alpha kappa alpha graduate interview questions: *Remembrances in Black* Charles F. Robinson II, Lonnie R. Williams, 2015-02-20 With the admittance in 1948 of Silas Hunt to the University of Arkansas Law School, the university became the first southern public institution of higher education to officially desegregate without being required to do so by court order. The process was difficult, but an important first step had been taken. Other students would follow in Silas Hunt's footsteps, and they along with the university would have to grapple with the situation. *Remembrances in Black* is an oral history that gathers the personal stories of African Americans who worked as faculty and staff and of students who studied at the state's flagship institution. These stories illustrate the anguish, struggle, and triumph of individuals who had their lives indelibly marked by their experiences at the school. Organized chronologically over sixty years, this book illustrates how people of color navigated both the evolving campus environment and that of the city of Fayetteville in their attempt to fulfill personal aspirations. Their stories demonstrate that the process of desegregation proved painfully slow to those who chose to challenge the forces of exclusion. Also, the remembrances question the extent to which desegregation has been fully realized.

alpha kappa alpha graduate interview questions: *Unceasing Militant* Alison M. Parker, 2020-10-29 Born into slavery during the Civil War, Mary Church Terrell (1863-1954) would become one of the most prominent activists of her time, with a career bridging the late nineteenth century to the civil rights movement of the 1950s. The first president of the National Association of Colored Women and a founding member of the NAACP, Terrell collaborated closely with the likes of Frederick Douglass, Ida B. Wells, and W. E. B. Du Bois. *Unceasing Militant* is the first full-length biography of Terrell, bringing her vibrant voice and personality to life. Though most accounts of Terrell focus almost exclusively on her public activism, Alison M. Parker also looks at the often turbulent, unexplored moments in her life to provide a more complete account of a woman dedicated to changing the culture and institutions that perpetuated inequality throughout the United States. Drawing on newly discovered letters and diaries, Parker weaves together the joys and struggles of

Terrell's personal, private life with the challenges and achievements of her public, political career, producing a stunning portrait of an often-under recognized political leader.

alpha kappa alpha graduate interview questions: *One Nation Under God* Kevin M. Kruse, 2015-04-14 The provocative and authoritative history of the origins of Christian America in the New Deal era We're often told that the United States is, was, and always has been a Christian nation. But in *One Nation Under God*, historian Kevin M. Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s. To fight the slavery of FDR's New Deal, businessmen enlisted religious activists in a campaign for freedom under God that culminated in the election of their ally Dwight Eisenhower in 1952. The new president revolutionized the role of religion in American politics. He inaugurated new traditions like the National Prayer Breakfast, as Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country's first official motto. Church membership soon soared to an all-time high of 69 percent. Americans across the religious and political spectrum agreed that their country was one nation under God. Provocative and authoritative, *One Nation Under God* reveals how an unholy alliance of money, religion, and politics created a false origin story that continues to define and divide American politics to this day.

alpha kappa alpha graduate interview questions: *Crying the News* Vincent DiGirolamo, 2019-08-05 From Benjamin Franklin to Ragged Dick to Jack Kelly, hero of the Disney musical *Newsies*, newsboys have long intrigued Americans as symbols of struggle and achievement. But what do we really know about the children who hawked and delivered newspapers in American cities and towns? Who were they? What was their life like? And how important was their work to the development of a free press, the survival of poor families, and the shaping of their own attitudes, values and beliefs? *Crying the News: A History of America's Newsboys* offers an epic retelling of the American experience from the perspective of its most unshushable creation. It is the first book to place newsboys at the center of American history, analyzing their inseparable role as economic actors and cultural symbols in the creation of print capitalism, popular democracy, and national character. DiGirolamo's sweeping narrative traces the shifting fortunes of these little merchants over a century of war and peace, prosperity and depression, exploitation and reform, chronicling their exploits in every region of the country, as well as on the railroads that linked them. While the book focuses mainly on boys in the trade, it also examines the experience of girls and grown-ups, the elderly and disabled, blacks and whites, immigrants and natives. Based on a wealth of primary sources, *Crying the News* uncovers the existence of scores of newsboy strikes and protests. The book reveals the central role of newsboys in the development of corporate welfare schemes, scientific management practices, and employee liability laws. It argues that the newspaper industry exerted a formative yet overlooked influence on working-class youth that is essential to our understanding of American childhood, labor, journalism, and capitalism.

alpha kappa alpha graduate interview questions: *The True Alpha and Omega* Minister Jerrod Smith, Brother Clifton Lucas, 2011-06-20 This book exposes the true nature and culture of fraternities and sororities. In these secret societies there are activities and requirements that cause prospective members and members alike to unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities and witchcraft. These organizations attract people that are looking for something that only Christ Jesus can provide. However, the organizations appear as a light by their community service and networking abilities. This light however is a false light. Once one gets into the inner workings of the organizations, the sin and soul inflicting antics are found deeply rooted in darkness. The authors being former members that participated in ungodly activities within these organizations expose the physical, mental, sexual and spiritual death-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse, ancient ungodly spiritual practices, witchcraft, and required chants which denounce the existence of the One True God are given in detail in this book. Ungodly spirits of old have found new vessels to operate in through these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices, but it shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

alpha kappa alpha graduate interview questions: *Talking to Strangers* Malcolm Gladwell, 2019-09-10 Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict

and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

alpha kappa alpha graduate interview questions: In Search of Sisterhood Paula J. Giddings, 2009-10-06 In Search of Sisterhood is the definitive history of the largest Black women's organization in the United States, and is filled with compelling, fascinating anecdotes told by the Delta Sigma Theta members themselves, illustrated with rare early photographs of the Delta women. This book contains the story of Delta Sigma Theta Sorority (DST), and details the increasing involvement of Black women in the political, social, and economic affairs of America. Founded at a time when liberal arts education was widely seen as either futile, dangerous, or impractical for Blacks—and especially Black women—DST is, in Giddings's words, a compelling reflection of Black women's aspirations for themselves and for society. Giddings notes that unlike other organizations with racial goals, Delta Sigma Theta was created to change and benefit individuals rather than society. As a sorority, it was formed to bring women together as sisters, but at the same time to address the divisive, often class-related issues confronting Black women in our society. There is, in Giddings's eyes, a tension between these goals that makes Delta Sigma Theta a fascinating microcosm of the struggles of Black women and their organizations. DST members have included

Mary McLeod Bethune, Mary Church Terrell, Margaret Murray Washington, Shirley Chisholm, Barbara Jordan, and, on the cultural side, Leontyne Price, Lena Horne, Ruby Dee, Judith Jamison, and Roberta Flack.
