1962 trivia questions and answers: Sorry, Wrong Answer Rod L. Evans Ph.D., 2010-06-01 Where were Venetian blinds invented? What color is the black box on a commercial airplane? Where did India ink originate?* Most of us know more than we think we know. We also think we know more than we actually do-because some of what we think we know simply ain't so. We all harbor misconceptions that are accepted not only because they are popular but also because they make sense. It makes sense to believe, for example, that German chocolate originated in Germany rather than the truth: that German chocolate is so named because it was created by Sam German. It seems logical to believe that Mercury is the hottest planet because of its proximity to the sun, or that buttermilk contains butter, that Danish pastry is from Denmark, and that the boat race America's Cup was named after the United States of America. In Sorry, Wrong Answer, Rod Evans takes readers on a tour of misleading trivia, debunking commonly held assumptions and sharing surprising right answers. *Answers: Japan; Orange; China

1962 trivia questions and answers: Cold War Journalism Kevin Grieves, 2021-04-29 This book explores Cold War journalism and journalists as threat, representing 'enemy' systems and ideologies. The book also examines Cold War aspirations of forging transnational journalistic connections across the Iron Curtain as well as finding common journalistic ground within the East and West blocs. The book shines a critical light on overly idealistic visions for that journalistic common ground, drawing on primary archival source material to investigate journalists and reporting work, journalistic content and journalistic venues during the Cold War era. This is not a book about traditional war correspondence - rather, it is about the rhetorical battles and the ideological fronts that have shaped and continue to shape our world. By fully understanding how journalism and journalists have intersected with hostile barriers and divisions in the past, we can have a more nuanced understanding of the current global media environment.

1962 trivia questions and answers: Murder Finds A Way David Schwinger, 2022-11-29 Carl Bayman was a very successful personal-injury attorney until he was found shot to death in his office on a Monday morning in January. The police were making no progress, so one of Carl's grateful former clients hired a smart, sassy, sexy supersleuth, Amy Bell, to try to solve the case. Amy soon discovered that lots of people might want Carl dead. However, none of them had any particular grievance that arose in the weeks prior to the murder, and all of them seemed to have excellent alibis at the time of the murder. Clearly there must be some critical element of the case that everyone was missing. Amy would have to think way out of the box to uncover the shocking truth. Author David Schwinger, when not writing Amy Bell mysteries--there are now fourteen--enjoys composing songs, playing pickleball, and traveling the world with his wife, Sherryl. At a time when our understanding of individual liberties in America is especially imperative, this essential reference puts our country's foundational beliefs into much-needed modern perspective.
