always sunny trivia questions: It's Always Sunny and Philosophy Roger Hunt, Robert Arp, 2015-09-08 Philosophers wittily and expertly uncover amazing philosophical insights from the endlessly fascinating TV show, It's Always Sunny in Philadelphia. Littmann shows how the values of the gang are the same as those of Homeric heroes. Ketcham argues that the Church should make Charlie a saint, partly because It's Always Sunny is "all about free will." Hamer shows how closely the gang's activities comply with the scientific method. Alkema and Barkman analyze the way the gang perceives happiness and how they try to get it. Leonard proves beyond doubt that the game of Chardee MacDennis reveals everyone's unconscious desires. King examines the morality of the gang's behavior by the standard of how they respond to extreme suffering. Chambers agrees that

each of the five central characters is a terrible person, but argues that, given their circumstances, they are not truly to blame for their actions. Tanswell demonstrates that many of the gang's wrong actions result not from immoral motives but from illogical thinking. Aylesworth uses examples from *It's Always Sunny in the Park* to bring out some of the moral problems with real consent to sex. Jones reveals that Nietzsche foresaw everything the gang at Paddy's Pub would do.

always sunny trivia questions: Truth and Consequences Mike Miley, 2019-12-30 Although nearly every other television form or genre has undergone a massive critical and popular reassessment or resurgence in the past twenty years, the game show's reputation has remained both remarkably stagnant and remarkably low. Scholarship on game shows concerns itself primarily with the history and aesthetics of the form, and few works assess the influence the format has had on American society or how the aesthetics and rhythms of contemporary life model themselves on the aesthetics and rhythms of game shows. In *Truth and Consequences: Game Shows in Fiction and Film*, author Mike Miley seeks to broaden the conversation about game shows by studying how they are represented in fiction and film. Writers and filmmakers find the game show to be the ideal metaphor for life in a media-saturated era, from selfhood to love to family to state power. The book is divided into "rounds," each chapter looking at different themes that books and movies explore via the game show. By studying over two dozen works of fiction and film—bestsellers, blockbusters, disasters, modern legends, forgotten gems, award winners, self-published curios, and everything in

between—Truth and Consequences argues that game shows offer a deeper understanding of modern-day America, a land of high-stakes spectacle where a game-show host can become president of the United States.

always sunny trivia questions: Why We Love Baseball Joe Posnanski, 2023-09-05 NEW YORK TIMES bestseller Winner of the CASEY Award for Best Baseball Book of the Year National Sports Media Association Sports Book of the Year An NPR Book of the Day #1 New York Times bestselling author Joe Posnanski is back with a masterful ode to the game: a countdown of 50 of the most memorable moments in baseball's history, to make you fall in love with the sport all over again. Posnanski writes of major moments that created legends, and of forgotten moments almost lost to time. It's Willie Mays's catch, Babe Ruth's called shot, and Kirk Gibson's limping home run; the slickest steals; the biggest bombs; and the most triumphant no-hitters. But these are also moments raw with the humanity of the game, the unheralded heroes, the mesmerizing mistakes drenched in pine tar, and every story, from the immortal to the obscure, is told from a unique perspective. Whether of a real fan who witnessed it, or the pitcher who gave up the home run, the umpire, the coach, the opposing player—these are fresh takes on moments so powerful they almost feel like myth. Posnanski's previous book, *The Baseball 100*, portrayed the heroes and pioneers of the sport, and now, with his trademark wit, encyclopedic knowledge, and acute observations, he gets at the real heart of the game. From nineteenth-century pitchers' duels to breaking the sport's color line in the '40s, all the way to the greatest trick play of the last decade and the slide home that became a meme, Posnanski's illuminating take allows us to rediscover the sport we love—and thought we knew. *Why We Love Baseball* is an epic that ends too soon, a one-of-a-kind love letter to the sport that has us thrilled, torn, inspired, and always wanting more.

always sunny trivia questions: 1973: Rock at the Crossroads Andrew Grant Jackson, 2019-12-03 A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's Aloha from Hawaii via Satellite

was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, *Roe v. Wade* ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together.

always sunny trivia questions: The Lost Continent Bill Bryson, 1989 I come from Des Moines. Somebody had to. And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a foreigner in his own country.

always sunny trivia questions: *All The Answers* Michael Kupperman, 2018-05-15 A 2019 EISNER AWARD NOMINEE FOR BEST REALITY-BASED WORK A NPR BEST BOOK OF 2018 A VULTURE BEST COMIC OF 2018 A PUBLISHERS WEEKLY BEST BOOK OF 2018 A LIBRARY JOURNAL BEST BOOK OF 2018 A NEW YORK PUBLIC LIBRARY BEST BOOK OF 2018 WINNER OF THE PUBLISHERS WEEKLY 2018 GRAPHIC NOVEL CRITICS POLL In this moving graphic memoir, Eisner Award-winning writer and artist Michael Kupperman traces the life of his reclusive father—the once-world-famous Joel Kupperman, Quiz Kid. That his father is slipping into dementia—seems to embrace it, really—means that the past he would never talk about might be erased forever. Joel Kupperman became one of the most famous children in America during World War II as one of the young geniuses on the series Quiz Kids. With the uncanny ability to perform complex math problems in his head, Joel endeared himself to audiences across the country and became a national obsession. Following a childhood spent in the public eye, only to then fall victim to the same public's derision, Joel deliberately spent the remainder of his life removed from the world at large. With wit and heart, Michael Kupperman presents a fascinating account of mid-century radio and early television history, the pro-Jewish propaganda entertainment used to counteract anti-Semitism, and the early age of modern celebrity culture. *All the Answers* is both a powerful father-son story and an engaging portrayal of what identity came to mean at this turning point in American history, and shows how the biggest stages in the world can overcome even the greatest of players.

always sunny trivia questions: **Gang Green** Gerald Eskenazi, 2010-05-11 Question: What is the only team dating back to the 1970 AFL-NFL merger that has yet to win a division title? Question: What is the only team in the four major pro sports that has existed since the early 1960s and never had a coach leave with a winning career record for the team? Question: What is the only team in sports that plays its home games in a stadium named for another team? If you bleed green and white, you know the answer to these questions as well as you know the color of Joe Willie Namath's shoes. The New York Jets have a record for futility and self-sabotage that is unmatched in the history of professional sports. And nonetheless, they have been rewarded with a loyal following that has made Jets tickets as hard to come by as Jets winning seasons. For Jets fans, the bright beacon of promise has always turned into an onrushing train. They reveled in the joy of the Jets' epic victory in Super Bowl III, when their team beat the 18 1/2-point odds to defeat the Baltimore Colts, just as their cocky young quarterback had guaranteed; they then watched as contract squabbles broke up the core of the team, which would reach just one playoff game in the next twelve years. They cheered as their sleek, explosive team roared into the AFC Championship Game in January 1983; the team was held scoreless after overnight rains pelted the uncovered Orange Bowl field, turning the gridiron into a quagmire that favored the defense-oriented Dolphins. They dared to hope when the Jets went on an unprecedented spending spree in 1996, signing a Super Bowl quarterback and adding a host of fleet receivers and experienced linemen; they saw that team go 1-15, as Rich Kotite's Jets career coaching record sank to a jaw-dropping 4-28. In *Gang Green*, New York Times sportswriter Gerald Eskenazi details the bizarre history of this remarkable team. From the poor decisions (drafting Ken O'Brien instead of Dan Marino) and bad luck (Joe Namath's knees, Dennis Byrd's near-tragic neck injury) to the horrendous leadership (see Kotite, above) and outright strangeness (team practices held in an open area alongside the Belt Parkway, leRoy Neiman's presence as team artist-in-residence, the Richard Todd/Matt Robinson quarterback duel that wasn't) that have typified the Jets' mystifying approach to football, *Gang Green* captures the history of this most unusual franchise in a funny, rollicking, nostalgic tale. If you can name the Jet who is the only man in NFL history to run more than 90 yards on a play from scrimmage without scoring; if you remember the glory days of the New York Sack Exchange, when practice was often disrupted by the distracting presence of Mark Gastineau's inamorata, Brigitte Nielsen; if you can still hum the fight song coach Lou Holtz made the team sing after victories -- not that there were enough for them to memorize the lyrics; or if you know which Jets coach told which Jets punter that his flatulence traveled farther than the punter's kicks -- then *Gang Green* is the book for you.
