1920 technology parkway mechanicsburg pa 17050: *Incarceration and Health Care* Tamara White, 2024-10-10 There is a lack of control that exists when managing a chronic illness, just as there is a lack of autonomy when one finds themselves living within the confines of a correctional facility. How does one address these two precarious circumstances when they collide? Research has revealed that incarcerated populations have a higher rate of infectious disease and chronic health issues than their non-incarcerated counterparts. How is this reality translated in a way that others might understand? As an avenue to gain a new perspective, this book provides a glimpse into the world of incarceration and health care management, using art to translate this experience. Activist art is effective and powerful for both the audience and the creator. By revealing the reality of living with a chronic illness and how social determinants of health significantly impact one's status and start in life, art holds the power to shift perspectives and deepen understandings not only of health care and incarceration but also to agitate for societal changes.

In Abu-Jamal's words, "This is the story of law learned, not in the ivory towers of multi-billion-dollar endowed universities [but] in the bowels of the slave-ship, in the dank dungeons of America." Includes an introduction by Angela Y. Davis. Mumia Abu-Jamal's books include Live From Death Row and Death Blossoms.

1920 technology parkway mechanicsburg pa 17050: 12 Stupid Things That Mess Up Recovery Allen Berger, 2009-06-03 In addition to staying connected to our support systems and avoiding opportunities to use during the coronavirus pandemic, we can also keep confronting and conquering the self-destructive things we think and do that undercut our health and sanity. Concise advice on hunting down the personal culprits that sabotage sobriety and personal happiness. To grow in recovery, we must grow up emotionally. This means getting honest with ourselves and facing up to the self-defeating thoughts and actions that put our sobriety at risk. Although there are as many ways to mess up recovery as there are alcoholics and addicts, some general themes exist, which include: confusing self-concern with selfishness; not making amends; using the program to try to become perfect; not getting help for relationship troubles; and believing that life should be easy. In simple, down-to-earth language, Allen Berger explores the twelve most commonly confronted beliefs and attitudes that can sabotage recovery. He then provides tools for working through these problems in daily life. This useful guide offers fresh perspectives on how the process of change begins with basic self-awareness and a commitment to working a daily program.

Ritchie, 2017-08-01 "A passionate, incisive critique of the many ways in which women and girls of color are systematically erased or marginalized in discussions of police violence." —Michelle Alexander, author of The New Jim Crow Invisible No More is a timely examination of how Black women, Indigenous women, and women of color experience racial profiling, police brutality, and immigration enforcement. By placing the individual stories of Sandra Bland, Rekia Boyd, Dajerria Becton, Monica Jones, and Mya Hall in the broader context of the twin epidemics of police violence and mass incarceration, Andrea Ritchie documents the evolution of movements centered around women's experiences of policing. Featuring a powerful forward by activist Angela Davis, Invisible No More is an essential exposé on police violence against WOC that demands a radical rethinking of our visions of safety—and the means we devote to achieving it.

1920 technology parkway mechanicsburg pa 17050: Blind Devotion Sharlene Prinsen, 2012-09-13 One woman's startling firsthand account of her struggle to protect her children while facing the man she married, a combat veteran plagued by addiction, rage, and depression born from PTSD. Sharlene peered out the window into the blackness that enveloped her yard. She couldn't see them, but she knew they were out there--police officers and a SWAT team holding their positions in the wood line out her front door, their weapons trained with deadly precision pointing at her home. "Don't let them shoot at my kids!" she shouted into the phone to the dispatcher as her drunk, enraged, and armed husband picked up the other line, "Go on, get the hell out of here then!" When she first met Sean seven years earlier, Sharlene never imagined that he'd someday be the catalyst to

this terrifying scene. Sean was handsome in his camouflage fatigues, looking proud and just a little cocky. Unlike any other man she had ever met, he was an easy, charming conversationalist and his sincerity was unmistakable. The two married and started a family. But Sean's drinking soon took over, and signs of depression and his raging outbursts amplified. Something was seriously wrong. He never talked about his tours overseas, including his seven-month peacekeeping mission in the aftermath of Slobodan Milosevic's ethnic cleansing campaign, but there were signs that what he experienced in Bosnia left him reeling at his core. As Sean's behavior grew increasingly worse, Sharlene's obsessive worry for his well-being trumped her basic needs. She knew that her husband was suffering from tremendous inner turmoil--which she later learned was PTSD--and she hoped, more than anything, to nurse him back to the loving partner and father she knew he could be. A powerful story of pain and forgiveness, horror and hope, *Blind Devotion* gives voice to the thousands of families who are struggling to heal and to achieve a sense of normalcy stolen by the trauma in their lives.

1920 technology parkway mechanicsburg pa 17050: Finding Your Moral Compass Craig Nakken, 2011-11-01 For those of us in recovery, finding our moral and spiritual footing can be a struggle. The pursuit of drugs and alcohol has long driven our choices and actions, leaving the line between right and wrong blurred in the wake of addiction. In *Finding Your Moral Compass*, Craig Nakken, author of the best-selling book *The Addictive Personality*, gives readers in recovery the model and tools needed to make life decisions in the pursuit of good. He offers 41 universally accepted principles, paired as positive and negative counterparts that guide behavior. He then inspires us with one fundamental challenge: To take responsibility for being a force for good by applying these principles to our daily lives. He encourages us to show empathy, be of service to others, and make the choice to stop being an agent of harm. When Nakken, a former addict, became clean and sober, he faced the evil inside of himself. It was then that he found his moral compass and made the decision to take responsibility for his actions using the Twelve Steps as his guide. He has taught hundreds in recovery to live by the principles of good, one day at a time. About the author Craig Nakken is the author of several Hazelden titles, including the perennial bestseller *The Addictive Personality*. He is a popular public speaker and a highly respected private practice counselor, with years of working in the frontlines in a number of treatment facilities.

In *Against the Death Penalty*, Justice Stephen Breyer argues yes, it does: it is carried out unfairly and inconsistently, thus violating the ban on cruel and unusual punishments in the Eighth Amendment to the Constitution. *Against the Death Penalty* contains the full text of Justice Breyer's dissent in the case of *Glossip v. Gross*, which involved an unsuccessful challenge to the state of Oklahoma's use of a lethal-injection drug that could cause severe pain. This volume includes an introduction to the case and a history of the challenges to the constitutionality of the death penalty by law professor John D. Bessler. Throughout *Against the Death Penalty*, Justice Breyer's legal citations are made accessible by Bessler's explanatory notes, but the text retains the full force of Breyer's powerful argument that the time has come for the Supreme Court to revisit the constitutionality of the death penalty. Breyer was joined in his dissent from the bench by Justice Ruth Bader Ginsburg. This passionate argument has been cited by many legal experts including the late Justice Antonin Scalia--as signaling an eventual Court ruling striking down the death penalty.

1920 technology parkway mechanicsburg pa 17050: A History of Entrepreneurship Robert F Hébert, Albert N. Link, 2009-05-18 This book establishes a chronological trace of the entrepreneur as treated in economic literature in order to give a more wholesome perspective to contemporary writings and teachings on entrepreneurship. It focuses on the nature and role of the entrepreneur, and of entrepreneurship, as revealed in economic literature as early as the eighteenth century, when Richard Cantillon first coined the term 'entrepreneur'. The authors then trace how Joseph Schumpeter's perspective, among other's, on entrepreneurship came to dominate the world's understanding of the term. Due to Schumpeter's dominant influence, entrepreneurship has come to occupy a primary role in the theory of economic development. In this book Hébert and Link discuss various key topics including the German Tradition, the Austrian and the English School of thought as well as individuals such as Alfred Marshall and Jeremy Bentham. The historical survey also illustrates the tension that often exists between theory and practice and how it has been difficult for economic theory to assimilate a core concept that plays a vital role in social and economic change. Finally, the book exposes the many different facets of entrepreneurship as they have been perceived by some of the great economists throughout the ages.

When my daughter, Danielle, was born, I easily could have been the happiest man in the world. At that time, I never could have imagined that she would one day be ripped out of my life and legally kept away from me. For years, I went up against a biased and dysfunctional legal system, Family Court, which claims to have the best interest of the children in mind, yet has no consideration for fathers. My simple response to the flawed system's claim is that it takes two parents to serve the best interest of the children. This story is about my fight for compassion and justice. It's about the startling and damaging effects of Parent Alienation on both me and my daughter. Ultimately, this book is a testament of my love for my beautiful little girl, Danielle, with whom I often daydream of meeting again.
