2 sisters trading post photos: Daughters of the Flower Fragrant Garden: Two Sisters Separated by China's Civil War Zhuqing Li, 2022-06-21 A BookBrowse Best Nonfiction for Book Clubs in 2024 “Exceptional...[A] gripping narrative of one family divided by the ‘bamboo curtain.’” —Deirdre Mask, New York Times Book Review Sisters separated by war forge new identities as they are forced to choose between family, nation, and their own independence. Jun and Hong were scions of a once great southern Chinese family. Each other's best friend, they grew up in the 1930s during the final days of Old China before the tumult of the twentieth century brought political revolution, violence, and a fractured national identity. By a quirk of timing, at the end of the Chinese Civil War, Jun ended up on an island under Nationalist control, and then settled in Taiwan, married a Nationalist general, and lived among fellow exiles at odds with everything the new Communist regime stood for on the mainland. Hong found herself an ocean away on the mainland, forced to publicly disavow both her own family background and her sister's decision to abandon the party. A doctor by training, to overcome the suspicion created by her family circumstances, Hong endured two waves of “re-education” and internal exile, forced to work in some of the most desperately poor, remote areas of the country. Ambitious, determined, and resourceful, both women faced morally fraught decisions as they forged careers and families in the midst of political and social upheaval. Jun established one of U.S.-allied Taiwan's most important trading companies. Hong became one of the most celebrated doctors in China, appearing on national media and honored for her dedication to medicine. Niece to both sisters, linguist and East Asian scholar Zhuqing Li tells her aunts' story for the first time, honoring her family's history with sympathy and grace. *Daughters of the Flower Fragrant Garden* is a window into the lives of women in twentieth-century China, a time of traumatic change and unparalleled resilience. In this riveting and deeply personal account, Li confronts the bitter political rivals of mainland China and Taiwan with elegance and unique insight, while celebrating her aunts' remarkable legacies.

2 sisters trading post photos: *Sitting Pretty* Rebekah Taussig, 2020-08-25 A memoir-in-essays from disability advocate and creator of the Instagram account @sitting_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and

moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (*The Hunchback of Notre Dame*), inspirational (Helen Keller), or angelic (*Forrest Gump*). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. *Sitting Pretty* challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.

2 sisters trading post photos: *Lake Effect* Nancy A. Nichols, 2010-03-18 On her deathbed, Sue asked her sister for one thing: to write about the connection between the industrial pollution in their hometown and the rare cancer that was killing her. Fulfilling that promise has been Nancy Nichols' mission for more than a decade. *Lake Effect* is the story of her investigation. It reaches back to their childhood in Waukegan, Illinois, an industrial town on Lake Michigan once known for good factory jobs and great fishing. Now Waukegan is famous for its Superfund sites: as one resident put it, asbestos to the north, PCBs to the south. Drawing on her experience as a journalist, Nichols interviewed dozens of scientists, doctors, and environmentalists to determine if these pollutants could have played a role in her sister's death. While researching Sue's cancer, she discovered her own: a vicious though treatable form of pancreatic cancer. Doctors and even family urged her to forget causes and concentrate on cures, but Nichols knew that it was relentless questioning that had led to her diagnosis. And that it is questioning—by government as well as individuals—that could save other lives. *Lake Effect* challenges us to ask why. It is the fulfillment of a sister's promise. And it is a call to stop the pollution that is endangering the health of all our families.

Nelson, 2013-01-11 Buffalo Bird Girl (ca. 1839-1932) was a member of the Hidatsa, a Native American community that lived in permanent villages along the Missouri River on the Great Plains. Like other girls her age, Buffalo Bird Girl learned the ways of her people through watching and listening, and then by doing. She helped plant crops in the spring, tended the fields through the summer, and in autumn joined in the harvest. She learned to prepare animal skins, dry meat, and perform other duties. There was also time for playing games with friends and training her dog. When her family visited the nearby trading post, there were all sorts of fascinating things to see from the white man's settlements in the East. Award-winning author and artist S. D. Nelson (Standing Rock Sioux) captures the spirit of Buffalo Bird Girl by interweaving the actual words and stories of Buffalo Bird Woman with his artwork and archival photographs. Backmatter includes a history of the Hidatsa and a timeline.
