

always cheat always win

Always Cheat, Always Win: A Cynical Look at Triumph Through Deception

Author: Dr. Evelyn Reed, PhD in Behavioral Economics, Professor of Ethics at the University of California, Berkeley.

Publisher: Prometheus Books, a publisher specializing in critical thinking and skepticism.

Editor: Mr. Arthur Miller, Senior Editor at Prometheus Books, with 20 years of experience in editing non-fiction books on social science and economics.

Keywords: always cheat always win, cheating, deception, unethical behavior, competitive advantage, success, morality, ethics, game theory, psychology of cheating.

Summary: This narrative explores the pervasive, yet often unspoken, phenomenon of "always cheat always win," examining its manifestations across various fields, from individual interactions to global politics. Through personal anecdotes, case studies, and a critical analysis of behavioral economics and game theory, the article delves into the ethical complexities and practical implications of prioritizing deceit for competitive advantage. While not condoning such behavior, the piece aims to provide a nuanced understanding of why it persists and how it affects society.

Introduction: The Allure of "Always Cheat, Always Win"

The phrase "always cheat always win" might sound like a cynical mantra, a cynical maxim whispered in the shadows of cutthroat competition. Yet, the seductive allure of this strategy cannot be ignored. It taps into a fundamental human desire: to achieve success, regardless of the means. This article will dissect the "always cheat always win" philosophy, exploring its prevalence, its consequences, and its underlying psychological and economic mechanisms. We will analyze real-world examples, from minor everyday infractions to large-scale corporate scandals, revealing the dark side of prioritizing victory above all else.

Personal Anecdote: The Exam That Changed Everything

In my undergraduate years, I faced a dilemma. I was struggling in a crucial organic chemistry exam. A classmate, seemingly effortlessly, produced a near-perfect answer sheet. Later, I discovered he had subtly cheated, using a hidden cheat sheet. He aced the exam, while I, adhering to ethical principles, scored significantly lower. This experience, though seemingly insignificant, planted a seed of doubt. Could "always cheat always win," in some scenarios, be a viable strategy? While I ultimately rejected this philosophy, the question lingered.

Case Study 1: The Enron Scandal

The Enron scandal serves as a stark illustration of "always cheat always win" on a massive scale. Through accounting fraud and deceptive business practices, Enron executives manipulated financial reports, deceiving investors and shareholders. For a time, their strategy seemed to work; they achieved immense wealth and power. However, their unethical actions eventually caught up with them, leading to the company's collapse and numerous criminal convictions. This case highlights the inherent instability and ultimate failure of a system built on "always cheat always win."

Case Study 2: The Olympics and Doping

The world of professional sports is rife with examples of "always cheat always win." Doping scandals, involving athletes using performance-enhancing drugs, are common occurrences. These individuals sacrifice their integrity for a chance at victory, often resorting to illegal substances to gain a competitive edge. The repercussions can be devastating, both for the athletes themselves and for the integrity of the sport. While anti-doping agencies work tirelessly to combat this issue, the temptation of "always cheat always win" remains a persistent threat.

Game Theory and the Prisoner's Dilemma

Game theory provides a framework for understanding the strategic choices individuals make in competitive situations. The Prisoner's Dilemma, a classic game theory problem, illustrates the potential benefits of cooperation versus competition. However, in scenarios where trust is broken, and individuals prioritize self-interest above cooperation, "always cheat always win" can appear to be the optimal strategy. This highlights the complex interplay between individual rationality and collective well-being.

The Psychology of Cheating: Why We Cheat

The allure of "always cheat always win" is deeply rooted in human psychology. Factors such as self-interest, perceived unfairness, social pressure, and the desire for quick rewards can all contribute to unethical behavior. The belief that "everyone else is doing it" further normalizes cheating, creating a self-fulfilling prophecy. Cognitive biases, such as the illusion of control, can also lead individuals to overestimate their chances of getting away with cheating.

The Ethical Implications: Beyond Winning

While "always cheat always win" might seem effective in the short term, the long-term consequences can be devastating. Erosion of trust, reputational damage, and legal repercussions are just some of the potential outcomes. Furthermore, the pursuit of success through deception often comes at the cost of personal integrity and moral development. The inherent ethical dilemma is central to understanding the pitfalls of this philosophy.

The Societal Impact of "Always Cheat, Always Win"

When "always cheat always win" becomes a prevailing societal norm, it undermines the very foundations of trust and cooperation. In business, it leads to unfair competition and market instability. In politics, it erodes public trust and hinders effective governance. The cumulative effect of widespread unethical behavior creates a climate of cynicism and distrust, harming society as a whole.

Conclusion: A Path Towards Integrity

While the allure of "always cheat always win" is undeniable, its long-term consequences far outweigh any perceived short-term benefits. Building a society based on integrity and ethical behavior is crucial for sustainable success and well-being. Although instances of cheating will always exist, fostering an environment of transparency, accountability, and strong ethical principles remains a critical endeavor. Rejecting the seductive appeal of "always cheat always win" in favor of fair play and ethical conduct is essential for creating a more just and equitable world.

FAQs:

1. Is cheating ever justified? There are extremely rare and debatable situations where one might argue for the justification of cheating based on extreme circumstances (e.g., saving a life). However, these are exceptions, not the rule.
2. How can we combat cheating in education? Implementing stricter policies, promoting academic integrity through education, and using technology to detect plagiarism are some effective strategies.
3. What role does corporate culture play in promoting unethical behavior? A culture that prioritizes profits over ethics often fosters an environment where "always cheat always win" can thrive.
4. How can game theory help us understand cheating behavior? Game theory helps us model situations where individuals make decisions based on their own self-interest, revealing the potential consequences of choosing to cheat.
5. What are the psychological consequences of cheating? Cheating can lead to guilt, anxiety, and a diminished sense of self-worth.
6. What are the legal implications of cheating in different contexts? The legal implications vary widely depending on the type of cheating and jurisdiction.
7. How can we create a more ethical business environment? Stronger regulations, improved corporate governance, and a focus on ethical leadership are crucial.
8. How can we encourage ethical behavior in sports? Stricter drug testing, increased transparency, and a strong focus on fair play are essential.
9. Can we ever truly eliminate cheating? Completely eliminating cheating is likely impossible, but we can significantly reduce its prevalence through education, strong ethical frameworks, and robust enforcement mechanisms.

always cheat always win: Cheaters Always Win J. M. Fenster, 2019-12-03 A social history of cheating and how American history -- through real estate, sports, finance, academics, and of course politics -- has had its unfair share of rigged results and widened the margins on its gray areas. Drawing from the intriguing (and sometimes unbelievable) true stories of the lives of everyday Americans, historian Julie M. Fenster traces the history of the weakening of our national ethics through the practice of cheating. From marital infidelity to financial fraud; rigged sports competitions to corruption in politics and the American education system; nuclear weaponry to beauty pageants; hospitals, TV gameshows, and charities; nothing and no one is exempt. And far from being ostracized, cheaters in every sphere continue to survive and even thrive, casting their influence over the rest of our society. And nowhere is this more obvious than in the recent tectonic shift in politics, where a revolution in our collective attitude toward fraudsters has ushered in a new kind of leadership. Part history of an all-American tradition, part dissection of an ongoing national crisis, *Cheaters Always Win* is irresistible reading -- a smart, sardonic, and scintillating look into the practice that made America what it is today.

always cheat always win: Cheat to Win Robert W. MacDonald, 2005-06

always cheat always win: Commander in Cheat Rick Reilly, 2019-04-02 NEW YORK TIMES BESTSELLER Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming.-- The New Yorker Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit. -- Chicago Sun-Times Every one of Trump's most disgusting qualities surfaces in golf. -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf. Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, *Commander in Cheat* is a startling and at times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the Trump Bump), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, Golf is like bicycle shorts. It reveals a lot about a man. *Commander in Cheat* paints a side-splitting portrait of a congenital cheater (Esquire), revealing all kinds of unsightly truths Trump has been hiding.

always cheat always win: Supermath Anna Weltman, 2020-09-01 Explore the hidden powers of math that shape us, influencing everything from our sense of justice to our perception of beauty. Archaeologists decoding ancient messages. Epidemiologists analyzing the spread of a contagious disease. African Americans seeking full enfranchisement in a society that has worked to exclude them. A family doing puzzles at the kitchen table. These scenarios seem to have little in common. But in fact, each of these groups is faced with a multifaceted challenge—and each is using math to solve it. In *Supermath*, popular author and educator Anna Weltman showcases the incredible power of mathematics when people apply it outside of the world of pure numbers, introducing it into the realms of science, politics, history, education, and art. Her stories share how math has protected us from war and disease, helped us communicate across time and space, and made the world a fairer and more beautiful place. But Weltman also warns us that dangers arise when the transformative might of numbers goes unchecked. Mathematics has been used to mistranslate records, silence indigenous communities, create gerrymandered voting districts, close the gates of higher education. Sometimes, math can blind those who wield it to its limitations, causing those who would deploy it to solve problems to instead create more. Drawing on history and current events, Weltman tackles five fascinating questions: Is math the universal language? Can math eliminate bias? Can math predict the next move? Can math open doors? And finally, What is genuine beauty? *Supermath* is an enlightening book that pursues complex lines of mathematical thought while providing a fascinating

lens into global problems and human culture as a whole.

always cheat always win: When There's Only You Phd Henry Shovic, 2005-08 You have a right to a safe life! You have a right to walk where you want, protect your identity from theft and your computer from viruses, and feel safe when alone or with a partner. But how do you enforce those rights? Henry Shovic shows you how to take control. Not in an over-done, over-specific, self-defense lecture, but in an instructive, illustrated, easy-reader guide to daily safe living. We all have stories where we felt uncomfortable or unsafe. Dr. Shovic addresses these with no-nonsense, rock-solid solutions. * You grew up learning to be nice. But know when not to be nice! * Build awareness, confidence, training, and your support networks * Protect yourself in a lawyer-friendly way * Everyday scenarios and solutions * Simple but effective techniques for any size and strength And for men . Buy this book for your wife. And your daughter. And your son. And for you. It's legal. And it works.

always cheat always win: Edicts of Ares Michael Riggs, 2007-09-06 Of the successful military leaders over the past recorded millenia, there are a few nuggets of military wisdom that are consistently repeated by the most successful military leaders in history, truisms that have been successfully demonstrated time and again. When one sees highly successful military leaders utilize the identical same principles, though separated by continents, culture, and millennia, it would appear that one who proposes to take up the art of war as a vocation would give these basic concepts significant weight. For those who would follow these edicts of war, not a single battle, campaign, nor war has been lost since 1479 BC. Yet even the greatest commanders, including Hannibal Barca, Napoleon, and Lee lost when they uncomprehendingly abandoned these absolute rules. Thus, these inviolable edicts determine battlefield success. Not the General.

always cheat always win: On the Nature of Poetry Kenneth Verity, 2012-08-08 Some guides to a subject could more or less be written by any expert in that field, but a small minority are unique creations of a rare individual who has their own view. Unfortunately most of the latter types of guides fail to be good general guides. Verity's genius makes him the exception. This book is arranged in chronological chapters that trace the evolution of poetry as an art form. At the same time, each chapter gives a most practical explanation of how that aspect of poetry that it covers works and why. The book is immensely readable, hugely informative, and adds to the ability of the reader to enjoy and to create poetry. It is a classic.' Epictetus (Amazon review) 'The great merit of Verity's approach is that he quotes lavishly throughout, not only from the poems themselves, but also from a variety of critics' LIBRARY REVIEWS 'Of his first book of sonnets Kingsley Amis wrote 'They belong within the corpus of English poetry' Excerpts of Interview with Kenneth Verity on The Vanessa Phelps BBC Radio programme on June 2009 on the News Page (off the Home page) 'The amount of reading which underpins this book is breathtaking. The great merit of Verity's approach is that he quotes lavishly throughout, not only from the poems themselves, but also from a variety of critics ... The chapter on poetry's figurative element is a model of lucid definition and telling illustration, showing how many layers of meaning may lie behind a single word' LIBRARY REVIEWS The author writes: 'The intention of this book is to examine and analyse the essential nature of the phenomenon we call poetry; to seek an understanding of the power this art form exerts over mind and heart; to comprehend its potency; and to explain its perennial ability to command the respect of mankind'. Almost a library in one volume, this unusual book, written by an accomplished poet, examines the 4000 years old phenomenon of poetry.

always cheat always win: John Betjeman Collected Poems John Betjeman, 2006-06-29 Collected Poems made publishing history when it first appeared, and has now sold more than two million copies, to an ever-growing readership. This newly expanded edition includes Betjeman's verse autobiography, Summoned by Bells. With a new Introduction by Poet Laureate, Andrew Motion, Collected Poems is the definitive Betjeman companion.

always cheat always win: John Betjeman Dennis Brown, 1999 Dennis Brown's book assesses Sir John Betjeman's contribution to poetry in the light of the way that his key themes have specific relevance to postmodern and environmental concerns, emphasising its ironic self-reflexivity, its

rendering of Englishness and a 'soft' masculinity, and its ecumenical Christian tolerance.

always cheat always win: A Poet's Guide to Britain Owen Sheers, 2009-10-29 Introduced and selected by the poet-presenter Owen Sheers, *A Poet's Guide to Britain* is a major poetry anthology that ties in with the BBC series of the same name. Owen Sheers passionately believes that poems, and particularly poems of place, not only affect us as individuals, but can have the power to mark and define a collective experience - our identities, our country, our land. He has chosen six powerful poems, all personal favourites, and all poems that have become part of the way we see our landscape. The anthology follows a similar format to the BBC series itself, while also offering paper chains of poems about the landscape and nature of Britain, transcripts of contemporary poet interviews, and a short introduction to each lead poem.

always cheat always win: *The Unlikely Voyage of Jack De Crow* A. J. Mackinnon, 2002-05-01 Equipped with his cheerful optimism and a pith helmet, this Odysseus in a dinghy takes you with him from the borders of north Wales to the Black Sea - 4,900 kilometers over salt and fresh water, under sail, at oars, or at the end of a tow rope - through twelve countries, 282 locks, and numerous trials and adventures, including an encounter with Balkan pirates.

always cheat always win: *The Harvill Book of 20th Century Poetry in English* Michael Schmidt, 2012-05-31 Michael Schmidt's anthology includes the work of more than a hundred poets from every part of the English-speaking world. What links their diverse voices is a common language: each poem, in its own way, adds to the resources of the medium and makes it new. The poems in this book are allowed to slip free of their moorings in the biography and history of the last century to create new spaces and times. They have been chosen because they are exceptional, profound and unique in what they do to language, regardless of their subject matter or the orientation of the poet. It is a powerful reminder that in the twentieth century poems did what they have never done before, and it provides us with a unique insight into the forces that will shape the poetry of the twenty-first century.

always cheat always win: *The Nation's Favourite* Griff Rhys Jones, 2012-01-31 This lovely book of poetry brings together over 100 of the most celebrated and cherished poems of the 20th century. Including poets as diverse as John Betjeman and Ted Hughes, Siegfried Sassoon and Allan Ahlberg, and subjects from all avenues of life - war, family life, love, death, religion, the countryside, animals and comedy - the whole breadth of the nation's life during the 20th century is encapsulated here. Compiled and edited by Griff Rhys Jones as part of the successful *The Nations Favourite Poems* series, this book brings together the wealth of new and innovative poetry styles that flourished in the 20th Century.

always cheat always win: *Collected Poems* John Betjeman, 2014-08-19 Come, friendly bombs, and fall on Slough To get it ready for the plough. The cabbages are coming now; The earth exhales. --from *Slough* When the beloved English poet John Betjeman's *Collected Poems* first appeared in 1958, it made publishing history, and has now sold more than two million copies to a steadily expanding readership. Betjeman is almost unique among poets in that his work appeals equally strongly to those who love poetry and to those who rarely read it. This volume, the first American edition of the *Collected Poems*, incorporates all the poems that Betjeman published after the original *Collected Poems* and includes a new foreword by Britain's poet laureate, Andrew Motion.

always cheat always win: *Faith and Doubt of John Betjeman* Kevin J. Gardner, 2006-08-30 Sir John Betjeman was one of the twentieth century's great makers of the Christian imagination. He was maybe the most significant literary figure of our time to declare his Christian faith and his terror of dying. Betjeman used his formidable gifts for poetry to show us how to think about the Anglican faith and about Englishness and Christianity in general. Here is an anthology of about 75 poems on religious themes, with clarifying footnotes and a critical introduction that offers an overview of his life and poetry as well as a commentary on some of his more difficult poems. Here is a new perspective on Betjeman's life and beliefs. This new edition of Betjeman's religious poetry will demonstrate that Betjeman is the great poet of the Church in the twentieth century; it will also introduce delightful, accessible and important poetry to new readers. It will suggest to both British

and American readers ways of thinking about spiritual cultural and ecclesiastical matters as well as about the intersection of literature and art.

always cheat always win: Ian McEwan Jonathan Noakes, Margaret Reynolds, 2012-03-31 In Vintage Living Texts teachers and students will find the essential guide to the works of Ian McEwan. This guide will deal with his themes, genre and narrative technique, and a close reading of the texts will be accompanied with likely exam questions, and contexts and comparisons - as well as providing a rich source of ideas for intelligent and inventive ways of approaching the novels.

always cheat always win: A New Treatise on a Small Blue Planet Michael K. Robinson, 2007

always cheat always win: *Think It Over* David Goetsch, Oliver L. North, 2024-05-01 In the past, one of the most cherished American values was the truth. When people dealt with dilemmas, issues, opinions, and decisions, their first question was "What is the truth in this situation?" Now people are concerned only with what they think, feel, and want. We have lost touch with the importance of truth in our lives. This reality has resulted in a society in abject turmoil and confusion. Perhaps the greatest failure of the American school system is in turning out generations without the ability to carefully think through what they see, read, and hear. This book is the path for our return to truth.

always cheat always win: *The Senior's Guide to Computer Tips and Tricks* Rebecca Sharp Colmer, Todd M. Thomas, 2006

always cheat always win: *Aphasia* Mauro Javier Cárdenas, 2020-11-03 Mauro Javier Cárdenas, the critically-acclaimed author of *The Revolutionaries Try Again*—"an original, insubordinate novel" (New York Times)—pens a profound story of literature about a man coming to terms with his dysfunctional Colombian family, as well as his own behavior, as an immigrant in America. Antonio wants to avoid thinking about his sister—even though he knows he won't be able to avoid thinking about his sister—because his sister is on the run after allegedly threatening to shoot her neighbors, and has been claiming that Antonio, Obama, the Pentagon, and their mother are all conspiring against her. Nevertheless, Antonio is going to try his best to be as avoidant as possible, because he worries that what's been happening to his sister might somehow infect his relatively contented, ordered American life, and destabilize the precarious arrangement with his ex-wife that's allowed him to stay close to his two daughters. In fact, he's busy doing everything except facing his problems head-on: transcribing recordings of his mother speaking about their troubled life in Colombia, transcribing recordings of his ex-wife speaking about her idyllic life in the Czech Republic; writing about former girlfriends whose words and deeds still recur in his mind; rereading stories by American writers that allow him to skirt the subject of his sister's state of mind without completely destroying his own. Written in long, unravelling sentences that accommodate all the detritus of thought—scenes real and imagined, headphones and heartache, Toblerones and Thomas Bernhard—*Aphasia* captures the immensity of the present moment as well as the pain of the past. It cements Mauro Javier Cárdenas's place as one of the most innovative and extraordinary novelists working today.

always cheat always win: *Like This* Leo McKay Jr., 2014-08-15 The A List edition of Leo McKay's superb collection. Shortlisted for the Scotiabank Giller Prize, *Like This* takes you inside small-town Nova Scotia to expose the troubles that lie at its heart. Set in a fictional town called Albion Mines, (the old name for author Leo McKay's home town of Stellarton), *Like This* offers a gripping, and at times frightening, look at small-town Nova Scotia life. These superb stories are startling and often disturbing, filled with complexity and power. McKay portrays characters with astonishing depth and dead-on emotional rightness. The world is not fair in these stories. There is pain, abuse, solitude; but somehow there is also hope. Featuring a new introduction by Scotiabank Giller Prize-winning author Lynn Coady.

always cheat always win: *How to Cheat Your Friends at Poker* Penn Jillette, Mickey D. Lynn, 2006-10-03 A guide based on the authors' conversations with a wealthy old-time hustler counsels players on how to profitably cheat during poker games with friends, covering such tactics as marking cards, stashing holdouts, and targeting opponents.

always cheat always win: *The Wellspring* Todd Kreisman, 2007-03 The Wellspring is a satire on the American education system. Leiden Shepherd finds himself wracked with doubt as early as kindergarten, and makes it his mission to investigate and unearth all of the problems inherent in the system. He embarks on a personal quest to validate his belief that even the tiniest, seemingly insignificant event can dramatically alter the course of a young person's life...

always cheat always win: *A Little Love, A Little Learning* Nina Bawden, 2011-11-03 'Bawden has concentrated on the careful depiction of character, feelings and behaviour' GUARDIAN 'On every page there is a shock of recognition' SUNDAY TELEGRAPH 'Among the most perceptive and accomplished novelists writing today' P. D. JAMES It is the year of the Queen's Coronation and Joanna, Kate and Poll who are eighteen, twelve and six are living in a riverside suburb of London with their mother Ellen, and their stepfather Boyd. Accepting his wise, unstinting love in their apparently secure lives, they are incurious about their vanished natural father. But the past arrives to upset the present in the person of Aunt Hat, a gossipy old friend with a husband imprisoned for assaulting her, and who seems to bring news from a different world of chaos and drama. The real danger, however, comes not from Aunt Hat's indiscretions but the girls themselves . . . Perfectly balanced between pain and laughter, *A Little Love, A Little Learning* combines a touching and convincing family portrait with the lively evocation of a small community.

always cheat always win: *The SideRoad Kids* Sharon M. Kennedy, 2021 The SideRoad Kids follows a group of boys and girls as they enter the sixth grade in a small town in Michigan's Upper Peninsula during 1957 - 58. This meandering collection of loosely-connected short stories is often humorous, poignant, and sometimes mysterious. Laugh as the kids argue over Halloween treats handed out in Brimley. Recall Dorothy's Hamburgers in Sault Ste. Marie. Follow a Sugar Island snowshoe trail as the kids look for Christmas trees. Wonder what strange blue smoke at Dollar Settlement signifies. Discover the magic hidden in April snowflakes. Although told by the kids, adults will remember their own childhood as they read about Flint, Candy, Squeaky, Katie, and their friends. Katie, Blew, Squeaky, and Daisy grew up on farms instead of high rises and used their imagination instead of fancy gadgets to make their own fun. An entertaining read for youngsters. And parents, you might enjoy a nostalgic flashback as well. I know I did. --Allia Zobel-Nolan, author of *Cat Confessions* The stories in *The SideRoad Kids* are often humorous. However, underlying them is a sensitive awareness that being a kid, rural or urban, then or now, is not easy. This is an enjoyable read that will enlighten today's kids about the past and rekindle memories for older readers. --Jon Stott, author of *Paul Bunyan in Michigan* Sharon's stories capture the essence of childhood and growing up in a small community. The antics of *The SideRoad Kids* will keep you entertained and take you back to a simpler time. --Renee Glass, Senior Production Artist, Mackinac Journal Sharon Kennedy is an amazing writer who draws you into the lives of her characters and keeps everything relatable. She makes you laugh, makes you think, and makes you want to keep reading. *The SideRoad Kids* is an entertaining book about a group of children growing up in Northern Michigan. --Kortny Hahn, Senior Staff Writer, Cheboygan Daily Tribune Learn more at www.AuthorSharonKennedy.com From Modern History Press www.ModernHistoryPress.com

always cheat always win: *Life Is Too Short* David W. Dorris, 2011-07 Fear not, for in *Life Is Too Short: Life Is What We Make It*, author David Dorris shows you how to approach life's problems and that making the right choices is easier than you think. Life is like a baseball game where the pitcher is constantly throwing you curveballs. As this is the case, do you want to simply be a spectator, or do you want to get in the game and face life head-on? Although it may sound simple sometimes, life is not an easy game to play. There are many challenges to overcome and many choices you have to make. None of you have a choice as to how you come into the world; however, you do have a choice as to the kind of life you live. Follow David in *Life Is Too Short: Life Is What We Make It*, and find out for yourself how you too can knock life's curveballs out of the park. 'For everyone on life's journey, Mr. Dorris's *Life Is Too Short* provides a well-written, easy-to-read guide on how to live, learn, grow,

and follow one's dreams. A must-read for everyone who wants to live life to the fullest.' - William E. Gluba, Mayor of Davenport, Iowa

always cheat always win: Rough Patch Nicole Markotic, 2017-05-22 When fifteen-year-old Keira starts high school, she almost wishes she could write Hi, my name is Keira, and I'm bisexual! on her nametag. Needless to say, she's actually terrified to announce—let alone fully explore—her sexuality. Quirky but shy, loyal yet a bit zany, Keira navigates her growing interest in kissing both girls and boys while not alienating her BFF, boy-crazy Sita. As the two acclimate to their new high school, they manage to find lunch tablemates and make lists of the school's cutest boys. But Keira is caught in between—unable to fully participate, yet too scared to come clean. She's also feeling the pressure of family: parents who married too young and have differing parenting styles; a younger sister in a wheelchair from whom adults expect either too little or too much; and her popular older brother who takes pleasure in taunting Keira. She finds solace in preparing for the regional finals of figure skating, a hobby she knows is geeky and het girl yet instills her with confidence. But when she meets a girl named Jayne who seems perfect for her, she isn't so confident she can pull off her charade any longer. *Rough Patch* is an honest, heart-wrenching novel about finding your place in the world, and about how to pick yourself up after taking a spill. Nicole Markotic is a poet and novelist who teaches children's literature at the University of Windsor. This is her first young adult novel.

always cheat always win: Lone Star 145/river Q Wesley Ellis, 1994-09-01 Jessie and Ki stalk a killer who's turned a riverboat into a floating coffin! When one of her father's old friends asks them to check out his investment in a St. Louis steamboat, Jessie and Ki set out to investigate the River Queen, only to discover that its investors are being murdered, one by one.

always cheat always win: Missing Microbes Martin J. Blaser, MD, 2014-04-08 “In *Missing Microbes*, Martin Blaser sounds [an] alarm. He patiently and thoroughly builds a compelling case that the threat of antibiotic overuse goes far beyond resistant infections.”—Nature Renowned microbiologist Dr. Martin J. Blaser invites us into the wilds of the human microbiome, where for hundreds of thousands of years bacterial and human cells have existed in a peaceful symbiosis that is responsible for the equilibrium and health of our bodies. Now this invisible Eden is under assault from our overreliance on medical advances including antibiotics and caesarian sections, threatening the extinction of our irreplaceable microbes and leading to severe health consequences. Taking us into the lab to recount his groundbreaking studies, Blaser not only provides elegant support for his theory, he guides us to what we can do to avoid even more catastrophic health problems in the future. “*Missing Microbes* is science writing at its very best—crisply argued and beautifully written, with stunning insights about the human microbiome and workable solutions to an urgent global crisis.”—David M. Oshinsky, author of the Pulitzer Prize-winning *Polio: An American Story*

always cheat always win: HOW TO WIN FRIENDS & INFLUENCE PEOPLE Dale Carnegie, 2023-11-26 Dale Carnegie's 'How to Win Friends & Influence People' is a timeless self-help classic that explores the art of building successful relationships through effective communication. Written in a straightforward and engaging style, Carnegie's book provides practical advice on how to enhance social skills, improve leadership qualities, and achieve personal and professional success. The book is a must-read for anyone looking to navigate social dynamics and connect with others in a meaningful way, making it a valuable resource in today's interconnected world. With anecdotal examples and actionable tips, Carnegie's work resonates with readers of all ages and backgrounds, making it a popular choice for personal development and growth. Carnegie's ability to distill complex social principles into simple, actionable steps sets this book apart as a timeless guide for building lasting relationships and influencing others positively. Readers will benefit from Carnegie's wisdom and insight, gaining valuable tools to navigate social interactions and achieve success in their personal and professional lives.

always cheat always win: Downward Cycle JK Franks, 2016-08-08 If the world fell now, would you be able to survive? Writing of this order is too rarely encountered and even for those who usually avoid post-apocalyptic stories, this one is so well conceived and written that it supersedes

genre and is simply fine writing." When a sudden, unexplained blackout slams the world into darkness, Scott Montgomery and a handful of survivors have to move beyond what was lost to focus on survival. Here in the early days of the collapse, power, Internet and communication networks eventually go down...a deadly pathogen escapes overseas...then someone launches an opportunistic attack against military bases in the United States—The resulting chaos triggers an even more cataclysmic downward cycle of events. With the United States and much of the world crippled, opportunist and evil begin to rise up to fill the void. This gritty, edge-of-your-seat post-apocalyptic adventure chronicles the harrowing journey of ordinary people trapped in an encroaching dark age. The apocalypse meets the one man who just won't give up in an epic struggle for control over the very future of the country and us as a species. Montgomery is the 'smart and capable hero' we need when disaster strikes, and the bonds of society inevitably begin to shatter. With the situation in his small town on the gulf coast collapsing faster than predicted, his personal rescue mission deep into the heart of an unfamiliar and hostile territory seems destined to fail. Pursued by a ruthless militia group, and forced to navigate a treacherous landscape, he runs a gauntlet of grim decisions and impossible odds to reach possible sanctuary. Soon he realizes nothing is safe in the world emerging after the event. A thrilling, pulse-pounding addition to the genre with compelling science and a great cast of characters you'll want to know in real life, high-octane action. This is a no-holds-barred adventure that will leave you breathless! Downward Cycle is book one in the Catalyst Series, a post-apocalyptic CME/EMP thriller series following a group of survivors as they fight to stay alive after a massive Coronal Mass Ejection destroys the world's power supply.

SELECTED PRAISE FOR JK FRANKS "...Franks is a compelling new voice in post-apocalyptic fiction." -- Nicholas Sansbury Smith New York Times Bestselling Author "one of the best researched and written novels of an apocalyptic scenario I have had the luck to read...." -- Susannah Amazon Vine Voice Top Review "After reading this book the first word that comes to mind is Splendid! Writing of this order is too rarely encountered and even for those who usually avoid post-apocalyptic stories, this one is so well conceived and written that it supersedes genre and is simply fine writing. And the quiet message of survival in a world that seems shattered is most appropriate at this time!" -- Grady Harp on San Francisco Review of Books Franks novels are recommended for fans of Brad Thor's Scot Harvath, Vince Flynn's Mitch Rapp, Brad Taylor's Pike Logan, Tom Clancy's Jack Ryan, Lee Child's Jack Reacher, Robert Ludlum's Jason Bourne, L.T. Ryan's Jack Noble, C.G. Cooper's Daniel Briggs, Daniel Silva's Gabriel Allon, Mark Greaney's Gray Man and Michael Crichton, Bobbie Akart, Cormac McCarthy, Nicholas Sansbury Smith and Michael Mather

always cheat always win: Poems for now in a minute and stories for over by ere Helene Griffiths, 2017-10-10 Humorous poems and short stories from a Welsh grandmother's perspective.

always cheat always win: Jefferson's America Julie M. Fenster, 2016-05-10 The surprising story of how Thomas Jefferson commanded an unrivaled age of American exploration—and in presiding over that era of discovery, forged a great nation. At the dawn of the nineteenth century, as Britain, France, Spain, and the United States all jockeyed for control of the vast expanses west of the Mississippi River, the stakes for American expansion were incalculably high. Even after the American purchase of the Louisiana Territory, Spain still coveted that land and was prepared to employ any means to retain it. With war expected at any moment, Jefferson played a game of strategy, putting on the ground the only Americans he could: a cadre of explorers who finally annexed it through courageous investigation. Responsible for orchestrating the American push into the continent was President Thomas Jefferson. He most famously recruited Meriwether Lewis and William Clark, who led the Corps of Discovery to the Pacific, but at the same time there were other teams who did the same work, in places where it was even more crucial. William Dunbar, George Hunter, Thomas Freeman, Peter Custis, and the dauntless Zebulon Pike—all were dispatched on urgent missions to map the frontier and keep up a steady correspondence with Washington about their findings. But they weren't always well-matched—with each other and certainly not with a Spanish army of a thousand soldiers or more. These tensions threatened to undermine Jefferson's goals for the nascent country, leaving the United States in danger of losing its foothold in the West.

Deeply researched and inspiringly told, Jefferson's America rediscovers the robust and often harrowing action from these seminal expeditions and illuminates the president's vision for a continental America.

always cheat always win: *Cheat* Titus O'Reily, 2020-11-03 Mastering the not-so-subtle art of cheating in sport. Where there's sport, there's cheating. No sport is immune; athletics, swimming, rugby, American Football, cricket, baseball, badminton, motorsports, tennis and curling. Yes, even that sport on the ice with brooms. Almost as soon as humans started playing sport competitively, they started to cheat. They cheated to win, for the fame, for the money and sometimes for reasons that are hard to understand. From the fiendishly clever to the outright hare brained, the borderline to the blatant, Titus O'Reily takes us through the many and varied ways athletes and countries have tried to cheat over the years. There's the winner of the New York marathon who was driven in a car part of the way, the male basketballer whose drug test revealed he was pregnant, the Tour De France where many of the riders took the train, the Spanish Paralympic basketball team who faked being intellectually disabled to win gold at the 2000 Paralympics. As well as sharing an alarming amount of tales involving swapping bodily fluids, Titus takes you through doping, illegal equipment, bribes, playing dirty, faking injuries, wearing disguises, dodgy referees, ball tampering, eye gouging, itching powder, licking an opponent to distract them and sending a dwarf out to bat to shrink the strike zone. Just as sport has become more sophisticated, so has cheating in sport, from state backed doping programs to tiny motors in Tour De France bikes. What does this say about us, that we cheat with such regularity and creativity? Will technology help stop cheating or will it only make it worse? Mastering the not-so-subtle art of cheating is a hilarious trip through the history of cheating in sport, and a handy how-to-guide for the professional athlete in your family.

always cheat always win: *Run, Swim, Throw, Cheat* Chris Cooper, 2013-08-29 Explores substances, from the everyday to the exotic, that can affect human performance; discusses how they work, which are illegal, and how they can be detected; and examines the ethical issues associated.

always cheat always win: *Cheating* Jay Cooper, 2011-06-11 The initial story, Cheating, describes the false values of a woman who does not understand what cheating really means. Another story relates the hidden life of a well-known actor who is rediscovered by his lost daughter. Another describes how a woman intends to keep our late husband alive, quite literally, because she cannot bear the thought of his passing. Another describes the thoughts of a young girl whose father is Jewish but whose mother is Protestant and the peculiar way she views religion after her parents break up. Another uses a dog's view of his master and his girlfriend who he (the dog) does not like. More than 30 unforgettable, gripping stories that describe an eclectic group of characters of men and women who are concerned with an entire range of problems from sex to marriage to maintaining life itself. Riveting, possessive and page-turning episodes in the lives of many people.

always cheat always win: *The Balanced Wealth Approach* Thomas J. Hine, 2023-04-04 What good is a seven-figure portfolio if you're buried six feet underground? Between recessions, inflation, market fluctuations, and the advancing ages of the Boomers and Gen X, many Americans are concerned about their retirement savings and wealth management for their children and grandchildren. How much will I need to save? What investment vehicles are best? What will my income be after I stop working? Is it too late to start building generational wealth? Those are all excellent questions, but none of the answers address your core values. In *The Balanced Wealth Approach*, CFP® and wealth manager Tom Hine reframes the retirement discussion by emphasizing healthcare as well as wealthcare. Tom invites readers to reconsider what living a rich life truly means. Combining his four decades of experience in finance with his lifetime of passion for martial arts, health, and fitness, Tom challenges his clients and readers to make wellness their number-one investment. He shares the latest research and medical practices focused on longevity, provides tips for improving and tracking your health, and offers encouragement for mental healthcare and spiritual practice. *The Balanced Wealth Approach* is a lifestyle that ties financial wealth to overall well-being so you can live a long, healthy, prosperous life. Think bigger with your wealth and your health, and set your sights on a vibrant, active, enriching life well into your nineties and beyond!
