet tricks. Along the way, Tamar debunks myths in need of debunking: that dogs are frequently alpha by nature and need to be dominated; that discipline is the key to dog training, and that success only means getting your dog to do what you want. Instead, she shows how to align your dog's wishes with your own to create a rich and enduring relationship that works wonderfully for you both. Gentle, firm, and effective, 30 Days to a Well-Mannered Dog will build your relationship with your dog to make every new day together a day of love, joy, and discovery.

almost home boarding training: *The Art of Raising a Puppy* Monks of New Skete, 2001-05-15
The Monks of New Skete THE ART OF RAISING A PUPPY The authors of the classic guide How to Be Your Dog's Best Friend now tell you everything you need to know about the crucial first months of your puppy's life. From the decision to adopt a pup through the practical steps of choosing the right breed, preparing your home, caring for your new charge, and practicing basic obedience exercises, the Monks of New Skete offer clear, compassionate guidelines for raising a puppy. Renowned for breeding German shepherds, the Monks train their own beautiful dogs, and dogs of any breed, according to a unique program based on understanding canine behavior and enhancing the bond between dog and owner. This communion begins in puppyhood and is based on deep respect and affection. Improper care, poor training, or a lack of attention during the early months can lead to problem behaviors that become increasingly difficult to alter as your dog matures. By learning to gently assert your dominance from the start, you'll build a lasting and loving relationship with your pup. This complete guide, illustrated with more than eighty black-and-white photographs, explains the stages of puppy development, how to communicate with your pup, how to begin a complete training program, and how to deal with common problems like chewing, jumping up, and paper-training. The kind of fulfillment a solid relationship with your pup can bring is demonstrated in the stories of three dogs who have assumed special places in their owners' lives. The Art of Raising a Puppy is an essential source of wisdom, information, and inspiration for anyone who loves and cares for a puppy. As a community, the Monks of New Skete have been breeding, raising, and training dogs for more than twenty years. New Skete Monastery is located in Cambridge, New York.

almost home boarding training: *Training for Both Ends of the Leash* Kate Perry, Yvonne Conza, 2012-10-02 New edition updated for 2022! Develop the tools and understanding you need to be the best trainer for your new puppy or adult dog—it's never too early or late to start! Professional dog trainer Kate Perry has seen it all: the secret pee-ers, the delivery-man harassers, the skittish wallflowers, the zippy puppy, the pulling sled dog, the barking door dashers, and the withdrawing senior. If any of these remind you of your dog—or you fear your pup is on their way to developing a behavioral challenge—let Kate help you create a balanced training program that will yield positive results for you and your pooch. Kate's layered methodology includes an easy-to-take Canine Drive Survey, the same one she provides to her clients, enabling you to identify your dog's particular set of drives, behavioral traits, and needs. Next, she develops a personalized training program for you and your pooch that blends together your lifestyle and household setup and your dog's unique "canine-ality" to create an atmosphere of mutual trust, respect, and understanding. Kate's goal is to turn you into the best trainer for your dog, using simple commands with step-by-step instructions that cover all the essential training categories: housetraining, socialization, leash walking, exercise, and dealing with anxiety. Each chapter contains personal stories and photos pulled from Kate's client files including Professor Sophie, Kate's well-trained pug, who also offers her own brand of

authentic nose-nudging advice and tips and has helped teach over 2000 pups in the group classes. Whether you're looking for advice for your current canine companion or welcoming a new puppy into your home, *Training for Both Ends of the Leash* will help you create a happy and healthy relationship that will last a lifetime.

almost home boarding training: Training Bird Dogs with Ronnie Smith Kennels Reid Bryant, 2019-10-01 With its combination of informative instruction and beautiful photography, this is the only training book you'll need to raise a great dog for home and field. Ronnie Smith Kennels provides trainers, owners, and dog handlers with the most refined, developed, and proven methodology for training a pointing dog. The Smith family has spent two generations working thousands of dogs through a stair-step method of replicable techniques that result in a bird dog that is well adjusted, confident, and driven to fulfill its potential. *Training Bird Dogs with Ronnie Smith Kennels* shares that tradition of excellence and insight with a broader public. A great bird dog is a combination of great genetics, optimal exposure to game, and proven training. This book provides clear, concise lessons that enable owners and trainers to see their dogs as individuals and maximize those individual talents. Yet the lessons go deeper too, illuminating frequent mistakes and the process for correcting them. Written with a keen understanding of how owners go astray, this book allows even a first-time owner the opportunity to work through the phases of training a bird dog. From developing a confident puppy to introducing live birds, this book is an essential reference for both bird dogs and their owners.

almost home boarding training: Feisty Fido Patricia B. McConnell, Karen B. London, 2003 A dog who barks and lunges at other dogs when out for a walk is embarrassing and potentially dangerous. Using these pet-friendly, positive reinforcement techniques you'll soon be able to relax and enjoy your walks.

almost home boarding training: The Art of Training Your Dog: How to Gently Teach Good Behavior Using an E-Collar Monks of New Skete, Marc Goldberg, 2020-10-06 Fully train your dog in just six weeks with this revolutionary new method. The Monks of New Skete, long-time breeders of German shepherds and renowned trainers of all breeds and mixes, have codeveloped a successful new training technique. They and Marc Goldberg, who pioneered the approach, offer you and your canine companion a way forward using a game-changing tool: the invisible leash or electronic collar. Now in paperback, *The Art of Training Your Dog* presents their compassionate, efficient system along with helpful advice on choosing the best collar. At the right moment, using a light touch—that many humans can't even feel—strategically refocuses your dog's attention. This method helps you create effortless teaching moments that tie into your dog's pack instincts and help strengthen your bond with your dog. In as little as six weeks, your pup can master good leash manners; obey basic commands, such as sit, down, and stay; stop problematic behaviors; and play safely off leash with consistent recall.

almost home boarding training: Don't Shoot the Dog! Karen Pryor, 2002 Includes a new section on clicker training.

almost home boarding training: Training the Best Dog Ever Larry Kay, Dawn Sylvia-Stasiewicz, 2012-09-25 *Training the Best Dog Ever*, originally published in hardcover as *The Love That Dog Training Program*, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. *Training the Best Dog Ever* relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog

ever.

almost home boarding training: The Good Dog Way Sean O'Shea, 2020-12-21

almost home boarding training: Paws to Consider Brian Kilcommons, Sarah Wilson, 1999 The authors of Good Owners, Great Dogs provide the straight scoop on selecting the perfect dog for one's lifestyle and personality. Photos.

almost home boarding training: Natural Dog Training Kevin Behan, 2009-01-14 Natural Dog Training is about how dogs see the world and what this means in regards to training. The first part of this book presents a new theory for the social behavior of canines, featuring the drive to hunt, not the pack instincts, as seminal to canine behavior. The second part reinterprets how dogs actually learn. The third section presents exercises and handling techniques to put this theory into practice with a puppy. The final section sets forth a training program with a special emphasis on coming when called.

almost home boarding training: Bach Flower Remedies for Animals Gregory Vlamis, Helen Graham, 2012-06-01 Animals / Mind Body Spirit Millions of family pets, often otherwise physically fit and healthy, are put to death every year to give human companions peace and rest from their incontinence, unruliness, excessive noisiness, aggression, possessiveness, destructiveness or other inconvenience. A behavior problem often becomes a 'terminal disease'. Indeed euthanasia for behavior problems is the main cause of death in young animals, and many people regard it as a treatment. The high cost of veterinary attention also results in many animals being discarded or neglected by their owners. The consequent price of animal suffering, and cost of human regrets and need for welfare services, are incalculable. They are also avoidable. Correcting the behavior problem often saves an animal's life as effectively as surgery or other medical procedures, and greatly reduces the suffering of all concerned. It does not require expensive behavior therapy or extensive behavior modification on the part of the owner. It can be brought about in many cases quite simply and inexpensively through the use of flower essences. This book offers descriptions of each of the 38 Bach Flower Remedies, and their application to the treatment of a range of domestic animals, including horses and farm, wild and zoo animals. It also describes diagnostic symptoms, animal by animal, together with appropriate treatment regimens, illustrated with case material obtained from veterinarians, animal behavior specialists and health practitioners. Other important and helpful areas discussed are: • emotions in animals and their influence on behavior • the emotional bond between animals and humans • the pros and cons of thinking of animals in human terms • the principles of flower remedies and their suitability for use in the treatment of animals. Helen Graham was a Lecturer at Keele University, England, and is the author of several books on psychology and complementary medicine. She breeds Salukis, and lives in rural France with her husband. Gregory Vlamis is a researcher and author of bestseller Bach Flower Remedies to the Rescue. He has been researching the life and work of Dr. Edward Bach since the early 1970s, and divides his time between the USA and Greece.

almost home boarding training: Dogs Bite Janis Bradley, 2005 Dogs are dangerous. And they are more dangerous to children than to adults. Not as dangerous of course, as kitchen utensils, drapery cords, five-gallon water buckets, horses, or cows. Not nearly as dangerous as playground equipment, swimming pools, skateboards, or bikes. And not remotely as dangerous as family, friends, guns, or cars.

almost home boarding training: How to Behave So Your Dog Behaves Sophia A. Yin, 2010 How to Behave So Your Dog Behaves takes a scientifically sound yet practical approach to explaining dog behavior and training theory, and then shows you how to apply these concepts so you can train your dog to be well behaved. Written by one of the leading veterinary behaviorists in the country, this revised and expanded edition of the original bestseller features brand new chapters

that provide the most up-to-date science of dog behavior and explains key concepts in clear, straightforward language. The user-friendly, full-color instructional drawings enhance the informative text, while the all-positive training advice helps you change undesirable behaviors without resorting to aversive corrections such as yelling, hitting, pushing, or other outdated forms of punishment. Good behavior and problem solving exercises are broken down into easy-to-read 5 Minute sections, while Spot quizzes throughout the text help reinforce your grasp of the material. Science-based methods for observing, understanding, and modifying behavior are applied to everyday situations, offering numerous examples of how training exercises can be turned into fun games for both dogs and owners.

almost home boarding training: Team Dog Mike Ritland, 2016-01-05 Offering a unique perspective on dog training, a former Navy SEAL and trainer of military working dogs discusses the science behind gaining a companion dog's trust and achieving desired levels of canine obedience.

almost home boarding training: Doggie Language Lili Chin, 2020 Dogs communicate with so much more than barks and tail wags. This small but mighty book is the perfect illustrated guide to noticing and understanding the subtle cues and behaviours that our beloved pets use to express how they're feeling, so that we can improve our relationship with our best friends, helping them to feel safe and happy.

almost home boarding training: Excel-erated Learning Pamela J. Reid, 1996 Excel-erated Learning: Explaining in Clear English How Dogs Learn and How Best To Teach Them reveals the secret for increasing the speed and efficiency of dog training. With the freedom of understanding how your dog learns comes the ability of making the process easy, efficient and enjoyable for your dog.

almost home boarding training: One on One Nicole Wilde, 2004 A dog trainer's guide to private, in-home training. Sales, scheduling, sample phone scripts; history-taking questionnaires; designing lesson plans and protocols; much more. Includes ready-to-use forms, contracts and handouts.

almost home boarding training: Pet Services Journal , 2008-05

almost home boarding training: Juvenile Delinquent Dogs Sue Brown, 2012-04-23 ANY OF THESE BEHAVIORS SOUND FAMILIAR? - Jumping on people - Nipping, especially when excited - Stealing food off counters - Chewing shoes and other items - Darting out the door - Barking at everything - Lunging and barking at other dogs - Pulling on the leash - Not coming when called - Not listening You love your dog, and he does behave well some of the time. But at times your patience and sanity are put to the test! Your dog is not a bad dog, but he can behave like a juvenile delinquent at times. While we think of juvenile delinquents as adolescents or teenagers, juvenile delinquent dogs can be any age: puppies, adolescents, adults and sometimes even seniors. Whether your dog is an adolescent or just an adolescent at heart, this book is for you. YOUR WILL LEARN HOW TO: - Develop and monitor realistic expectations with our Goals and Expectations Worksheet - Determine whether your dog's needs are being met - Use management to prevent bad behaviors - Most effectively communicate with and train your dog so he listens to you - Get a well-behaved dog who makes good choices - Properly socialize your dog - Resolve ANY behavior problem by using our Problem Solving Model along with detailed instructions for 24 of the most common dog behavior problems BOOK OWNERS - ADDITIONAL CONTENT AVAILABLE! As a book owner, you will be able to register online for access to the member area for Juvenile Delinquent Dogs Book Owners, which includes additional articles and videos to supplement the book content.
