mysterious boyfriend, a single thought shadows her every move: What really happened to Carey Logan?

2 truths and a lie questions: *The Truth about Lies* Aly Martinez, 2018-08-16 Truth: From over a thousand miles away, I watched on the screen of my phone as two men murdered my wife. And I was helpless to save her. Consumed by hate and rage, I spent four years running from my memories. Until a shattered woman gave me a reason to stop. Cora lived in a nightmare, but through sheer force of will, she'd turned it into something beautiful. She had a smile that could pierce the darkest soul. And with one glance, she shredded mine. Lie: I was only there for a fresh start. Lie: I had no idea what I was getting myself into. Lie: There was nothing I could do to save her, either. But that's the thing about lies-you never know who to believe.

2 truths and a lie questions: Politics and the English Language George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Judi Ketteler thought of herself as an honest person. And yet, she knew it wasn't the whole story... How often was Judi engaging in the same dishonest behavior she was condemning in others? 2 truths and a lie questions: Questioning the Bible Jonathan Morrow, 2014-07-15 The Bible is the most influential book in human history. But what are we supposed to do with it in the 21st century? And even more importantly, can it still be trusted as the Word of God? Confusion and doubt about the Bible are becoming as common inside the church as they are outside. Questions come from all sides: Is the Bible anti-intellectual? Has the biblical text been corrupted over the centuries? Who really chose the books of the Bible and why? Which interpretation of the Bible is correct? Are the gospels full of contradictions? There are an unprecedented number of sophisticated attacks on the origin, credibility, and reliability of the Bible today. Secularism has tried to undercut even the possibility of spiritual or moral knowledge. Skepticism toward institutional religion is at an all-time high. Yet, the Bible claims that truth is knowable and God is actively involved in our world. What are we to do? Pray for wisdom. Think clearly. Pick up your Bible. Read through the 11 major challenges presented in these pages. And be ready.
