**alms dlc 1 cheat code: Lying to Ourselves** Leonard Wong, Stephen J. Gerras, Strategic Studies Institute, 2015-12-22 One of the hallmarks of a true profession is its ability to assess and regulate itself, especially with respect to adherence to its foundational ethos. Such self-examination is difficult and often causes discomfort within the profession. Nonetheless, it is absolutely necessary to enable members of the profession to render the service for which the profession exists. U.S. military professionals have never shied away from this responsibility, and they do not today, as evidenced by this riveting monograph. Discussing dishonesty in the Army profession is a topic that will undoubtedly make many readers uneasy. It is, however, a concern that must be addressed to better the Army profession. Through extensive discussions with officers and thorough and sound analysis, Drs. Leonard Wong and Stephen Gerras make a compelling argument for the Army to introspectively examine how it might be inadvertently encouraging the very behavior it deems unacceptable.

**alms dlc 1 cheat code: Lights and Shadows of Spiritualism** Daniel Dunglas Home, 1877 Daniel Dunglas Home (1833-1886) was a charismatic medium whose seances were attended by European royalty and eminent Victorians like Elizabeth Barrett Browning. Thrown out by his aunt because of the paranormal events which plagued him since childhood, Home became a 'professional house guest' and medium at the age of 17. During seances he purportedly levitated, handled hot coals and channelled the voices of the dead. This volume, first published in 1877, is an evocative examination of spiritualism which explores the history of the practice via the Greeks, the Romans, and Joan of Arc. Simultaneously attacking fraudulent mediums while celebrating 'true' spiritualist practitioners, this fascinating work details both the criticism and support received by Home and features reproductions of numerous fan letters. Although colourful and impassioned, Home's polemic is written in an amiable style and provides fascinating insights into the life and work of the self-proclaimed 'Grandfather of English Spiritualism'.

A talented negotiator, Camille Gardner agrees to take on one last field assignment for her uncle before she settles down to pursue her real passion---working at an art gallery. But she'd rather be anywhere than Samford, Louisiana, the small southern town where she once spent the worst weeks of her life. To fulfill the obligation she feels to her uncle, Camille needs to entice a group of rural landowners to sell their mineral rights---and allow use of their precious water for the drilling of natural gas. Instead, she finds herself drawn to the local folk art created by those same landowners and attracted to Marsh Cameron, the attorney representing the landowners. The charming residents and the traditions of this small community leave Camille conflicted about her family obligations---and her own plans for the future. Perhaps she needs to give Samford a second chance. 'Christie populates her story with a varied cast of Southern small-town characters. Her tendency for unresolved suspense is occasionally unsettling, but, overall, her stories have enough warmth and humor to keep her readers coming back for more.' --- CBA Retailers + Resources

**alms dlc 1 cheat code: Taiwan's Tzu Chi as Engaged Buddhism** Yu-Shuang Yao, 2012-05-16 This book is the first comprehensive sociological account and in-depth analysis of a new Chinese Buddhist movement, known as Tzu Chi (otherwise, the Buddhist Compassion Merit Society). Based in Taiwan, it was founded in 1966 and still led by a female Buddhist master - Master Cheng Yen. Its members are laity, and women play a major role. The main focus of the movement is medical charity - to ease and if possible prevent suffering and to teach ethics to the wealthy; at the same time, it also offers members a religion and a way of life. Recruitment typically attracts people from the urban middle class. With some 3.5 million members and a very low drop-out rate, Tzu Chi is extraordinarily successful, and has spread to other parts of the world, not least mainland China where it is attracting the attention of the general public and the media. The book stands in the Anglo-American tradition of the sociology of religion; it also draws on the author's knowledge of Buddhist history. The data come from participant observation and many long interviews. It will be of particular interest to students of new religious movements, religious studies in contemporary China, and studies in ethics and social change in East Asia.
